

Graduation Song Tune, Auld Lang Syne.

The school is closing now dear friends
For us the graduates.

It brings the tear drops to our eyes
To leave our dear school-mates.

Chorus

Dear Parents, Teachers, and Schoolmates
We now will take our leave.
And since we are the graduates,
Success we must achieve.

We'll ne'er again go to that school
To study lessons o'er.
The dear grounds where we use to play
We'll play upon no more.

The dear old place will always hold
Sweet memories there for me.
Of course your school's the best to you
And mine's the best to me.

Chorus

Our school mates dear will take our place
And soon will graduate.
And with the teachers that we had
They'll travel through in state.

Chorus
