

S. H. H. S. Inaugurates Attendance Campaign

At the last regular meeting of the Student Council it was decided to hold a campaign to bring about better attendance in both the high school and the grades.

The goal is 100% attendance. Each room is to try to have as high a percentage as possible. The Council will present a banner to the room having the highest percentage during the month of November. That room will be permitted to keep the banner until some other room attains a higher percentage.

The county is giving a banner to the school leading in attendance. This school is permitted to keep it until some other school attains a higher percentage.

Snow Hill is trying to win the banner this month; and if we win it we are going to do our best to keep it next month and on through the year.

The campaign started November 1. Come on, S. H. H. S., let's get this banner and decorate our halls with it.

Mr. White Entertains Soccer Team

Mr. C. V. White entertained the Soccer boys at his home on the evening of November 1. Mr. White took the boys through his home and showed them the different antiques in the house. He mentioned that there were only two pieces of furniture in his home that were not antiques. He then showed us his living quarters where we saw a great four poster bed, old pictures, a very old desk and other interesting things. We then came down stairs into the dining room where we found to our surprise, a huge old fashioned bowl filled with fruit punch.

We then gave toasts to Mr. White, Mr. Bromley, Mr. Jones and William Bradley the captain. Mr. White took us down to Bates' Memorial

Mr. John Whaley Speaks At S. H. H. S. Pep Meeting

The high school enjoyed a very interesting talk on "School Spirit," October 26, by Mr. Whaley, a prominent lawyer of Snow Hill.

He said in part: 'A team that won't be beat can't be beat,' quoting a famous football coach. "What is the reason that a team gets that remarkable spirit? Boys and girls of the teams give to the utmost of their strength. They are filled with the enthusiasm and the school loyalty which makes them give everything they have to win the game. If the school wants victory bad enough, it will get it. Good teams are willing to fight for their school, and the school as a whole must show that it is back of them. How? By showing that it wants them to play. Cheers are not meaningless and I say that if this school wants victory that its teams will go out and give all they have for the school, and they will win. I believe these teams are good enough. I believe they have the spirit and I believe they will go out and be victorious."

On this date the Field Ball and Soccer teams of Snow Hill, filled with new enthusiasm and spirit from Mr. Whaley's talk, played the most important game of the season.

Although Snow Hill didn't win, it wasn't for lack of enthusiasm and school spirit, for we did our utmost.

A cordial invitation is extended to Mr. Whaley to visit Snow Hill High School again.

Methodist Protestant Church for supper. After eating a hearty and enjoyable supper we arose, gathered together and gave a rousing cheer for Mr. White.

Mr. Goldsborough of Curtis Publishing Co. Speaks At Assembly

On October 18, the whole school was called to an assembly. We were agreeably surprised to find our old friend, Mr. Goldsborough, of the Curtis Publishing Company, here. He gave us a short talk on salesmanship, stressing the importance of training given in high school and the choice of a position. He stated that every year in high school is worth \$8,450 to the student and of course every year in college is worth much more.

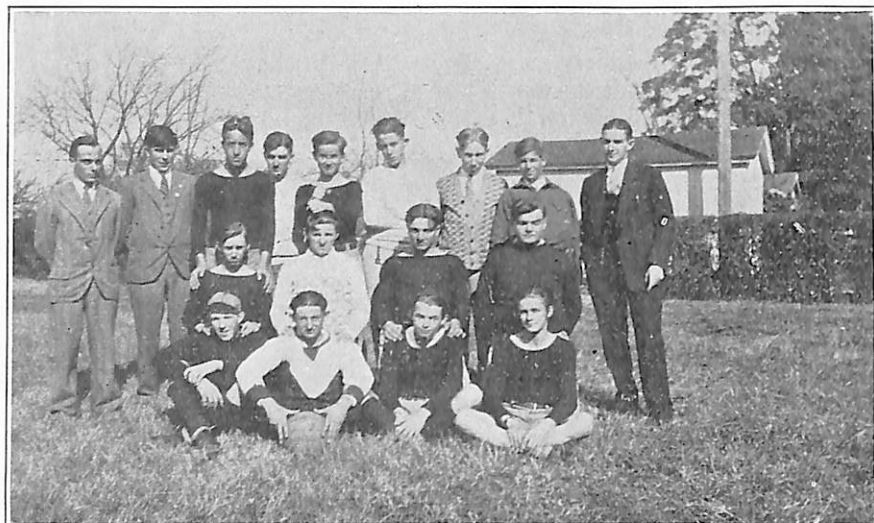

He read Commander Byrd's message to high school students advising the cultivation of the ability to persuade other people to see your ideas as you yourself see them.

