

Bar Harbor
April 23

Dear Helen,

I thought you might like
to own a copy of Capt. Miller's
story. I think it is rather of use
for Jay, Doria and others of that
generation to know something
of their forebears, other than the
ones they remember. Sometimes
I may add other papers from the
rough notes I have here.

I wish we might have
seen you all last Sunday -
It was a great pleasure to
have seen your folks at
Brantham. I hope Cousin Dan
continues to improve. What
sorrow your mother has had -
Love to all,
Louise
