

Ellsworth July 22. 1872

Mr. Daniel Deasy -
Prospect Harbor.

Dear Sir - We are
in doubt as to the style of doors
you want for your church. Do you
mean 6 panels to each door or 3
panels each & 6 to both?

If you want 6 panels each please
let your joiner just make a
rough ~~drawing~~ of one. We
have never made such doors with 6
panels. If you have 6 panels lengthwise
& at least the mouldings will cover
the panels too much - Have received
your corrected order for frames and
also your additional order for doors.
~~same~~ as ordered when here. We can
get everything done except possibly
the church doors. Those take so thick

lumber that we ~~may~~ be unable
to get stock dry in time to
hit your vessel,

Yours truly
J. D. Hopkins & Co.
