MUSICAL COMEDY TO BE STAGED BY SENIOR CLASS

Graduates Make Initial Appearance
May 27 In "Pickles"

An unusual opportunity will be given the people of Snow Hill for an evening of pleasure, when the Senior Class of S. H. H. S. will present "Pickles," A Musical Comedy in Mason's Opera House, Thursday evening, May 27.

The following is the Argument of "Pickles" and will give a definite idea of the plot: "Jonas H. Pennington, an American millionaire pickle manufacturer, with his daughter, June, arrives in Vienna amidst preparations for the annual carnival. To his consternation he finds Jones, his advertising expert, advertising Pennington's Peter Piper Pickles too well. An old acquaintance, Lady Vivian, a wealthy Englishwoman, also arrives on her annual quest in search of her daughter, who was lost near Vienna at carnival time when a baby. Kinski, the pompous police chief, plots to substitute the lost child of Lady Vivian and marry her for the fortune.

A band of gypsies visits the carnival led by Jigo, the chieftain and his supposed daughter Ilona. Events lead all to the Gypsy's camp, where a magic pool reveals the face of lady Vivian's daughter. Arthur Crefont, a poor artist, wins recognition of his art and also the hand of June Pennington. Lady Vivian consents to become Mrs. Pennington, Kinski's plot is exposed; Ilona is restored to her mother and Jones is rewarded with success in his campaign for the hand

(Continued on page 2)

FIRST PRELIMINARY CONTEST HELD IN AUDITORIUM

All Selections Well Rendered

Friday morning March 23, the Auditorium was the scene of the most interesting Declamation Contest ever held in S. H. H. S. It is safe to say most interesting, because of the number participating, there being fifteen contestants.

The speakers were evenly matched in experience and in ability. There were only two who had ever recited in a contest before, and those contests were not public ones.

The selections varied greatly in nature, for there were sad ones and humorous ones, long ones, and short

(Continued on page 3)

CORRECTION OF ER- ROR IN LAST ISSUE

Attention has been called to an error appearing in The March issue of The Representative concerning the "Old Home Prize." The erroneous statement was: "The Old Home Prize" is awarded each consecutive year from a sum set aside by Mr. E. W. McMaster." This should have been Mr. John S. McMaster, for he was the originator of the "Old Home Prize."

To quote Mr. W. D. Corddry the following seems to explain clearly the situation. "The endowment \$200.00, 4 1/4 per cent bonds, for the "Old Home Prize for the Snow Hill High School was created by subscriptions from John S. McMaster, Robley D. Jones, Marion T. Hargis, Francis E. Waters, and Wm. D. Corddry."

HANDSOME NEW STOCKTON SCHOOL BUILDING DEDICATED

On Friday, March 19, the day set for its dedication, the handsome new Stockton School Building was formally presented to the Board of Trustees of the Stockton School.

Mr. John W. Mumford, President of Board of County Commissioners, delivered the presentation address. A reply was made, and the building was graciously accepted by Mr. Edwin H. Taylor, Chairman of the School Trustees of Stockton.

The Glee Clubs of the High Schools in the county rendered some very beautiful selections, directed by Miss Feidler, Supervisor of Music for Worcester County. These selections were greatly enjoyed by the entire audience. The Pocomoke High School Band likewise rendered several selections.

A very beautiful Bible was given Stockton High School by the Sinepuxent Lodge, No. 193, A.F. and A.M. This handsome gift was presented to the School by Mr. William H. Price, Worshipful Master of the Lodge, and was accepted by Mr. G. Ewell Dryden, Principal of Stockton High School.

Below is the programme of the afternoon:

Opening hymn—"Onward Christian Soldiers"

Worcester High School Glee Clubs
Invocation ----- Rev. J. T. Graham
Music

Worcester High School Glee Clubs
"The Wander Song,"—Anderson

"The King's Highway"—Molloy

(Continued from page 1)

of Ilona."

You have heard of moving-pictures which would provide a laugh for every minute. These are often exaggerations, but this description will surely fit "Pickles." Yet with all the humor of it we have intermingled a plot of such strength that every one is kept in suspense until the last possible moment. There's a bit of romance in the air and the scenery with its moonlight glow upon a gypsy camp, a pool of falling water in the background, and later the beautiful evening carnival in Vienna, leaves nothing to be wished for.

