State Fairs Will Share In \$362,000

BELLINGHAM, Dec. 9. — (AP)—Various fairs will share in a total of \$362,000 of state tax money, the Washington Fairs Association was told today.

State Director of Agriculture Joe Dwyer, addressing some 200 delegates, said the amount in the fair fund is about \$4,000 more than last year. The money comes from a portion of the state tax on pari-mutuel betting.

THE FAIRS receive amounts based on their classifications. Four statewide youth shows will get 15 per cent; 10 Class A fairs (most district fairs) 35 per cent; 28 Class B county fairs 35 per cent; about 50 Class C community fairs 10 per cent.

The State Fairs Commission retains 5 per cent for administrative expenses and special assistance.

ADOPTED unanimously by the association was a resolution to the Legislature asking elimination of the present fair classification. It urges the judging of all fairs on a merit basis and putting all money into one pool and allocating it individually.

Dwyer announced the appointment of Paul Conner, state representative from Port Angeles, to the State Fairs Commission. He succeeds Jim Martin of Vancouver, who has resigned.

As the smoke gently settles over Olympia with the end of a record breaking session of the Legislature, all chamber members will have an opportunity to discuss at first

BOND ELECTION PROMOTION UNDERWAY

The Chamber of Commerce has kicked off the promotion for the May 9th Bond Election. You can help by working in your own neighborhood to let the people know how important it is to the future of Kennewick to pass that very important measure. Pick up at the Chamber office pamphlets that tell the story of the bond issue...talk to your neighbors ... get your own neighborhood out to the polls on May 9th. Also .. be sure you are registered. April 7th is the deadline to register for the privilege of voting. If you live within the city-limits of Kennewick and are a qualified voter .. be certain you are going to fulfill your citizenship responsibility.. VOTE -- but be sure you are registered by April 7 so that you can.

BEAUTIFICATION COMMITTEE TREE PLANTERS

Cork Simmelink is still wondering what he signed up in Lake Wilderness. This week he received notification that his trees were arriving .. all 500 of them. Five Hundred Seedlings will arrive to spark up the city beautification program. The Benton County Park Board and the City park commission are taking charge of the planting of them. If YOU want some for your parking strip .. or for your yard .. Cork can get another batch. These come as eighteen inch seedlings ready for planting. Corky also reported that the Civic Beautification Paint Up Project needs to contact the absentee owners of some of our business buildings and that this was being done. Also, he met with the painters union and everyone there was told of the program in progress and they were most cooperative in offering assistance. Take a look at your building and see if you couldn't stand a little paint and powder to spruce up.

hand some of the results of the session with your elected representatives. This Thursday at the regular noon luncheon at the mecca hall, the three elected representatives who served you in Olympia have been invited to discuss some of the legislation that was passed .. and some that got lost in the shuffle. Invited to attend our luncheon this Thursday is Mike McCormack, Dick Cecil, and Jim Leibold. This promises to be an interesting program ... so come forth and find out what happened.

COMMITTEE REPORT SESSION A SUCCESS

At last week's Chamber Committee Report session, the meetings of the various committees could be termed a success -- with the reports that were given by them very informative. If YOU weren't there .. you'd have been amazed at the many projects that are currently in the Chamber mill. A full report will be the topic of next week's bulletin. One disappointment was that the people who had not been specifically assigned to committees were conspicuous by their absence. At the next go-round, we want to see more at the General Membership Table than was there last week.

DECORATIONS ORDERED FOR ENTIRE CITY

The Fair and Redee committee has approved a decoration plan that will give Kennewick it's biggest decorating program. Now street decorations have been ordered that will decorate through Angus Village .. down Kennewick Avenue .. through the downtown section .. and through Avenue G. This will bring the entire city into the spirit of the fair and redoe. The decorations can also be used for all the other major city events. A hearty thanks to the NATIONAL BANK OF COMMERCE FOR MAKING THIS PROGRAM POSSIBLE.

Many Opportunities Given For Women In Country Clubs

By VIRGINIA VAUPEL
Benton County Agent

We are in the middle of celebrating National Home Demonstration week, May 1 to 8, and in order that interested women be informed concerning the organizations available under the program, we will discuss the organizations in Benton County.

Two new Benton County Extension Homemaker's Clubs have been formed this year in Kennewick. They are called "Arbor Ann's and Town and Country Extension Club. Members are neighbors who want to have a study club to keep up to date in home economics matters. Any group of women is welcome to form a group to participate in the program. The year will begin in September after a summer's vacation. It will include:

1. Basic Flower Arrangements
2. Arranging your Kitchen Cupboards for Convenience
3. Oven Meals
4. Accessories for Dress

Topics open to individuals, rather than club groups are: Social Security Planning; Upholstery Workshops; Slip Cover Workshops and Housing Workshops.

To form a group, talk with

your neighbors and get 10 to 15 who are willing to share the responsibilities. Then contact the Extension office. The Home Agents, Virginia Vaupel in Kennewick and Laura Davis in Pasco, will be most happy to help you with your organization plans. Other homemaker groups and the county officers will also be willing to help any group get started. There is no charge for the study lessons. However, most groups have some local expenses, and belong to the county and state organizations so they have a small club fee to cover their expenses. From the group, members take turns attending the study lessons given by the Home Agent and bringing it back to their local clubs.

A tip of the Chamber hat goes to all those who participated in the WELCOME BRAVES LUNCHEON LAST WEEK. A large crowd composed of the combined membership of the Kiwanis Club and the Chamber met the ball-players and gave them a rousing welcome to the Tri-Cities. Each Ball-Player was met by a Chamber Host who bought his lunch and presented him to the gathering. The Chamber of Commerce wishes to thank the Kiwanis Club for their cooperation in joining with this group for an hour of fun. The comment of Non-Kiwanian-Chamber-Members centered around how the Kiwanians conducted such "formal meetings."

MISS KENNEWICK COMMITTEE REPORTS PLANS

In order to get you all booked up for the night of the crowning of Miss Kennewick for 1961, here is a tentative schedule. The crowning of Miss Kennewick will be held at a banquet on Friday, May 9th, at 7:30 P.M.. The banquet will be held at the KENNEWICK VALLEY GRANGE HALL. After the banquet where Miss Kennewick is crowned, the party will then be turned over to the POSSE AUXILIARY for the crowning of the RODEO COURT at the QUEEN'S BALL which will be held upstairs in the dance hall area of the Grange Hall. Mark this date on your calendar. The Chamber wants to get Miss Roma Walker started on a BIG YEAR AS YOUR OFFICIAL CHAMBER HOSTESS FOR 1961.

construction of streets will be the issue on the ballot. It is encouraging to note that the preponderant opinion is in favor of this measure. As members of the Chamber of Commerce, we are asking each individual member to not only GET OUT AND VOTE .. BUT GET OUT THE VOTE in his neighborhood. Take a few minutes time on Monday and Tuesday, May 8 and 9th, and call on your friends and neighbors and encourage them to cast their ballot. Regardless as to whether they might be for or against the issue, be certain that they express their opinion. The biggest job that is needed is to insure that enough people appear at the polls to validate the election. In order to give the program a boost, a series of ads will appear through the courtesy of the COMMITTEE FOR A BETTER KENNEWICK. These ads will graphically tell the story of why these streets are needed. Kennewick is experiencing a tremendous growth and our needs for city services MUST keep up with the area growth. YOUR HELP IS NEEDED AT THE POLLS ... CASTING YOUR BALLOT.

TRI-CITY JOINT DEVELOPMENT MEETING

President Hugh Jacobs doffed his Chamber Hat and presided as President of the TRI-CITY JOINT DEVELOPMENT COMMITTEE MEETING last week. Representatives of the area Chambers of Commerce met in West Richland and discussed problems of mutual interest. A major item of consideration was the problem of determining a co-ordinated effort to publicize and advertise the Tri-cities area. The chambers are considering erecting sign-boards at major junctions. Also, a booklet is being prepared that will assist local organizations to bid for and handle small conventions. Discussion also centered around the creation of a convention-bureau for the area. In reviewing the action of the TRI CITY JOINT DEVELOPMENT COMMITTEE, it is to be noted that a lot of headway has been made on these major joint items of interest. Any suggestions you might have to promote the area will be appreciated

OLD AND NEW — As the newly crowned Miss Kennewick, Roma Walker, (left) looks on, the 1961 queen of the Benton-Franklin Fair and rodeo, Joyce Hayes, (right) receives her crown from Eileen Benitz, (second from right) last

year's fair and rodeo queen. Looking on is Connie Morbeck, (second from left) who was Miss Kennewick in 1960. The ceremonies were held Friday night at the Kennewick Grange Hall. (CBNews)

PRESIDENT HUGH REPORTS:

This Friday, the Kennewick Chamber of Commerce will crown Miss Roma Walker as MISS KENNEWICK FOR 1961. Miss Walker will be the official Hostess for the Chamber of Commerce for the coming year. A Busy agenda is outlined for her year's activity. BE CERTAIN THAT YOU ATTEND THE CROWNING CEREMONY TO START HER YEAR OF SERVICE. THE BANQUET BEGINS PROMPTLY AT 7:30 .. TICKETS ARE \$2.50 EACH.

BOND ISSUE GOES DOWN TO DEFEAT

A very dissappointing turn-out at the polls turned down the KENNEWICK STREET PROGRAM at last Tuesday's Election. Only 1,677 people took the time to turn out to the polls to vote on the BOND ELECTION for the Kennewick Street Program. It was necessary for 2,200 to turn out to validate the election under the election law. It is most discouraging from the standpoint of the office of the Chamber to have the election fail to pass through lack of voter participation. To all of the Chamber Members who worked on this project, the President of the Chamber wishes to extend his thanks. The need still exists for the passage of this program and it should be an item of consideration for future plans. It was most discouraging to have the issue fail .. and particularly to fail because of lack of voter participation.

MISS KENNEWICK BANQUET IS THIS FRIDAY

Miss Roma Walker, selected by the Kennewick Chamber of Commerce as MISS KENNEWICK for 1961, will receive her crown this Friday Night at the Coronation Banquet at the KENNEWICK VALLEY GRANGE HALL. The Banquet for the Crowning will be at 7:30 PM. Tickets are \$2.50 each. After the Miss Kennewick Crowning, the Benton County Fosse Auxiliary will hold the QUEENS BALL where the Queen of the Fair and Rodeo and her court will be honored and crowned. Tickets for the Banquet entitle you to attend both the banquet and the Queen's Ball. Heading the Coronation Banquet Committee are Delma Davis and Mary Kennell.

PRESIDENT HUGH REPORTS

Since the ill-fated Street Bond issue went down to defeat, there has been a certain amount of criticism placed at the door of the Chamber of commerce for "failure to pass the issue". It should be reminded that the Chamber took on the responsibility of promoting the measure .. not guaranteeing that it would pass. The Chamber used all funds, time, and advice that was available. The measure did not pass .. But the Chamber can be proud of the effort made to inform the voters.

TESTIMONIAL LUNCHEON TO HONOR KIRKEENG

One of the Chamber of Commerce staunch supporters .. and one of the most active members of our community .. will be leaving our area within the next few weeks. C.M. Kirkeeng, manager of the Columbia T.V. Cable Company, will be leaving to take a new post in Phoenix Arizona. This Thursday, The Chamber of Commerce, in cooperation with some of the other organizations that Kirk has worked with, will join for a testimonial dinner at the regular weekly Chamber Meeting. Kirk has been one of our most staunch civic supporters. He will leave behind a record of community service that will be hard for anyone to match. So join together this Thursday at the MOOSE HALL as Kirk is honored for the service he has given to his community. Let's all get together and give Kirk a rousing send-off.

CORONATION PARTY A SUCCESS

Hats off to Delma Davis and Mary Kennell for the smoothly run Miss Kennewick Coronation. Miss Roma Walker, Miss Kennewick for 1961, was crowned at a ceremony at the KENNEWICK VALLEY GRANGE HALL and she will now officially begin her reign as the official hostess for the Chamber of Commerce. President Hugh officiated at the banquet. Members of the head table to participate were Bob Graves, Parade Committee, John Wilkins, Queen Selection, and Mrs. John Wilkins who introduced the Rodeo Royalty. After the crowning of Miss Kennewick, the festivities moved to the upstairs ballroom and the crowning of the Rodeo Court took place. Our thanks also go to the Ladies of the Grange for the finest Banquet that we've had for many-a-moon.

HERE COME THE SQUARE DANCERS

This is the weekend when the Square Dancers of Washington State will be visiting the Tri-City Area. Approximately 2,500 visitors will be in our area. You can show them an extra good time. Let them know about the many recreation items we have to offer and they will be coming back for their vacations. John Vibber has arranged for Columbia Park Brochures to be distributed to each delegate. Give each Square Dancer a big Welcome. This is the biggest single convention we have hosted in this area.

MAY 25 IS COMMITTEE DAY

On May 25th, at the Regular Chamber Luncheon, All Committees will meet. This is the regular Monthly Committee Meeting Day. So make your plans to take an extra hour off from work and get all of your committee work done at this session. We are fast moving to the Summer Months where the FAIR AND RODEO and the TRI CITY WATER FOLLIES will be needing lots of work. These are the two next major items for Chamber Members to be considering.

OPERATION FACE LIFTING IN FULL SWING

Cork Simmelink and his committee are calling for MORE merchants to take a look at their store fronts and interiors with the idea of putting a new look on main street. Have you noticed the new front on Sharp Realty. Also, the parking lot behind Washington Hardware and the J.C. Penney company is in full swing. Rumor is that Slim Meverdeen has caught the bug and a major remodelling is planned for the print shop. These are just a few of the remodelling jobs that are being planned and that are in progress.

MEMBERSHIP COMMITTEE

TODAY is a good day to sit down for a moment with your business neighbor and give him the story on what the Chamber is doing for him. TODAY IS A GOOD DAY TO BRING ANOTHER MEMBER INTO THE CHAMBER OF COMMERCE. If You Tell the Chamber Story -- You can put the Chamber of Commerce on another Pay-roll. PRESIDENT HUGH REPORTS:

We are fast approaching the summer adjournment period for the membership luncheons. June 8 will be the last luncheon meeting until August 10. Project Committee Chairmen are urged to get their reports in to President Hugh. Two big projects that are coming up will be the TRI-CITY WATER FOLLIES AND THE BENTON-FRANKLIN FAIR AND RODEO. For you who are working on these projects, plan to get your manpower lined up during the next two general membership meetings.

KENNEWICK LIONS HONOR BAND TO GO TO PORTLAND ROSE FESTIVAL

One of Kennewick's finest groups recieved Top Honors at the Lilac Festival Parade in Spokane. The Kennewick High School Band won the Honor Band Position for 1962, taking first place in judging at last week's Lilac Festival in Spokane. As a result of this honor, the band has been invited to participate in the Rose Parade, in Portland. The Rose Parade, one of the nation's top Celebrations, will see the KENNEWICK HIGH SCHOOL BAND IN ACTION. The Kennewick Chamber has been asked to assist in sending the band to this parade. Since this was not a planned function, there had been no budget set up to finance the 100-band members on this trip. There is a need of raising \$825.00 to finance this trip. EVERYONE in town is asked to send what they can to finance a band member on this important trip. If you want to finance an individual band member, send \$8.25 to the Kennewick Chamber Office Band Fund. Any Contribution is welcome. At this time, a variety of functions are being planned to raise this money. Band Fund Cannisters will be placed throughout the stores. A Band Day will be held by the merchants .. a Band Night at the ball-park is being planned. These are just a few of the suggestions that have been offered to assist in this project. Anything YOU can do will be appreciated. The Band has accepted the invitation and the Chamber of Commerce is FULLY behind them to send these top-talented youngsters to represent our city at the PORTLAND ROSE PARADE. GET ON THE BAND WAGON .. HELP THE KENNEWICK LIONS GO TO PORTLAND.

PROGRAM FOR MEMBERSHIP MEETING

This week's Chamber Membership meeting will be devoted to the Committees and their needs. If your committee has a project that is in need of support .. bring a list of requirements to this meeting. NOTIFY YOUR COMMITTEE MEMBERS THAT THEY ARE EXPECTED TO ATTEND.

SUMMER ADJOURNMENT ON JUNE 8th

The summer adjournment for the Membership meetings will begin after the June 8th meeting. There is a lot of planning that needs to be done before this time so plan to attend the next three meetings. A productive work program has been in progress, and during the June and July adjournment of the membership luncheons, it will be necessary and very important to have the committees informed as to their duties during this period when regular meetings will not be held.

RETAIL MERCHANTS PROMOTION

Wednesday, May 24, the Retail Merchants will have had an organizational meeting for their summer and fall promotion schedule. The first item to be considered is the MILLION DOLLAR CLEARANCE SALE. Also to be considered will be the CHRISTMAS PROMOTION. All merchants will be notified of the plans that are being laid.

MISS KENNEWICK AT LILAC FESTIVAL

Miss Kennewick, Roma Walker, appeared at the LILAC FESTIVAL, in Spokane, representing the Kennewick Chamber of Commerce. She appeared on the float that was entered by Kennewick High School. This was her first official appearance.

MEMBERSHIP COMMITTEE

There is the constant need from the Membership Committee for help on contacting new members for the Chamber of Commerce. Jehn Cain has been heading up this committee and he can use all the help that he can get. There are many people who can benefit from Chamber participation. YOU can help by telling them how the Chamber helps you and your business.

Cereal Field Day Tour Set June 26

BY WILBERT GERLITZ
Benton County Agent

The annual Cereal Field Day and Tour sponsored by the Benton County Wheat Growers Association has been set for Monday, June 26, starting at 11:30 a.m. at the Horse Heaven Grange Hall.

An interesting program including the following is being arranged:

Information on stripe rust of wheat, problems of growing new wheat varieties, latest research at the Dryland Experiment Station located at Lind, and a tour of the wheat variety plots located on Horse Heaven area. More details on the program will be publicized at a later date.

Many questions have been asked about the new spray applicator's law which goes into effect Thursday.

The law applies to all commercial applicators and not to individual farmers. Fees are \$50 per year plus \$10.00 for each operator.

All commercial applicators should check with the State Department of Agriculture to get necessary details. For the remainder of the year, a prorated fee schedule has been set up.

Individual farmers do not need a license, in fact they can do spraying for neighbors without a license.

The Prosser Chamber of Commerce, along with many fertilizer and seed dealers is again sponsoring the Benton County Five-Acre Corn Contest.

Any corn producer in the county is eligible to enter. Application blanks are available from the county extension office and from fertilizer and seed dealers.

THE APPLICATIONS must be completed, signed by the farmer, and returned to the extension office in Prosser by July 21.

Trophies will be presented to the two top producers and certificates will be given to those producing 125 or more bushels per acre. Last years' winners were Vance Gage and Don Bow-Prosser.

The results will be printed,

and each participant will receive a copy. Information gained from the contest is also used at the annual corn meeting held late in the fall.

Paul Sampson is chairman of the Chamber of Commerce Corn Contest Committee.

The 1961 premium book is now available for anyone who plans to exhibit at the Benton-Franklin Fair, to be held Aug. 25, 26 and 27 in Kennewick. A book may be obtained by contacting the Fair Office, Post Office Box 694, Kennewick.

FFA members can obtain books from their instructors and 4-H leaders may stop by the County Extension Offices in Kennewick or Prosser, to pick up copies for their members.

ANYONE PLANNING to exhibit should check the book very carefully, because several important changes have been made. A few of the important changes under the General Rules are:

There will be a grade section for 4-H and FFA members in beef, sheep, swine, dairy and horses.

The dairy rules have been changed so that an exhibitor cannot show the same animal in both open and junior department. All dairy animals in the registered department must be registered in the exhibitor's name. This puts the dairy department on the same basis as other livestock departments.

In the registered departments, registration in the exhibitor's name will be required. In the case of animals that have not passed the deadline for registration, proof of eligibility for registration and the name and registry number of both sire and dam must be shown.

UNDER HEALTH requirements, the following items must be taken care of before Fair time: The requirements for all female cattle on bangs test and vaccination are the same as last year. All swine must be vaccinated for cholera by a veterinarian prior to the show.

There will be a change in the Fitting and Showing Contest. Award will be made to the first place showman in each division.

Premium Books Are Available

PROSSER — Prosser Chamber County 1961 premium fair books are available for those who plan to exhibit at the Fair, Aug. 25-27 in Kennewick. A book may be obtained by contacting the Fair Office, Box 694, Kennewick, Will Gerlitz, Benton County Agent reports.

Future Farmers of America members can obtain books from their instructors and 4-H leaders can get copies for their members at either the Kennewick or Prosser county extension offices.

Gerlitz said several important changes have been made. Among them is a grade section for 4-H and FFA members in beef, sheep, swine, dairy and horses. The dairy rules have been changed so that an exhibitor cannot show the same animal in both open and junior departments. All dairy animals in the registered department must be registered in the exhibitor's name. This puts the dairy department on the same basis as other livestock departments.

MEMBERSHIP

The Chamber office is still carrying quite a number of Memberships on the delinquent list. We've got to get the balance of the dues in at the earliest possible date. If you haven't paid your Chamber membership this year .. WILL YOU PLEASE WRITE A CHECK TODAY. THANKS.

The Chambers of Commerce of Kennewick, Pasco, and Richland, have given their approval to construct a hiway sign-board at the Ritzville Cut-off at the intersection of Hiway 10 and Hiway 395. This will be a lighted sign-board, 12 x 45 feet, and will direct traffic to the Tri-City Area. This is one more example of the cooperative spirit that will aid in the development of the entire area.

