A good friend
of Hudson Street and of this Club

IF YOU WERE BORN IN MAY

YOU will gain success by cultivating the special talents that lie within you regardless of others' advice. You will have a remarkable memory; will be fearless, kind, sympathetic and a "good mixer." You will have great capacity for leadership; will be a facile writer and brilliant speaker. You should marry only after exercising extreme care, preferably a person born in January, September or October. You should wear moss agate or emerald ornaments. You will be happiest when clad in black or shades of red, yellow or brown.

Great persons born in May: David Dudley Field, Alexander Pope, Richard Grant White, Thomas Hood, Stephen Girard, Queen Victoria, Ralph Waldo Emerson, Jay Gould, Julia Ward Howe, Louis Agassiz, Walt Whitman and Dante.
