

J. W. STINSON & SON

Wholesale Lobster Dealers

South Hancock, Me.,.....March 20,.....1929

Mr. Louis P. Cole,
Prospect Harbor, Me.

Dear Sir:

As a friend of yours and in order to give you plenty of time for consideration, I wish to take this time to tell you that if you care to do any trading down at the factory or at my home this coming year, I wish you would kindly send another groceryman, for I do not want you to send Stephen down there.

You, no doubt, realize why this has come up. But, if you do not, you may as well know that it is because of the attitude he has taken on this road building at Corea. Were I in this for private gain, I would think nothing of it; but, as I am looking for nothing for myself and also intend to see that no one else gets anything out of it, and this he well knows, the only side that I can see is that he is simply adopting every measure possible to stop a measure, which by proven facts, is a benefit to our town, which is why and the only reason why I am interested in this project.

Yours very truly,

Edwin
