

## The Student Council Meets For Organization On September 21

### Executive Committee Elected and Hall Police Appointed

The Student Government held its first meeting of the year in the Science Laboratory Thursday, September 21.

The members this year are as follows: Mildred West, Carson Chandler, Mary Harris, Bessie Nock and Iva Tull, Seniors; Emily Scarborough, John Collins, and Helen Twigg, Juniors; Helen Harris, Esther Robins, Louis Sturgis, Sophomores; Eleanor Johnson, French Club; Julia Conaway, Dramatic Club; Virginia Lee Riley, Staff; Wilson Hudson, Science Club. The Freshman representatives are to be elected after the monthly reports are given out, as all members must be honor students.

The first business of the Council was to elect officers. They are as follows:

Raymond Smack ----- President  
Wilson Hudson ----- Vice-President  
Joyce Strickland ----- Secretary  
Esther Robins ----- Treasurer

The Executive Committee is as follows: Raymond Smack, Wilson Hudson, Mary Harris, Mildred West and Carson Chandler.

Our Faculty Adviser, Miss Frances Hancock, then gave a short talk on what we were to do and to expect of her. She then administered the oath of office to the Officers of the Council. We are all very sure that under the guidance of Miss Hancock this will be one of the most successful years the Student Council has ever had.

The President then gave all mem-

(Continued on page 7, col. 1)

Mrs. Fitzgerald Crockett

The pupils of Snow Hill High School wish to express their appreciation to Miss M. Lillian Riley, now Mrs. Fitzgerald Crockett, for the wonderful help she has been to the school.

Mrs. Crockett taught in this high school about six years. During that time she has taken an active part in the school activities. She started our school paper, "The Representative," which was a great achievement of the school; coached the Field Ball teams; was a faculty adviser to the Student Council; and coached pupils for the Declamation Contests. Mrs. Crockett also organized the Dramatic Club, one of the most successful clubs in school.

"Miss Riley" was married on Saturday, October 6, to Mr. Fitzgerald Crockett, an active business man of Pocomoke. They spent some time in Atlantic City and other places of interest in the North.

Mr. and Mrs. Crockett will reside in Pocomoke.

Snow Hill High School wishes them much happiness.

## S. H. H. S. Athletic Season Starts With Great Promise

### Both Soccer and Field Ball Team in Good Condition to Claim Cup

On September 1, the boys of S. H. H. S. met in Mr. Jones' room for a discussion of soccer for the season. The meeting was called to order by Mr. Jones. At this time Mr. Bromley was introduced to the boys as new coach. Speeches covering soccer rules, eligibility, and training were given by Mr. Kelley, Mr. Bromley and Mr. Jones. The following letter men of last year's squad were introduced to Mr. Bromley and to the candidates: W. Bradley, H. Fooks, L. Hearthway, G. Brown, J. Gray and C. Chandler.

On September 25, the principals of Worcester County met in the Court House to draw up the soccer schedule.

The schedule follows:

- B. H. S.—vs—P. H. S.  
Oct 5  
S. H. H. S.—vs—O. C. H. S.  
P. H. S.—vs—S. H. H. S.

B. H. S.—vs—S. H. S.  
Oct. 23  
O. C. H. S.—vs—S. H. H. S.

(Continued on page 3, col. 1)

## OUR LIZZIE WILL NEVER COME TO SCHOOL AGAIN

"Oh! Oh! Oh! Goodness! girls, what's that down my back?" Tootsie shrieked.

"Why, it's a lizard!" yelled Esther. "Don't you dare put that thing down my back or I'll—ouch! Dawg-gone it, Hance! It'll bite me! Quit!"

It all happened this way: Not long ago a boy of the Senior class answering to the name of DeWitt Hance Fooks, procured by some mysterious means a lizard.

To most of the weaker sex and to some of the stronger as well, the word "lizard" brings nothing but fear. But in some cases the emotion is one of horror. And above all, such a creature (although small) in school makes every girl, and some boys, hide in terror of being the victim of its wiles.

It was not very large, but to some members of the school it was a reptile of unmeasurable dimensions. Hance scared every person on the campus, but he wasn't satisfied with that. So, living up to his reputation, he carried the lizzie into school and into the classroom. For perhaps five of the fifteen minutes of the opening exercises Lizzie remained unnoticed. For the rest of the time and on through the morning, until Miss Julia had it thrown bodily out of the window, Lizzie created such a disturbance as nothing else could do.

