SAN FRANCISCO TIDES.

NOTE. — The tides for San Francisco, as given here, are obtained from the latest data of the United States Coast Survey. These tides are extremely irregular, both as regards interval and height. The two daily tides may occur either during the same morning, or during the same afternoon. In the tide columns of these pages the asterisk (*) denotes the second morning tide, and the obelisk (†) the first afternoon tide of the day when so occurring. Finally, the larger tide of the day is distinguished by the letter (I), and the smaller by (s).

Your Taxes in Bills committed to me to collect for the year
1867 are 19 dollars and 42 cents,
which you are requested to pay.

Simon S. Sargent, Collector.

Received Payment,

COLLECTOR.

Mr. Lincoln to the Congress of the
U.S.A., March 4th 1861

Suppose you go to war you
cannot fight always "and" ^{when} after much loss on
both sides and no gain on either you come
fighting, the identical questions as to terms of
intercourse are upon you

"This country with its institutions
belongs to the people who inhabit it" whenever they
shall grow weary of the existing government they
can exercise their constitutional right to dismember
or overthrow it."
