SEAHAWK

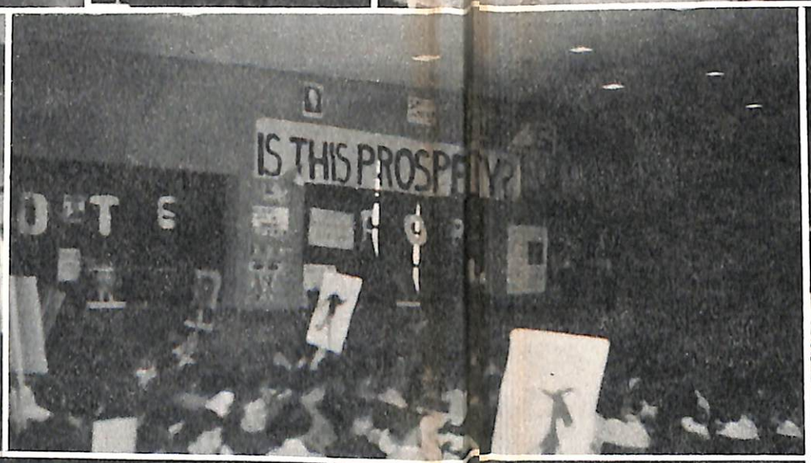

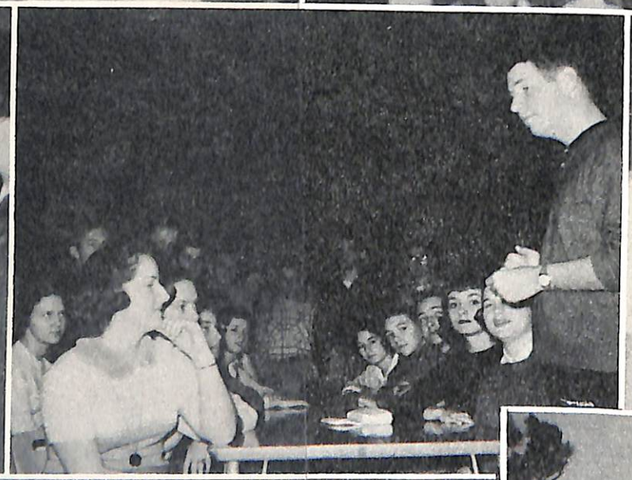

IS THIS PROSPERITY?