ARMY OFFICERS**ADDRESS STUDENTS**

Values of C.M.T.C. Explained

The student body of S. H. H. S. was very fortunate in having for its guests, Thursday morning, April 8, Captains C. C. Westfall, and J. Monroe Stick.

These men are making a tour of the state in the interest of Citizens' Military Training Camps.

Captain Stick, who is a chaplain, and who has lived in Japan for eight years, gave us an address which was the most inspirational message that has ever come to us. Surely one who accepted this message with the deepest appreciation could not, for a moment forget the wondrous challenge that is given to us—the Youth of America.

Captain Westfall, who claims Snow Hill as his adopted home town, is always a welcome visitor.

The values of C. M. T. C. are many and it is hoped that several boys from S. H. H. S. will help to make up Worcester's quota for this summer.

Arthur E. Landers, Jr. a member of the Senior Class, attended C. M. T. C. at Fort Eustis, Va. last summer, and he expects to take his second year course in July at Plattsburg Barracks, N. Y.

PERMANENT COMMENCEMENT INVITATION SELECTED FOR ALL FUTURE GRADUATING CLASSES

During the past two years, a great deal has been thought of selecting a permanent Commencement Invitation, but not until this year did the Faculty put the idea into effect.

On Monday, March 29, a committee from the Faculty namely: Miss Bratten, Miss Dryden and Miss Riley, met with a Committee from the Student Council, Ruth Bradford, Ames Pennewell and Arthur E. Landers, Jr. to select this invitation.

The one chosen is very pretty, although plain and conservative. It is all white, with the exception of the S.H.H.S. emblem at the center top in gold. The engraving is quite handsome being done in shaded letters.

The students in Snow Hill High School now consider this a wise and progressive movement, and the Faculty and Student Council are being congratulated upon their initiative as displayed in this matter.

FIRST PRELIMINARY CONTEST HELD IN AUDITORIUM

(Continued from page 1)
ones, but all of them were rendered with a fine sense of "What is What" in elocution.

All of the students understood, before coming to the auditorium, that six of the contestants were to be chosen to participate in the contest held in the Opera House April 1, and this knowledge by no means lessened the excitement of the day.

Miss Emily K. Dryden, Miss Leah G. Collins and Miss Julia F. Bratten acted as judges and the following students were chosen for the public contest: Ida Donaldson '26, Harry S. Clarke '26, Beulah Pratt '27, Marian Humphreys '28, George Corddry '28, and Louis Tuckerman '28.

Others who participated in the contest were: Jessie Donaldson '27, Nellie Pruitt '27, Dorothy Shockley '27, Elizabeth Dennis '27, Billy Kerbin '27, Eunice Carmean '27, Julia Evans '28, Wilson Hudson '29, Lois Mason '29.

A WORD TO THE SENIORS

Seniors, what do you intend to do after graduation? This question may indeed seem a little personal to you at first, but, have you yourself really considered it seriously enough? What will that diploma mean to you that you have worked eleven long years for? Will you merely hang it up in the parlor and show it to all your friends that come to see you, or will you use it as a stepping stone to something higher? It is entirely up to you whether old S. H. H. S. will be proud of you or ashamed of you in years to come.

The main thing is, don't be satisfied with yourself for simply having been graduated from high school; but keep moving. This world itself is nothing but a big raft floating and rolling in indefinite space. It is true we have to stay here, but we don't have to stay in one spot.

Days, weeks, months and years go by swiftly; the older you are, the faster they fly. To the little child the long drawn-out days of spring seem

as eternity. To a man of fifty, Spring, Summer and Autumn have gone before he realizes that they have started. Time waits for no one, and once lost it can never be regained.

After all it is simply a question of courage. We all know to get anywhere we must first make a start.

The first animals, whichever they were, living in the salt waters of the ocean, that made up their minds to crawl up on the beach and go somewhere were the real pioneers of progress. Six plucky American fliers won the admiration of the Nation a little while ago when they hopped into their machines, and made up their minds to go somewhere. Namely all around the world and back again. You know what Columbus did when he got on his boat and WENT SOME WHERE.

