Worcester County Grant Application.

Item No. 5

We have only spent about \$100.00 for office supplies, postage, publications and materials. Our main projects are the publication of a brochure of historical sites in Worcester County, and the establishment and maintenance of an information center on U. S. 13 at Md.-Va. line. This center will require all our state funds, plus money which we hope to receive from our county commissioners.

We are co-sponsoring a county history with the Worcester County Historical Society, and the \$600.00 will be used toward the publication of this history.
