Dear Bro

Please send me out 14 yds Bro drill (Solomon Rolls Co) or something about the same quality, by stage this evening.

Mary is better to day. The fever has abated and the breast broken and discharging freely which affords relief. We will probably send for Millie to morrow. hope so many children will not make you crazy. Mary could not bear any noise and it was impossible to make the children understand the necessity of that quiet which a sick person requires when they were together.

Yours Truly

C.E. Wetmore