Seniors, go somewhere, and get somewhere. STUDY, THINK and gain INFORMATION. Light the path ahead of you with the only light worth while, that of KNOWLEDGE.

There isn't any such word as failure for the man who really intends to Go and Get somewhere.

When we have to die, die fighting and don't let people say, "Well, he never tried."

"To every man upon this earth
 Death cometh soon or late;
 And how can man die better
 Than facing, fearful odds
 For the ashes of his fathers
 And the temples of his Gods?"

Arthur E. Landers, Jr.

AS A SENIOR SEES IT

Education is a gradual development, a slow but sure progress, and as we pass along in years from simple English to complex Latin and Greek, from multiplication in Arithmetic to problems in Trigonometry, we find the word of knowledge opening up wider and wider and then a sad realization comes to us—we realize how little we know!

We feel we have had a hard time during our eleven years of school, but as we approach Commencement we realize that the garden of childhood

dreams is vanishing and the golden treasures of childhood's innocent joys are far away.

In only a few years we shall be wondering, "Where, oh where are our good High School friends?" Around this dear old S. H. H. S. will be centered the fondest and tenderest recollections of our lives; the school in which we learned to read in the primer, in which we wrestled with the multiplication table, and on the school grounds of which we played and laughed together.

There are pleasures every day, however, if we but appreciate them, and there is always an encouraging prospect for greater happiness yet to come.

Success is not measured by accomplishments but by purpose. There is pleasure and satisfaction in honest effort, even though sometimes the end is never attained.

The duty we perform will bring blessing to our soul, and peace to our lives even though we may never have wealth or power or fame. So let us realize our opportunity and feel that what we have learned in High School as a background, will be a great help to us in the future no matter in what way our lives are directed.

M. C. Dymond '23

THE ROAD TO LEARNING

"There is no royal road to learning." There never was a truer statement made. Yet that road is a pleasant one and one that is usually made smoother or rougher by the pupil himself.

One who studies hard in the time allotted, who is considerate of his teachers, and makes "Excelsior," his motto, will have no difficulty in passing his subjects with flying colors.

We, who are Seniors, will very soon be face to face with a much greater problem, the way to an honest living.

There will be no kind teacher to guide us through the perils of the river of life. It is as a man who would pass through the boiling rapids of a river in a frail canoe. There seems to be innumerable ways to get through, but, in reality there is only

one, and that lies deep and true in the middle of the stream. On either side there are hidden rocks and insidious whirlpools, ready to engulf the unwary traveler. Should one take the wrong passage he might get through, but at the end, he is so battered and spent as not to be recognized as his former self.

For those who will go to higher institutions of learning the way will be easier. Here one learns which route to take and only needs a steady eye and hand to keep on going right.

Too often the pupil enters his Senior year with the idea that he has finished his hard work. It is my opinion that those who cannot do the simple tasks in school are even less fitted to wrestle with those of life.

We are now but in the spring of our lives. We have not experienced the fierce storms, the sudden frosts which blight our ambitions or the cold indifference of the world about us.

I sometimes think that we forget what Snow Hill High School has done for us. Perhaps we say, "Oh, any school would do as much." That is very true, but since fate has ruled that we attend this particular school, let us resign ourselves and try to make it easier for ourselves and our teachers.

And years after we have been graduated and have forgotten her, maybe someone will think to say, "God bless S. H. H. S. and her teachers and bring her and her pupils prosperity."

Benjamin Woodward, '26

STRANGE ISN'T IT?

Isn't it strange that princes and kings
And clowns that caper in sawdust
rings
And common folks like you and me
Are builders of eternity?
To each is given a bag of tools,
A shapeless mass and a book of rules
And each must make ere life is flown,
A stumbling block or a stepping stone.

A GLIMPSE OF GIRLS' ATHLETICS

We started our "regular athletic practice" Monday, March 29, and now all the girls in S.H.H.S. are "out to make a team." So far our practice has been very good. The weather has been fine and the spirit extra fine.