TOURIST AND CONVENTION ORGANIZATION

During the past months, the Tourist and Convention committees of the Chambers of Commerce of the area have been working toward the organization of a bureau to promote this basic business. At the last Tri-City Joint Development Committee Meeting, Ed McKinlay, Chairman of the Tourist and Convention Committee of the Pasco Chamber, presented copies of the Constitution and By-Laws for such an organization. These by-laws will be given to the Board of Directors of the Area Chambers of Commerce for study and revision. This project is moving along in real good shape.

MEMBERSHIP LUNCHEONS TO ADJOURN JUNE 8

June 8th will be the last Membership luncheon before we adjourn the luncheon meetings for the summer. There are a number of BIG PROJECTS in the mill that will need to be firmed up. The TRI CITY WATER FOLLIES AND THE FAIR AND RODEO ARE THE TWO MAJOR PROJECTS. Also, the participation in SEAFAIR has to be organized.

Kennewick Girl May Be Miss A-City

A girl who was graduated from Kennewick High School and is employed in Pasco might become Miss Richland for 1961-62.

She is Sue DeFord, nominated by the Pasco Jaycees to be Queen of the Tri-Cities Water Follies. Miss DeFord resides in Richland at 1107 Gillmore.

A princess is chosen from each of the three cities, and from this trio the Follies queen is selected.

The Pasco princess will become Miss Pasco, and the Richland princess will be Miss Richland. In Kennewick, the city's own Miss is a member of the Benton-Franklin Fair and Rodeo royalty.

So if the Pasco Jaycees' nominee is successful, the Kennewick High School graduate Miss DeFord will become Miss Richland.

Benton Enrolls Record Number In 4-H Projects

A record 666 boys and girls have enrolled in Benton County 4-H club work for the 1961 year. This is an increase of 65 members over last year and the seventh year in a row that club enrollment has increased.

Another record number established this year is that of 121 adult volunteer 4-H club leaders working with 74 clubs. Last year's statistics showed 104 leaders and 66 clubs.

THE GROWTH of 4-H club work in the state and county is the result of an ever-increasing acceptance by both farm and city people of the 4-H program as an effective youth program. The wide variety of projects offered along with an outstanding group of special interest activities available, makes the program attractive to boys and girls of all ages.

The largest enrollment increase came in the clothing project, where 321 are enrolled. Five of these enrollees are boys, who are making chef's clothing. This is an increase of 47 members over last year.

An increase of 33 members in the horse project brought this total to 124 members. Nineteen new members in the meal preparation projects brought this total to 264 members.

Other popular projects

the number enrolled are: Beef, 59 members; sheep, 40 members; home furnishings, 29 members; garden 29 members; dairy 27 members; and 27 members are enrolled in the junior leadership project. In all, the 666 members are carrying a total of 1,077 projects.

4-H CLUB work is sponsored by the Extension Service at Washington State University with the county, state and federal governments cooperating in conducting the club program.

County Extension agents in each county are in charge of the 4-H program. For information on club work, contact your County Extension office.

Bank To Transfer Pratt

J. C. (Jim) Pratt Jr. will be transferred from the Kennewick branch of the National Bank of Commerce to the Clarkston Branch on July 1.

Lyle Beavers, manager of the Kennewick branch, stated Pratt will assume a position with much greater responsibility and authority. The Clarkston branch recently moved into a new ultra-modern bank building.

Jim started his banking career at the Kennewick Branch in 1951, and since that time has had experience in all departments. In 1954 he was made manager of the installment loan department, and in 1957 was elected assistant cashier. In 1960 he transferred to the commercial and real estate loan department.

He was a charter member of the Kennewick Jaycees, and served as treasurer and state director. For the past three years he was chairman of the Benton-Franklin Fair and Rodeo Parade, and was to have charge again this year. He has been active in United Crusade and YMCA financial drives for several years.

Jim holds completion certificates for pre-standard and standard courses in the American Institute of Banking, and is now taking graduate subjects. This year he has been accepted to attend the Pacific Coast Banking School at the University of Washington, which is a three-year course made available to a selected number of bankers on the Pacific Coast.

Different Fair-Rodeo Parade Route Studied

A change in this year's parade route for the Benton-Franklin County Fair is planned, Jim Pratt, parade chairman, said today. The parade will be at 2 p.m. Aug. 26.

In previous years, the parade assembled in the area of Avenue C, went south on Washington Street to Kennewick Avenue, west to Dayton Street, south on Dayton for one block, then east on First Avenue to Auburn Street south on Auburn where it disassembled.

The parade would assemble in the area of Kennewick High School, under the proposed new route. It would go west on Sixth

Avenue to Garfield Street, north on Garfield and Fruitland to Kennewick Avenue, east on Kennewick Avenue to Washington Street, south on Washington to First Avenue, west on First Avenue to Dayton Street and south on Dayton to disassemble in the same area it assembled.

Pratt said the contemplated change would allow more room in the assembly area. The parade has grown too large for the former assembly area.

Pratt said the parade will be prejudged this year, making it necessary to have more room to assemble. The proposed route would also provide more shaded areas for spectators.

Twirlers Prepare For Parade

Transportation problems are facing members of the Atomic Twirlers of Richland. Six of the 65 members of the Twirlers are shown here. From left, front row, are Lu Ann Duche-

min, Paula Meyers and Jayne Rogers. Back row, from left, are Peggy Anderson, Elaine Roberts and Nancy Bishop.

Flashing Batons Increase In Numbers

'Atomic Twirlers March In Many Regional Parades

The flashing batons of the Atomic Twirlers have increased sevenfold in the past three years.

Nine girls made up the original group which formed in the summer of 1959 under the direction of Mrs. Walter Aichele 1306 Cottonwood Drive, Richland. The group now has 65

members in two divisions — girls under 11 and girls over 11.

Besides learning to twirl batons, the girls also learn teamwork and gain opportunities to participate in regional parades.

Some 58 members of the group marched in the Milton-Freewater Pea Festival parade May 13. The

senior division participated in the Yakima Frontier Days parade May 20.

During the Twirlers' first year of competition in 1959, they finished first in unit marching in the Atomic Frontier Days parade, second in the Pasco Water Folies parade and third in the Benton-Franklin Fair parade in Kennewick.

Last year they won first place in parades in Othello, Yakima and Kennewick; second in West Richland, and third in Pasco. The junior division won first in the Kennewick parade and second in the Water Folies junior parade.

Mrs. Aichele feels that the group helps publicize Richland and the Tri-Cities.

She serves as business manager, transportation director, chap-erone and prime organizer of the group. Mothers of some of the girls assist her.

One problem the Twirlers has not been able to overcome is transportation. Car pools are used to transport girls to parades. Lack of financial backing has ruled out renting or purchasing a bus for the 65 members.

Transportation problems will continue to grow as the Twirlers according to Mrs. Aichele.

Premium Books Are Available

PROSSER — Prosser Chamber County 1961 premium fair books are available for those who plan to exhibit at the Fair, Aug. 25-27 in Kennewick. A book may be obtained by contacting the Fair Office, Box 694, Kennewick, Will Gerlitz, Benton County Agent reports.

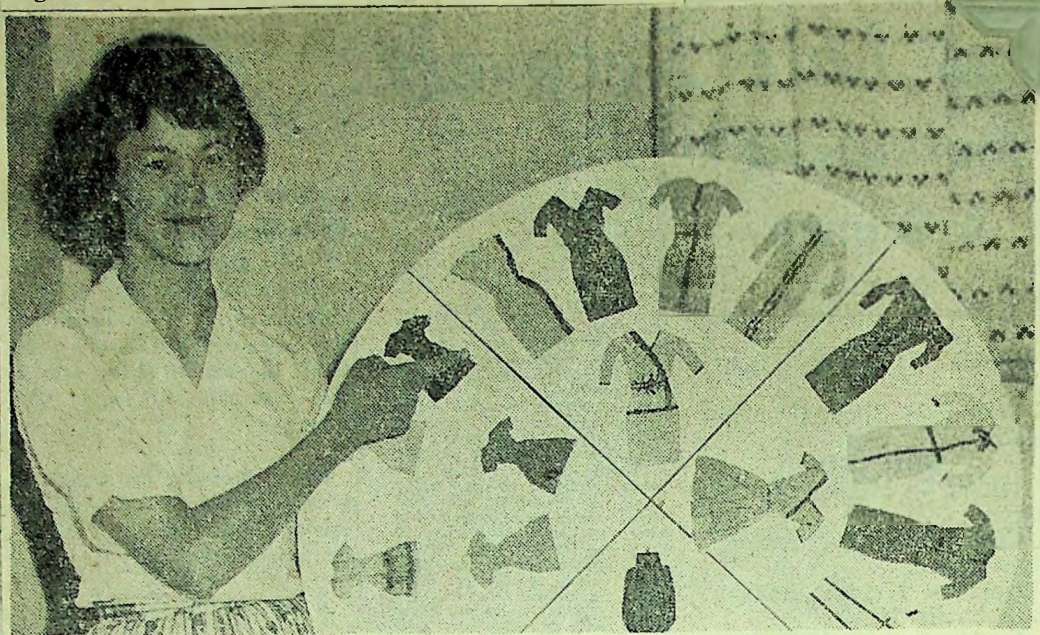

Future Farmers of America members can obtain books from their instructors and 4-H leaders can get copies for their members at either the Kennewick or Prosser county extension offices.

Gerlitz said several important changes have been made. Among them is a grade section for 4-H and FFA members in beef, sheep, swine, dairy and horses. The dairy rules have been changed so that an exhibitor cannot show the same animal in both open and junior departments. All dairy animals in the registered department must be registered in the exhibitor's name. This puts the dairy department on the same basis as other livestock departments.

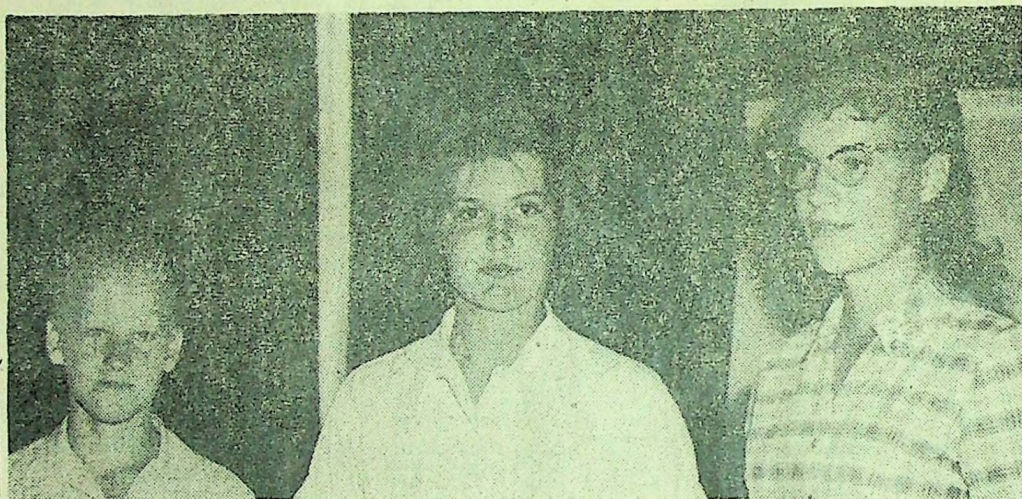

All swine must be vaccinated for cholera by a veterinarian prior to the show, and requirements for all female cattle on bangs test and vaccination are the same as last year.

There will be a change in the fitting and showing contest. The award will be made to the first showman in each department.

Donors Of \$100 Prizes Hard To Find

Popular Calf Scramble Rescheduled

The calf scramble, one of the favorite attractions at the Benton-Franklin County Fair and Rodeo, has been scheduled again this year. Earlier it had been taken off the program due to general apathy.

F. P. Meverden, official in charge of the scramble, said the Benton County Posse asked him to put it back on the program because of its immense popularity. It had been difficult to find local merchants to donate the \$100 prizes, he said.

Application blanks will be avail-

able Monday for boys 10-19 years-old who belong to 4-H clubs, Future Farmers of America, or other similar organizations, at County Extension offices in Pasco, Kennewick and Prosser, he said.

Last year about 75 boys entered the scramble. The contest is divided into three sections, one for

each night of the fair. Age determines which section the boys are put into.

Ten to fifteen 350-400 pound calves are loosed in the area and the boys scramble to catch one. The first two into the ring each night with a calf win \$100 toward the purchase of calves of their own. The money must be spent on a calf and the calf must be shown at next year's fair.

Meverden said calves caught at the fair aren't the ones the boys get to keep but are their ticket for the \$100 prize to buy another.

Applications should be in by Aug. 15, Meverden said. The Fair and Rodeo will be Aug. 25-27.

Stampeders Of Finley In Meet

The Columbia River Stampeders of Finley met at the River View School, Sunday, Sept. 24, was tentatively picked as the date for the competitive trail ride to be put on the by the club in the Finley-Hover area. Danny Chavez was appointed by President Ernest Alexander to chairman the event. Further information and entry blanks will be sent to all riding clubs in the area in the near future.

Dick Snow, the club youth advisor, reported on the newly formed junior stampeder club. The juniors have formed a drill team with Denise Halstead as

drill captain. They hope to be ready for the Benton-Franklin Fair Parade. The junior officers and members are Sally Campbell, president; Pamela Schinner, vice president; Karen Kuh, secretary; Karen Mitchell, Juanita McCaleb, Toni Lee Schinner, Carol Snow, Sherri Snow, Denise Halstead, Lois Blair, Donna Boies, Gay Didecock, Eddie Everett, Helen Bower, Ruth Lande, Gary Chavez and Stanley King.

ANY BOY OR girl under 18 in the Finley or Kennewick area interested in joining the Juniors may call Snow at JU 6-4846.

Plans were also completed for the third of five club playdays to be held Aug. 6 at the grounds at Game Farm and Finley Roads. The riders complete in various events such as pole bending, barrel racing, stake race, key-hole race, high jump, individual scurry and walk, trot and scoot for points.

At the end of five play days, the top point riders in each the senior and junior clubs will be awarded a trophy. There will also be lesser prizes for second and third places of each division. The juniors will have a concession stand at these events to make money for parade equipment.

Benton City's Floyd Davis Holds Outstanding Record In The 4-H

Floyd Davis and Prize Lamb

Floyd Davis, a 16 year old high-school Junior started in the "Livestocker's" 4-H Club at the age of 7 (club age limit is now 9) and has been in club work ever since. He has also been in Vocational Agriculture and Future Farmers of America for the last three years.

He started his first club project with bumper lambs he got from some of the large sheep companies but I am very sorry to say that most of the large companies, which lambled near this area, have gone out of the business now so most children now have to buy the animals if they get any. This, of course, cuts down on their profit and it takes longer to get a profitable project going.

Most any child can get a 4-H project, such as a day old calf lamb or weiner pig, to start his club work and project but the child and parent must realize that the child is starting at the bottom and that it will take time and work to get to the top.

There is a lot to club work besides just getting an animal and showing it at the fair. In fact, a beginner may not be able to afford an animal good enough to take to the fairs but by taking proper care of his animal and keeping books on the care and cost of the animal and feed he will be learning how to get the most from his project or projects materially and money wise in the years to come.

Floyd has had a lot of help in his club work, which a lot of boy and girls are not fortunate enough to have. He had an older brother and sister in club work and his dad had been in club work when he was a boy so Floyd could get a lot of help right at home without having to get it as a club leader or county agent manage to help.

several animal judging events at the fairs and on special tours.

He was on the F.F.A. judging team last year. The team, Gary Nelson, John Schab, and Floyd, placed first at the Walla Walla Fair in fat stock judging. There were judging teams from Washington and Oregon.

Fat Stock Judging at other fairs:—

1st. Benton-Franklin County Fair
2nd. Yakima Valley Junior Fair
2nd. State Fair at Yakima

In 1960 the Ki-Be F.F.A. boys voted Floyd the outstanding member in the F.F.A. and presented him a trophy at their parent and son banquet.

It will soon be time for the spring fairs to start and the boys and girls have been working (I hope) toward another year at the fairs and for the judging contests which start for most of them with the Toppenish fat stock show. It is held the latter part of April. Several 4-H and F.F.A. members have stock ready for the show so I hope you will be hearing good news from them when the show is over.

Floyd has won many Grand Champion, Champion, and blue ribbons on his stock at the fairs, but he nor his stock have ever been so perfect that he didn't get a few red and white ribbons also.

Floyd was on the county 4-H judging team for two years. The team did real well judging at the fairs. He also got to go to some of the larger fairs and see the stock and meet the boys and girls from all over the state and from other states.

In 1958 and 1959, at the Benton-Franklin County Fair, Floyd won the champion title in the fitting and showing of sheep and then competed against champions of swine, dairy, beef cattle and horses to earn one of the fairs' top honors as Grand Champion Showman. He also won the same honor and trophy in 1960 in the F.F.A. division of the Yakima Valley Jr. Fair at Grandview. He has won Sheep Showmanship at the fat stock show and sale at Toppenish, Walla Walla, and in the F.F.A. Sheep Division of the Northwest Junior Livestock Show at Auburn. There he also received trophies for the Grand Champion and Reserve Grand Champion fat lambs and at the fat stock sale he received \$50 per pound for his lamb, which was the highest price per pound paid for any animal at the show.

Floyd has had the honor of being high point individual

Fair, Rodeo Horse Show Set Aug. 19

One of the lesser known events to be staged at the Benton-Franklin Fair and Rodeo — but one of the truer tests of a horse and rider — is the horse show.

The show will be staged Aug. 19 and 20 at the Benton County Fairgrounds in Kennewick. The fair itself and carnival begin Aug. 20, and the rodeo will be staged Aug. 25, 26 and 27.

A season ticket to the fair also will admit the bearer to the horse show.

First included in the fair program in 1957, the horse show drew only 13 entrants. This year 72 riders have entered — showing an even greater increase of interest by comparison with last year's 43.

There are three major divisions to the show. As described by one of the judges, they are:

1. Western pleasure. Horse judged first, must be pleasure to ride. Response on loose rein, with a slow, easy jog trot and a smooth lope. Judged on manners, performance and conformation.

2. Equitation. Rider is judged on his ability to handle his horse. Must ride the horse both ways of the ring at a walk, trot and lope, making the horse respond immediately to the judge's commands.

The horse must be on the right lead at the lope each way of the ring.

3. Trail horse. Special emphasis is placed on the walk. Horse must work over and through simulated obstacles, usually found on the trail. Horse and rider must be ready for the unexpected.

'Better Than Ever Fair' Is Promise Of Royalty

Queen Joyce Hayes and her court outlined a "better than ever" Benton-Franklin Fair and Rodeo Thursday to members of the Kennewick Chamber of Commerce.

Miss Hayes and her three princesses — Sharon Hartley, Lysbeth Fouts and Roma Walker — discussed the fair and rodeo's nine-day program for 1961. It begins with a two-day horse show Aug. 19 and ends with the third performance of the rodeo, Aug. 27.

In brief talks to the 50 chamber members and guests present, the young ladies presented a program with several new attractions and improvements in the regular show features. The girls were accompanied by their chaperone, Mrs. Audrey Simmelink.

CHAMBER PRESIDENT Hugh Cobs, welcoming the members to the weekly luncheon

after a summer recess, reiterated that plans are not to hire a new chamber manager to replace resigned Herb Everitt.

"That takes money," Jacobs said, "and we're a little bit in the red."

Everitt resigned in mid-July to become manager of a Pendleton radio station.

Miss Walker, who also is Miss Kennewick for the coming year, discussed the fair portion of the program. A special feature, she said, will be the two-day horse show Aug. 19-20, for which 150 horses are expected.

REGULAR PARTS of the fair include 4-H competition for both boys and girls, commercial exhibits and exhibits by the 4-Hers and adult competition.

The "side" attractions were outlined by Miss Fouts. They include the big parade Aug. 28, a kiddies parade the day before, window painting competition

western show in downtown Kennewick Aug. 23-24, with entertainment, dancing and prizes, and a cowboy breakfast sponsored by the Benton County Mounted Posse Ladies Auxiliary Aug. 27.

A special feature will be an antique car rally, with 25-30 old cars from throughout the Inland Empire expected to participate. It will be held in downtown Kennewick before the main parade.

PAYING SPECIAL attention to the "track" events, Miss Hartley discussed the rodeo features which will have three performances Aug. 25, 26 and 27.

Antique Cars Will Provide Special Flair During Fair

Antique cars from three Inland Empire towns will provide a special flair at the Benton-Franklin Fair and Rodeo later this month.

Antique car clubs from Yakima, Walla Walla and Spokane will participate in an unusual rally in downtown Kennewick Aug. 26, sponsored by the Kennewick Chamber of Commerce. The Kennewick Junior Chamber will co-sponsor, furnishing manpower to run the event.

THE RALLY will be unique in the area and possibly in the Pacific Northwest, fair parade chairman Bob Graves said.

From 30 to 50 cars are expected for the rally, to start at 10 a.m. They will participate in

three events, all racing against time.

1. Spud race. Cars must travel a prescribed course, circling six barrels of water in which potatoes float. Drivers must spear a potato from each barrel.

2. Spare tire race. Drivers must start a prescribed course, stop, jack up their cars a certain distance, lower them and finish the course.

3. Backup race. The course must be driven backwards.

Trophies will be awarded to the first three finishers in each event. A sweepstakes trophy also will be given to the club whose members earn the most points.

Many of the cars also will be on display at the fair and rodeo that weekend, Graves said.

Kennewick Youth All-Around Titlist

Richard Chapman, 12-year-old son of Mr. and Mrs. Bernard Chapman, 215 E. 36th, Kennewick, is one of the proudest young men in the Tri-City area these days—and for good reason.

