Dear Ms. Hoffman,

Enclosed is the current list of the names, addresses and telephone numbers of the people now on the Worcester County Bicentennial Commission. Please delete all other names on the original list. They all resigned or indicated that they could not serve.

We had a very good report from Mr. Strayer Hancock who was appointed by our county superintendent of schools, Mr. Robert W. Gaddis to represent the county schools on the Commission. He listed a number of plans the teachers collectively set up.

Our Best Wishes to you for the New Year.

Sincerely,

Mildred C. Brittingham
Sec.