Much to everyone's satisfaction the Play Ground Athletic League has decided to eliminate End Ball this season. We always have found it very slow, and a game which calls for eight players, but when Field Day comes not more than three actually participate in the game. Naturally, such being the case, of course it is slow. We congratulate the Play-ground Athletic League on taking this step.

Evidently, to take the place of End Ball, the League has introduced a new game called, "Touch Down Pass Ball." We are playing it some way and some how, but as yet we hardly know "what's what" about it.

Another new game, one for the elementary girls is "Field Dodge Ball." This seems to be a combination of Prisoner's Base and Dodge Ball. The younger athletes seem to have entered into the game with a great deal of pep and enthusiasm.

One new relay introduced this year is the Obstacle Relay. We find it very popular indeed, but very difficult. However, we realize more than ever that "Practice Makes Perfect," for a few girls who are seen diligently trying to throw the ball into the basket before school, at noon, and after school are usually the ones who win the race during our regular practice period.

Other High School Girls' Events are Captain and Volley Ball and the Run and Catch Relay. These are the same as played last year.

The remaining events offered to the Elementary Girls are much the same as last year, being Dodge Ball and The Flay Relay.

Of course there are the Badge Contests for every body, boys and girls, too.

There really is no reason why every boy and girl in S.H.H.S. who is phys-

ically able, can not participate in some one or perhaps two of these events. If you are not earnestly trying to appear in one, won't you start now?

DEBATE TO BE GIVEN BY JUNIOR ENGLISH CLASS ON APRIL 14

April 14 has been chosen for the day on which the Junior English Class will conduct an "honest-to-goodness" debate. For about three weeks the class has been studying "Argumentation," and above all, "Briefs."

The question selected for discussion is: Resolved: That the results of the Volstead Act justify the enactment of the law."

After becoming acquainted with the actual ability of various members of the class to argue and debate, by means of impromptu discussions and debates, by popular vote, six members of the class were chosen to represent the two sides of the question. A chairman, who is also from the class, was selected. The class has drawn up its own rules to govern the debate, and these will be adhered to.

In previous years, in class debates of this type, three members from the faculty have been called upon to serve as judges, but this year, the class suggested that it ask three Seniors to perform this duty. The suggestion was heartily approved by the English teacher. The three Seniors chosen are: Miss V. Edgeworth Humphreys, Mr. Benjamin Woodward, and Mr. Arthur E. Landers, Jr.

The speakers for the affirmative will be: Miss Jessie Donaldson, Miss Nellie Pruitt, and Mr. Samuel Ogleby. Those for the negative will be: Mr. Billy Kerlin, Mr. Edwin Brown, and Miss Virginia Sturgis.

Miss Beulah Pratt has been selected chairman of the debate.

Evil Spirits

A Sunday school teacher was asking her class what was meant by a man possessed of evil spirits. Finally one small boy raised his hand.

"Well, Johnny, you may tell us."

"A man possessed of evil spirits" said Johnny slowly, "is a bootlegger."

TIMMONS ELECTED CAPTAIN**Many Candidates Out For Baseball**

Bill Timmons, '26 who has been an out-standing player in High School Baseball for the last three years, was recently elected to pilot the Baseball nine through this season.

Captain Timmons will no doubt play his position, short stop, this year. Already he has shown leadership ability.

Mr. Charles Hudson, who is one of Worcester County's best all-round baseball players, and who played second base for Snow Hill last summer, has generously offered his services to Snow Hill High School as coach. He was very much encouraged by the large turnout of candidates for positions. Snow Hill is not lacking of good heavy hitters.

Timmons, Adkins, Hancock, Victor, and Richardson fortunately are left to help us again this year. Adkins, who was captain of 1925 Soccer, will pitch most of the games, with Richardson catching.

Other promising candidates are: Arthur E. Landers, Jr; Everett Townsend, Franklin Powell, Samuel Oglesby, Clarence Barnes, Ralph Harris, Ames Pennewell, Basil Taylor, Wendall White and Merrill Trader. George Brown, '29 was appointed by Captain Timmons to act as Mascot during 1923.