Earlier this week the Kennewick youth returned home with a \$275 saddle for winning all-around cowboy honors at the Northwest Junior Roping School Rodeo in Starbuck.

Riding his gelding quarterhorse, Tinky Poo, young Chapman also won a trophy, blue ribbon and saddle blanket for finishing first in the 13-and-under barrel races, a trophy, blue ribbon and bridle and reins for winning the 13-and-under calf roping, and a third-place ribbon in pole-bending.

Chapman has been riding for four years, but this week marked his first competition. More than 50 cowhands from throughout

the Pacific Northwest competed in the rodeo.

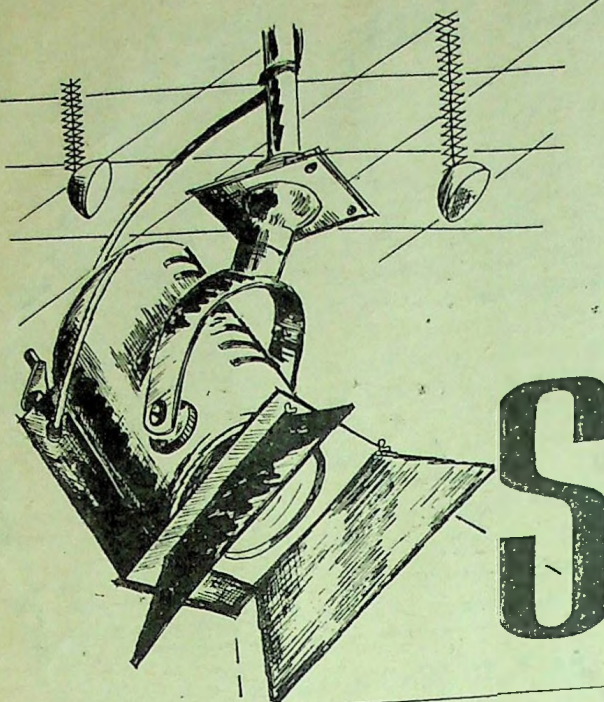

Ben Kirkpatrick, Kennewick, won second-place ribbon and a pair of skid boots in the 14-and-over calf roping; Roger Schreier, Kennewick, finished third in team roping, and Leroy Surplus, Richland, was fourth in team roping.

The rodeo was staged by Mr. and Mrs. Dwight Brodhead, owners and instructors for the Northwest Junior Roping School. Janice Abbot Touchet, won the all-around trophy in the girls division.

Garden Tips

Getting Ready For The Fair

By RAY FRENCH
Gardening Consultant

The Benton-Franklin County Fair is less than two weeks away. Let us all bring our better flowers, vegetables, and field crops to the fair for exhibit. For a region that grows such a great variety of horticultural crops, our entries are low.

We grow large acreages of such crops as wheat, potatoes, sweet corn, beans and other crops, but our entries in these crops are low. The same is true of our floriculture exhibits, though there is a much better sampling of flowers than there is of other crops. All garden clubs should have members showing their prize flowers and arrangements. A very interesting contest could be worked out between clubs. Obtain a Premium book at your County Extension office and let us make this the best fair we have ever had. If some of your neighbors have good material, exhibit it for them.

Now for some recommendations for exhibiting.

FLOWERS

Number of blooms—Follow the premium list carefully. Too few or too many can disqualify.

Stage of maturity—Pick flowers so that they will be in the proper stage of maturity at judging time. Generally this is just before full bloom.

Uniformity—This includes size, shape, color and length of stems.

Size—According to type or variety.

Substance—Freshness, firmness, and-or fineness of texture.

Foliage—Every exhibit of cut flowers must include foliage for the quality and condition is considered in judging. No foliage is used except that on the stem of the specimen. Foliage should be cleaned, if dirty, by wiping carefully with a soft, damp cloth. Accessory foliage such as florist greens is never used with specimen exhibits.

Color—Should be clear, unfaded with attractive, harmonious markings or shadings. Do not mix colors of bloom in a class or lot numbers calling for one color of bloom. Mixed colors disqualifies.

Stem—Stiff, straight, long.

Condition—Bloom and foliage should be free of insect damage, water spots, sunburn, bruises or other mechanical injury as well as mildew, rust spots, or other disease.

Preparation:

1. Cut in late afternoon or evening the day before exhibiting. Flower then has more stored-up food.

2. Cut with a sharp knife, not a long, slanting cut.

3. Carry a pail of warm water 100-110 degrees and place flowers in this warm water as soon as cut.

4. Store flowers in a refrigerator or cool room over night.

5. Do not place lower leaves in water because this invites decay organisms.

Grooming—A limited amount is allowed such as taking of a petal or wilted floret on some blooms. However, this should not be noticeable to the judge.

Containers—The fair board provides containers.

By the way the Extension Office has a mimeograph on "Care and Preparation of Cut Flowers" that can be obtained by asking.

VEGETABLES

Harvest vegetables very carefully, and save the "bloom." Bloom is that material that protects the skin and prevents it from being shiny. When prunes and apples are shiny, the "bloom" has been rubbed off. Be careful as to the removal of dirt. Do not scrub if it can be avoided for this scratches and removes the bloom.

Trim leafy tops of carrots, beets, etc. to within an inch of the top of the vegetable. This prevents moisture from evaporating too rapidly through the leaves.

Keep vegetables fresh and crisp by storing in a cool, damp, place.

If you do not have such a spot cover exhibits with a gunny sack and sprinkle.

Naturally all vegetables should be uniform as to size, shape, color, and degree of maturity. They should be clean, free of mechanical injury as well as plant insects and disease.

Root crops—Cut off tap roots where they have tapered down to the size of a pencil. Also remove root hairs.

Tomatoes—Be sure all stems are on or all stems are off. Ripe tomatoes should be fully ripe. Green tomatoes should not have any color whatsoever.

Vine crops—Pumpkins, squash, cucumbers should have short stems and be neatly and evenly cut.

Pot crops—Peas, beans, okra should have short stems.

Head crops—Cabbage and lettuce should not be trimmed too closely. Leave on "wrapper leaves." Trim the stem off.

Dry onions—Should be ripe and mature. What is left on the stem should be dry and papery, and the roots shriveled and dry.

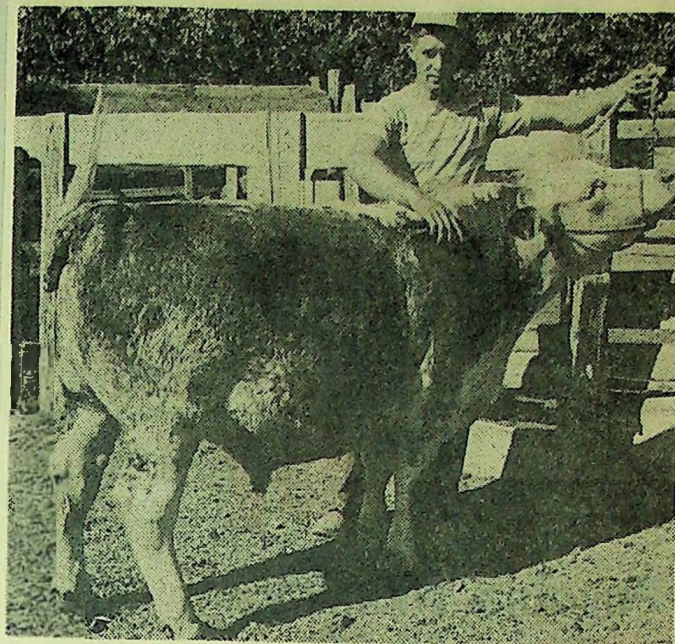

Summer squash—Should be small to medium in size, the skin soft enough to be punctured by your thumbnail.

Sweet corn—Exhibit with husks off and the kernels should go right up to the end.

Steer Is For Sale

Leon Darby, 17, vice president of Prosser High School FFA, will enter a Shorthorn steer, weighing more than 1,000 pounds, in the Benton-Franklin County Fair Aug. 25-27 in the Shorthorn fat steer FFA division. Darby won the steer at the Fair last year in the calf scramble. It will be auctioned at the Fat Stock Sale Aug. 26. Leon, son of Mr. and Mrs. Paul Darby, will also enter a full string of FFA registered Southdowns and Hampshire sheep. His stock will be shown in six Fair's fall.

172 Mounts Entered In 4-H Horse Show

Horses — 172 of them — along their young owners will be competing for ribbons and trophies at the 4-H Horse Show Saturday and Sunday at the Benton-Franklin County Fair Grounds.

The horse show which is part of the Benton-Franklin County Fair and Rodeo, is taking place one week ahead of the other events this year because of lack of space for the large number of entries in addition to other events. Horses will begin arriving at the fair grounds Friday, with all horses to be on the grounds by 8 p.m.

Saturday morning the horses will be judged in halter classes. Saturday afternoon, the young owners will demonstrate their skills by showing their horses in the fitting and showing competition.

Water Crisis About Ended

Kennewick's water shortage appears to be over for the rest of the summer. Harry Ray, water department superintendent, said today.

Water demand has decreased during recent cooler weather. Ray said crews were able to shut off one pump last night. The pump, on Clover Island, had been running since the middle of June.

All four reservoirs are full except the 10-million-gallon reservoir at 19th Avenue and Edison Street. Ray said it lacks about three-million gallons of being full.

Park irrigation will still be controlled. Parks have been on a restricted watering basis since earlier this summer because of low water in the reservoirs.

showing contest.

Sunday morning, the spotlight will be on the halter-class judging contest at which the winning horse in each class will be selected by the judge.

Sunday afternoon will be the trail ride competition in which they will put their mounts through the obstacle course to show how well the horses are trained.

There will also be western pleasure-riding events and western-equitation competition.

Judging the horses and riding competition will be Robert Armstrong, a well-known horse judge from Olympia.

The horse projects are about the fastest growing part of the 4-H program in the two counties. There are 147 exhibitors in the show between the ages of 10 and 18. Last year there were 104 entries.

A season ticket to the Benton-Franklin County Fair and Rodeo covers the fair grounds for the horse show as well as the rest of the fair the following weekend.

New Events Planned At Fair And Rodeo

New arena events, wilder bucking stock and a star-studded roster of nationally and internationally-known rodeo contestants are expected to make the big Aug. 25-27 Benton - Franklin County Rodeo the best in its 12-year history.

And, in keeping with the expanded program, \$750 in special purse money has been added to the regular rodeo purse of \$3,300 plus contestants' entry fees. Of the added sum, \$500 is for the chariot-race purse and \$250 for the posse-relay event — both relatively new thrillers to the local rodeo.

Cal Liebel, lieutenant of rodeos for the sponsoring Benton County Mounted Posse, said the chariot race proved such a crowd-pleaser a year ago that the posse has invited eight chariot teams from as far away as Boise, Idaho, to take part this year.

He said early indications are that nearly all the top waddies of United States and Canada will appear in the Kennewick arena in one or more event this season. Besides being a foremost show, the B-F rodeo is one of five Northwest arena events that come in close sequence and promise big money to best contenders.

Tri-City fans who have been thrilled in past seasons by the rodeo stock of Joe and Sonny Kelsey of Tonasket are in for more thrills this year when several new Brahma bulls and saddlebrons make their debut.

The three-day rodeo will be announced by Bob Chambers, Pendleton, with Johnny Gravenslund, Kennewick, serving as arena director. Other rodeo officials are Fred Schroeder, Kennewick, tra-

director: Vern Gramling, Kennewick, rodeo committee secretary, and Bob Swain of Arlington, Ore., secretary.

Arena events in rapid-fire fashion will include: Posse scramble, calf roping, bareback riding, steer wrestling, saddlebrone and Brahma bullriding.

Other events: Pack horse race, dinnerbell derby, Jaycee wild cow milking contest and junior calf scramble.

Trophy Winners

Gail Schmitt and her quarter horse Coco were photographed with the trophy they won in the trail-ride competition at the Benton County Junior Fair last weekend. She broke the colt herself and won the first time he had been at a fair. Gail and Coco will be among the young riders at the Fair Grounds in Kennewick Saturday and Sunday for the 4-H Horse Show of the Benton-Franklin County Fair.

She Trained The Colt

Eltopia Miss Seeks

Second Riding Trophy

When the trail-ride competition starts for the junior division at the 4-H Horse Show of the Benton-Franklin County Fair Sunday, a 14-year-old miss from Eltopia will be trying to repeat the performance with which she won first place at the fair last year. She will ride a three-year-old colt she broke this summer.

Gail Schmitt and the colt, Coco, won the trail-ride competition at the Benton County Junior Fair in Benton City last weekend. Last year she won the junior division trail-ride competition at the fair in Kennewick on another horse.

She started working with the colt in March. At the time he had been broken to lead, but had never had a saddle on or been ridden.

"One of the most important things is to have the horse's confidence when you bring him to an obstacle," Gail said. She started with the saddle blanket, letting him smell it, letting it touch him.

After the colt was used to the saddle being around him, she put it on his back, working with him getting it on and off. Later, she led the colt around the corral and around the Schmitt ranch in Block 13 with a saddle on.

When he was used to the saddle, she began the same process with the bridle. To get Coco to stop chewing the bit, she put it in his mouth and left it for short periods of time until he was used to it.

Gail then started to get the colt used to weight in the saddle.

Later the bridle was put on and her father led the colt around the corral while she rode him. Later she started to ride the

around the ranch. Coco shied at things as they rode. Once Coco

bucked in the paddock. One day he didn't hold the fence and threw her. She switched to a hackamore for better control.

After he had gotten over the desire to buck, she switched to the three-quarter curb bit which she now uses.

She then began working with Coco on an obstacle course her father had fixed for members of the Red Top Riders 4-H Club.

Gail says she worked with and groomed Coco about three hours a day. She has now ridden him in three trail rides and in one fair. In the first trail ride, he shied quite a bit, but the work she had done in winning his confidence paid off.

When it came time for the fair in Benton City, it was hard to decide whether she should use Coco in the trail-ride competition or stick to Flash who she knew could do well.

She decided to go with Coco and with the trophy she won she doesn't regret it and is looking forward to the competition Sunday in Kennewick.

Tri-City Herald SPORTS

Royalty Views Trophies

Benton-Franklin County Fair and Rodeo royalty looked over the trophies to be presented during the 3-day event Aug. 26-27 after they were placed on exhibition at the National Bank of Commerce Friday. From front to back are Princess Roma Walker, Kennewick; Princess Sharon Hartley, Kennewick; Queen Joyce Hayes, Mesa, and Princess Lysbeth Fouts, Richland.

Tales of the Tri-Cities

"Creeping socialism" may yet put itself out of business, says a Kennewick businessman who recently applied for a small-business loan from the government. "They sent form after form to be filled out," he said, "and they asked me many questions about my business that I couldn't answer. So I looked up the answers and found many possible economies," he continued. By the time all the forms were filled out, the merchant made so many savings he no longer needed the loan.

Linda Hutchinson, UW coed and older sister of Judy Hutchinson, reigning Miss Pasco of the year, reported a recent wedding in Seattle came to a surprise conclusion—the southpaw bride threw her bouquet onto the roof of a house. She didn't say if any ambitious bridesmaid went after it.

Since City Manager William Hansen quit employment with the city, the council meetings which used to end by 10 p.m. without fail, have started lasting until 11 p.m. Any connection?

Pasco Kiwanis Club members who "indulge" heard refreshing words from a speaker.

Describing Century 21, the speaker said the cafe at the top of the 550-foot pylon will revolve once an hour. However, the bar, in the center, will stand still.

Kennewick city council was startled to hear a scraping noise outside the council chambers last week during the meeting. Upon checking, they found Harry Ray, Kennewick water superintendent, out in the rain trying to dig a ditch leading the running water away from the city hall basement. The last time it rained city hall was flooded. Harry's comment—"I'm irrigating."

To get the maximum use out of the area licensed for a park near the river on Road 52, a riverside resident has suggested it remain open nights, and close during the day. "It's used only after 10 p.m. at present," he told Corps of Engineers officials at a meeting last week.

A certain prominent Pasco businessman had every reason to be tired last Thursday when he went out to sell a 21-year-old beauty an insurance policy.

"You had any major surgery?" he queried.

"When I was nine," she replied.

"Was it tonsillectomy?" he guessed.

"No."

"Hysterectomy?" he pondered.

"Hardly," replied the girl.

Both blushed.

A clerk in the Franklin County auditor's office felt good the other morning when her husband remarked she was still like a bride, after many years of wedlock.

But then he deflated her ego when he explained it was her cooking he was referring to.

A Pasco dentist apparently didn't think much of the recent Corps of Engineers' decision on the strip of river beach between Roads 40 and 52.

In a loud voice, as he left the meeting, he moaned, "Communists, Socialists. They're here."

The language in which laws are written is often confusing. During a recent commission meeting, Franklin County Commissioner H. de Schepper recalled a comment an attorney once made which describes the situation very well. The attorney said, when deSchepper said some law didn't make sense, "you might as well know right now, laws are not supposed to make sense."

The moving of public events to larger or more adequate quarters is often necessary, but, the reason for moving the Western Show of the Benton-Franklin County Fair and Rodeo Wednesday and Thursday night to Angus Village seems just a little petty. It seems that a tavern on the corner on which the show was to be held is a nonunion establishment and the musicians union refused to let its members give a free performance next to the place of business. So, to keep the services of the band, the event was moved to a new location.

Trophy Presented

Russell Hendrickson, son of Mr. and Mrs. Mel Hendrickson, Pasco, received his championship trophy and ribbon from Teddy Johnson, after being selected the junior-fitting-and-showing champion from a field of 78 Saturday afternoon.

Horse Projects Exhibited At Fair Grounds

There are horses everywhere you look at the Benton-Franklin County Fair and Rodeo grounds this weekend as 4-H members from the two counties exhibit their horse projects.

Taking the championship trophy over the other 77 entries in the junior-fitting-and-showing class Saturday afternoon was Russell Hendrickson, Pasco, a member of the Franklin County 4-H Horsemanship Club.

Reserve champion was Gail Schmitt, Mesa, a member of the Red Top Riders 4-H club.

The junior-fitting-and-showing class, with its 78 entries, was so large it had to be split into three sections, and then the blue-ribbon winners returned to the ring for the selection of the champion and reserve champion.

The senior-fitting-and-showing class, which had to be split into two sections because of the large number of entries, followed the junior class to complete the Saturday judging activity.

A judging contest, in which teams from various clubs judged several classes of horses, took up the morning activities.

The judging team was the

Franklin County Horsemanship Club team of Vernie Ann Cunningham, Marilyn Cunningham and Sandra Hudson. Second place team was from the Kahlolus Road Runners club, Penny Robbins, Linda Jean Marmes and John Herron; third place, Ponderosa Ranch Hands, Terry Day, Joeliene Clary and Tonya Day; fourth, Rough and Ready, Mary, Susan and Tom Baile; fifth, Kahlolus Road Runners, Marilyn Staley, John Mitz and Oren Mitz.

The show continues today, with judging of the horse-halter classes at 9 a.m. The trail-horse classes will start at 2 p.m.

The horse show will close at 8 p.m.

Judging all of the horse-show events is Robert Armstrong, Olympia.

The horse show was conducted one week before the Fair and Rodeo for the second time this year. Lack of space to accommodate the increasing number of horses makes the early showing necessary.

A season ticket to the Fair will admit the holder to both the horse show and the Fair Grounds ne weekend.

Fair Painter

Penny Buckwalter, Kennewick High School senior, was busily painting the Kennewick City Hall window today in an attempt to win the \$25 prize for the best window Fair and Rodeo painting. She is the daughter of Mr. and Mrs. Clyde Buckwalter, 1026 W. Metaline Ave., Kennewick, and said she plans to major in art when she enters college a year from now. Working with another girl she has done two other window paintings in Kennewick and Pasco. This is her first attempt at it alone but her reflection seemed to be giving her a hand with the job.

New, Exciting Events Added To Rodeo List

Combined arena and track events at the 12th Annual Benton-Franklin County Rodeo Friday and Saturday nights and Sunday afternoon will add up to a double-barreled extravaganza of thrills.

The Rodeo Cowboy Association-sanctioned program will offer a big bonus of track thrills, in addition to spine-tingling action in the arena when the bareback riding, steer wrestling, saddle-bronc riding, calf roping and Brahma bull-riding classics are run off. John Gravenslund will direct the arena show.

The track show, directed by Fred Schröder, will include at least six events, ranging from the animated Dinnerbell Derby to the dare-devil and dangerous Roman chariot race. The latter, with a purse of \$500 for the winner, is expected to have contestants from other regions.

The open-stock horse race, directed by Tom Surplus and junior-stock horse race, directed by Courtney Baze will be preludes to a brand new event never before seen on a Tri-City track. It is the hide race, a contest in which horses drag men around the track at high speed with nothing between contestant and ground but a piece of cow hide.

G. O. Barton will stage another pack-horse race on the track following the Dinnerbell Derby, an event involving hungry collectors

their mamas and directed by Darrel Butterfield.

Other thrilling events will include the annual posse-relay race, Jaycee-wild cow mulching contest and calf scramble.

Tri-City rodeo fans were reminded today by Ticket Chairman Orin Lande to purchase their box and grandstand seat tickets early to assure a choice of location. Tickets are being sold near the Roxy Theater on Kennewick Ave.

Ticket prices: Box seats, \$3.50, grandstand, \$2.50 and general admission, \$2 for adults. Children's general admission is \$1. Children under 12 will be admitted free Friday night.

Mrs. F. W. Winget, Kennewick, and Mrs. Walter Anderson, Pasco, co-superintendents of the exhibit, explained that fair officials allowed the 4-H groups to hold their exhibit early "because of the size of the exhibit."