Slips of red and green paper were passed around dividing the whole high school into two teams, the Reds and the Greens. John Collins and Virginia Riley were chosen managers for the Greens, with Wilma Jones and Ralph Watson for the Reds, and Wilson Hudson secretary for both teams.

At the end of the six days' campaign it was found that the Greens had won by a large margin. The whole school totaled 157 subscriptions, Greens 92, Reds 65. The school received fifty cents for each subscription, the money to go towards the needs of the school. This gives us a total of \$78.50. The losing team to give a party for the winners sometime afterward.

We wish to thank our patrons and students for the fine cooperation and school spirit manifested in this campaign.

the many things Mr. White has done for the Soccer squad. Not only has he attended every game, but by his thoughtfulness, and encouragement he has contributed much to the success of the Soccer season.

Soccer '28

The S. H. H. S. Soccer Team wishes to congratulate the Pocomoke Soccer Team upon winning the soccer championship of Worcester County for 1928.

The Snow Hill boys like a fair and square game and always willing to lose to a team which plays such a game.

Well, boys, soccer has come and gone, but we are not the biggest losers by far, because we have learned much toward good sportsmanship through life.

Snow Hill played Ocean City High School on October 5, with a score of 6-2 in favor of Snow Hill.

The first game of the season was played on an ideal day, and with every member of the team in shape. This was the first tilt for several of our players, though they played like a million dollar soccer team.

With Mr. Whitman refereeing and S. H. H. S. getting its part of the breaks, we scored 3 goals in the first half. Although Ocean City played a hard game with a determination to win, it was out-classed by the more experienced soccer boys of S. H. H. S.

On October 9, Pocomoke came to Snow Hill full of pep and anxious to play. The first half of the game started as if both intended to make at least 20 goals before one half was up. The half ended with a score of 0-0 and the boys were still in full tilt. They seemed to have plenty of wind left. After about five minutes of needed rest and delicate coaching the second half started. It was a wonderful game, the boys played with much intelligence and no dangerous risk what ever was taken.

Previous to this time Hance Fooks had been running around with no place to go; he settled down, and with some nice offensive playing and some splendid passing of the forward line Hance had a goal through before the Pocomoke boys knew what happened. Here they came, and in less than a minute we were as badly fooled, for

Field Ball '28

On Tuesday, October 12, the field ball teams of Pocomoke and Snow Hill met on the field of Snow Hill to play the opening game of the season. Snow Hill won by a score of 12 to 8.

Every player was filled with pep and enthusiasm and eagerness to win the game.

The teams were lined up by F. M. Henderson, the referee, and in a few seconds the whistle blew.

Down the field the players flew! Pocomoke was in the lead! Nearer and nearer they took the ball to Snow Hill's goal! They had scored!

"My gracious, Snow Hill, wake up!" the crowd was yelling.

Snow Hill did wake up and in a short time they had made several points and the final score showed that Snow Hill had won! Yes, won with a score of 12 to 8.

Rah! Rah! Snow Hill, let's win the championship.

The field ball teams of Snow Hill and Berlin met for the first time this season on Tuesday, October 9, at Ber-

lin. Snow Hill was defeated by a score of 10 to 2.

Although somewhat handicapped by the loss of one of the most valuable players, Snow Hill was out to win and win she must.

Soon the players were speeding down the field! Faster and faster they went! Berlin was passing the ball quickly and accurately! Soon they had the ball near the goal and had scored!

Snow Hill would not give up. With new enthusiasm the players took the ball down the field. They were going to score! Splendid! When Grace Lewis grabbed the ball something always happened. Was she ever known to miss? Indeed she was not! Now the score was 4 to 2. Berlin was only one goal ahead!

FRENCH CLUB

The French Club held its monthly evening meeting October 12. The meeting was called to order by the president and the minutes read by the secretary. A perfect attendance was recorded.

The new members entertained the club. They presented the play "Cinderella" in French. The prologue was read by James Moore. The cast was as follows:

Cinderella ----- Esther Tatman
The Prince ----- Hance Fooks
The Younger Sister

Alberta Littleton

The Elder Sister ---- Louise Haddock
The Fairy Godmother -- Mildred West
The King ----- Raymond Smack
The Queen ----- Grace Shockley

After this a very interesting initiation program was carried out.