SPEED BALL

Speed Ball, won by Snow Hill last Field Day, is being coached by "Pete" Harris '26, who played for two years on the Speed Ball team of S.H.H.S. This former experience enables "Pete" to know the game well, and we are predicting our second victory in Speed Ball this Field Day.

DODGE BALL

Mr. Simmons is coaching Boys' Dodge Ball. These youths have been out since late winter, practicing something which we hope will cause them to be victorious again this Field Day.

TRACK

Although the track work has not

been pushed hard as yet, we expect to find "Jack" Hancock '26 and his various track teams working steadily every day from this until April 30.

STUDENTS FROM COLLEGES ADDRESS SENIOR CLASS

Western Maryland and State Normal
Represented

Under the guidance of a campaign that is being conducted throughout the country by college women, students, from Western Maryland College and Maryland State Normal School at Salisbury, addressed the

Senior Class just prior to the Easter vacation.

The idea of this campaign is to put before High School Seniors the values of a college education, as seen by one who is attending College.

The students who visited our Senior Class were all former graduates of Snow Hill High School.

Miss Minnie Warren came to us as a representative of Western Maryland College and in a very convincing manner gave us her ideas of the values of a college education. She, also, described vividly actual life in college.

Gladys Gibbons and Margie West came to us from the new State Normal School at Salisbury. Their remarks were likewise enjoyed by the entire class.

PROFESSIONAL TYPIST VISITS COMMERCIAL DEPARTMENT

Mr. Barney Stapart accompanied by the Underwood Representative of Baltimore City, gave a demonstration on the typewriter to the Junior and Senior Commercial, and to the Post Graduates, on Wednesday morning, April 7.

Mr. Stapart was a former amateur typist, his official record being 139 net words per minute for half hour. He is now a professional, since he entered the International Typewriting Contest, that was held in New York City, December 12, 1925. He came fourth in this contest and made 119 words per minute with 72 errors.

He typed a speed sentence and at the same time named all the states in the union and their capitals, typing at the rate of 210 five-stroke words per minute. He then took a test with conversation answering the questions that we asked. He was typing then at the rate of 129 five-stroke words per minute.

He gave a talk on how to gain speed and accuracy. This demonstration was very interesting and helpful, and was enjoyed by all.

Ethelwyn Hill, '23

NIBBLES AT THE NEWS

Madeline Bowen '26 spent Monday, March 23 with friends in Wilmington, Delaware.

Mabel Gordy '26 visited in Chestertown, Md., Sunday, March 21. While there she spent some time at Washington College.

The H.S.C. Club was entertained Wednesday, March 10, by Harry Clarke. On March 24, Louise Townsend delightfully entertained the Club at her home in Girdle tree, Md.

Miss Riley spent the week-end of March 27 with her sister, Mrs. Norman P. Morris in Dover, Delaware.

On Thursday, March 11, at 7:30 o'clock, the Cresendo Club, a recent musical organization, held its first meeting at the home of Miss Evelyn Shockley, piano teacher. The officers of the Club are: President, Mary Harris; Vice-President: Vera Jones; Secretary: Helen Harris; Treasurer: Elizabeth Stanford, Adviser: Miss Shockley. One of the most important committees of this club is the program committee, the chairman of which is Esther Tatman.

Miss Collins spent the Easter holidays with her mother and brother in Baltimore.

Louise Townsend '26 visited Miss Katherine Baker at the University of Maryland the week-end of March 20. While there she attended the Junior Prom which was held in the Ritchie Gymnasium on Friday evening.

John Hancock '26 was sent as a delegate from Whatcoat M. E. Church of Snow Hill to the Older Boy's Conference, recently held in connection with the annual M. E. Conference in Dover, Delaware. While away he was entertained at the Dover Academy. A special program was arranged for these young delegates who spent from Friday until Sunday in

the conference. We congratulate John on being chosen to represent his church in such a way.

Another musical club, organized by Miss Evelyn Shockley, piano teacher, the Presto Club, held its first meeting at 4 o'clock Thursday afternoon on March 11.

