TO WHOM IT MAY CONCERN:—

This is to certify that Mr. Allen S. Kingsley of West Gouldsboro, Me. has been a student of this school at two different times pursuing the Business course and has taken up three-quarters of that course. His work has been exceptionally good and his connection with the school "in every way, shape, and how" has been such that we can only give him the strongest recommendation. Mr. Kingsley was to us one of the best and most satisfactory students that ever entered this school. We can only speak of him in words of highest commendation.

Very truly yours,

*Georges D. Harden*
