

State Dinghy Skippers

The State 14ft. dinghies, Jet and Ventura, were shipped to Adelaide on Friday for the national championship, which will begin next week.

On Saturday their skippers, Brian Burke and Jim Vance (right) were at the dinghy clubhouse to give assistance to other skippers requiring their services.

They are shown making adjustments to the rigging of one of the boats which took part in Saturday's handicap race.

Vance accepted an invitation by Merv Brown to skipper his new moulded plywood dinghy, Flo, and from the scratch mark Flo won by 50sec. from Chad (J. Groves) off 9min., with Scamp (R. Caporn) in third place.

Vance and Burke, together with the crews of Ventura and Jet and the manager, Les Tomlinson, will leave for Adelaide by train on Thursday.