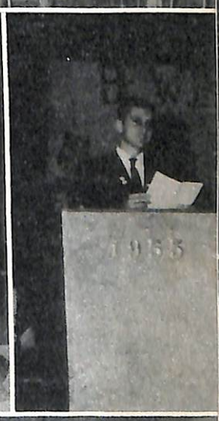

1955

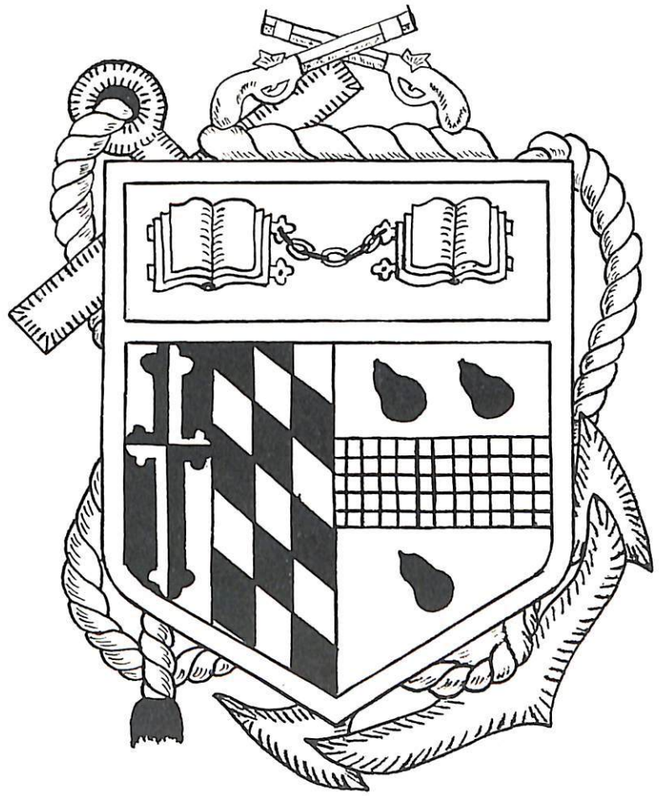

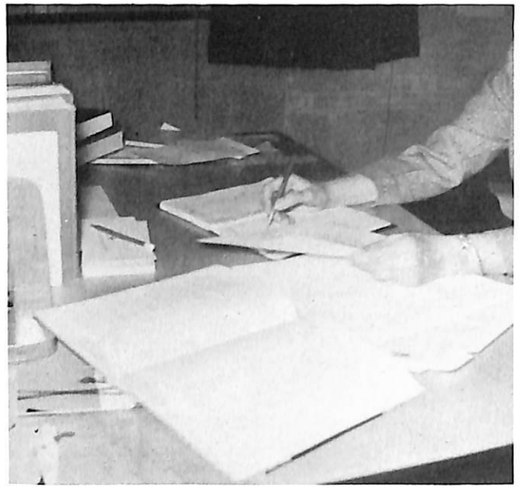

U.R 28-11

A fit ship is a tight ship. A tight ship is one that functions well, all its parts contributing to the success of a voyage. Stephen Decatur knew this, and his ships were fit, well-trimmed. Like the ship at sea, the school, a land-locked counterpart, embarks on a voyage of a year, and reaches its port successfully with a well coordinated crew and vessel.

A class is the same. Our time together through the years of schooling can well be described as a voyage. And this book, the culminating record, a log of this voyage.

You have been with us on the voyage, we hope you will enjoy the story here recorded. If your voyage is still incomplete, we hope you will find promise and inspiration in these pages.

Dedicatum

Many things have been said and can be said in honor of a person or persons, and in appreciation of their services. Poets have said much, said it beautifully and richly, said it gracefully and gloriously.

Perhaps for us, the simplest, most gracious way in which to express our appreciation is in the humble dedication of this book, a product of our combined efforts, to the teachers who have guided us through our school years.

Although we have stated elsewhere that the Seahawk of '57 is a record of our progress, on this page let us dedicate it in great respect as a record of the achievements which they, our teachers of twelve years, have wrought in us. We thank them deeply and sincerely.

ADMINISTRATION

"Perhaps the most valuable result of all education is the ability to make yourself do the thing you have to do, when it ought to be done, whether you like it or not; and however early a man's training begins, it is probably the last lesson that he learns thoroughly."

NATIONAL HONOR SOCIETY

For several weeks you take inventory of your marks, character, leadership qualifications and your service to Stephen Decatur for entrance into N. H. S.

At last the day arrives for the induction of new members to the National Honor Society. Classes pass slowly 'til finally the last minutes tick by. You calmly watch the impressive processional of the old society members. Then you listen quietly to the speeches on the various qualifications necessary for entrance into the *"Phi Beta Kappa"* of the high school.

At last the time for tapping new members takes place. The first person is called and led to the stage; finally, the last name is called. Sure enough, it's yours. What feeling of elation, perfection, joy and pride you have as you walk down the aisle!

You are now a member of one of the most honored high school organizations. It was founded in 1921, by the National Association of Secondary-School Principals.

Election into membership is greatly desired, but only those who can measure up to the high ideals of the society are eligible.

The first emphasis is placed upon scholarship; every member must have at least a "B" average. Then, from those students eligible scholastically, the faculty select those who have shown evidence of high character, school and community services, and ability to lead others in a worthy enterprise.

If trouble occurs at Stephen Decatur, a duly authorized group swings into action. Some schools call them monitors; some call them hall patrol. Here at S. D. they are known as proctors.

