March 28, 1968

To the Family of Harry Smead, Sr.

The San Dimas City Council meeting of February 26, 1968, was adjourned in memory of Harry Smead, Sr., in recognition of his many contributions to the community throughout the years.

Harry Smead dedicated most of his life to San Dimas, providing leadership and great capability to everything he undertook. He always stood for the constructive, worthwhile things that give integrity and dignity to a community. We will remember him for his strength of character, his kindness and dependability.

Most certainly we shall all miss Harry Smead, Sr., and our personal contacts with him; however, we are most grateful that we could share his interest and influence for so many years. San Dimas is indeed a better place today because he was so much a part of it.

Very truly yours,

S. W. Plummer
Mayor