The officers of this club are: President: Clarence Evans; Vice-President: Julia Burbage; Secretary: Edward Wilson; Treasurer and Adviser: Miss Shockley.

Mr. E. Clarke Fontaine, Supervisor of High School, and Superintendent A. C. Humphreys visited our school on Monday, March 5.

The faculty and students of Snow Hill High School were grieved to hear of the death of Mr. F. E. Dryden, the father of Miss Elsie Dryden who was formerly a member of the faculty of S.H.H.S., and who now is the extremely popular clerk in the office of the Board of Education. Mr. Dryden also was an uncle of Miss Emily K. Dryden, who teaches Science and Music in our School.

On Thursday, March 4, Professor Gibson, Supervisor of Music in the schools of Maryland, held a conference with the music teachers of the county at Berlin. Miss Collins, Music teacher in Berlin High School, taught a demonstration lesson. On Wednesday previous to this conference, Professor Gibson and Superintendent A. C. Humphreys observed the teaching of first year Music in our school.

Miss Laura Chevrier of Trenton, New Jersey, visited Miss Henman at her home during the Easter holidays. Miss Chevrier and Miss Henman were friends at Temple University where both matriculated.

The entire student body, as well as the faculty, regrets the loss of Emilie Jones, a member of the Sophomore Class. During her two years in High School, Emilie has always been dependable and unselfish—in

reality a student. She was a member of the Glee Club, and a talented pianist as was shown on several occasions. Emily's brother, William who was in the seventh grade will be missed also. In Dover High School where Emilie will henceforth be a student, we predict for her success, and we wish for her happiness.

A daughter of Rev. Frank White who succeeds Rev. Elwood Jones as pastor of Whatcoat M. E. Church is soon to enter the Sophomore class. We hope that she will be happy in Snow Hill High School and become a staunch supporter of the Maroon and Black.

Friends in the town and students of S. H. H. S. were sorry to hear of the death of Mrs. Harvey Hall in Comden, Delaware. Mr. and Mrs. Hall lived in Snow Hill during the summer, and Mr. Hall will probably be remembered as Manager of the Snow Hill Baseball Team.

The results of the inter-class spelling-matches were: Seniors defeated Juniors and Sophomores were victorious over the Freshmen. These students who were champion spellers in their respective classes will represent two teams at a spelling contest to be held in the Auditorium very soon: Seniors, Louise S. Townsend; Juniors, Stella Hudson; Sophomores, George Corrdry; Freshmen, Virginia Riley. At this time the Senior and Sophomore will be pitted against the Junior and Freshmen.

Dr. Henry, president of Blue Ridge College, was a welcome visitor to our school, Thursday, March 4. He gave a very helpful and interesting talk to the Seniors on, "The Value of a College Education."

Dr. Timanus of the Public Playground Athletic League visited our school Tuesday and Wednesday, March 23 and 24, and examined the High school boys.

MANY IMPORTANT EVENTS SCHEDULED FOR MARCH, APRIL AND MAY

A calendar for the remainder of the semester was recently placed on the Bulletin Board.

Many events of various nature have found a place on this Calendar but, needless to say, they are all events which are of vast interest to the students.

The Senior activities, naturally, have the most prominent place, the Junior-Senior Banquet May 7, taking the lead of graduation festivities and exercises. Then comes Class night with the musical comedy "Pickles" staged by the Senior Class; the sermon to the graduates to be in the Methodist Protestant Church, by Rev. George E. Brown the pastor; and the Commencement exercises which will be held in Mason's Opera House.

Declamation Contests take the next place of importance, and this year seem more popular with the students than ever before.

With the coming in of Spring, everyone turns to athletics, which are probably of more general interest to the student body than any other extra-curricular activity.

The Calendar as the students of S. H.H.S. have already become familiar with, appears below:

March 26 First Preliminary Declamation Contest.

April 30 Field Day.

May 7 Junior-Senior Banquet.

May 27 Class Night.

May 23 School Closes.

May 30 Sermon to Graduating Class.

May 31 Commencement.

WHOOOP - LA

An ambidextrous person is one who can trim the nails on his right hand.

Gordon: "I ain't gwine thar."