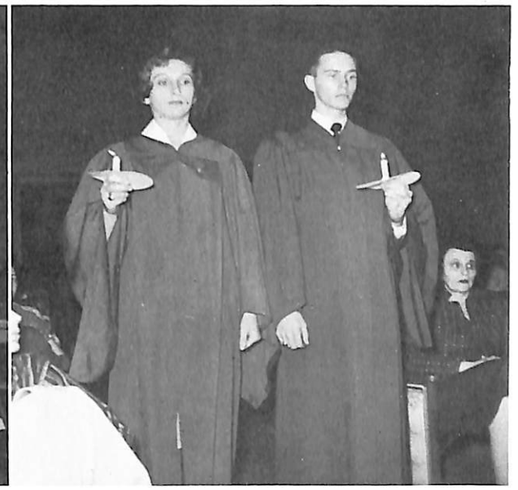

Under the auspices of Mr. Dondero, offenders are brought to court and tried for their offenses. These range in seriousness from abusing proctors to setting lockers. Judge Bobby Palmer asks the offenders to plead guilty or not guilty before a group of jurors made up of several proctors. The records of each case are kept by Sue Bailey, the court recorder. During the trial, any disturbance which may occur is brought under control by Assistant Judge James Hudson. Often the offenders fail to appear; our bailiff, Danny Moore is then sent to bring them in. The defendents may bring witnesses with them and if they present a good case, they may be acquitted.

If through the means of our democratic system, the same ones continue to be a menace to school society, higher authority known to all as "the administration", is then called upon.

STUDENT COUNCIL

This is the Student's Council's third successful year. Under the guidance of our sponsor Mr. Vosburgh and the co-operation of the officers and members, we have progressed greatly.

The Student Council has undertaken several successful projects this year; such as, the first dance of the year, the annual selling of activity tickets, the March of Dimes Dance, basketball games, and the Spring Election. These activities, we hope, have made this school year more enjoyable.

The activities of the Student Council have not been limited to the school alone. Our school has the honor of being President of the Lower Shore Student Council Association this year. Our representatives have been to meetings in many of the other high schools in this area.

Not only has the council been a great benefit to the school but also to the members who consider it a great honor to serve on the council of Stephen Decatur High School.

BOYS BASKETBALL TEAM

Basketball practice started off with a bang this year--sixty boys tried out for the teams (J. V. and Varsity) and twenty-five were chosen.

We played many good games but were handicapped by numerous accidents. Our record was 7 wins and 8 defeats. Among the especially thrilling games were those during which we outscored two of the top Delaware teams -- Laurel and Selbyville.

Sea Hawks in Action

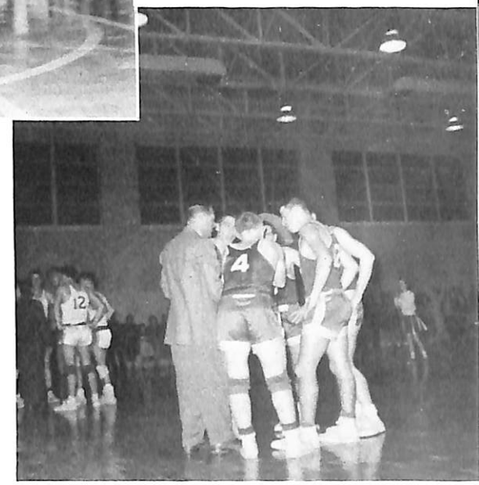

"Think it will stick?"

"Remember your manners, Whitey!"

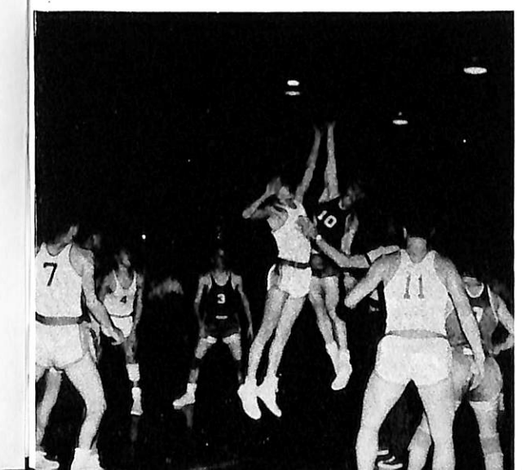

"What is the big Secret?"

"Up and over, Purnell."

