The Los Angeles correspondent of the San Francisco *Bulletin* has seen a letter dated Pah-Utah Creek, March 24th, from Mr. Bishop and party directed to Col. Hoffman, which says he was met at the Colorado by 700 Indians, who forbade his crossing. A battle ensued, and a large number of Indians were killed. — Also another report; that bandits were quartering themselves in Sonora, depre- dating the country. — Also, reported gen- eral disorganization in Lower California.