Each member to be initiated was taken individually and shown several large snails. He was then blindfolded and told he had to eat them. Instead he was given macaroni, very wet and slimy. The students being initiated were then taken in a very dark room, blindfolded and given a cat's fur to hold; then a cat's paw scratched them, oysters were used for the brains of the cat, grapes that had been skinned were the cat's eyes. Some of the girls shrieked. They thought it was really a cat, which had been killed.

The cream of the evening came when Raymond Smack was lead to the window. We will let Raymond tell his own story.

"Are you ready down there?"

"Yes," came back a curt reply.

"Let him look first, before he jumps; then he won't hurt himself."

Promptly the big black scarf was removed from my eyes. I looked out the window and saw one of my boy friends lying on the ground with a

bloody leg.

"Are you really going to make me jump out there?" I asked.

"What do you think they are holding that blanket for?"

"To catch me," I answered weakly, but still trying to act brave.

They told me that I was to take a walk and get up my nerve so I could jump. I was promptly blindfolded and led away. In the process of being walked I was turned around until I was dizzy.

I was led back to the window and I could feel the cool breeze coming in.

Must I make a break for liberty? Would they catch me again if I got away?

No, I would not run; I would stick until death.

"Snap into it," I heard someone say.

"Here, step in the chair, then on the window sill, keep your head low, knees relaxed and jump well out," I heard these orders. They were spoken sharply and tonelessly.

I took one long breath, stepped on the chair and out on the sill. I could feel the chilly air come in as I was poised there.

"Jump", someone commanded.

I leaped out and for an instant I could feel myself hurtling through space. After one brief instant I struck a hard floor. I could see lights flash on. Someone picked me up and took off my scarf. I looked around and I had jumped only three feet from the top of a table.

I was only one of seven who had jumped as part of the initiation for the French Club.

The last business meeting of the French Club was held October 30. Very much old business was discussed. No new business was brought up except that the committees for the next evening meeting were appointed.

Virginia Riley, Wilson Hudson and George Brown were appointed on the program committee.

Mary Harris, Eleanor Johnson, Eunice Helm and Carson Chandler made up the refreshment committee.

class have organized a Latin Club called Circulus Latinus. It was formed to study Roman History and Mythology. The day meeting will be held the first Thursday in every month and the evening meetings will be held the third Friday in every month. Our first day meeting was held and the following officers were elected: President—Mary Brown; Vice-President—Vera Jones; Secretary—Isabelle Johnson; Treasurer—Louis Sturgis. The Lord's Prayer and "America" were learned in Latin and a program committee was appointed for the first evening meeting. Other business was taken up and the meeting adjourned. The evening meetings will be held at the home of Miss Jones, our sponsor.

Dramatic Club

The evening meeting of the Dramatic Club was held Friday, October 23. Business was attended to and it was suggested that the club give a one act play at each evening meeting.

The following program was given: Duet by George Brown and Hance Fooks. A piano solo by Lois Mason. A talk on Mexico by Miss Collins. Miss Collins showed the club some very interesting things made by the Mexican people. She told us some of the customs of the people and the clothing they wore. We all enjoyed her talk a great deal. After refreshments were served the meeting adjourned.

As usual the Orchestra continues to meet each Wednesday evening. It is hard at work getting ready for the musical, which is to be held in December. The new class is expected to be able to play with the regular school Orchestra at that time.

Commercial Club

On the evening of October 19 the Commercial Club held its first meeting. The officers to serve for the coming year were elected. They are as follows: President, Nellie Hearthway; Vice-President, Bessie Nock; Secretary, Carrie Marshall and Treasurer, Grace Bradford. Bessie Nock was chosen to represent the club in the Student Council.

The President appointed different committees.

The meeting was then adjourned.

The three C Club held its second meeting in the Commercial Room on November 9. The meeting was called to order by the President, Miss Nellie Hearthway. The minutes were read by the Secretary, Miss Carrie Marshall.

Dorys Mount was admitted to the club after reading a composition.

The next meeting will be held on the evening of November 28.

As there was no other business the meeting was adjourned.

HOT LUNCHES PROVE TO BE SUCCESSFUL

The hot lunch project is proving to be a great success. This project is sponsored by our Home Economics teacher, Miss Frances Hancock, with the help of the Sophomore class and a few special students. Many pupils, especially those from the country, appreciate and enjoy the well-balanced and nutritious meals prepared.