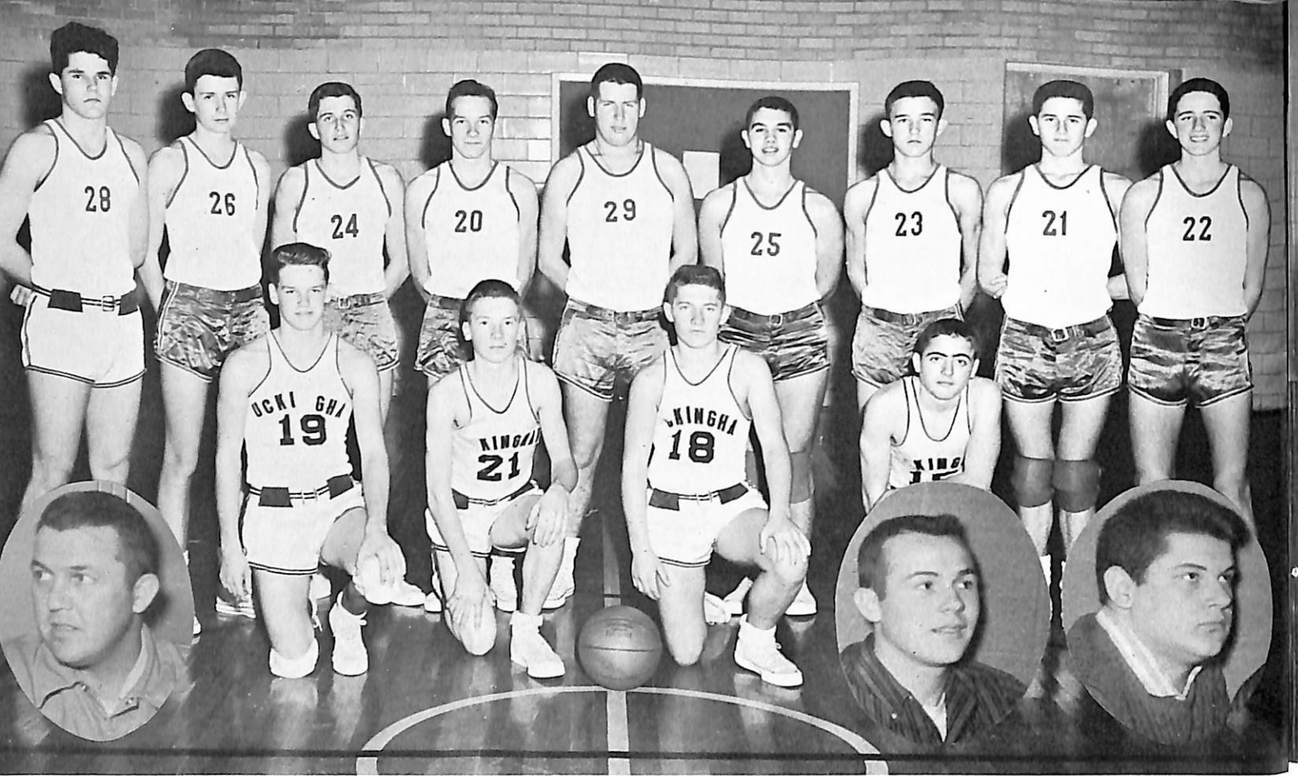

"Don't just do something, stand there."

Midst rousing cheers, our gallant boys hopped on the bus, and were soon on their way to the Class B Basketball Tournament at the University of Maryland. Even the fact that they were the underdogs did not dampen their spirits. After all, they had beaten Easton in the Shore Finals.

In the very early moments of the game, our boys showed surprising strength against the overtowering Oxon Hill quintet, and at one period during the game, the Sea Hawks were able to come from behind a seventeen point deficit to within one point of their opponents' score.

Outplaying Oxon Hill, however, was not enough to overcome the tremendous height advantage they had. This became even more evident toward the end of the game. The many spectators all agreed that the game was certainly no discredit to Stephen Decatur High School.

JUNIOR VARSITY

Eyes front! Take a look at the team of the future of S. D. H. S. Their record this year was not the best, but nonetheless they showed fine sportmanship and school spirit. They played ten games and ended up with a five and five average. Not too bad for our "little" boys!

Many promising boys who were given their first opportunity in scholastic competition, came through with flying colors.

Congratulations are also in order for the fine community spirit they showed by assisting Buckingham Elementary School Parent Teachers Association in a fund-raising project.

Not to be over-looked is the excellent guidance of Jack Dolby, their coach.