All we can say is that we hope that Lizzie will never return.

## HOT LUNCHES PROVE VALUABLE TO STUDENTS

Miss Hancock Explains That Students  
Need Hot Nourishing Food  
At Noon

Hot lunches are planned for the purpose of giving to boys and girls the opportunity of having a noon hour both enjoyable and beneficial. The necessity for the thoughtful and scientific care of the child seems more evident now than ever before. For some time special care and study has been given to the breeding and rais-

ing of stock, for it has brought direct money value. Boys and girls are infinitely more valuable than stock. We are beginning to realize that the childhood of the nation today is the manpower of the generation tomorrow.

Proper feeding of children helps to develop good bodies and make good citizens. Proper feeding means not only nourishing food, but food given at regular times as well. The school life of children tends to interrupt the regularity of feeding, especially when the school is so situated as to keep the child from returning home at the noon hour; and for these children, the aim is to provide some means of furnishing hot nourishing food at noon.

The diet of a child should serve two purposes: first, it should furnish growing material; second, it should give energy to maintain the constant activities of the child. When there is an insufficient amount of either type of food, one demand is partly supplied by the other, and neither functions efficiently. School discipline is frequently a serious problem because pupils are tired and restless, a condition which is caused by insufficient food. Children are often hurried off to school with little or no breakfast, and are provided with an ill-prepared or scanty lunch.

Food of the proper kind for the school lunch is many times a neglected task of a busy mother. One-third of the food supply of the child is taken at school, and for that amount it seems that the Home Economics teacher is somewhat responsible. The food taken to school by the pupils may sometimes be good and sufficient when the child leaves home, but the conditions under which it is carried and the circumstances under which it is eaten often make the meal unfit to whet the appetite to the extent of supplying the child's needs. Aside from the nourishment needed, the formalities of eating a hot lunch at noon tend to bring about better manners and good habits of digestion.

It must be kept in mind that the hot lunch as planned at our school under the auspices of the Sophomore

On September 28, the Soccer squad met in the Science Laboratory for the purpose of electing a captain. William ("Bill") Bradley was unanimously chosen.

On the same afternoon The Marion Station High School soccer team met S. H. H. S. for a practice game at Snow Hill, in which S. H. H. S. was defeated by a score 2 to 0.

On October 1, the Pittsville soccer team met S. H. H. S. at Snow Hill for a practice game, in which S. H. H. S. defeated Pittsville by a score of 2 to 0.

We are looking forward to one of the most successful years of our history.

**FIELD BALL**

Yea—Snow Hill! Field Ball season has started!

On September 19, all the girls who were interested in field ball met with Miss Riches and Miss Jones at 12:30 in the Senior room to discuss some new ideas of field ball.

During the discussion it was decided we elect a manager who is to be in charge of the team. Lillian Pusey was given this position.

It was then decided that there be a bake in order to buy new jerseys, which are very much needed. The date set for this was Saturday, September 29, but most of the girls didn't appear because of the rain. The field ball team wishes to thank those who did help them. There will be another sale to raise the sufficient amount.

Miss Riches and Miss Jones are

coaching us this year. Miss Jones was a "star" athlete while attending S. H. H. S. and the team feels proud to have her lending it her assistance.

A practice game of field ball was played in Snow Hill, Friday, September 29, when Marion High School team, Somerset County, went down before the home team with a score of 6-2. The game was well played and was interesting to the last minute.

Both teams fought hard and at the end of the first half the score was tied 2-2. Elizabeth Barnes made the goal for Snow Hill. In the second half the teams seemed to have gained new vigor; each was bent upon winning a goal and thus breaking the tie. Soon Marion was entitled to a penalty. The Snow Hill spectators held their breath. Suddenly—thump! our goal keeper had kept the ball from going

through. The whistle blew and the play began again. Finally the ball reached Snow Hill's goal and by a successful throw Grace Lewis made another score. Before the last half was over a goal was made by Mary Evans, thus making the final score 6-2 in Snow Hill's favor.