Champions and reserve cham-

pions in the performance classes (in each case the champion's name is first, the reserve champion second) are:

Fair, Rodeo Start Slated For Thursday

Benton and Franklin counties 4-H'ers, FFA members and just plain farmers will be hard at work today, bringing in exhibits for the 14th annual Benton-Franklin County Fair.

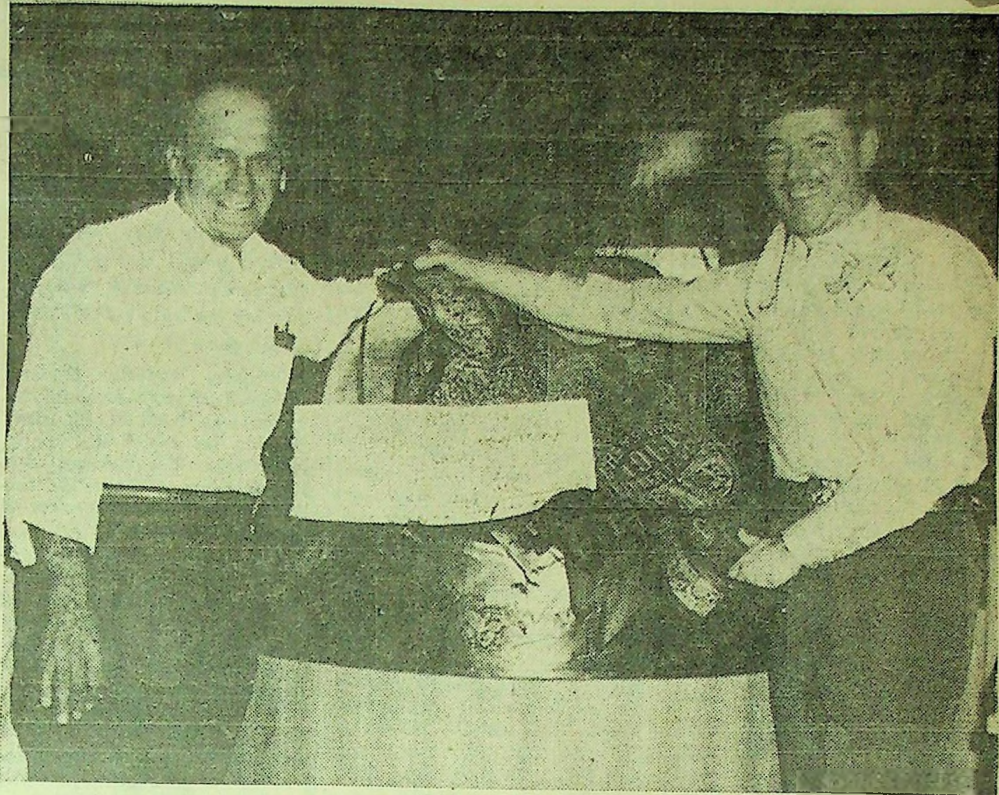

The fair officially opens Thursday, but all exhibits except in the floriculture and horticulture divisions must be on the fairgrounds by 8 tonight. Judging begins Thursday morning, also, and will be completed Friday.

The rodeo will have three performances: At 8 p.m. Friday and Saturday and 2:30 p.m. Sunday.

The grand parade is scheduled at 2 p.m. Saturday through downtown Kennewick. A kiddies' parade, also in downtown Kennewick, is slated at 10 a.m. Friday.

The fairgrounds, where the rodeo also will be held, are located on S. Oak Street in southeast Kennewick.

The fair-and-rodeo is put on by the Benton-Franklin County Fair Association, headed by Frank Lampson, president.

SPECIAL PRIZE — Ted Leon (left) and Phil Behrman pose with a \$400 saddle Leon will donate to the all-around cowboy at the Benton-Franklin Rodeo this weekend. The prize is unusual for a rodeo of this size, affording another reason for the top cowhands in the area to

compete here. Rodeo performances will be held at 8 p.m. Friday and Saturday and 2 p.m. Sunday. Tickets are available at the rodeo booth in downtown Kennewick, while a traveling booth will be in Richland Wednesday.

more entries than last year. Allen Johnson of Olympia, state-grange director of agriculture, will attend.

2.—E. Benton Historical Association, with a display based on the Tri-Cities area history.

3.—Boeing Co. and General Electric Co. will display their products' importance to the state and Tri-Cities. Boeing will show photo panels of their products and missile models, while GE will have an atomic safety exhibit.

4.—Tri-City Amateur Astronomers Association will have telescopes available to see the moon eclips about 8 p.m., Friday.

5.—Tri-City Braille Association members will demonstrate their special skills of use to the blind.

6.—Three-Rivers Beekeepers Association will display a glass beehive.

Winners in the trail-horse competition were Larry Zunker as champion and David Hammett as reserve champion in the junior division. In the senior division, Mary Ann Boice was champion and Mickey Nelson reserve.

In the western-equestrian classes, Kathleen Anderson was champion and Roger Schrier reserve in the senior division. In the junior division, Don Lamb Jr. and Jean Cox were champion and reserve champion.

In the western pleasure class, Cody Stier was first and Cheryl Peterson reserve in the junior division and Pat Roe, champion and Pam Brown reserve in the senior division.

Horse-halter classes were judged Sunday morning, with the riding competition in the afternoon. Saturday morning was taken up with a judging school. Saturday afternoon, the fitting-and-showing contests were conducted. They took up the entire afternoon because of the large number of entries. The junior division had to be split into three heats and the senior into two. Judging the show was Robert Armstrong, Olympia.

The 4-H Horse Show is part of the Benton-Franklin County Fair and Rodeo, but, it is conducted the weekend before the fair because of lack of space to put the large number of horse entries in the fairgrounds with the rest of the show. This is the second year that the horse show has been held early.

This year, 147 youngsters entered 152 horses at the show.

Ex-Topkicks Successful

LONDON (AP)—A wartime sergeant who started from scratch and made more than a million pounds—\$2,800,000—said today he has formed a club of successful ex-topkicks.

He is Walter Flack who got out of Britain's famous 8th Army at the end of World War II. With a small army gratuity, he entered the real estate business and made up.

"This club is my answer to people who keep recalling that I was a sergeant—as if that meant I was some kind of bonehead who could only sign X as my signature," he said.

"I know of several company directors in this country, prominent lawyers and sporting celebrities who will be eligible to join. There are probably hundreds of others we don't know about."

Livestock Exhibits Begin Arriving At Fairgrounds

By AL FORD
Herald Staff Writer

The bawling of cattle, squealing of pigs and bleating of sheep filled the air at the Benton-Franklin county Fair and Rodeo grounds today as exhibits began arriving for the annual event Friday to Sunday.

Although the official opening of the fair isn't until 9 a.m. Friday, all exhibits except horticulture and floriculture are due on the grounds by 8 p.m. today. Floriculture exhibits are due between 1-6 p.m. Thursday and horticulture exhibits by 8 p.m. Thursday.

Things get rolling tonight with the Western Show and Street Dance in front of Griggs Electric in Angus Village at 8 p.m. Prizes for the best heard, best western-dressed couple and the winner of the window-painting contest will be presented.

Almost 700 head of livestock along with a large number of crop, garden, home economics, poultry and a variety of other exhibits have been entered in the fair.

There are 147 beef cattle, 288 heep, 122 hogs and 152 dairy cat-
entered.

Thursday, 4-H home economics exhibits and floriculture will be judged and several judging contests for the young contestants held.

There will be a second Street Dance and Western Show at 8 p.m. Thursday.

Friday will see the official opening of the show at 9 a.m. A Kiddies Parade will be held in downtown Kennewick at 10 a.m. The kiddies will assemble at the Washington Hardware parking lot and march up Kennewick Avenue.

Entries not judged Thursday will be judged Friday.

Saturday will start off with the Fat-Stock Sale at the fairgrounds, with 85 lambs, 61 steers and 44 hogs to be sold.

At 2 p.m. Saturday, the big parade will roll through downtown Kennewick. So far, 19 floats, five mounted units, four equipment entries, and nine marching units have entered along with antique cars and dignitaries.

The parade is taking a new route this year, assembling around Kennewick High School instead of on Avenue "C" as in previous years.

Also busy at the fairgrounds are those who are putting exhibit booths. They are scheduled to be completed by 11 p.m. Thursday.

The exhibit buildings will be open from 9 a.m. to 11:30 p.m. Friday, from 11 a.m. to 11:30 p.m. Saturday and from 11 a.m. to 8 p.m. Sunday. Exhibits will be removed between 7-8 p.m. Sunday.

FRAME YOUR ENTRY is the advice given by members of Pasco Garden Club who have frames available for Garden Clubs of the Tri-Cities who might like to enhance their floral entry at the Benton Franklin County Fair and Rodeo, by placing it in a

frame. Mrs. E. E. Allen, member of Pasco Garden Club who is also staging chairman of the floral exhibits, is pictured demonstrating the idea to Mrs. M. W. Richardson, president of the Planterette Garden Club of Richland.

Kiddies Parade Is Friday

Tri-City youngsters were reminded today that they may take part in the kiddies parade at 10 a.m. Friday in Kennewick. The parade is part of the activities during the Benton-Franklin County Fair and Rodeo.

The following entry blank should be completed and brought to the assembly area at 1st and 2nd Avenues, east of Washington Street, not later than 9:40 a.m. Friday.

Whoopee-- Bronc-Busting Cowboys Are Coming

That was the theme in the Tri-Cities today as world-famous bullriders and bronc stompers from many points of the West stood poised for their annual point and prize-money grabbing pilgrimage to Kennewick.

Yep folks, its time to hitch old Dan to the buckboard and hie yourself to the big 12th annual Benton County Rodeo and Track Show come Friday and Saturday nights and Sunday afternoon.

Cowboys aplenty will be streaming into the Tri-Cities tonight and tomorrow to cut themselves a slice in \$3,300 in purse money which entry fees will swell to an estimated \$5,800 and pile up points toward local and national rodeoing honors.

In addition to winnings, contestants will vie for a \$500 trophy saddle to be awarded Sunday afternoon to the show's all-around cowboy, plus handsome engraved belt buckles offered by Tri-City merchants in each of the five key arena events—saddle and bare-

back bronc riding, steer wrestling, calf roping and Brahma bull riding.

When those buckin' chutes start clanging open Friday night, Tri-City fans will see the cream of unruly range animals writhing and a-sunfishing across the arena. Stock contractors Joe Kelsey Sr., and Joe Kelsey Jr. of Tonasket said some new hard mounts will make debuts, in addition to the usual incorrigibles.

Cash will be on the line in all

three performances in track events, featuring many local and regional individuals and riding groups. Most hair-raising of all is the Roman chariot race which will carry a \$500 final purse and pit an expected six or eight teams against one another.

Not to mention the big posse relay race, in which mounted posse groups of many Tri-City and surrounding communities will compete for a \$250 purse. Miss other parts of the rodeo, if you must, but don't fail to see the unique new hide and pack horse

races and dinnerbell derby during each of the three performances.

Action will be fast and furious and, at times, devastating from the moment Rodeo and Fair Queen Joyce Hayes and her Princesses Roma Walker, Lys Fauts, and Sharon Hartley lead the grand entry mounted procession to the last bellowing Brahma bull that Rodeo Clown Carl Doering and Bullfighter Wick Peth haze out of the arena.

Rodeo fans were reminded again today to buy tickets early at the

"red barn" at the Auburn Street Kennewick Avenue intersection. Tickets are \$3.50 for box seats, \$2.50 grandstand, \$2 general admission and \$1 general admission for kiddies.

Children 12 years old or younger will be admitted to the rodeo Friday night. They must be accompanied by an adult to be free. A group of children accompanied by one adult will be admitted.

This free admission applies to the rodeo. They will still have to pay to get into the fairgrounds.

Former Bull Rider To Announce Show

BOB CHAMBERS

A clear-voiced cowboy who broke into the rodeoing business the hard way—aboard a Brahma bull—will return to Kennewick Aug. 25-27 as announcer of the 1961 Benton-Franklin County Rodeo.

He is Bob Chambers, Rodeo Cowboy Association member announcer of Pendleton, Ore. Chambers' stint at the Tri-City arena microphone this month will round out a busy season that has included earlier engagements at rodeos in San Juan Bautista, Calif.; Newport, Wash.; Elgin and Union, Ore.; Grace, Idaho, and other points.

Chambers has announced for the Ben-

ton-Franklin County arena show since popular Larry Daniels retired two years ago. Like Daniels, the younger Chambers won his spurs as a contestant before acceding to the field of rodeo announcing.

The slim, youthful-looking announcer was born in Portland and grew up in California, but picked Washington to make his debut in 1939 aboard a snorting and belching Brahma bull.

Before Chambers quit contesting four years ago because of an arena injury, he had, with time out for World War II, worked the bullriding, bareback bronc and calf-roping chutes of most recognized Western rodeos for over 12 years. Bullriding, however, was Chambers' longsuit through most of his riding career, and he earned most money in that event.

His time away from rodeos during the war didn't tend to soften him to any extent. As a member of Gen. Frank Merrill's hand-picked Marauders in Northern Burma, Chambers was busy either fighting Japanese or haranguing stubborn pack mules most of the time.

Chambers lives in Pendleton, where he has been featured on the two-hour daily radio broadcast of the Pendleton Roundup for the past five years. He has been an RCA announcer since 1958. He is married and has two sons and a daughter.

Area Fans To See World's Top Riders

Prize money and points earned by cowboys in this week's Benton-Franklin County Rodeo will count toward selection by the Rodeo Cowboys Association of the best all-around cowboy and top performer in each of the six major contests for the 1961 rodeo season.

The traditionally fast-moving Kennewick show will put more money and points into the saddlebags of several waddies who are leading in the international standings. The RCA office in Denver said the same arena greats contested in mid-August in rodeos at Caldwell, Idaho; Prineville, Ore.; Billings, Mont.; Rapid City, S.D.; Colorado Springs, Colo., and Burwell, Nebr.

Benny Reynolds, Melrose, Mont., rodeoing's leading 1961 money grabber, boosted his wins to \$20,930 by earning \$1,216 in riding events at Billings and Rapid City. Dean Oliver, Boise, who is second in all-around cowboy standing to Reynolds, increased his year's "roll" to \$18,980 by earning \$919 in calf roping at Prineville and Caldwell.

Oliver, who never misses the Benton-Franklin Rodeo, presently is \$6,000 ahead of his nearest challenger for calf-roping earnings this year. Other "name" cowpokes who competed in the six mid-August shows and are anticipated at the Tri-City rodeo, include:

Enoch Walker, Cody, Wyo., defending national titlist in saddle-bronc riding; Harry Charters Jr., Melba, Idaho, steer wrestling nemesis; Jim Roeser, Wilder, Idaho, saddle bronc riding specialist; Sammy Flynn, LaGrande, Ore., bareback rider, and Moe Sagers, Gooding, Idaho, calf roper.

Ronnie Rossen, 23, Broadus, Mont., is continuing a meteoric climb in bull riding and when last heard from had rocketed from seventh place in July to within \$510 of tying the lead man in the event.

Top contenders for each championship, as of mid-August, were:

Visit The Fair And Rodeo

Friday will be a big day in the Tri-Cities. That's when the annual fair and rodeo begins.

By Friday night the bronses will be quivering in their stalls and the Brahma bulls will be pawin' the dirt and snortin', just waiting for the chance to grind a cowboy into the dust.

But they won't find any easy marks amongst the cowboys. Some of the top hands on the circuit will be here, and everyone of them is anxious to get astride some four-legged hellion and see if he can keep his pants in the saddle.

In the fair grounds, Tri-City residents can examine the agricultural

wealth of Benton and Franklin counties. And while the old-time fair is going on, the fairgrounds will be a whooping and hollering val rides.

It adds up to fun for the family—this fair and rodeo. We've watched it grow year and we've listened and women who have been planning it.

It is their dream fair and rodeo the fair for all of Southeast Washington and the Columbia Basin.

Such dreams are in a growing area like our

Parade Route Outlined

At 2 p.m. Saturday the Benton-Franklin County Fair and Rodeo parade will leave from the assembly point on 6th Avenue between Auburn and Garfield streets to wind its way through Kennewick.

Bob Graves, parade chairman, outlined the parade route as follows:

Beginning at Sixth and Garfield, the parade will move to Outland Street and travel to Kennewick Avenue then to Washington Street. From Washington Street, the parade will travel to Kennewick Avenue and then to Dayton and Benton streets in order that the old cars can run on schedule.

The parade will be pre-judged, Graves said, except for the marching units which will be judged during the parade. Floats should be at the forming area on Sixth Avenue at noon for the judging, he added.

Graves urged all participants to be at the assembly area on time so the parade can get started on schedule.

Saturday Morning

Fat Stock Goes In Sale Ring

Going, going gone — the cry of the auctioneer will ring across the Benton-Franklin County Fair and Rodeo grounds Saturday morning as the 4-H and Future Farmers of America fat stock goes on the block in the Fat Stock Sale of the fair.

To be sold to the highest bidder are 85 fat lambs, 61 steers and 44 hogs.

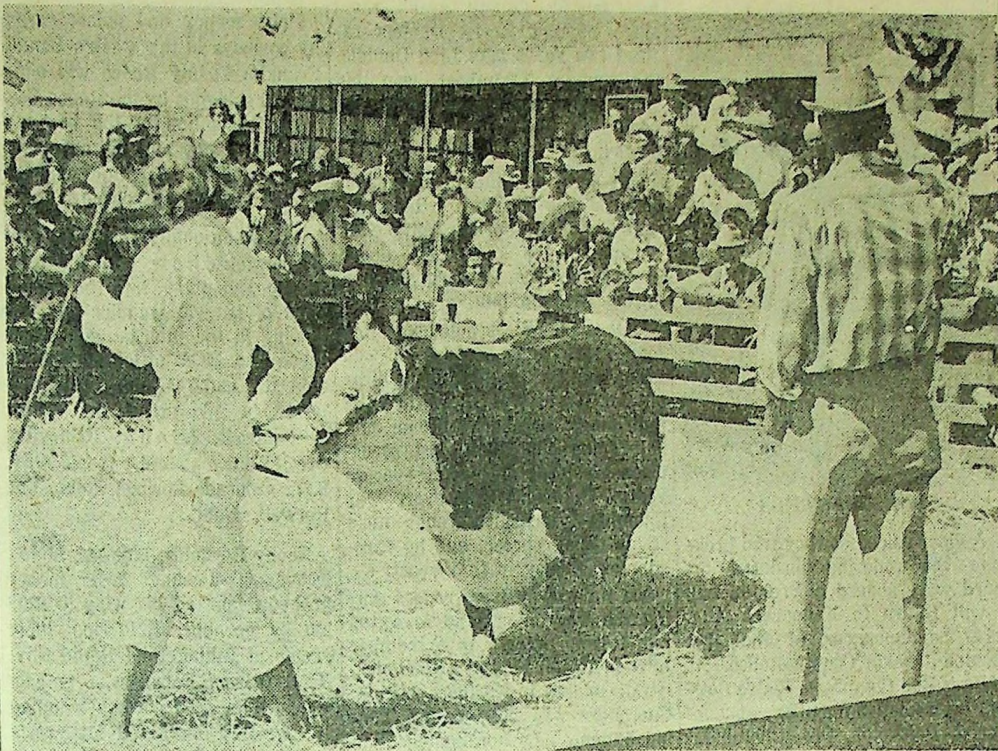

The animals to be sold will be weighed and tagged at 6 a.m. Saturday and hogs and lambs at 6 a.m. Friday.

The animals will be grouped into market grades for the sale, with a blue ribbon indicating prime or high choice steers, prime lambs and No. 1 hogs. Red indicates choice steers and lambs and No. 2 hogs and white good steers and lambs and No. 3 hogs. No animal grading lower than this will be eligible for the fat stock sale.

All animals getting a grand champion or reserve champion in the fat classes in the fair must be sold at the fat stock sale.

Steers must weigh at least 750 pounds, hogs, between 180-240 pounds and lambs from 65-115 pounds to be eligible for the sale.

The sale will start at 10 a.m. Saturday at the Fair Grounds.

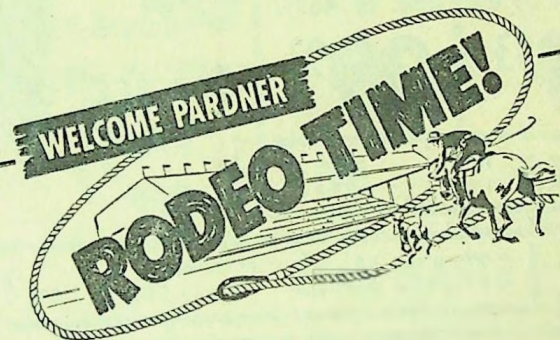

Fat-Stock Sale Draws Interest

Always attracting a crowd at the Fair is the fat-stock sale. In this picture, taken at the sale last year, a young 4-H member led her fat steer around

the sale ring so prospective buyers could get a look at him. The sale this year is scheduled for 10 a.m. Saturday at the Fair Grounds.

Five Basic Events Are Backbone Of Rodeos

There are five basic events common to all rodeos, providing stock and contestants are available.

These include saddle bronc riding, calf roping, bareback riding, steer wrestling and Brahma bull riding. Precise rules govern each event, and these must be observed by the cowboys, as determined by judges who have specialized in each type of competition. The standard events are uniformly exciting and are designed to provide a true test for the cowboy.

A cowboy pays his own entrance fee and travel expenses. If he doesn't place, he gets no pay other than a round of applause from the audience.

