1. The first step in the process of the
 2. is to determine the purpose of the
 3. and to identify the key objectives.
 4. This involves a thorough analysis of the
 5. and a clear understanding of the
 6. and the needs of the stakeholders.
 7. Once the purpose and objectives are
 8. established, the next step is to
 9. develop a detailed plan of action.
 10. This plan should outline the specific
 11. steps to be taken, the resources
 12. required, and the timeline for
 13. completion. It should also include
 14. a system of monitoring and
 15. evaluation to ensure that the
 16. process is on track and that the
 17. objectives are being met.

*A very special "thank you" to the Class
of 1964 for remembering their "elders."
Thanks to each of you for letting us share
this special evening with you. Years have
passed and our lives have changed, but our
thoughts and memories of the years we all
spent at Pocomoke High, will be always be
remembered with pride. As we gather this
evening, let us not only reminisce with our
friends that are present, but let our thoughts
and prayers go out to the many families and
friends*

of our missing classmates.

*We appreciate all the planning and
hard work of the 1964 Committee members
to make this evening possible!*

Thanks to each of you !!