The team wishes to thank Marion for coming here and also for their fine sportsmanship. Below is the Snow Hill line up—

## CLUB NOTES

## Dramatic Club

The Dramatic club held its first meeting of the year Tuesday, September 18, 1928. Miss Riches, who is our new advisor, opened the meeting. George Brown presided after he had been elected President. The other officers are:

Vice-President ----- Esther Tatman  
Recording Sec't. ----- Hance Fooks  
Corresponding Sec't. ---- James Gray  
Treasurer ----- Esther Robins

Julia Conaway was elected representative to the Student Council. It was decided to hold the evening meeting the last Friday night in each month, and the business meetings the first Monday in the month.

The first evening meeting was held on Friday, September 28. The subject for discussion was the "Life and Works of Robert Louis Stevenson." The following program was given:

Piano Duet by Helen Harris and Mary Brown  
Poem by Estelle Dickerson  
Poem by Isabelle Johnson  
Piano Duet by Virginia Riley and Lois Mason  
Poem by Marion Pettit  
Summary of the works of Stevenson by Minnie Dryden  
Piano Solo by Esther Tatman

It was decided at this meeting that the Dramatic Club would continue with the reading table. Several persons volunteered to bring magazines. The Business meeting was then adjourned and the rest of the evening was devoted to social purposes. Games were played and refreshments were served.

## Orchestra

On the evening of September 19 the orchestra held its first meeting of year. The purpose of this meeting was to begin the second year's work and to elect officers. Those chosen were: President, Mary Harris; Secretary-Treasurer, Carson Chandler. It was also decided that the regularly weekly meetings be held at the high school every Wednesday evening. After this very satisfactory selection

and decision several pieces were played.

Last year under the same instructor, Mr. Otho W. Wilson, the Orchestra rendered many selections before large assemblies. This year it hopes to gain a broader knowledge and therefore be able to perform more creditably than ever before.

Due to last year's graduation, two valuable members, Louise Duer and Louis Tuckerman, were lost. They are missed very much, but several new members who desire to take their places have come in. The Orchestra extends a hearty welcome to these new pupils and hopes that they will find their work very interesting.

## Science Club

Called by Mr. Jones, the faculty advisor of the club, for the purpose of organizing, the Science Club of Snow Hill High School held its first meeting of the 1928-29 season on Tuesday, September 4. The following officers were elected to serve for the year 1928-29: President, Mary Harris; Vice-President, Carson Chandler; Secretary, Virginia Riley; Treasurer, William Bradley; Representative to the Student Council, Wilson Hudson. The meeting was adjourned.

The club met for the second time on Monday, September 17. This was the regular monthly meeting and was called to order by the president. The minutes were read by the secretary and approved by the club. The four Seniors who wished to gain admittance to the club were Eunice Helm, Mildred West, Esther Tatman and Paul Hales. Each had an interesting selection. After some discussion all of the candidates were voted into the club. Some plans were made regarding the first evening meeting, which was held Friday, October 5. The president appointed members of the club to serve on the initiation and program committees for that meeting. After this the meeting was adjourned.

On Monday, September 24, the president called another meeting. The minutes of the last meeting were read by the secretary and approved by the club. The club's purpose at this time

## CLUB NOTES

—o—

was to provide opportunity for those Seniors who had misunderstood the date to come before the club. They were James Moore, Ralph Watson and Sue Jones. Their selections were interesting and were greatly enjoyed by the club. After a discussion on each, all were voted into the club. As the club had not decided on an insignia, it realized that it was time to do so. Some insignias were discussed, but as there was little time, nothing final was decided upon. After the discussion the meeting was adjourned.

## Cod Liver Oil and Electric

## Chair Are Featured in

## Initiation of Science Club

—o—

"What was that terrible stuff that the Science Club gave us last Friday?" Sue Jones exclaimed Monday morning at school.

That, my dear Sue, was a mixture of nice cod-liver oil and bitter aloes prepared especially for the occasion. In case you do not know what aloes are just ask Sue. The Science Club had a lot of fun at that initiation and, were promised a sum of money, too. They asked for \$10 and anyone who was willing to give that much was invited to stand. Ralph Watson, sitting in the electric chair, immediately rose—generous Ralph. All the new members had to go through the "Chamber of Horrors." There they felt the bones of a dead person (a lamb bone), shook hands with a ghost (a rubber glove filled with water), and were given the eyeballs of some victims to feel. Their throats were cut with a piece of ice. Mildred West kept squealing "Oooh, stop it." All the students entering felt the touch of barrel staves, shingles and all sorts of paddles, besides riding a very bumpy see-saw before they were through.