Miss Collins: "That's no way to talk. Listen: I am not going there, Thou art not going there; he is not going there; we are not going there; you are not going there; they are not going there. Do you get the idea?"

Gordon: "Yessum. They ain't nobody gwine!"

A youngster rushed in to his mother one day and exclaimed: "Oh, mother, we've been having the best time. We've been playing postman, and we gave every lady in the block a letter."

"But, dear, where did you get the letters?" she asked.

"Why, we found them in your trunk in the garret, all tied up with a blue ribbon!"

A Double Barreled Business

A man got stalled with his automobile in a mudhole near Bass Lake last week. While making a vain attempt to get out, a small boy appeared with a team of horses.

"Want me to pull you out, Mister?"

"How much do you want?"

"Three dollars."

After the work had been done and the money paid the tourist asked: "Do you pull out many cars here?"

"About twelve a day on the average," replied the boy.

"Do you work nights, too?" inquired the tourist.

"Yes, I haul water for the mudhole."

—Literary Digest.

Mr. Simmons is always learning something new. The following are the latest. These were taught him by Seniors:

2 gills—1 pint.

3 quarts—1 gallon.

2 pecks—1 bushell.

4840 yards—1 acre.

1728 cu. ft.—1 cu. yd.

9 sq. in.—1 sq. ft.

Mr. Simmons:—"What is the shape of the earth, Ralph?"

Ralph:- "I don't know."

Mr. Simmons:- "Do you know the shape of my cuff buttons?"

Ralph:- "Sure, they are square."

Mr. Simmons:- "I mean the ones that I wear on Sundays."

Ralph:- "Round."

Mr. Simmons:- "Very well, then, what is the shape of the earth?"

Ralph:- "Square on week days; round on Sundays."

Bill T.:—"That sand hill is where the earth was finished and had that much left over."

Reg:-"Is that so?"

EXCHANGE

"The Owl"—Hurlock High School, Hurlock, Md.

Some people may keep on saying that "Freshies" are green, but we doubt it. We read the article written by a Freshman in your school called "What the Freshmen think of a High School Library." We trust you will heed to their valuable suggestion. It's a good one!

"The Reflector"—Poolesville, High School, Poolesville, Md.

Let us congratulate you and your school on the organization of two such valuable clubs as The Literary and The Citizenship Club, for you no doubt have them both going along splendidly ere this. Allow us to suggest, however, that the STUDENTS vote in the members to The Citizenship Club instead of the FACULTY. We feel that the experience in judging the good citizens in your school will be of untold benefit to you in later life.

"The Courant"—Hyattsville, High School, Hyattsville, Md.

Bones—I haven't seen you for a long time.

Interlocutor—No. I was on a trip to Europe.

Bones—Some beautiful cities over there?

Interlocutor—Yes. London and Paris are beautiful and very rich capitals.

Bones—But Ireland has the rich-

WE PRINT IT —

There are a great many ways to do a job of printing; but quality printing is only done one way—THE BEST. We do printing of all kinds, and no matter what your needs may be, from name card to booklet, we do it the quality way.

P. S. We also do it in a way to save you money.

est capital.

Interlocutor—How do you make that out?

Bones—Because its capital is always Dublin.

“The Soaring Eagle”—Pittsville High School, Pittsville, Md.

Your editorial in your February issue particularly interested us as we feel you are launching one of the biggest steps in the history of your school. Home Room Organization is not a new thing in our school. We have had it throughout our entire high school for two years now, and from experience, we know that great good will be derived from it. Congratulations!

“Berry Blossoms”—Marion High School, Marion, Md.

With utmost interest we read every page of the February issue of “Berry Blossoms.” We cannot refrain from commenting upon the beautiful work done by the staff cartoonist.

Upon looking over the table of contents we noticed “Exchange,” but we failed to find any news or comments from that division of the staff within the pages. We think, however, this was an oversight.

We always enjoy reading the following:

St. John's Collegian, St. John's College, Annapolis, Md.

The Meteor, Pocomoke High School, Pocomoke, Md.

Hi-Life, Federalsburg, High School, Federalsburg, Md.

The Washington Collegian, Washington College, Chestertown, Md.
