Dr. Mr. Dineen

The crisis in
my opinion is upon us. A few
months will decide the present phase
of the Irish question. I spoke
to Mr. O'Rielly some time ago about
going down to Newport and again
on yesterday but he tells me that
he is so much engaged on the Comtee
of the Land League that he cannot
promise anything for the next few
months. O'Rielly is fully in earnest.

Would to God our people had
endurance of the proper kind for
the next few months in Ireland. I prom-
ised Mike Davitt to do what I could.
He has started across the Atlantic on

yesterday for my Irish prison.
Ford of the Irish World wants
me to start after he is committed
to go into prison as correspondent
of the Irish World. I am ready
and await the call of Mr. Ford.

Get up a meeting if you can.
I will speak for you and give
you a talk somewhat ~~shorter~~ than
I did last summer. If you want
to have me come as I have arranged
for other ~~matters~~ towns on the same
subject. Advise me on the "Irish
Land Question".

Write me immediately
and tell me what you are doing
if doing anything. Again I say
to you if you move more ^{your} greatly
your faithfully
and God Save Ireland

P. J. O'Rielly