Everybody admitted (even the new members) after having been rewarded with the refreshments prepared by Hance Fooks and "Sam" Smack that it was "some initiation!"

MOTION PICTURE MACHINE  
DEMONSTRATED AT SCHOOL

—o—

The high school, including the seventh grade, was highly entertained on September 12 by Mr. Walter R. Wood, who presented a motion picture called "How People Travel."

The picture was very interesting and educational, showing the modes of travel from the early stage coach to the aeroplane.

The purpose of the demonstration was to see if the school wished to own a picture machine, the cost being 5 cents per pupil weekly until it was paid for. A standard course of study is worked out for each week, which takes up things pertaining to geography, history, physical education,

etc. This would be especially interesting to the grammar grades.

As there is no suitable place to show the pictures in the school we have decided to wait until we do have adequate facilities.

It is said in the near future "movies" will be just as much a part of the curriculum as any other study. Pupils will be required to see certain educational motion pictures just as they are now required to go to the board and work out a problem in mathematics or diagram a sentence.

We all wish to thank Mr. Wood for his trouble in showing us the picture, and hope that some day we will be able to have the use of such a machine.

## TO OUR READERS

The Representative staff of 1928-29 extends a hearty greeting to all of its readers.

We feel that "The Representative" has made a splendid record during the past six years and we are going to do our best to maintain that record. If possible we hope to make our school paper more useful and interesting than ever before.

We shall endeavor to give you the news and facts concerning our school in such a way that our readers may feel a deeper interest in Snow Hill High School.

We desire no greater honor than to be able to make our editions of "The Representative" worthy of a place in S. H. H. S.'s history.

Editor-inChief

## OUR AIM IS LEADERSHIP

What is a paper without leadership? It amounts to nothing, of course. Every paper has leadership. The same thing applies to the Representative.

Therefore the Senior Class, assisted by the class reporters, has taken up the work. It elects a capable Staff, which consists of two divisions: the Editorial Staff with its advisor, and the Business Staff with its advisor. Each one has its own part to do, the Editorial Staff writing the articles and the Business Staff looking after the business affairs.

The Representative has for its aim to draw the people of Snow Hill and vicinity closer to the school, and to give them a broader knowledge of the school activities.

## WHAT DO WE NEED?

"One thing thou lackest" may be a correct Bible quotation, but this does not apply to our school because we lack many things. The crowded conditions and poor ventilation and lighting are a great handicap to the pupils. There is no assembly hall and over 150 pupils have to be jammed into one classroom with a seating capacity of about 45.

As to school equipment, we need still more. The reference material in the Library is inadequate. References given in the textbooks cannot be carried out, hence original thinking is almost entirely discouraged. We should have more Laboratory supplies, new desks, new books, and, a most important thing, fire escapes. There is only one stairway by which the pupils can get out if there should be a fire and this staircase is directly above the furnace!

We could mention any number of things that we lack; these are only a few. So let every pupil place our needs before his parents and try in every way to overcome these handicaps.

## COURTESY

What is courtesy? Does it cost anything to be courteous? These questions are easily answered. Courtesy amounts to a good deal although it costs very little. A courteous person is always thinking of others and is bound to win friends for himself. A young man or woman who is kind and polite will have a far better chance to make his way in the world than one who does not possess these qualities.

We submit the following code of courtesy for high school students:

I will endeavor to be polite in my conduct to outsiders.

I will not deface the building by writing or painting anything upon the walls.

I will not drop waste paper on the grounds nor about the building nor on the grounds of houses near the school.

I will be sportsman-like and considerate of visitors at all games.

I will remove my hat upon entering the building.

I will assist whenever possible by opening doors for teachers and students.

I will be orderly in the halls and respect the rights of others by not pushing, and will refrain from boisterous talking and laughing.

I will not carelessly drop bits of paper on the floor or in desks, but will deposit all paper in the proper receptacles.

I will enter classrooms in a prompt and orderly manner.

I will show my respect for teachers by speaking politely and by complying with their requests.