Rodeo had its beginning with saddle bronc riding, and to many it is still the most exciting event. The cowboy must ride

either eight or ten seconds, according to local rules. Time begins when the front feet of the bucking horse hit the ground as it breaks from the chute. The cowboy, wearing dulled spurs, must have his heels touching the points of the horse's shoulders until the first jump is completed. If he doesn't do this, the rider is automatically disqualified just as if his free hand touches the animal or saddle.

In order to make a high score the cowboy must rake his spurs both forward and back of the saddle girth. The judges base their scores on how hard the horse bucks and how well the cowboy spurs. Both the horse and the rider are scored on their performance.

The bareback bronc rider is a demon for punishment. The only

thing between him and the horse are his Levi's and a piece of heavy leather "rigging" which is cinched to the animal.

As in saddle bronc riding, scoring starts when the horses' front feet hit the ground outside the chute. The rider must have his spurs above the bronc's shoulder points until the first jump is completed, and then he keeps them moving for the duration of the ride. If he can stay on the horse for eight seconds, he may be in the money.

Calf Roping

In calf roping, the cowboy's horse is as important to a good score as the cowboy himself. A calf is released and when it reaches a point a few feet in the arena, a barrier is

to permit the cowboy and horse to start their pursuit. The rider ropes the calf, the horse skids to a stop and brings the rope tied to the saddle horn taut. The cowboy leaves his horse, throws the calf and ties three of its feet

together. Time is counted from the moment the barrier drops until the cowboy lifts his hands into the air to signal that the calf is tied.

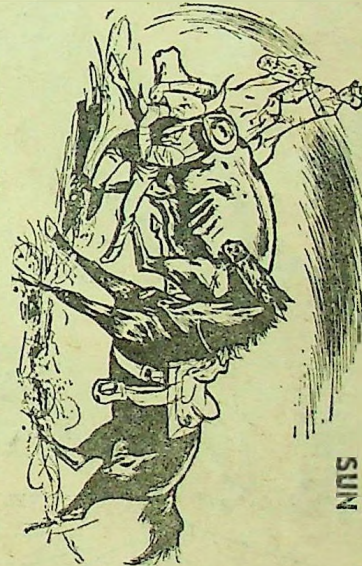

Steer Wrestling

Steer wrestling accounts for a good deal of skinned hide and sprained joints among the cowboys. Dropping off a galloping horse, the contestant must collar a running steer, bring it to a stop and twist it over on its side so that all four feet are pointed in the same direction. Assisting the contestant is the hazer, a cowboy who rides alongside to keep the steer from veering. Time is counted from the moment the contestant breaks from his barrier until the steer is pinned down in the arena.

Bull Riding

The hump-necked, ugly Brahma bull is the cowboy's adversary in bull riding. The rider has a manila rope, wrapped around the animal's belly as his only handhold. The rope must be free to fall off when the rider releases his hand. A bell tied to the underside of the rope further infuriates the bull and provides the weight to pull the rope free when the rider lets go as he completes an eight-second ride or is thrown.

Antique Autos To Have Show

About 45 antique autos are expected at the Benton-Franklin County Fair.

The antiques will appear in the parade at 2 p.m. Saturday in Kennewick.

The antique auto show will begin at 10 a.m. Saturday with races on Kennewick Avenue between Benton and Dayton Streets. Trophies will be awarded for first, second and third place in each event.

Races will include a potato race, in which the drivers of the antique cars travel over a prescribed course, stopping along the way to spear potatoes out of a barrel of water. The winner is the first one to get a potato from each of three barrels and return to the finish line.

Another is the spare-tire race, in which the drivers race to one end of the course, jack the car up high enough for the judges to put a 4-inch board under the wheel, let the car's back down and return to the starting point.

The back-up race will be an obstacle course with all cars going in reverse.

Antique cars are expected from clubs in Walla Walla, Yakima and Okanogan.

Sue Hokanson, daughter of Mr. and Mrs. C. P. Hokanson, 1519 Judson St., Richland, put the finishing touches on her clothing exhibit for the Benton-Franklin County Fair Aug. 25-27. Sue is a member of the Busy Bees 4-H Club.

Boys Fly Scrambling For Calves

Take a group of boys with halters and turn them loose in a pen with a bunch of calves and tell them the first two to halter and drag a calf to the winner's circle will get a calf to feed and show at the following fair. That's a calf scramble.

Boys and calves will be flying as the contestants attempt to halter one of the calves during the Rodeo each night at the Benton County Fair and Rodeo Friday, Saturday and Sunday.

The contest is sponsored by the Benton County Mounted Posse as part of the rodeo activities.

Any boy between the ages of 10 and 19 who is a member of the Benton County Junior Posse, Benton or Franklin County 4-H Club or Future Farmers of America chapter or any other agricultural group organized as a part of the regular school curriculum is eligible to enter the calf scramble.

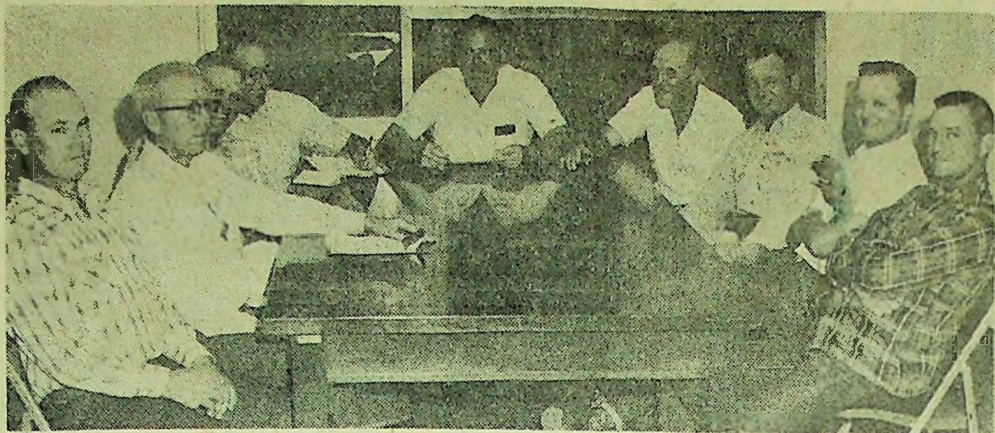

An official of the organization to which he belongs must sign the application and parents must release the Posse from any liability for damage resulting from the scramble.

The boy must have facilities for caring for the calf and must agree to show the animal at the fair the following year, unless by the proper official.

Combing Fat Steers

The 4-H fat steers which come into the show ring with gleaming coats and stand squarely for the judge's inspection don't do so by accident. Their young owners put in many hours of work getting them ready. Gene Rogers, left, and Kathy Anderson, members of the Franklin County Junior Ranchers 4-H club groomed their steers at a club work at the Pasco Central Stockyards.

Kingpins Of Rodeo

Groundwork for the 12th annual Benton-Franklin County Rodeo was laid during the past year by this group of dedicated men, all officers of the Benton County Mounted Posse. From left: Ed Wilkerson, Ed Wells, Orin

Lande, Vern Gramling, Cal Liebel, Joe Ely, Fred Schroeder, Wayne Smith and Posse Capt. Billy Kelly. Not in picture is John Gravenslund, arena director is shown below.

Hard Year-Round Work Makes Rodeo Top Show

JOHN GRAVENSLUND

The men whose year-around effort, planning and genius made the three-day annual Benton-Franklin County Rodeo one of the greatest arena shows of the west deserve a round of applause.

These are the 70-odd members of the Benton County Mounted Posse, parent organization of the celebration which has been growing in scope annually since its founding in 1949. No sooner does one great performance close in the Kennewick rodeo arena than posse members are meeting to plan an even more spectacular program for the following year.

Led by Bill Kelly, captain of the posse, the mounted organiza-

tion fills all key rodeo positions except those of announcer and RCA rodeo secretary, which are held respectively by Bob Chambers, Pendleton, and Bob Swain, Arlington, Ore.

Heading this year's posse rodeo committee is John Gravenslund, popular young Kennewick businessman and past posse captain. A leader in local rodeo planning in recent years, Gravenslund is an active RCA-member contestant in other northwest rodeos as a proficient steer wrestler and calf-roper.

Working with Gravenslund on the rodeo committee are Cal Liebel, posse lieutenant of rodeos, Fred Schroeder, track director, and Vern Gramling, rodeo committee secretary. Other posse officers working directly with the rodeo are:

Ray Hamilton, executive lieutenant; Bob Brown, lieutenant of activities; Orin Lande, treasurer; Ed Wells, grounds chairman; Ralph Scott, immediate past captain and Directors Joe Ely, and Walt Hughes.

RCA Rule Governs Rodeos

Rodeo is perhaps the only professional sport which is governed by the men who participate in it. All rodeos of any size, if they are to attract participants, must be sanctioned by the Rodeo Cowboys Association which has headquarters in Denver, Colorado. This organization sets the official rules for rodeo, and the rules are observed, under penalty of fine, by the membership of the association—some 3,000 cowboys—and those who produce the contests.

The board of directors and officers of the Rodeo Cowboys Association are elected from among active rodeo contestants and serve for a two-year term.

THE FOUR TO FIVE hundred RCA sanctioned rodeos held throughout the country each year are generally sponsored by a charitable or civic organization in each community. The rodeos are produced under the rules of the Rodeo Cowboys Association and each contestant must be a dues paying member of the organization.

It was in 1936 that the men in the big hats and Levi's jeans recognized that if rodeo was to become a national sport it would have to be regulated. For the first nine years their organization was called the Cowboys' Turtle Association, because their progress would be "slow but sure." In 1945 there was a reorganization and the association took its present title. The headquarters in Denver was established in 1950.

Electronic Gadget Used In Arena

Rodeo officials aren't psychic, but a little square electronic device carried by several key members of the 1961 Benton-Franklin County Rodeo staff will make them seem like they are.

The officials will carry small shirt-pocket sized transistor "walkie-talkies" which will both send and receive voice messages. Thus, in a flash, Arena Director John Gravenslund will be able to ask a question of someone across the arena and receive a reply.

The electronic devices, being used locally for the first time, will provide faster liaison between judges in the arena and Announcer Bob Chambers in his announcer's stand.

Cal Liebel, Benton County Mounted Posse lieutenant of rodeos, said he seriously doubts if Arena Clown Carl Doering, Eugene, Ore., or Bullfighter Wick Peth, Bow, Wash. will carry one of the little electrical gadgets. You can hear those guys all over the arena without any amplifier, he pointed out.

Exhibit booths for the Benton-Franklin County Fair and Rodeo will have something for almost everyone, no matter what his interest.

Displays will range from pioneer tools and equipment in a historical display, to missiles and atomic energy.

Boeing Aircraft will have a special display at the fair grounds, including photographic panels of their products and models of missiles and aircraft.

General Electric will have a display on how to survive with atomic radiation.

There will be something for the star gazers. There will be an eclipse of the moon during the fair, and the Tri-City Amateur Astronomers Association will have telescopes set up at the fair grounds to view the eclipse.

Three Rivers Beekeepers Association will have a bee hive set up with a glass panel so those attending the fair can get a look at the bees at work.

Tri-City Stamp Collectors will have a display and there will be selling and swapping stamps.

The East Benton Historical Association will have a display of historic items from the area.

Twelve of the 14 Granges in the two counties will go together to put up a large display. Allen Johnson, director of agriculture

for the Washington State Grange will be at the fair.

The Tri-City Braille Association will have a display of special equipment used by blind persons with blind persons to demonstrate its use.

In addition, there will be the usual commercial exhibits.

Improvements at the Fair grounds include 225 feet of new fence on the north side of the

grounds. The 30-acre parking lot has been regravelled and the grounds cleaned in preparation for the Fair.

The show will open at 9 a.m. Friday. The exhibit buildings close at 4 p.m. Exhibit booths will open at 11 a.m. Saturday and will remain open until 11:30 p.m. Booths will be opened at 11 a.m. Sunday and will be removed between 7 and 8 p.m. Sunday.

Prize Money Won Decides Placings

Through the simple process of who wins the most prize money are determined world champions in professional rodeo.

National titles in seven events annually are awarded cowboy contestants, with an added diamond, the game's most sought-after crown, as world champion all around cowboy, going to the high money winner in two or more events.

A one-event contestant cannot qualify for the all around title even though his winnings might top the sport's financial table for the year. This, however, has never occurred in rodeo annals.

Events recognized with world championships are saddle bronc, bareback bronc and bull riding, steer wrestling, calf roping, single steer roping and team steer roping.

Tabulation of individual earnings each season among rodeo's 500 professional followers is accomplished in the following manner.

Parent body of the pro sport, the Rodeo Cowboys Association numbers over 500 community-sponsored contests on its approval roster.

Within a week after each of these rodeos, an itemized payoff of contestants is sent to the Association office in Denver. After being duly recorded it is forwarded to an IBM service bureau for further accounting.

Twice a month, during the regular season, copies of the IBM standings are checked at the R. C. A. offices and published in the Rodeo Sports News, official voice of the Association.

Then, at a pre-determined fall cutoff date, the regular season closes officially and the fifteen high money winners in each event qualify for the National Finals, rodeo's year-end championship playoffs.

Arena earnings at the Finals are added to seasonal winnings, and the high total in each event decides world champions for the year.

Rodeoing Began In Pecos, Texas In 1883 And It's Still A Leading American Sport

The Old West lives again. It's Rodeo Time in the Tri-Cities.

As it was 100 years ago, so will it be Friday, Saturday and Sunday when cowboys from all over the nation gather at the Kennewick rodeo grounds to prove they can sit a bucking horse, rope and bulldog steers, ride a volatile bull, and do any one of them better than the next cowhand.

One of America's oldest sports, Rodeo is also one of the most popular. Last year more than 15,000,000 people bought tickets to watch some 3,000 members of the Rodeo Cowboys Association compete in more than 400 rodeos throughout the country.

The Benton-Franklin County Rodeo will follow the pattern that developed out of the sheer fun-of-it competitions among the Mexican vaqueros and American cowboys of the early cattle ranching days.

Rodeo means "round-up" in Spanish, and the vaqueros of California and the Southwest were the first to shuck the cares of a long, hard day by competing with their compadres to see who could stay aboard an unbroken horse or best throw and tie a calf. The American cowboy who followed

the vaquero on the scene was just as eager to prove his skill.

The men first competed among themselves, and then they began challenging the hands from the next ranch. Soon, the word that cowhands from neighboring ranches were going to compete with rope and horse attracted people from miles around.

As an organized sport, rodeo is generally agreed to have been foaled at Pecos, Texas, in 1883. That year the townfolk invited the cowboys into town to hold their contests on the main street

— just 33 years after Levi Strauss made his first pair of blue cowboy pants.

Five years later the people of Prescott, Arizona, built a corral out on the prairie and charged admission to a "cowboy celebration." Rodeo, as we know it today, was on the way.

Today rodeo is a truly organized sport carried on twelve months of the year. However, the men in the big hats and Levi's jeans who compete for cash prizes are the heirs of a tradition and history that is as American

as Plymouth Rock and Bunker Hill.

Rodeo has a unique appeal which can be claimed by no other sport. It embodies the primeval thrill of an athletic pitting his brain and skill against the cunning and strength of the animal, it has the spine-tingling element of true physical danger for the participant, it wears the panoply and color of a fiesta. All of this is rolled into a thrilling, fast-moving package called "Rodeo" — America's top thrill sport and a piece of living history.

Fair Judges Busy Today

It's "county fair" time. And all that means in counties the length and breadth of the United States comes true in Benton and Franklin counties this weekend.

It's the Benton-Franklin County Fair and Rodeo, unofficially "opening" today at the fairgrounds in southeast Kennewick. The official opening is scheduled at 9 a.m. Friday, but much of the judging will take place today.

RURAL AND rural-minded residents of the bi-county area were busily at work Wednesday, moving in the many and varied exhibits and quartering the livestock.

Entered are 152 dairy cattle, 147 beef cattle, 288 sheep and 122 hogs. To be sold at Saturday's fat stock sale, to begin at 9 a.m., will be 85 lambs, 61 steers and 44 hogs.

Row upon row of crop, garden, poultry and home economics displays were being put up Wednesday, with all exhibits except in the horticulture and floriculture divisions to be up by 8 p.m.

At that time, however, an observer still could watch many persons hard at work, readying their exhibits.

Besides the fair competition proper, these events are scheduled this weekend:

1. Rodeo, with performances at 8 p.m. Friday and Saturday and 2:30 p.m. Sunday. A \$400 saddle to be awarded the all-around cowboy has drawn some of the top cowhands from throughout the Pacific Northwest.

2. Western show and street dance.

Pasco accountant Robert Worley went swimming on a full stomach Wednesday noon. Members of the Kennewick Jaycees invaded the meeting of the Pasco-Kennewick Rotary Club, grabbed Robert Greenlee, Worley and Al

Tomich, Kennewick, and took them by truck to the corner of 4th Avenue and Lewis Street, Pasco, where the dunking punishment for not wearing western garb for this weekend's Fair and Rodeo was administered.

High Kickers Open Fair With Can Can

These girls from the Etta Hacker School of Dance did the can can at the Western Show for the Benton-Franklin County Fair and Rodeo in Angus Village last night. The show was one of the

opening activities of the fair which officially opens Friday morning.

Full Of Fight

Docile enough in appearance as he stood today in the Kennewick rodeo grounds holding pens, Joe Kelsey's Old Bull No. 13 was probably merely saving his strength to give Benton-Franklin County Rodeo fans lots of action for their money Friday and Saturday nights and Sunday after-

noon. Besides serving as a "hard-mount" for bull riders, Old 13 is one of two "fighting bulls" which Arena Clowns Carl Doering and Wick Peth will engage each evening during the show. Let's hope No. 13 doesn't mean bad luck for anybody.

Cute Contestants

Last night's Western show at Angus Village in Kennewick brought out many contestants, both young and old. Among them were the dance team of Sherry Lee Robertson and Betty Egbert. The show, also scheduled tonight, is a sidelight to the 12th annual Benton-Franklin County Fair and Rodeo.

FFA Youth Is On The Job

Judges Already Busy As Local Fair Gets Under Way

By AL FORD
Herald Staff Writer

"I place this class of Jersey heifers 4, 2, 1, 3," the judge's voice comes over the microphone.

And, from the looks on the faces of the young livestock judges at the Benton-Franklin County Fair Rodeo this morning, you could tell which ones did the correct placing and which ones didn't.

The judging contest was the main activity in the livestock section this morning. Score cards from the contest are used in both Benton and Franklin counties to select members of the teams to judge livestock and dairy at the state fair.

To be eligible for the county team, the contestant must enter the official county contest—the one at the fairgrounds this morning. The score cards from this

contest, and from other judging contests during the summer, decides who will represent the county in the state fair.

In the home economics display building, judges were busy looking over seams on clothing, tasting baked products and scrutinizing canned goods.

Ribbons were attached to winning entries and they were set up in the displays.

In the exhibit booths, the sound of hammers and the rustle of paper was heard as various organizations and commercial establishments prepared exhibit booths. The booths must be completed by 11 p.m. today for the official opening of the fair and rodeo at 9 a.m. tomorrow.

This afternoon, the 4-H and

Future Farmers of America members got their first chance to exhibit their animals in the fitting and showing contest in which the ability of the member to groom the animal for the show ring and show it properly for the judge was displayed.

Floriculture entries began arriving this afternoon and will be judged at 7 p.m. The horticulture exhibits began arriving this afternoon to get in before the 8 p.m. deadline.

4-H and FFA members also participated in a poultry-judging contest this afternoon and a weed-identification contest this morning.

The fair and rodeo opens officially at 9 a.m. Friday and continues until exhibits are removed between 7-8 p.m. Sunday.

Rodeo Explodes For Benton-Franklin County Fan Tonight

With an estimated \$5,500 prize money at stake, the annual Benton-Franklin County Fair Rodeo explodes into action tonight at the Fairgrounds in Kennewick with competition for some of the top cowboys in saddle bronc, bareback bronc and bull riding, calf roping and steer wrestling.

The rodeo will be three performances long, at 8 p.m. today, 8 p.m. Saturday and 2:30 p.m. Sunday. Most of the 105 contestants who battled for \$5,629 last year will be back, plus some new ones.

Entrants will be members of the Rodeo Cowboys Assn., competing for points that go to the world championship title for 1961, the rodeo hand who wins the most money over the year. That honor is decided after the national finals in December, the sport's "world series." The 15 high money winners in each event compete there for the crowns.

This is the 12th annual edition of the rodeo. There will be \$3,300 in purse money, plus entry fees. Also a \$500 saddle will be given by Tri-Cities merchants to the best all-around cowboy of the show. Stock contractors are Joe Kelsey and his son of Tonasket.

Special events will be the Roman chariot race (with a \$500 final purse), the posse relay race and the dinner bell derby. The rodeo starts with a grand parade led by Rodeo Queen Joyce Hays and her court, Princesses Roma Walker, Lys Fauts and Sharon Hartley. Cowboys will be helped out of "ticklish" situations by clown Carl Doering and bullfighter Wick Peth.

Tickets may be obtained at the gates for \$3.50 box seats, \$2.50 grandstand, \$2 general admission and \$1 general admission for children. Children 12 and under will be admitted free Friday night if accompanied by an adult.

Another added attraction is a wild cow milking contest with Jaycees from Milton-Freewater, Hermiston, Walla Walla, Yakima, Prosser, Connell and the three Tri-Cities competing for prizes donated by Gay Lu, Kennewick Inn, Bridge View, Pastime and Bridge Pumps.