Approximately 125 students have taken advantage of the hot lunch. The project is paying for itself; over \$17 has been taken in, the profits to go for equipment in the department.

THANKSGIVING

Our day of national Thanksgiving brings to our minds the first New England Thanksgiving which our Pilgrim Fathers observed.

They had endured all kinds of hardships the previous winter and spring. Food was scarce, clothing was scant, many were sick and half of their number died.

Summer brought relief and when autumn came they had good crops to store away, as well as a number of wild animals for food. Massasoit, with ninety Indians, came to pay them a visit, bringing deer. The Pilgrims supplied other food and a three day's feast and Thanksgiving ensued. If our forefathers could rejoice and give thanks for the few comforts they had, surely our Nation today has greater occasion for Thanksgiving.

As we think of the peace and prosperity we are blessed with, let us be really and truly thankful to God for His goodness to us.

ARE WE OVER-ORGANIZED?

Extra-Curricular Activities are being criticised much by people outside of school. They defend their criticism first, by saying that too much time is spent in the organizations, making it impossible for the pupil to do the required amount of work; second, they say that unnecessary noise is made at the evening meetings.

Certainly these people have not studied both sides of the question. School not only prepares one for life but it is life in itself. Therefore, the pupil must be given hours from school in which to obtain knowledge that cannot be acquired in the class room.

It is obvious that at least half of the pupil's education is accumulated outside of school. From where, then, does it come? The acquisition of this knowledge is the purpose of our clubs and organizations—not to take the pupil from his work, but to teach him the finer qualities of life, such as leadership, cooperation and loyalty. Could the pupil possibly obtain these from a Geometry problem, an English composition, a French grammar or any other subject? No text books in high school teach these qualities.

As to the noise, could anyone refuse the pupil one night a week after five days in the class room or could anyone refuse a pupil the opportunity to prepare himself for life?

There is no doubt in our mind concerning the value of extra-curricular activities; they have their place in every school, but when they are over-worked they become harmful rather than beneficial.

Snow Hill High School is faced with the problem of over-organization. With a student body of 160 we have four clubs excluding the orchestra. Three of these clubs are open to only Juniors and Seniors. The result is that the number of students belonging to three clubs is becoming so large that they are defeating their own purposes.

Since every club meets once a month during school time, the problem of students who miss classes to attend club meetings is becoming grave.

Good students can afford to miss an occasional class, but poorer students cannot afford it. Moreover, each club calls for a certain amount of outside work. Again, while the good student is able to meet this demand without sacrifice, the poorer student is not.

We feel that there are too many students now members of clubs. The problem may be met in either of two ways: either the number of clubs may be diminished, or the clubs may raise their standards so as to lessen the number of members. We feel that the latter plan is the better.

WHAT SHALL WE READ?

A very common thing, but one which seems surprising, nevertheless, is the ignorance of high school students on subjects of current interest and importance. We realize that actual studying and extra-curricular activities occupy a great part of the average student's time. After these, both time and energy for extensive reading and discussion of current topics are scarce, nor is the material of interest always easily accessible at the opportune moment.

We do admit, therefore, that there are a few good reasons for this apparent lack of interest among students, but to those who do not know conditions this may seem hard to understand. The number of high school students who do not know the identity of Miss Amelia Earhart or Obregon is truly amazing. This is a well-known example of the ignorance of which most of the high school students are guilty.

If we would make an effort to devote some of our time to studying and learning something of what is going on in the world around us as well as what has happened long ago and does not, probably, make any vital difference to us, we should be considered and would feel much better informed.

The reading table, furnished and arranged by the Dramatic Club of S.H. H.S., is a great asset to the school, because those who do not have access to magazines at home can read there.

The staff of "The Representative" wishes to express on behalf of the student body of Snow Hill High School its deep sympathy with Mr. Bromley in his sorrow.

While we know that no words of ours can lighten the load, we wish him to know that we feel with him and for him in his grief.

ORGANIZATION OF GRADE V

The fifth grade had an election of officers on September 10. Secret ballots were used.