I will not make annoying noises or indulge in conversation with my neighbors during class.

I will not comb my hair, powder my face, nor manicure my nails in public.

(Continued from page 1, col. 1)  
**Student Council Proceedings**

—o—  
 bers the oath of office.

Committees were appointed, including one to make a school calendar.

The following Hall Police were appointed to serve the rest of September and all of October:

Carson Chandler, Chief; Mildred West, Wilson Hudson, Joyce Strickland and Mathilde Dryden.

The meeting then adjourned.

**HONOR ROLL**

—o—  
 The following students have made a grade of not less than B in all subjects during the month of September:

Seniors—Carson Chandler, Mary Harris, Eunice Helm, Wilson Hudson, Eleanor Johnson, Bessie Nock, Virginia Riley.

Juniors—Mathilde Dryden, Minnie Dryden, Lois Mason, Joyce Strickland, Margaret White.

Sophomores—Julia Conaway, Esther Robins.

Freshmen—Cynthia Hales, Ellen Payne.

## SOCIAL NOTES

Good old school days,

Dear old golden rule days!

We must all admit we are glad to be back at school in spite of all the good times we have had on our vacation.

Miss Hancock, our Home Economics teacher, reports a very delightful time, spending part of the summer in the northern cities visiting her former roommates.

At the Home Room meeting, September 12, Mary Brown was elected Sophomore reporter to the Representative. Naomi Sturgis was elected Junior reporter.

Walter Onley is back at Snow Hill High School again, after spending last year at Charlotte Hall.

Miss Grace Jones, a graduate of this high school, and also of Western Maryland College, is teaching foreign language here.

At a meeting of the Senior home room the first week of school, George Brown was elected president; Mildred West, vice-president; Esther Tatman, secretary; and William Bradley, treasurer.

Mr. Luther Bromley of Stockton is teaching English and history here. He is a graduate of the University of Maryland.

We miss some of our former teachers: Miss Freda Waddington, who is going to Temple University, Miss Bes-sie Stagg Hayman, who is now Mrs. Preston Grace, and Miss Lillian Riley. We wish them all success and happiness!

Among the boys and girls from our high school who have gone to matriculate at Colleges or Normal Schools are: Louise Duer, Ruth Riley and Julia Evans at Maryland State Normal School, Towson; Eva Truitt, at business college in Baltimore, Md.; Ethel Webb and Everett Townsend, Beacom's Business College; Franklin Powell, W. C. I., Dover, Delaware; Marian Humphreys and Louis Tuckerman, Western Maryland College; Virginia Dryden, Nellie Cherrix, Pauline Jackson and Winnie Holston, Salisbury Normal School; George Corddry, Washington College; and William Sherkey, Temple University.

George Brown, '28, spent the week end of September 14, at Cambridge, Maryland.

Miss Grace Jones spent part of the summer in Cape Charles, Virginia, visiting friends and relatives.

Sue Jones and Wilson Hudson attended the Boy's and Girl's Short Course, at the University of Maryland the week end of August 9.

Lois Mason spent the week end of September 1 at Stockton.

John Scott, William Bradley, Marshall Johnson, '29 and Everett Townsend, '28 camped at Rehoboth Beach, Delaware, one week this vacation.

Miss Hermione Riches took a graduate course at John Hopkins University during the summer.

Alberta Littleton spent a week in August at Hallwood, Virginia, visiting her friend, Reba Parks. While there she had several parties given in her honor.

Wilmington, Swathmore and Baltimore were among the northern cities visited by Virginia Riley '29 during the summer months.

Helen Harris, '31, was a visitor in New York, New Jersey and Pennsylvania, during part of the summer.

## THREE SENIORS COMPLETE YEAR'S WORK IN TYPING

Congratulations to Lola Godfrey, Iva Tull, and Nellie Hearthway! These gifted and hard-working young girls have succeeded in completing the requirements for the year's work in typing during the first month of their Senior year. Though the requirements of 40 words a minute with no more than 5 errors seems quite difficult enough to a layman, all three succeeded in doing even better. Miss Godfrey made 40 words with only 2 errors, Miss Tull made 48 words with 5 errors, and Miss Hearthway made 49 words with 2 errors.