There will be a calf scramble for 4-H youths, with two calves turned loose. The Benton County Mounted Posse will sponsor with Pasco-Kennewick Rotary Club, X-L Angus Ranch, Washington Hardware, Campbell-C&H Supermarkets, Benny Blair Ranch and Western Materials donating calves.

Benny Reynolds, the TV quiz show winner from Melrose, Mont., is the leading money winner this year with more than \$22,000 in his high pockets. He competes in four events when he enters a rodeo. Behind him come Dean Oliver of Boise, Idaho, \$19,150; Guy Weeks of Abilene, Tex., \$18,049; Tom Nesmith of Bethel, Okla., \$16,942; Dale Smith, Chandler, Ariz., \$14,776;

Presser 4-H Runs High

Presser area 4-H'ers Thursday swept the first prizes announced in the annual Benton - Franklin County Fair in Kennewick.

The initial judging was in entomology — study of insects — and three Presser youths swept the four ribbons awarded.

Blue ribbons went to Lyle Klostermeyer and George Martin, while Paul Fridlund won both a red and a white ribbon.

Judging of the girls' many exhibits in the home economics division also was held Thursday, as was livestock and poultry judging. Results in these are to be announced today.

WINNERS in the bi-county 4-H competition will be entered in state 4-H contests, to be held as part of the Central Washington Fair Sept. 27-Oct. 1 in Yakima.

Tonight marks the first of three performances of the annual rodeo, expected to draw some of the Northwest's top cowhands in quest of a \$500 saddle awarded to the all-around cowboy (see story, page 4).

Also on tap today is the kiddies' parade, at 10 a.m. in downtown Kennewick, and the fair's "official" opening, at 9 a.m. The fairgrounds and rodeo arena are located in southeast Kennewick on Oak Street, near E. 15th Ave.

Nation's Top Cowboys To Compete At Grand Rodeo Opening Tonight

88 Veteran Bronc Riders Set To Ride

By CHARLES LAMB
Herald Staff Writer

A star-studded roster of 88 veteran contestants have signed for the 12th annual Benton-Franklin County Rodeo which opens with a fireworks salute and colorful grand entry ceremony at the Kennewick rodeogrounds at 8 o'clock tonight.

Arena Secretary Bob Swain said two contestants who are in No. 1 slots nationally in their specialties and a number of others listed among the Rodeo Cowboy Association's "Top 10" and "Top 15" for 1961 will perform

before Tri-City fans this weekend.

Among the celebrities are: Dean Oliver, Boise, Idaho, No. 1 nationally in calf-roping with \$19,104 earnings and No. 2 for national all-around cowboy honors; Eddie Akridge, Midland, Tex., sitting No. 1 rank in bareback bronc riding; Pete Crump, Greenacres, in the top 10 bareback riders; Harry Charters, Melba, Idaho, a top 10'er in bull riding; Bob Ragsdale, Wilder, Idaho, top 10'er in roping; Bob Wegner, Ponca City, Okla., 7th in national bull riding, and Ellie Lewis, OK Falls, B.C., in the top 15 bronc riding class and Larry Kane, Big Sandy, Mont., 1960 "Rookie of the Year."

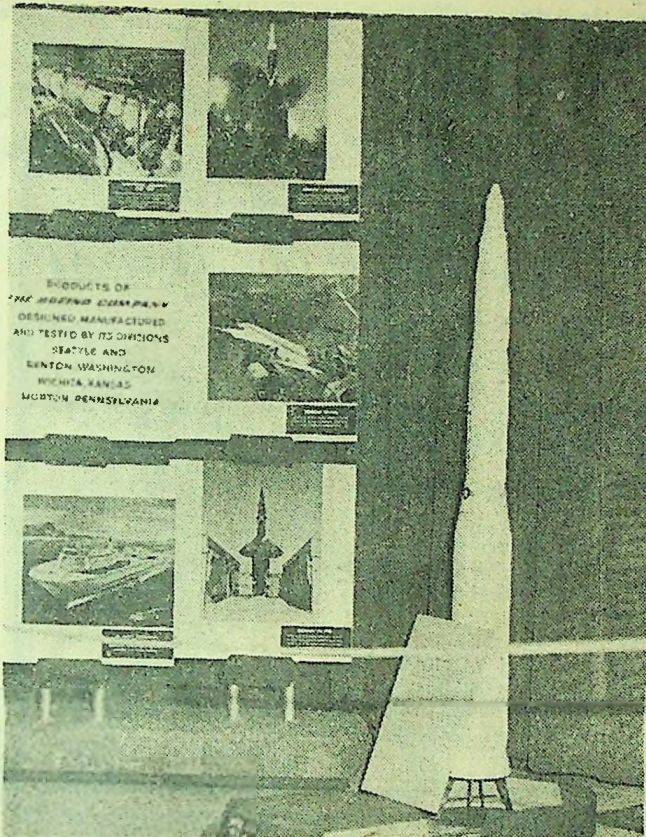

Altogether, \$3,300 plus entry fees are total stakes in the bareback and saddle bronc riding, calf roping, steer wrestling and bull riding events.

Swain and Bob Gravenslund, arena director, said the talented performers and Joe Kelsey's corral of wild and rangy bucking bulls and hardmount horses will combine to provide thrills aplenty when the chutes start banging open and arena action begins tonight.

Equally as exciting will be track action, directed by Fred Schroeder, to be highlighted by two heats of Roman chariot races per performance. Among charioteers who will vie for a \$500 purse, plus entry fees, are Garret Titus and Rusty Cockrell, Burns, Ore., and Kenny Clegg, Kennewick. A posse relay race, hide and pack horse races will round out the program.

As usual, the sponsoring Benton County Mounted Posse has set tonight's show aside as "kiddies night." Children under 12 will be admitted free, if accompanied by an adult.

Tickets, still available at the "barn" near the Roxy Theater, Kennewick, are \$3.50 box, \$2.50 grandstand, \$2 general admission and \$1 kiddies' general admission. The Posse advises fans today to start for the rodeogrounds early to avoid a delaying traffic jam.

Space Age Display

This air and space display from Boeing Airplane Co., Seattle can be seen in Building No. 3 at the Benton-Franklin County Fair. It includes colored pictures of a number of Boeing's airplane and missile products, models of the Minuteman missile, center, and the DynaSor.

CAN'T SEE—One of the Walla Walla riders in the mounted posse relay seems to be keeping his eyes closed to future eventualities, but he proved to be the best in the race—changing horses three times and making three laps of the track to win the special event at the Benton-Franklin County Fair Rodeo in Kennewick Friday night. Smallest Of Cowboys Pleases Rodeo Crowd At First Showing

A diminutive cowboy who looks like a boy and weighs about as much as a good saddle was the darling of the opening night crowd at the 13th annual Benton-Franklin County Fair Rodeo Friday night at the Kennewick Fairgrounds. Some 3,000 fans cheering the brahma bulls, the tough cowboys and the clowns. Larry Kane, who is 5-5 and 115 pounds, finished first in the saddle bronc riding event, riding John Doe for 181 points, six more than the runner-up, Rocky Rocabar of Medicine Hat, Alta. Canada. Kane, who is 23, was the rookie of the year in RCA attractions in 1960. He rode despite a broken foot, which he had to tape heavily under a slit boot. Kane is

from Big Sandy, Mont.

The most spectacular event was the brahma bull riding, with only two of the entries being able to stay on the required eight seconds. The spinning, bucking animals that weigh 1,500 or 1,750 pounds, were too much for the others. Lawrence Hutchinson of Cochrane, Alta., Canada, was the winner with 171 points. Leonard Condon of Omak was right behind with 170. Hutchinson made a great ride, getting a hand hung in the rope after the buzzer, but coming out just bruised.

Tom Bergevin of Walla Walla won the calf roping event with a time of 12.7, followed by J. B. McMeans of Sunny-side with 15.7 and Frank

Schuler of Moses Lake with 17.0.

In the bareback riding, Bill Martinelle of Oakdale, Calif., gathered in 175 points to win. Larry Wyatt of Ellensburg had 173, Malcolm Jones of Lethbridge, Alta., 168.

Less Kamm of Pilot Rock, Ore., was first in the bull-dogging, grappling and throwing his steer in a fast 6.6. Second was Don Drake of Mt. Vernon in 8.8, followed by Wyatt the only cowboy to place in two events — in 9.2.

Jackie Wright of Dayville, Ore., was third in saddle bronc riding with 173 points.

The gals showed the males how in two of special events. Evelyn Bruen won a 470-yard open stock horse race, with

John Kuhn second. Vickie Lynn Smith came on to win a junior stock horse race over the same distance, again over the boys.

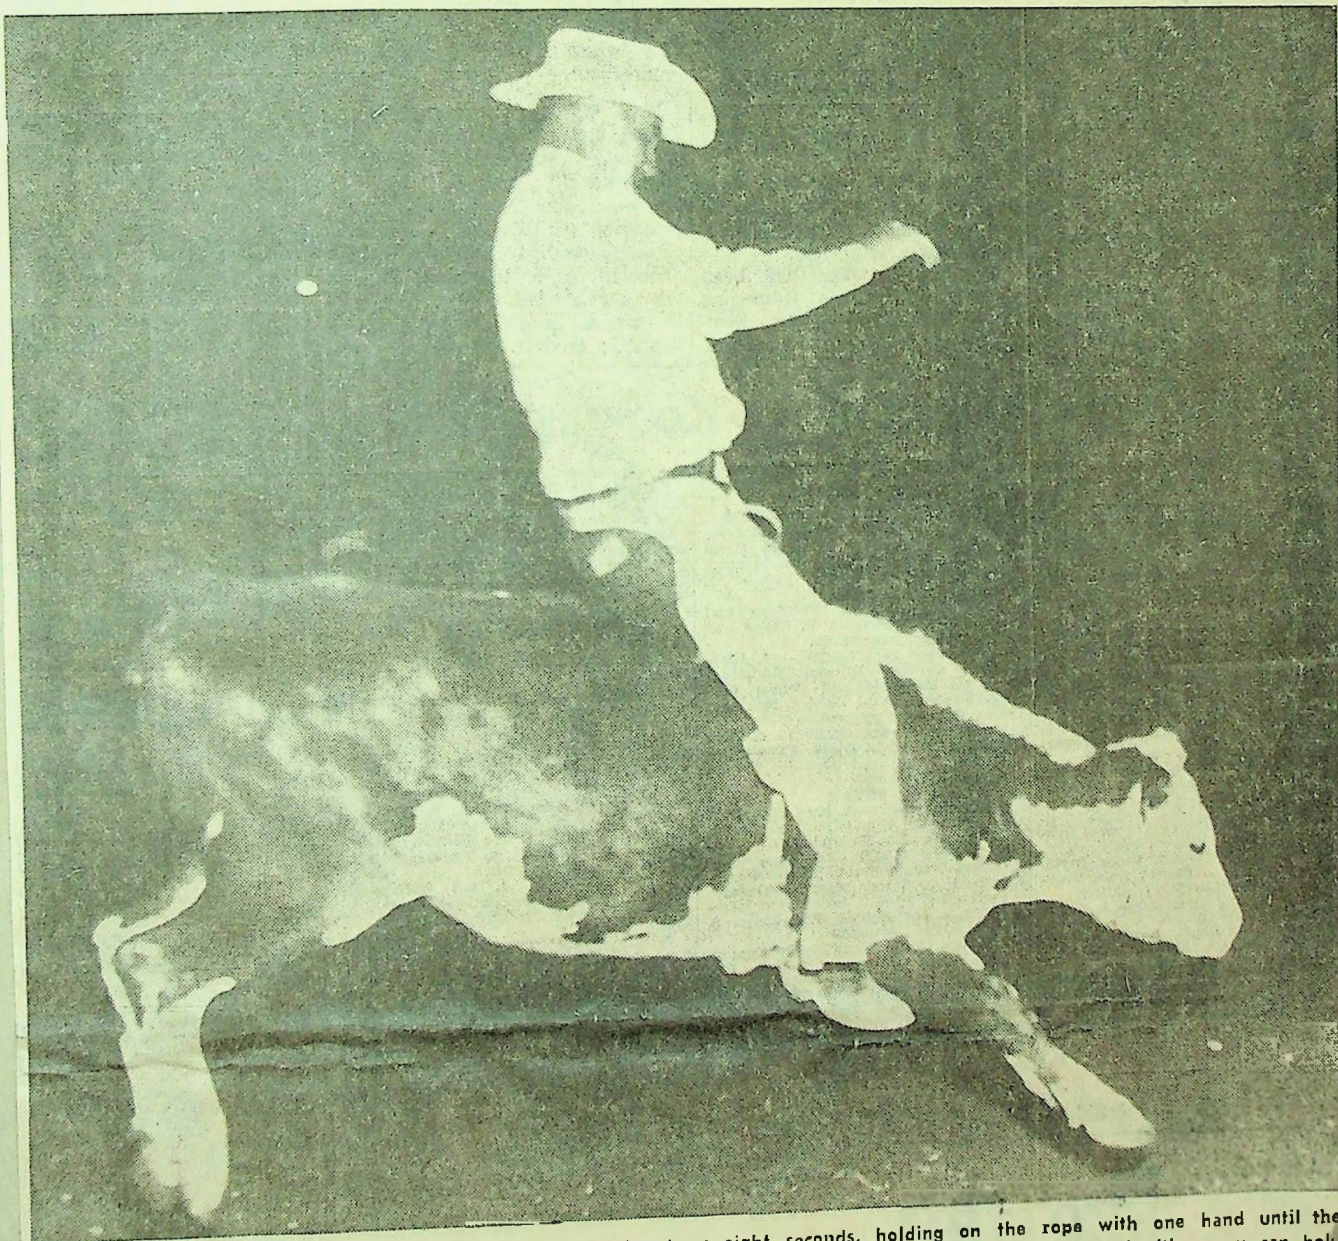

Benton City's Ed Oswald and Bud Phelps won the hide race, Walla Walla the posse relay, Rusty Cockrell of Burns, Ore., and Howard Kelly of Walla Walla the heats in the chariot race. Pete Miller won the posse scramble.

Some of last year's event winners are back, but none repeated the first night. Dean Oliver of Boise, No. 2 money winner on the RCA circuit behind Benny Reynolds of McRose, Mont., was not on the first night's schedule. He is No. 1 in calf roping. Eddie Akridge of Midland, Tex., No. 1 in bareback bronc riding, could only

garner 164 points Friday. Pete Crump of Green Acres (No. 9 ranked in bareback bronc riding) is entered. So is Bob Wegner of Ponca City, Okla., No. 7 in bull riding and Billy Joe Deussen of Lewisville, Tex., No. 4 in steer wrestling.

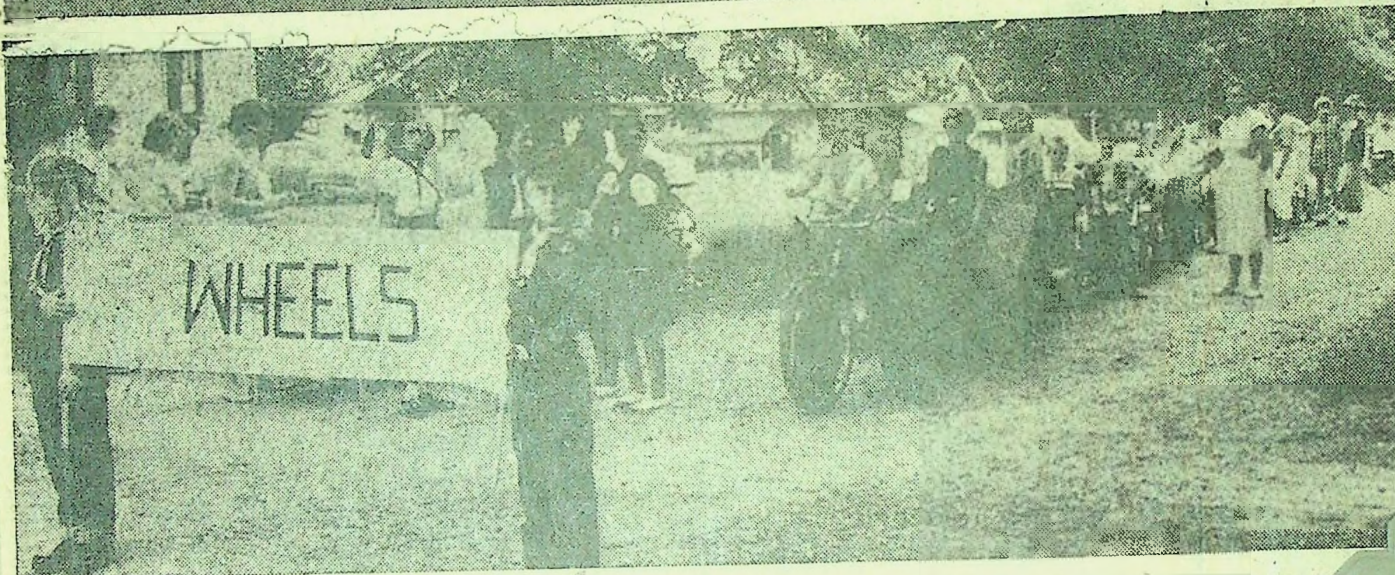

They and the other 88 cowboys are competing for some \$6,500 in prize money. The rodeo continues with an 8 a.m. performance tonight and 2:30 p.m. Sunday. There will be a cowboy breakfast from 6-11 a.m. Sunday.

One sour note in the opening night performance was the injury of Roma Walker, princess in the rodeo queen's court. She was taken to the hospital after her horse fell on her.

RIDE 'EM, COWBOY—And Ed Wilkerson of the Benton County mounted posse does just that in the special posse scramble. To ride the steer out of a chute and stay on him for

eight seconds, holding on the rope with one hand until the buzzer sounds signifying a completed ride (then you can hold on to anything with anything).

KIDDIES PARADE—Everybody loves a parade, especially a Kiddies Parade like the one held Friday morning in Kennewick, a feature of the Benton-Franklin County Fair and Rodeo. Photos above show some of the entries in the annual event, with many proud parents of contestants among the spectators who lined Kennewick streets. After the parade was over, judges announced: Lone Randal and Becky Rogers, as the King and Queen of Hearts, won first place in the costume division for those eight years old and older. Placing second was a group as wedding party, and third, Don Ward, Kurt

Morrow, Billy Kahu and Jeff Mews, as pirates. In the costume division for those seven years old and younger, Lorna Snook as a member of a wedding party placed first; Robert and Susan Lee, as pioneers, placed second and Julie and Jan Goommer, as Chinese, placed third. In the wheels division, the Kawrack children, as circus animal trainers, drummers and clowns, placed first. Second-place winner was the hotdog-stand entry, with Lee Ann Hoaglin, Maila Hoaglin, Vicki Bradley, Steve Bradley, Jeff Koontz and Janie Bartley. Third place went to a group as Indians following a covered wagon.

Drawing For Mounts

Cowboys in tonight's, Saturday's and Sunday's Benton-Franklin County Rodeo do not select the mounts they will ride. The bull, saddle bronc or bareback bronc each contestant will ride are drawn for them to give all riders an equal chance at points. Shown drawing the mounts' names was Ronnie Webb, a rodeo judge who was last year's top bull rider at the Tri-City arena show. Seated was rodeo Secretary Bob Swaim, Arlington, Ore.

Fair Crowd Record Set

A record was set on the opening day of the Benton-Franklin County Fair with approximately 10,000 persons jamming the grounds throughout the day. This was estimated as a 4,000 increase over last years' first day. B. F. McCauley, ticket director, announced.

Up until the gates closed at midnight a capacity crowd taxed exhibit buildings earnestly inspecting the prize winning produce, livestock and fine and practical arts.

One building which attracted much attention displayed paintings ranging from classic and early romantic to modern spontaneous abstractions. Large collections of stones and fossils also attracted the curiosity of the crowd. But, as in any county, the primary focus of interest was with the livestock. Of the animals, horses Friday appeared to attract the greatest attention.

IN ADDITION there were square dance exhibitions and musical performances, and the usual assortment of hucksters shouting their wares to the crowd. One salesman used a new twist. He said, Within the next 30 minutes everything I say will be a complete and unadulterated lie, so please don't go away. See if you can catch me making one of them."

The amusement park was more gayly lighted and bigger than in previous years, with barkers coaxing more earnestly and persistently than ever.

All in all, no one went away dissatisfied. Everyone could hardly have helped finding something of interest on opening day.

Highlight today, in addition to the rodeo tonight and Sunday, will be the giant street parade at 2 p.m. in downtown Kennewick.

Both the Prosser and Grandview Chambers of Commerce plan to send their prize-winning floats to today's Benton-Franklin County

Fair and Rodeo parade this afternoon in Kennewick.

Riding atop the Prosser float—which represented the Tri-Cities area at Seafair—will be Miss Prosser, Betty Jo Royer. Miss Grandview, Lori Flemming, will make the next-to-last appearance of her reign on her city's Chamber float.

The Prosser float was a prize-winner at the Pasco Water Follies parade earlier this year.

TWO PASCO boys won the calf scramble held Friday night at the Benton-Franklin County Fair and Rodeo.

The winners were John Ryan and Don Lamb, both 4-H Club members.

Scrambles also will be held during the rodeo tonight and Sunday afternoon.

Each winner will receive \$100 toward the purchase of a top grade calf, which is to be raised as a 4-H or FFA project and exhibited at the 1962 fair.

Princess Hurt As Horse Falls

Roma Walker, Benton-Franklin County Fair and Rodeo princess, was taken to the Kennewick General Hospital at 8 p.m. Friday after her horse stumbled and fell on her left leg.