GIRLS BASKETBALL TEAM

After a month of try-outs, fifteen eager girls received an early Christmas present. They were accepted on the Stephen Decatur girls' basketball-team.

As soon as Christmas vacation ended, hard practice began under their coach, Mrs. Bunting. The team elected Rita Hickman and Betty Bunting as their co-captains.

The girls wore their sporting new blue and white uniforms for the first game and were victorious over Snow Hill.

Although vainly fighting, they bowed to Pocomoke in their final game, the team still had the consellation of being county champions

CHEERLEADERS

The pep cats came running out on the floor and above the clamor eight voices could be heard. "S.D., S.D. Are you ready? Hep! Hep!" Noise and cheers, blasted the gym. Our cheerleaders were in action.

Throughout the game cheerleaders, waving pom-poms and megaphones excitedly from the sidelines, could be heard leading the crowd in cheers and songs. Led by their captain Sue Bailey, the pep cats cheered our team on to victory or (sad thought) bitter defeat.

The enthusiastic backing of the cheerleaders must have had a good effect on the boys because, for the first time, Stephen Decatur went to College Park for the semi-finals. This would have been a real workout for the cheerleaders, but they showed that they were "movers!"

Even though we lost, the cheerleaders received a good word from their sponsor, Mrs. Lucy Bunting, for a most successful season of arousing school spirit!

SOCCER TEAM

The fall sport season got under way at Stephen Decatur High School with a series of soccer games with county schools. The Seahawks ably submerged Selbyville with a 20 to 4 tally. But in four meets with Snow Hill and Pocomoke the birds from Stephen Decatur dropped one to each opponent and carried one each.

TRACK TEAM

Track is fast becoming a popular S.D. sport. This year was the second season of the newly organized team. Much enthusiasm was shown as many boys participated in the different events.

The field events were discus, shot put, broad jump and high jump. Running events included the one-hundred, two-twenty, and four-forty yard dashes. Also, there was the mile run and two relays: the four-forty and the eight-eighty.

The schedule this season included Chincoteague, Princess Anne, and a triangle meet at Delmar.

BASEBALL

With the approach of warm weather thoughts turned to baseball. This was quite evident when Mr. Truitt and Mr. Slacum greeted boys eager to compete for the different positions. The team was selected and they began an exceptionally long schedule. In addition to the regular county games with Snow Hill and Pocomoke, they also play Wi Hi, Pittsville, Selbyville and Laurel.

HAWK-I

The staff and editors of the Hawk-I have worked hard this year to provide the students with a newsy school paper. In it one may read about anything from who Susie Q. is dating, to the seventh grade's opinion of proctors. All the articles are written on the reporters' free time. Journalism is not included in the school curriculum.

Sandra Harrison and Dick Phillips frantically snap pictures at various school functions. The Eastern Shore Times publishes the paper.

Mr. Robert Fagan's guidance has helped to make the Hawk-I as interesting as it is; his effort has been appreciated.

There's a lot of effort, literary and otherwise, that goes into the production of a school annual, and this year's staff has been no exception to the rule.

They have taken pictures and begged pictures; they have written sentences and then rewritten whole pages; they have organized design and style and then thrown out their plans and started over again.

None of this has been in vain. Their effort has been phenomenal, and the result lies before you, page by page.

S.D.H.S. BAND

A few years ago no one could tell the Stephen Decatur Band from a mass of fog horns or a screaming herd of elephants. But that was when it was a hardy group of beginners struggling to hit the right notes and start a band.

Today most of these same kids are still working hard; they are hitting the right notes (most of the time) and improving rapidly. The school, under the patient and expert guidance of Mr. Moran, now has a well organized band of which to be proud.

Just recently the band added to its instruments; a French horn, a baritone horn, and some percussion instruments.

The band has just received its uniforms and a full schedule lies ahead. There will be more parades and concerts, and the band looks forward to its most successful year yet.

The S.D. Choir has had a very successful year under the direction of Mrs. Sue Powell.

Some of the events in which we participated were the radio program over WBOC, several assemblies, and All Stephen Decatur Night. The Choir also made an appearance over WBOC-TV. We represented Stephen Decatur in the Spring Concert in which other schools participated.

To end a very active year, the Choir sang at the Commencement Exercises.