Last spring Miss Tull and Miss Hearthway represented Snow Hill High School at the Eastern Shore Typing Contest at Salisbury. They ranked seventh and eighth among the total of fifteen entrees.

**PETITION FOR COMMERCIAL  
COURSE CLUB IS GRANTED  
BY THE STUDENT COUNCIL**

On October 9, the Student Council granted to the commercial students permission to organize a club in their department. The club will be called the Commerical Course Club.

The purpose of this club is to promote the idea of cooperation, to give students a chance to put into practice the things which they are learning to do in the business world, to develop leadership, and to promote the general welfare of the commerical department and that of the school.

The standard of eligibility is an average of B in all commercial subjects. Those who are eligible for membership at the present time are: Grace Bradford, James Gray, Lola Godfrey, Nellie Hearthway, Anna Hales, Grace Lewis, Carrie Marshall, Bessie Nock, Catherine Pusey, Helen Twigg, and Margaret White.

The meetings will be held the third Friday evening in each month unless there is some other meeting scheduled on that particular evening. At these meetings the usual business of the club will be carried on and demonstrations in the commercial work will be given. As is customary, all the teachers of the high school will be invited.

The commercial students have long felt the need of such a club and are sure that this organization will benefit both them and the school in many ways.

**Change Made in Schedule at S.H.H.S.**

A number of changes were made in the schedule for Snow Hill High School this year. The first fifteen minutes of the morning are given over to devotional exercises. After the Bible reading and prayer, any business that the home room may have is taken up.

Public school music is being given this year by Miss Ethel Shockley. All Freshmen and Sophomores are compelled to take music, for which a half-point credit is given. The Glee Club is open to Juniors and Seniors. This organization has a very promising aspect.

On account of over-crowded conditions part of the sixth and seventh grades has been moved to the agricultural room. Miss Ethel McAllister is the teacher. Mr. Frank now occupies what was formerly the Staff room.

### CLASS NOTES

#### Organization of Senior Class

The Class of 1929 is the best and largest class ever enrolled in S.H.H.S. Students are registered for the coming year as:

Academic, 22; Commercial, 11; General, 5.

The first business meeting was held Tuesday, September 4. Class officers were elected as follows:

President ----- Eunice Helm  
Vice-President ----- Wilson Hudson  
Secretary-Treasurer --- Carrie Marshall

#### Organization of Junior Class

The Junior Class elected officers for the school year. They are as follows:

President ----- William Townsend  
Vice-President ----- Minnie Dryden  
Secretary ----- Alma Martin  
Treasurer ----- Joyce Strickland

Emily Scarborough, Joyce Strickland and John Collins were elected to represent the Junior Class in the Student Council. Naomi Sturgis was elected Junior reporter to the Representative staff.

#### Organization of Sophomore Class

The Sophomore Class held their home room organization and the following officers were elected:

President ----- Julia Conaway  
Vice-President ----- Gordon Connor  
Secretary ----- Charles Kensey  
Treasurer ----- Franklin Atkinson

The representatives to the Student Council from the Sophomore class are Esther Robins, Louis Sturgis, and Helen Harris.

The reporter to the Representative from the Sophomore class is Mary Brown.

#### Organization of Freshman Class

On Thursday morning, September 20, the B Section of the Freshman Class met and elected officers as follows:

Cynthia Hales ----- President  
Clarence Evans ----- Vice-President  
George Lee Barnes ----- Secretary  
Ellen Payne ----- Treasurer

The A Section of the Freshman Class elected the following officers:  
Ralph Jackson ----- President

Charles Nelson ----- Vice-President  
Evelyn West ----- Secretary

Cynthia Hales was appointed Freshman Reporter to the Representative Staff.

#### Organization of Grade Seven

Due to the crowded conditions of the rooms occupied by the Grammar Grades we were unable to organize our class and settle down to work at the beginning of the year. Therefore we are not prepared to contribute much that will be of interest to the readers of the "Representative" at this time. We hope, however, to do better in the future.

Last week we elected our class officers, who are:

President ----- Elwyn Cooper  
Vice-President ----- Alton Stagg  
Secretary ----- Dora Conaway  
Treasurer ----- Charles Dickerson  
Librarian ----- John Perdue

After the election of the officers the class was divided into two clubs with James Hancock, Chairman of one and Virginia Carter, Chairman of the other. These two clubs are rivals in a contest for raising athletic dues.