Miss Walker was preparing to enter the rodeo arena at the Benton-Franklin County Fairgrounds in Kennewick when the horse she was riding stepped on some loose gravel and fell forward.

Miss Walker was unable to free her left foot from the stirrup before the horse fell on it. The leg and knee were badly bruised, but no bones were damaged, Dr. Jack D. Freund reported.

Miss Walker's only concern was to be able to ride in the parade today. Dr. Freund said that the possibilities of her being able to do so are good.

Miss Walker is the daughter of Mr. and Mrs. John Walker, 2201 S. Rainier, Kennewick.

Drum And Bugle Corps Appears In 4 Events

The state champion Tri-City American Legion Junior Drum and Bugle Corps appearance in the Benton-Franklin County Fair parade was only one of four important engagements the marching musical group had Saturday.

A bus and several cars were waiting at the end of march in Kennewick to speed members to Pendleton, Ore., where they were scheduled to march in the parade for the annual Class B Shrine football game.

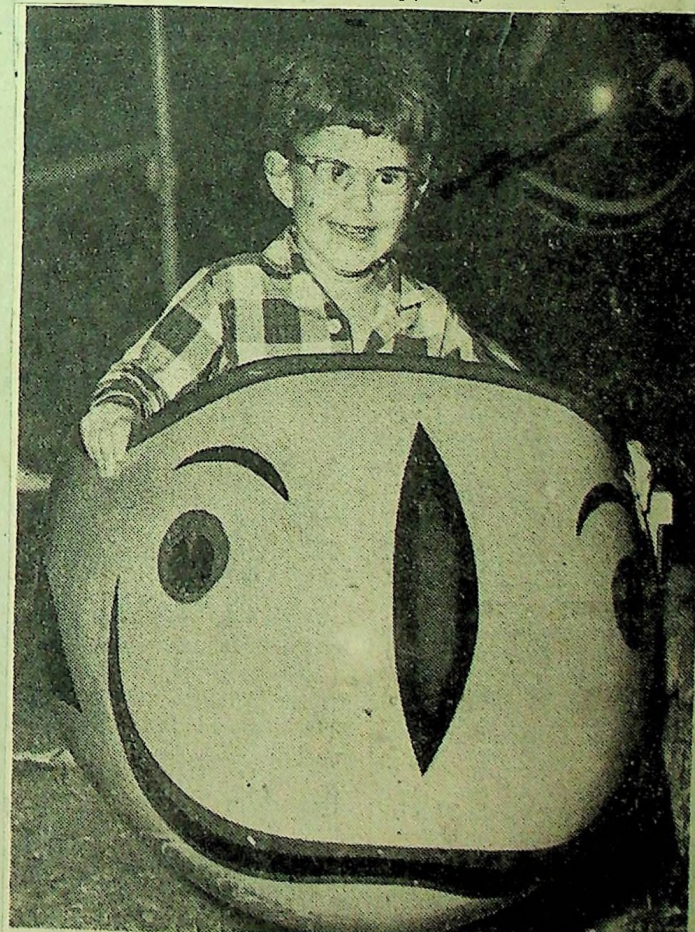

Earl Halverson, manager of the corps, said the Pendleton parade started at 2:30 p.m., Pacific Standard Time, 1½ hours after the 2 DST start of the parade in

Kennewick. Even at that, they arrived in time only to join the last part of the parade.

Following the parade in Pendleton, the Tri-City marching group appeared at 5 p.m. Saturday in Class B band participation at the Pendleton Armory, and then marched again at half-time during the game.

Halverson said the group has received confirmation from Denver, Colo., that it is in the national junior American Legion drum and bugle corps competition Sept. 9. Among several programs being conducted to help finance the corps trip to Denver is a steak dinner at the Tik-Tok Cafe, Pasco from noon-6 p.m. today.

Carnival Is Big Hit

Screams of delight could be heard from every quarter near the kiddies ride at the fairgrounds both last night and Friday night, but none was louder and happier than 4-year-old Cheryl Keller's of Kennewick as she spun around in the grinning cart. Tonight will be the last chance to have a ride at the fairgrounds as the Benton-Franklin Fair and Rodeo goes into its last day.

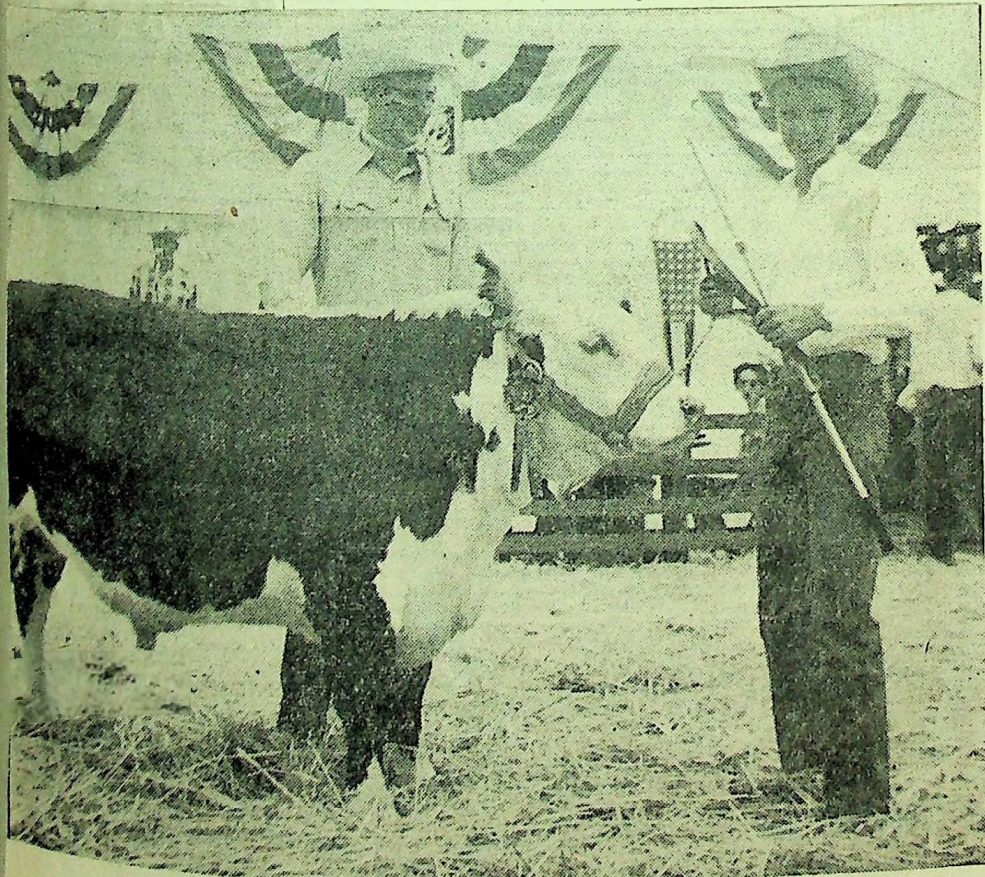

Sisters Sweep Lamb Honors

It was sister sweepstakes in the 4-H fat lamb competition as Merridy Taylor, Kahlatus, won the championship and her sister, Marsha, won reserve

grand champion. Merridy is on the left with her lamb and Marsha on the right.

Prize-Winning Beard

That ain't a fungus growth on Marvin Mayberry's face pardner, that's a beard. A prize-winning beard, in fact. He won the JayCees beard growing contest which was part of the fair and rodeo festivities this week. It took him a little longer than a week to grow it though, making some people suspect he'd planned to win the prize. He lives at 520 S. Vancouver St., Kennewick.

Rodeo Princess Has Rough Week

This has been a bad week for Benton-Franklin County Fair and Rodeo princess Roma Walker. Monday she lost her saddle while driving to the fairgrounds in her truck.

Wednesday night she lost her billfold at a dance in Kennewick. When it was returned to her, \$16 was missing.

Friday night while waiting to begin the grand entry at the rodeo grounds, the aerial bomb frightened her horse which threw her, bruising her left leg and knee, which were caught in the stirrup.

She was taken to Kennewick General Hospital for treatment, and hoped to be back in the saddle before the rodeo.

FFA Champion Barrow

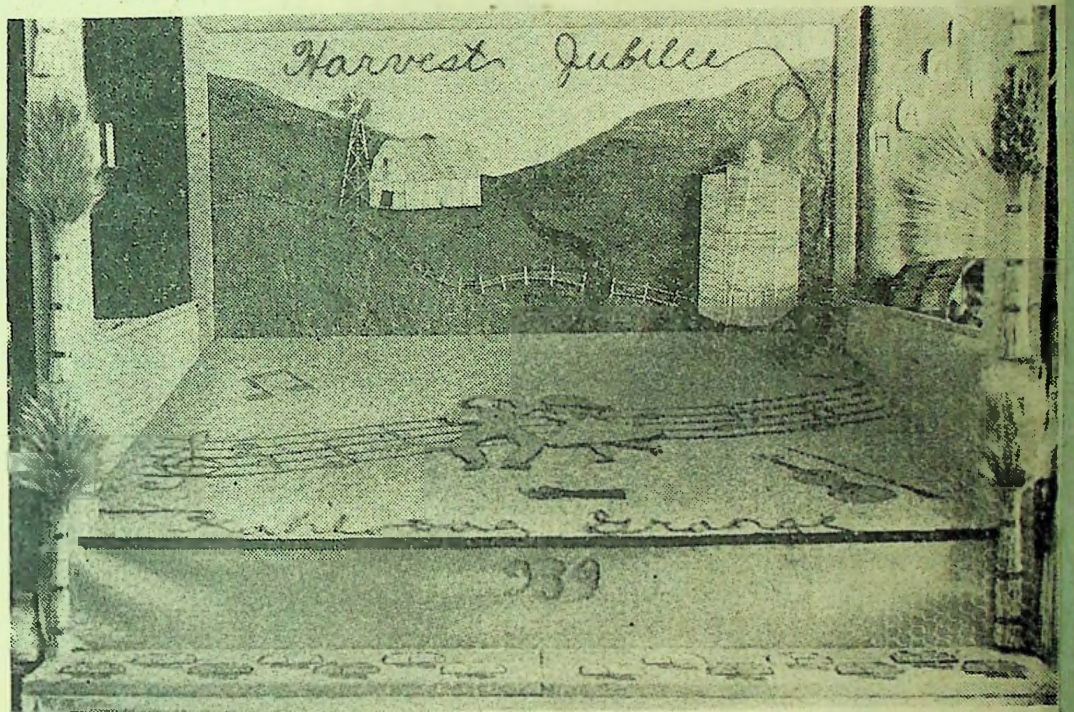

Holding the grand champion ribbon on some high priced pork chops is Gene Stiller of Stiller's Dairy Mart, Pasco, who paid \$1.05 a pound for this Future Farmers of America Grand Champion fat barrow at the Fat Stock Sale at the Benton-Franklin County Fair this morning. By the hog's head is Ray Smas-Grandview, who showed the animal.

Commercial Float Winner

Leota Tate holds the first place trophy for the commercial division that the Allied Florists float won at yesterday's fair and rodeo parade. The sweep-

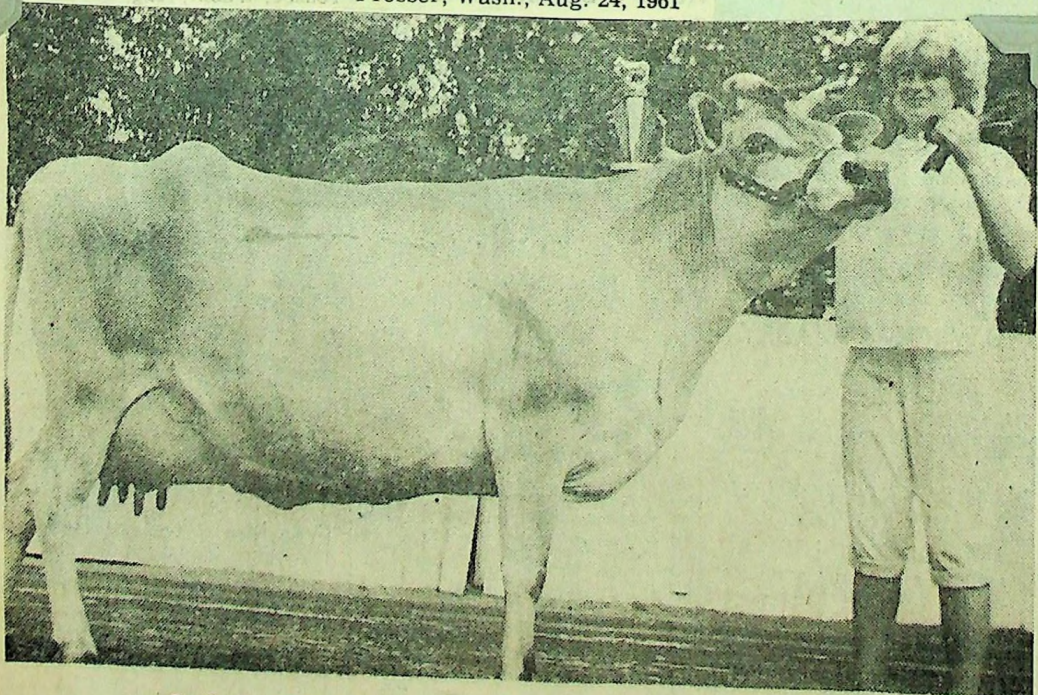

stakes winning Grandview float can be seen in the background. The Allied Florists float was decorated in many colored flowers.

Kahlotus Exhibit Wins

Blue ribbon honors in the dryland farming division went to the Kahlotus Grange exhibit at the Benton-Franklin County Fair. The musical theme is

shown entirely in grain of various colors. Most of the design is done in wheat.

Hard Way To Milk A Cow

The object of this frantic wrestling match was to catch the cow and milk her. Sounds easy? The cows were picky to make it not-so-easy. They were all wild range cows with but one thing on their minds—keeping their milk. To hinder the events further, the Jay-

Cees participating in the scramble had to squirt the milk into a pop bottle. Teamwork, like in the photograph, was the only way the feat could be accomplished, and even with that there were many bumps and bruises.

Tales of the Tri-Cities

Kennewick police noticed what appeared to be the beginning of a fight near a local tavern. The participants spotted the police car and fled. Police chased one man who threw a belt into the weeds. Police nabbed the man and retrieved the belt.

The man disclaimed any knowledge of the belt. "See," he told police, "my pants stay up without a belt."

Then his trousers started to slide down his hips.

A Tri-Citizen, planning to meet his father at the airport called before the flight was due and found that it would be two hours late. Looking at his watch and seeing this would put the flight at 11 p.m., he decided to get a couple of hours of shut-eye. The next he knew the phone was ringing and his father was on the end of the line wondering why he hadn't been met. The two hours of "shut-eye" had stretched out longer than planned. The dad had called at midnight.

Overheard on a Kennewick street when a woman was asked why she wasn't wearing Western dress to celebrate the Fair and Rodeo. "But I am wearing Western clothes," she said. "Is a moo moo isn't it?"

It seems to be the opinion of The Man on the Street that the 'Gum Street' project has become all "gummed" up.

A report on a Tri-City police blotter of a man booked for drunkenness carried a comment on his married life. After police had booked him late at night, they called his wife to notify her of his whereabouts. "That's fine," she said, "Keep him there until morning. I'll be down to see about it then."

One of the women in the Tri-City Herald's advertising office nursing a cold this week was advised by her boss to smoke cigars. "I don't know if he meant that the cigar smoke could kill the germs, or keep away the people who bring them," she said.

The Fair and Rodeo Kiddies Parade Friday morning wasn't without its humorous aspects. One lad, awed by the number of people standing on the sidelines watching him, stopped his tricycle in midparade and gawked at the crowd. It took several prods by the parader behind him to get the event moving again. He was so consternated about holding the parade up that he raced right into the youngster ahead of him, knocking him down and confusing the parade even more.

urday afternoon. The black and yellow float had the theme "Bee in Our Bonnet."

\$1.05-A-Pound Hogs Top Fair's Fat Stock Sale

Pork chops on the hoof at \$1.05 a pound topped the market at the Fat Stock Sale at the Benton-Franklin County Fairgrounds Saturday. Local merchants bid spiritedly on the animals sold by 4-H and Future Farmers of America.

The top price of \$1.05 a pound was paid for two hogs, the 4-H and FFA grand champions. Gene Stiller of Stillers Dairy Mart, Pasco, bought the grand champion FFA animal from Ray Smasne, Grandview, Washington Hardware and Furniture and Farmers Exchange jointly paid the same price for the grand champion 4-H fat hog owned by Keith Blair, Kahlotus.

Washington Hardware and Furniture also purchased the grand champion 4-H steer from David Mills, Pasco, for 62 cents a pound.

Campbells Food Store paid 70 cents for the FFA grand champion lamb owned by Leon Darby, Grandview, to top the lamb market. Following close was the 65 cents a pound paid by Gene and Jules Market for the 4-H Grand Champion owned by Merridy Taylor, Kahlotus.

Grandview Packers paid 36 cents a pound for Ray Smasne's reserve grand champion fat hog and Gene and Jules Market paid 51 cents for Keith Blair's reserve

grand champion fat hog. Jerry VonHollebecke, Kahlotus, got 52 cents a pound for his champion fat hog from Gene and Jules also.

Donna Loeber, Connell, got 44 cents a pound from Toppenish Livestock Inc., for her reserve grand champion fat steer.

Judging of exhibits was completed Friday afternoon. Richland FFA was awarded first place on its agricultural booth display. Kennewick was second and Prosser third.

Grange booth competition was divided into irrigated and dryland divisions. Taking first place in the irrigated division was Chiawana Grange, with Finley Grange second and Columbia Valley Grange third.

In the dryland division, Kahlotus Grange placed first, Star Grange, second, and Locust Grove Grange, third.

beef showman and Kent Oswalt, Benton City, top senior 4-H beef showman.

In swine showmanship, Ray Smasne, Grandview, was the FFA champion, Chris Foster, Pasco, 4-H junior champ, and Penny Robbins, Kahlotus, 4-H senior champion.

In dairy showmanship, Mike Bragg, Prosser, was FFA champion and Judy Van Blaricom, Pasco, was 4-H champion.

Mama, Ya Want A Watch'?

Record 43,600 Persons Attend '61 County Fair

"Mama, ya want a wrist watch? This where ya get 'em. Step right up. I'll tell what I'll do. You give me a quarter and I'll give ya three balls. Isn't that fair enough? Ya can win anything in the house. Okay, okay, whose next?"

This was typical of what many of the Benton-Franklin County fair heard during the weekend as they filed between the concession booths at the fair's carnival where they frequently ended up after spending long hours examining and appraising the prize livestock and agricultural displays in sheds that were spread in long parallel lines between the entrance gate and the carnival.

Late Sunday evening the barkers were still going strong, coaxing, pleading, joking and pressuring the fair's record crowd which figured to be 11,600 more than last year.

ON FRIDAY the crowd totaled 14,000 and during Saturday it jumped to 19,600 which was a record of 6,000 over any previous year. For Sunday the number tapered off to about 10,000.

In the exhibition sheds among umoth squash, pumpkins, and produce were stamp col-

lection booths, college art displays, and handicrafts of every kind. M. C. Reynold's stamp collection won the grand champion ribbon. The collection included such stamps as those commemorating the opening of the UNESCO building in Paris, the seventeenth convention of the Lions International convention of Central America, and the fiftieth anniversary of the Rotary International in Nicaragua.

THE DISPLAY also had a collection of envelopes which had been cancelled in the early 1800's. The postmaster had mark-

ed the number of miles the letter would travel in order to determine how much to charge for its delivery.

A first premium prize was won by Grange 939 for a design of a folk dance made from numerous kinds and hues of grain and straws. The Richland Future Farmers of America also took a first for their weed identification display. They had set up a switchboard with a series of matching pushbuttons that the visitors could use to best identify the weeds.

Mississipp'
Upends Hog

Hog Ringing
Isn't Easy

By CHARLES LAMB
Herald Columnist

IT WASN'T sanctioned by the Rodeo Cowboys Association, of course, but our two oldest boys, friend Mississippi and I had us quite a little wild-west show going Thursday evening.

Nor was it sanctioned by the three white hogs that furnished the thrills in lieu of bareback broncs and bucking bulls. Their loud, plaintive squeals sounded like a protest, if anything.

The two bigger pigs and little Matilda had been doing a fair, but unsystematic, job of plowing the alfalfa field since we put them to pasture. Since late August isn't plowing season around Finley, we decided maybe it was hog-ringing time instead.

Richard, Charlie and I had tackled the biggest hog earlier, without success. She became leery as I was about to squeeze the three-cornered ornament into her proboscis, and took a powder. Thinking it might hurt her a little, I hesitated a second too long and she went through the fence.

IF I HAD qualms about ringing a hog before, I lost them during the two-hour chase across ours and neighbor Gene Enders' property. Just when the boys and I'd get her almost back to her pen, she'd make another beeline for the garden.

It wasn't vegetables she was after, it was strategy—darn clever strategy at that. After she'd take us through the garden, the crafty old hog knew she'd get a chance to catch her breath while her pursuers picked sandburs from their clothes.

When we finally did wind her and get her penned again, we decided to postpone further hog-ringing efforts until someone came along — someone like Mississippi, who knows what he's doing. We realized one thing for certain — that the man who named that breed of hog "Landrace" just wasn't chipping his teeth.

Those hogs didn't realize it, but they'd had it when Ol' Mississippi drove into the yard that night. He said he'd ringed and performed other necessary adjustments on a dozen or more pigs lots of times on his place near Benton City. And before breakfast yet.