Let's face it! You will soon be confronted with the most momentous decision of your life--*your choice of a career.*

Do you think you "have what it takes" to become a good teacher? If you do, then The Future Teachers Club extends to you an invitation to teaching.

Our Club tries to give some insight to a teacher's career through student teaching, being hostesses to other Future Teachers Clubs, having faculty teas, visiting state colleges, donating books to the school library, and assisting with the orientation program of the school.

One of our chief aims is that of service.

Blankenship, V. Jacobs, P. Cropper.

F.H.A.

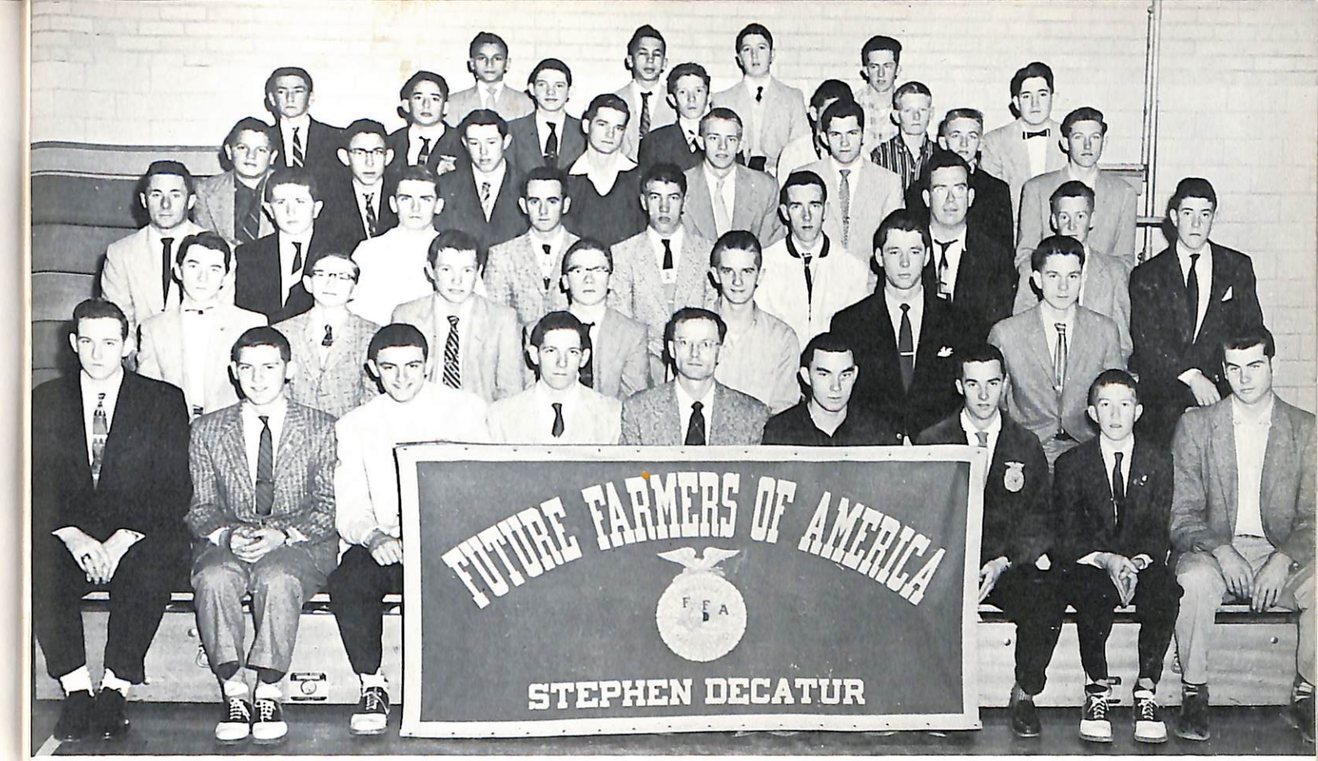

If one had peeped through the portholes of Stephen Decatur in the latter part of September, he would have seen the first meeting of the F.H.A. It was the election of officers.

One of our first goals was to cruise over to South Dorchester High School to look in on the State Regional meeting. Another duty was to report the battles we had won to our State Advisor. This was done by our reporter, Ruby Bryant.