#### News from the High School Library

The high school library is gradually adding to its supply of books. This month seven new volumes were purchased. They are: "An Inland Voyage" by Robert Louis Stevenson, "The Life of Stevenson" by Graham Balfour, "Out of Gloucester" by James R. Connolly, "Messer Marco Polo" by Donn Byrne, "Parnassus on Wheels" by Christopher Morley, "Familiar Trees" by Matthews, and "Modern Science Reader" by Bird. The first five of the books are on the outside reading list for work in English and the other two are used for reference work in Science.

Wilma: "Oh, we took the loveliest drive, And I saw so many trees and flowers!"

Esther: "Where did you go? What was the place called?"

Wilma: "Oh, it was called "Detour."

SNOW HILL MARYLAND

# WILSON HUDSON SENT AS WORCESTER'S DELEGATE TO 4H CLUB CONVENTION

A trip to Camp Vail, at Springfield, Massachusetts to a Four H Club Boy or Girl, means a greater knowledge of the Head H, Hand H, Heart H, and Health H in other states, than any one event can give; it means an increase in acquaintances, and is an experience which is very educational in many ways. From this trip, Wilson Hudson, chosen from Worcester County's ranks of 4 H girls, has recently returned.

Camp Vail is the Four H. Club Section of the Eastern States Exposition, which consists of practically the same things that make up a very large fair. The exposition is held in Springfield, Massachusetts and lasts for a week in September of every year.

Each of the thirteen Eastern States, sends its six boys and six girls who have the most outstanding records in Four H work to represent the state at Camp Vail. These boys and girls with their leaders make a total of from one hundred and seventy-five to two hundred people from Four H. Clubs.

These boys and girls who are chosen from their state to go to Camp Vail become acquainted with other boys and girls from all over the United States and from parts of Canada. They also exhibit various things in booths which are reserved for them by their own state. Maryland boys and girls demonstrated Maryland fried chicken.

Not only are there Four H. Club representatives at the Exposition, but there are Boys and Girls Scout representatives who exhibit the works of their own clubs.

Sam: "Do you like codfish balls?"

Bill: "I don't know, I never attended any."

Mr. Jones: "What is a vacuum?"

Charles Kerbin: "I have it in my head but I can't think of it just now."

We have just installed an Electric Engraving and Embossing Machine, which places us in a position to engrave or emboss Wedding Invitation, Calling Cards, Social Stationery, Etc.

# **MISS LEAH F. COLLINS SPEAKS TO SENIOR CLASS**

Miss Leah Collins gave a very interesting talk to the Seniors Monday morning on the assassination of the President-Elect and present conditions in Mexico. Miss Collins spent the summer in Mexico and as her uncle, Colonel Macnab, is military attache there, she was able to get correct information. An assassination of the President-Elect is much more serious in Mexico than such an event would be in the United States. A Mexican President must have absolute control of the army and such a person is hard to find. The assassination took place at a luncheon in a notorious restaurant in Mexico City three days after Obregon's arrival in the city. Obregon, seated at the head of a

horseshoe table, saw a man sketching at the foot of the table. After finding out what he was doing, Obregon asked to see the sketches. Juan Torral, the artist, leaning over the President's shoulder, shot him five times.

As important as the assassination was, not as much emotion was manifested at his funeral as at that of Carranza, the good-will flyer. The one remaining really good flier, Fierro, is a national hero.

Miss Collins states that the average Mexican is very poor, seeing only about \$50 or less a year. The peons trade the products such as tortillas, pottery, rugs and baskets in primitive fashion, traveling miles with burros over cobble-stone roads built by Cortez in the sixteenth century.

Before the day of Miss Collin's de-

parture the provisional congress elected Gil as president for two years until the next election.

# **MISS BESSIE HAYMAN MARRIED DURING SUMMER**

Miss Bessie Hayman, a former French and Latin teacher of Snow Hill High School, was married to Lieutenant William Preston Grace, Jr., July 24. The wedding was a very quiet one with only the immediate family present. A two-course luncheon was served afterward.

Mr. and Mrs. Grace spent a short honeymoon in New York City, after which they sailed for Honolulu via the Panama Canal.

Lieutenant Grace is stationed for two and one half years at Honolulu.
