

YOUNG LADIES' SEMINARY AT BENICIA.—The examination and exhibition closing the fifth scholastic year of this institution, took place last week, and was of the most gratifying character. The exhibition, which took place in the Court-house, was attended by a large and fashionable audience. The room was tastefully decorated, and the young ladies, all dressed in white, presented a beautiful appearance as they sat upon the stage erected for their accommodation. The exercises were diversified by songs, music and recitations, in which the young ladies manifested much ability. The Seminary is now under the direction of Miss Mary Atkins, an accomplished lady, and in every respect qualified for the important trust.