On March 1, 1957, we took time to cruise into a small port and sponsored our annual Spring Carnival.

This year the F.H.A. has also helped serve at teas aboard the ship. We have made and sold Christmas ornaments. Another project on our venture has been to distribute baskets to the needy and send money to CARE.

To finish our cruise we are having a Mother and Daughter Banquet sometime in May.

F.F.A.

Midst the roar of tractors and the yelping of those who have just cracked their knuckles trying to loosen bolts, there is a group of gentle well-mannered boys who call themselves the Future Farmers of America. At present, the leader is Mr. Russell Loheed Jenkins Jr., better known to his students as "Jigger".

This year has been one of the club's best years in so far as projects and money-making schemes are concerned. They have donated an opaque projector to the school, purchased a tractor with implements, sponsored a county farm show, dances, and a donkey basketball game and sold calendar ads. Most important of all, they have developed their scientific knowledge and put it to work in the field.

Agriculture, which once held a rather modest place in the school curriculum, is becoming an increasingly important subject in our school system.

We've just told the story of our young farmers today,
And the education, plus knowledge, which they display,
For the object of the F. F. A.
Is to give to farmers a scientific way
To grow better crops for our nation today.

Senior Library Club

The senior library club and the library staff are organized to encourage use of the library and to train members in basic library procedures. The clubs have visited libraries in Salisbury this year and have added to their efficiency by such observation. Under the able direction of Mrs. Cooper, they have had a very successful year.

SIGMA EPSILON PI

The birth of our esteemed science club, Sigma Epsilon Pi (Science Ever Prevailing), took place December 3, 1956, with thirty-five young scientists-to-be attending.

Any scientific project is greatly encouraged, for who knows what the future may bring! Thus, partially dissected cats, smoking beakers, and fantastic contraptions can be found by anyone walking in on the club scene. Our generation's greatest nuclear physicist may be one who trudges the halls of Stephen Decatur.

One of SEP's big projects this year is hosting for a countywide science fair. Keep your eye on Sigma Epsilon Pi! We may even come up with a cure for the common cold!

AUDIO VISUAL AIDES

The Audio Visual Aides is a service club organized to operate all the electronic equipment in the school. In its first year of operation the club has set up a schedule for running projectors, tape recorders, and other machines, and has trained members to the jobs.

This year too, the club is building permanent projection screens to be placed in eight or ten classrooms. One of our final goals is a room in which equipment can be placed for the servicing and repair of all the school's audio visual equipment.

Home port in sight . . .
The journey almost done . . .
We hope the voyage has been . . .
A pleasant and a cheerful one.

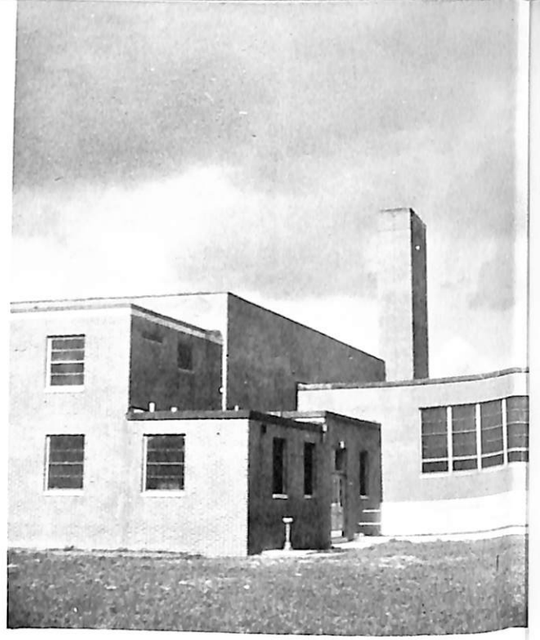

Sometimes when you take a moment to ponder. . . .
when you catch the building unawares. . .

before the first student has come or. . .

there is a beauty and utility
that gives it life and meaning
. . .as much as the lives that
fill its rooms and halls;

when the last student has gone — the building
is still there, a physical thing and a memory
in our hearts.

"ALL ASHORE!"

Goodbye, good luck, and to you still
on the journey . . .

"BON VOYAGE!"