The officers chosen were:

Albert Conaway ----- President
Sarah Kerbin ----- Vice President
Jeannette Tilghman ----- Secretary
Carlton Conner ----- Treasurer

Since the 10th we have chose the following committees:

Flower Committee ---- Ethel Shockley
Board Committee

Irma Lee Disharoon, Sarah Kerbin
Order Committee

Elma Shockley, Maurice Godfrey
Library Table ----- Edith Twigg

HONOR ROLL

The following students received a grade of not less than B in each subject during the month of October:

Seniors: Bessie Nock, Carrie Marshall, Wilson Hudson, Mildred West, Eleanor Johnson, Carson Chandler, Virginia Riley, Leonard Timmons.

Juniors: Dorys Mount, Margaret

White.

Sophomores: Esther Robins, Julia Conaway, Mary Brown.

Freshmen: Jessie Maddox, Cynthia Hales, Clarence Evans, Paul Scarborough, Kenneth Mason.

We regret very much that the school bond issue did not pass.

We cannot for a moment believe the citizens of Worcester County do not want us to have larger and better buildings when they are so badly needed. But we wonder if our citizens really know how badly larger and better equipped buildings are needed, and how dilapidated ours are. We wonder if they knew that we are so crowded that sanitation is questionable.

We believe our citizens realize that the investment of money for education is the biggest paying investment in which they can place their money, in that future citizens are being trained.

We are afraid we have failed in our duty of acquainting our patrons with the very urgent and immediate need of larger and better equipped high school buildings.

Jim: (In History class, discussing the fire drill) "Miss Julia, do we stick to the wall when we go down from this room?"

Miss Julia: "Well, I don't know, but I believe I'd rather move on."

whisked off to the wide open spaces in Wilson Pusey's fresh air "buggy."

After touring for an hour amid the autumn splendor of colored trees and fresh upturned sod and farm crops, we were awakened from our dream by the shout, "Old Furnace, fall off!"

Many of the party scaled the side of the Old Furnace and their efforts were repaid by the autumnal vista as seen from the top of the furnace. The next point of interest was the old hotel; while the curious were looking for the hiding place of spoils, the hungry started a fire in preparation for a weenie roast. Knives flashed as small bushes were cut and the sticks pointed; then the weenies were speared and put over the live embers, and oh! did we eat?

When it was time to return every member of the party was loathe to leave the great out doors and the country side where every one of us had such a splendid time.

Marian Humphreys, a graduate of '28 is captain of the Freshmen Field Hockey Team at Western Maryland College. Louise Duer, a graduate of '28 is Social Chairman of her section at Maryland State Normal School at Towson, while Julia Evans, also a graduate of '28 is chairman of one section of her class at Normal School at Towson. We wish every one of the graduates success through all the years of their college life.

The Snow Hill Athletic field on Friday, October 23th, was the scene of a hotly contested soccer battle, or free for all. The poor sportsmanship of some of the contestants surely registered with some of the spectators. B. Bounds, "Les" Hearthway, and "Ben" Johnson were continually in the limelight by their stellar playing. Snow Hill Berlin

Tuesday, October 30, our soccer team journeyed to Pocomoke and met Pocomoke High Soccer Boys on their grounds. The game was ideal with plenty of pep on both sides, and although the game was a fight from start to finish, none of the contestants forgot their self respect, or the honor of their team and school.

Our boys did not return downheartened by their defeat, as each acted and thought as true sports, saying, "We did our best and our victors played a fair and square game."

The boys were highly elated over the ovation Coach Cecil of Pocomoke conferred on them when each Snow Hill player shook hands with a Pocomoke player.

The field ball teams of Snow Hill and Berlin clashed for the second time on Tuesday, October 23, at Snow Hill.

With a determination to win and with a backing of enthusiasm and school spirit by every student, Snow Hill players did their utmost to have the long end of the score.

Soon the teams were lined up and were struggling almost instantly to carry the ball down the field. They were first near one goal and then near the other. The spectators were motionless. Would Berlin score? Yes, they scored, but that seemed to fill Snow Hill with an overwhelming supply of pep.

Rah! Rah! Rah! Snow Hill had scored. We would win yet! Of course we would win!

The remainder of the game seemed to get more and more interesting, but

Snow Hill was unable to win. The score was 6 to 16 in Berlin's favor.

Hurrah! Berlin! Congratulations!

The final game of the season for Snow Hill was played at Pocomoke on Tuesday, October 30. This game gave our girls second place in the county, for we won by a score of 6 to 0.

"Rah! Rah! Rah! If we can't get the championship, we will get second place," all the girls were saying.

Soon their boast had proved true and with little difficulty they had won the game.

Snow Hill, let's win the championship next year! Let's not stop until we have completely baffled every team in the county.