Her squealing didn't excite any sympathy from him. Mississippi just upended the biggest and wildest of the trio—all 170 pounds of her—as slick as a Benton-Franklin County Rodeo calf-roping champ would handle a dogie. And with the same dexterity that the arena king would knot his pigging string, Mississippi went snip, snip, snip, with the ringing pinchers and it was done.

With equal ease—if you'd call being dragged around a hog pen four or five times, easy—Mississippi caught the other two animals and the boys and I held them down while he ringed them too. There's just flat nothing quite as subdued as a sow with three brand new shiny rings in her rooting apparatus.

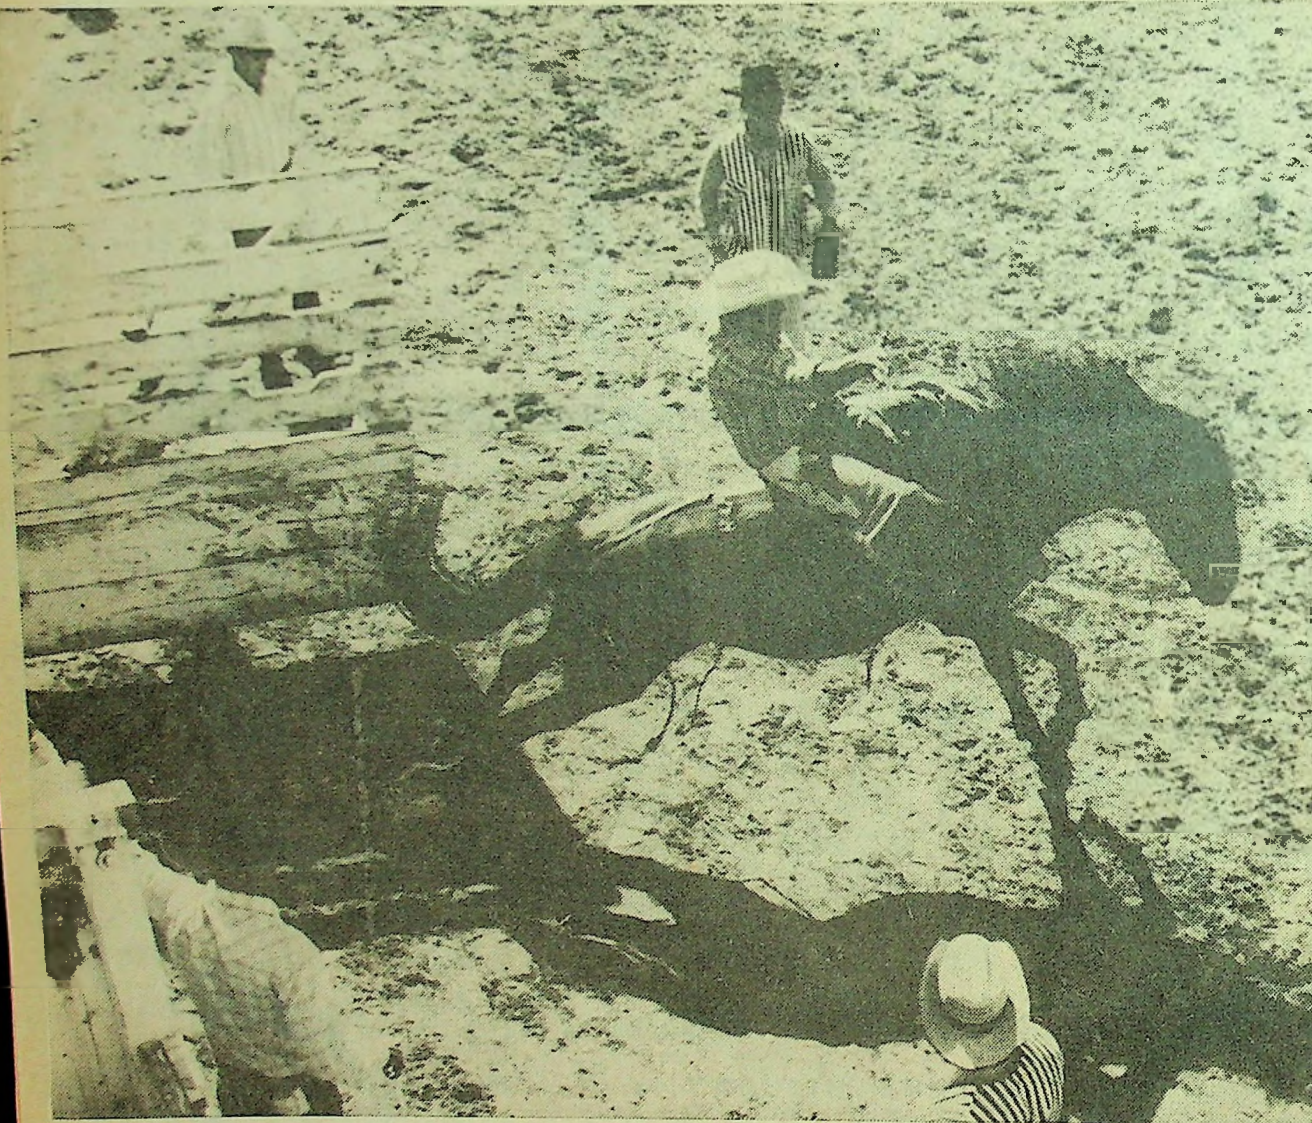

OR AS BEAT as the guys who did the work, for that matter. It must have had spectator appeal too, judging from several cars that drove slowly past while the occupants watched. For those who missed it, or those who saw it and hunger for more excitement, here's a suggestion:

Attend the last performance of the 12th annual Benton-Franklin County Rodeo at 2:30 p.m. today at the Kennewick Rodeo Ground. As watching a Finley pig-ringing bee beat all hollow for

Carson Takes Top Honors As B-F Rodeo Winds Up

ROUGH RIDE — Jack Carson of Clarkston, Wash. comes roaring out of the chute in the Benton-Franklin County Rodeo Sunday. After a rough ride, which his mount delivered, Carson, was the

All-Around Cowboy winner in the competition, barely deging out Bob Wegner of Ponca City, Okla.

(CBNewsphoto by Spencer Milt)

Jack Carson of Clarkston, Wash. came out with All-Around Cowboy honors at the Benton-Franklin County Sunday, although he failed to win any events in the final day of competition.

Carson nosed out Oklahoman Bob Wegner for the top honors, with less than \$1 between the total winnings of the two competitors.

Carson, who entered the bull riding, bull dogging and bareback riding racked up most of his winning points Saturday.

Top money winner however, went to little Larry Kane of Big

Sandy, Mont., who had the saddle-bronc riding field all to himself, grabbing down a lion's share of the loot. He was not entered in any other events, thus disqualifying him for all-around cowboy honors.

Ken Birkholder won Sunday's competition in the calf roping, but all-around honors went to Bob Ragsdale. Birkholder is from San Antonio, Tex., and Ragsdale is from Wilder, Ida.

Bob Duce of Cardsten, Alberta, Canada swept the honors in the bareback competition, taking first Sunday and finishing on top in the three-day standings.

Don Posey won Sunday's bull-

dogging competition, but Les Camm took all-around honors for that event. Posey is from Mt. Vernon, Wash., and Camm is from Pilot Rock, Ore.

Kane, who is seventh in the nation in saddle bronc riding with over \$7,000 in winnings added to that total here, and should move up a couple notches in the event.

Wegner, who ranks seventh nationally in the bull riding, also was winner for both Sunday and all-around honors. Carson won the event Saturday. None of the other top national bull-riders entered the B-F competition.

Rusty Cockrell from Burns, Oregon, won the top money in the colorful and exciting chariott races. He finished first in both Friday and Saturday competition, and also won Sunday in the championship race.

Pete Miller of Kennewick finished on top in the posse scramble that opened Sunday's competition.

The crowd, one of the largest in the history of the fair, held the three-day figures set a new attendance record.

No injuries marred the rodeo this year. Wegner injured his foot Sunday, but the injury didn't require hospitalization.

Fair 'Take' Sets Record

A total of \$10,793.35 was collected at the Benton-Franklin County fair ground's gate during the weekend to set an all-time record of \$1,493 over last year's record, B. F. MacCauley, gate manager, announced.

Official figures for the three-day record crowd were 42,000 people, which is an increase of 10,000 over last year's record attendance.

Compared with last year, more Granges and Future Farmers of America groups participated, and the carnival had more rides for small children and a more elaborate lighting display, J. C. Pratt Sr., vice president of county fair board and Benton County assessor, announced. "We also provided a bigger parking area for visitors," he said.

INDEX DOESN'T SHOW ALL

Jaycees Raise \$1,000 For Fair

About \$1,000 toward expenses of next year's Benton-Franklin County Fair and Rodeo parade was realized in a ticket-selling event involving a 1,000-pound steer and conducted by the Kennewick Junior Chamber of Commerce.

Jim Boldt, Jaycee chairman, said the steer was awarded during the Sunday rodeo to Walley Galen, 127 N. Volland St., Kennewick. The animal was donated by Fisher Pharmacy, Kennewick Disposal Co. and Seattle First National Bank and will be cut and wrapped for Galen by Jones' Frozen Food Co., Kennewick.

Tales of the Tri-Cities

Naydene Nutley, now Mrs. Bob Charlson, a graduate of Kennewick High's class of 1936, received Phi Beta Kappa honors this June when she graduated from the University of Washington. She will enter graduate school in the fall to begin work of a Master's degree in meteorology. She plans to study cloud formations around various mountains. Her husband, a Stanford graduate, now an engineer at Boeing's, plans to study ionization at high altitudes. "He studies the upper atmosphere. I study the lower atmosphere," she said. "We're perfectly happy."

One Tri-City family said little daughter was not at all impressed with San Francisco's famous Fleishacker zoo. After looking at lions, bears, and all, she announced "I'm tired at looking at monkeys and elephants, mommie, I want to see the Fleishackers."

Tri-City Boy Scout executive Del Long served as chief cook, bottlewasher and waiter to several Army Reservists who helped modernize a wilderness Scout camp near Dayton recently. The Reservists said Long's cooking was good. However, they still want to know why he served cucumbers for every meal—including breakfast.

The bets were on in the west bleachers at the Kennewick rodeogrounds Friday night when Dr. Phil Berman of Kennewick mounted his horse and took his place by the roping chute. "I've got a dollar that says he misses," someone shouted across to his friend several seats away. "You're on, and how about paying the buck I won when Phil caught his calf last year," the friend yelled back.

Berman didn't win any money with the 44.1 seconds it took to lasso and tie his calf, but his booster did. Now the guy who didn't have

confidence in Berman's roping ability owes him friend \$2.

A Tri-Citizen, after a few beers, went to the refrigerator for another can, took one out, opened it, took a sip. Groggily, he took a look at it. It was a large can of concentrated lemonade. He says he thinks he'll unpucker in a week or two.

Pasco Kiwanis Club president Ed Carter pulled a sneaky trick on his members at last week's Business-Education day luncheon.

Not enough places had been made for the 200 teachers and 100 businessmen, so Carter asked his members to leave their places and gather at the end of the hall for a songfest to entertain the visitors.

As the members rose, officials shuffled teachers into their places.

A visitor to the Tri-Cities says he feels President Kennedy has ambitions of going down in history as a war-time president... and maybe the last.

Overheard as a student and her mother went in to register for the 1961-62 school year at Kennewick High School: "It doesn't matter how I dress now, school hasn't started yet."

The action was pretty fast at Friday night's rodeo by the cowboys, but the fastest action was outside the arena when a Brahma bull was outside the fence, scattering spectators. Luckily, nobody was hurt and the bull was corralled in short order by members of the Mounted Posse. There were, however, a few people visibly shaken up.

Girl watching the Brahma bull riding at the rodeo — "Mommy, how do they get the hump on the bull's back?"

THE BENTON-FRANKLIN COUNTY 4-H & F.F.A. FAIR COMMITTEE

Tales of the

Jim Rhode, Kennewick park and recreation supt. noticed fractional figures on an attendance record of children participating in the Summer Recreation Program.

He scratched his head over notes like: "Keewaydin park, fourth week, 2159.5 children."

"Must be counting half brothers," he muttered.

A new father in the Tri-Cities says he won't feel his son belongs to him until the bill is paid.

"I'll hand out the cigars when he's all paid for and belongs to us," he said.

His wife figures the baby will be "born again" in about six months.

The person who left dentures under the tree in Pasco's cemetery should apply to Pasco caretaker Roy Shaw.

Whoever pilfered the peaches at the Benton-Franklin County Fair and Rodeo was both polite and particular. Someone reached over the fence around the fruit exhibits and took the peaches from one plate. In the morning, there were the cleaned peach pits and a note saying "thanks." The only peaches taken were the blue-ribbon exhibit.

Young lady in Pasco shocked her parents no end recently by mentioning all the "nudes" they have at the city swimming pool.

Questioning by the parents revealed, however, that the 9-year-old wasn't talking about naked people after all. She'd read the sign, "Please take a shower in the nude before entering the pool" and thought the shower stalls in the girls' dressing room were nudes.

A Tri-Citian read this in a magazine but felt he had to pass it on to everyone: Joan of Arc's last words: "I'm smoking more now, but enjoying it less!"

Ed Hendler told Pasco Kiwanis Club members he was as puzzled as they on the appearance of his name on a recent auction advertisement.

He was equally puzzled by the appearance of the letters LMMC after his name, and said that he could only assume it stood for Licensed Mover of Merchandiseable Commodities.

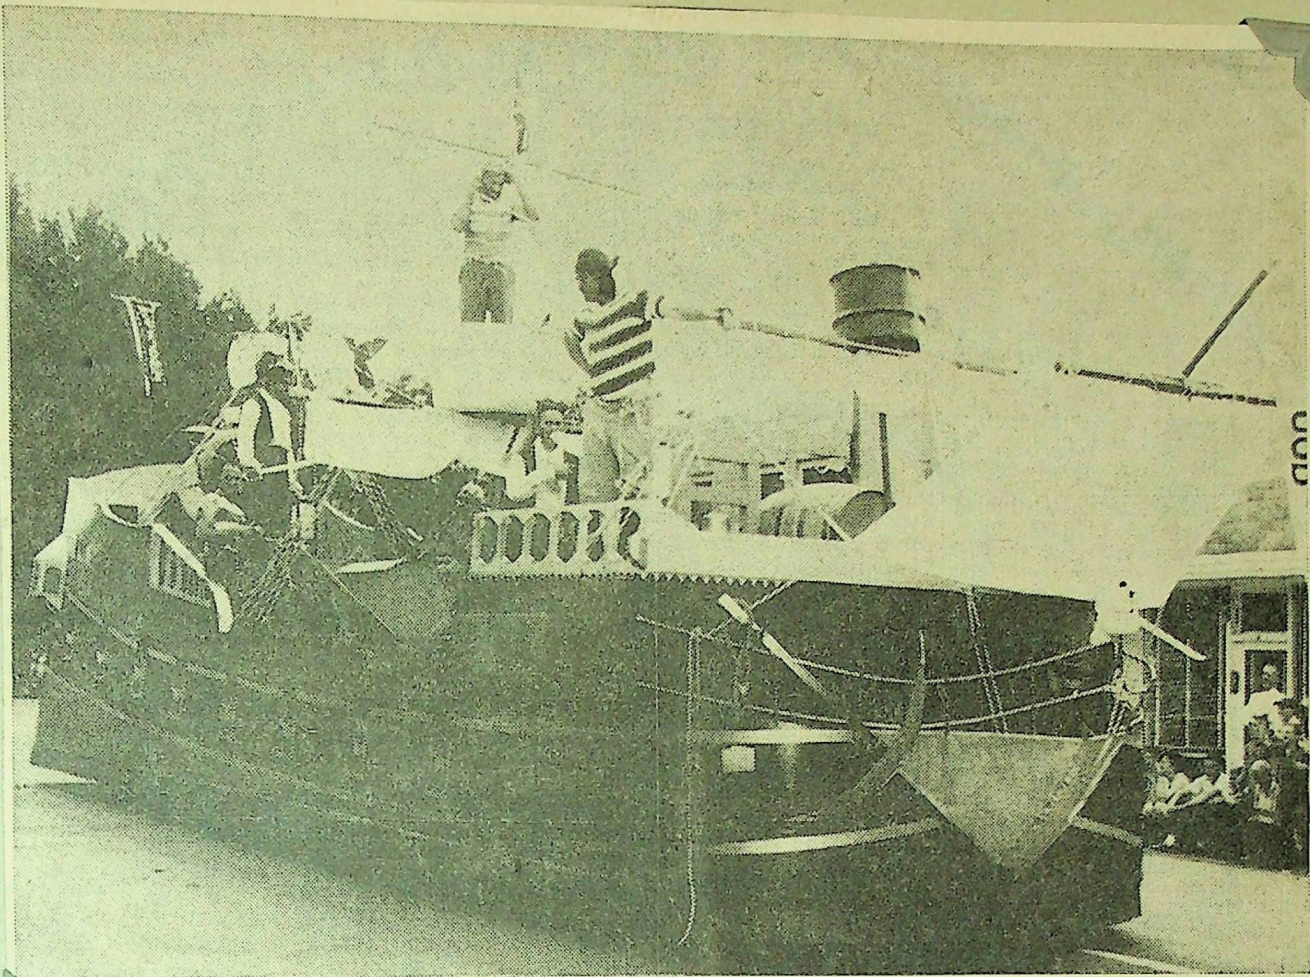

The traffic light at George Washington Way and the By-Pass highway in Richland warns "NO LEFT TURN," whatever that means.

Everybody else can have a demonstration—Berlin, the southern United States, South America, Tokyo and San Francisco—but the Tri-Cities can't seem to be able to manage even a library demonstration.

A man, clad in red hunting jacket, was reported hunting in the newly cleared vineyard at 10th Avenue and Garfield Street which is inside the city limits. The police blotter failed mention whether the man got anything.

By the number of cars parked along the streets with their lights on over the Labor Day weekend about all the good samaritans will get out of their attempt to lessen the Labor Day traffic death-toll will be a king charge for their batteries.

Tri-Cities

PIRATES — The pirate ship entry, Empress of Ordnance, sponsored by the Umatilla Ordnance Depot, slipped into second spot in the visiting-cities category in the Benton-Franklin County Fair and Rodeo parade Saturday afternoon.

Prosser Record-Bulletin

NO. 22 PROSSER, WASHINGTON, THURSDAY, AUGUST 31, 1961

MANY Prosser residents will get their first opportunity to view the prize-winning Prosser community float at States Day Monday. The colorful creation has been in 10 parades already this year. It won sweepstakes in five of them, first place in two, and second in one. Nearly 400,000 persons have applauded the Prosser float, estimates Chairman Forrest Olney. He estimates 1200 man hours went into the building of the float, and an equal number of man hours in showing it 12 times. The float has traveled 1375 miles to the 10 parades. The above photo was taken at the county fair, Kennewick.

Benton-Franklin Fair Association

Kennewick, Washington

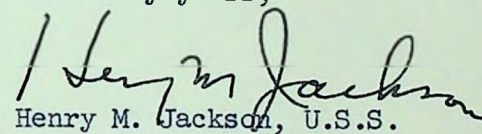

Dear Blanche:

I certainly appreciated receiving your note of August 26 telling me of the success of the Benton-Franklin County Fair and Rodeo.

It was good of you to take the time to let me know how things were going.

I hope to be out in the State by the first of October and will look forward to seeing you sometime this fall.

Sincerely yours,

Henry M. Jackson, U.S.S.

New Stand, Track Seen

Vast Expansion Of Fairgrounds Studied

Expansion and improvement of Kennewick's fair and rodeo grounds to serve increased Tri-City crowds and to accommodate year round track and arena activities is now being studied.

The expansion, which may come within two years, is being jointly studied and promoted by the Benton-Franklin County Fair Board and the executive staff of the Benton County Mounted Posse, sponsor of the annual rodeo.

CAL LEIBEL, POSSE lieutenant for rodeo activities, said meetings have been held and a definite plan worked out between the two organizations. The program would necessarily also hinge on participation by Kennewick, Benton County and the state.

It would involve moving all fair and rodeo activities east of their present sites, using 20 additional acres of land the fair board acquired in 1960 east of the existing grounds and possibly acquiring and using some city-owned former airport land north of the present grounds.

The entire future operation would center around a concrete grandstand with an initial 6,000-person seating capacity, which would replace the present wooden grandstand. The new stand, an arena and five-eighths mile race track would be the home of the annual Benton-Franklin County Rodeo, but several community functions could be held there.

LEIBEL FORESEES eventual winter horse shows, polo and other mounted horsemanship contests, and perhaps even pari-mutuel racing of a caliber carried on seasonally in Yakima, Spokane and the Puget Sound area.

Events not possible in the open air could be staged in a large central fair building being considered—a structure that could well serve the Tri-Cities as a coliseum. Ice hockey, wrestling and other indoor sports events are envisioned among the activities the building could make possible.

Tentatively, the plan involves staging all activities east of South Oak Street, which meets a dead-end at the present center of the grounds. The fair and rodeo interests expect to grant easements for extension of Oak Street north to link with East Third Avenue when the latter becomes a major arterial. Space west of the street would be used mostly for parking.

COST ESTIMATE OF THE project has not been reached, but will be at least speculated upon at the Nov. 14 meeting of fair stockholders. Fair Board Vice President J. C. Pratt said, however, that certain state money is available.

Leibel said arena and track construction, some Posse money and "a lot of volunteer labor" would go into track and arena construction. He said the expansion would be geared to provide a facility equal to that of any community with a population of 100,000 people.
