

A FEMALE SEMINARY has been established at Benecia, under the superintendence of Miss Susan A. Lord, assisted by several experienced and accomplished teachers. The circular says :
 "This institution has been established to meet the urgent and growing wants of families in this State. There is a call for a ladies' school of the very highest character, where every branch of study or accomplishment taught in the most celebrated seminaries in the United States or Europe, may be acquired, and where moral and religious training may be given without being limited by sectarianism, or a narrow and selfish bigotry. To meet this call is the object of the Benecia Female Seminary."
 Nevertheless, the prices of the institution strike us as unreasonably high, putting it out of the reach of all except the very wealthy, and therefore as an instrumentality of usefulness of little general benefit.
