

Jan 30th, 2012 - Today I have begun transcribing Von Pfister's log book, which contains data pertaining to 1848. I have left the information as is, and presented it in MS Excel ; Pfister wrote his records as a spreads *28th 1847.*" The only differences from the original record book I make here are the inclusion of cell header accomodate researchers. I have also modified the format. Pfister always wrote two items per line, left to r included only one item per line. Like the Stone Journal and the Methodist Record book, I have transcribed written cursive. However, this Transcriber isn't perfect, and some words may be illegible. Notes will be ma on Cpt Pfister and his shop, please consult the Benicia Camel Barn's curator, Beverly Phelan.

- Doug Simpkins

purchases his customers made from November 1847 to May sheet. New pages begin with headers, IE "*Benicia City November* rs, presented here in **BOLD CAPS** . This is to aid readers and right, presumably to save space. For simplicity's sake, I have the original data as accurately as possible from its original hand de for the viewer when such issues arise. For further information

st mention of Robert Semple, dentist, owner of Benicia's ferrie service, and the "father of Benicia"
