Friend Williams

We send you by Steamer
tonight to Bay Harbor 4 Bbls
Salt. 1 Box 1 lb Labels 2 Kegs
Nails. 1 Box containing 8 coppers
1 Box Res paste. and 1 Can Res
stencil ink and 2 large files

The Can of Res stencil Ink
we send you as a sample.

If it should be too thick you
will have to reduce it with Spirits.
also keep it from the air as
much as possible as it will
evaporate. You will also have
to keep your stencil Brush in
Spirits for it will become hard.

It is recommended as a first
rate article and we wish you
to give it a fair trial

Burnham & Mouill are using it
and like it much -

We did not send you any
Wiping Cloth as we think you
can get it about as cheap
as we can -

Yours truly

P.S. John Gill arrived here
this morning.
