

in town are standing. The total loss on residences is \$6,000. In the country the loss was very serious; hardly a house rests on its foundation and some of them are not habitable. The losses to farmers will aggregate \$10,000. Every monument in the local cemetery was either broken or badly twisted and thrown from position.

AT FAIRFIELD.

It was the hardest shock of earthquake ever experienced in Fairfield. The vibrations were northeast and southwest. Windows and glassware were broken and stoves and bookcase in the schoolhouse were overturned. The bell tower on the brick M. E. Church fell in and the gable end on the north side fell out. The church was ruined. The Court house and jail were not much damaged.

A Common Sense Remedy.

In the matter of curatives what you want is something that will do its work while you continue to do yours—a remedy that will give you no inconvenience nor interfere with your business. Such a remedy is Allcock's Porous Plasters. These plasters are not an experiment, they have been in use for over thirty years, and their value has been attested by the highest medical authorities, as well as by voluntary testimonials from those who have used them.

Allcock's Porous Plasters are purely vegetable and absolutely harmless. They require no change of diet and are not affected by wet or cold. Their action does not interfere with labor or business; you can toil and yet be cured while hard at work. They are so pure that the youngest, the oldest, the most delicate of either sex can use them with great benefit.

For a disordered liver try Beecham's Pills. *
