

Stencils from the Bedroom in the Linly Rosebrook House
pictures taken in March 1968

The stencils on the walls are varied. Two walls are alike, then the opposite two walls are alike. Through time the colors have faded, the plaster isn't in as good condition. A gift shop in Blue Hill copies the designs and had hankerchiefs printed with it.

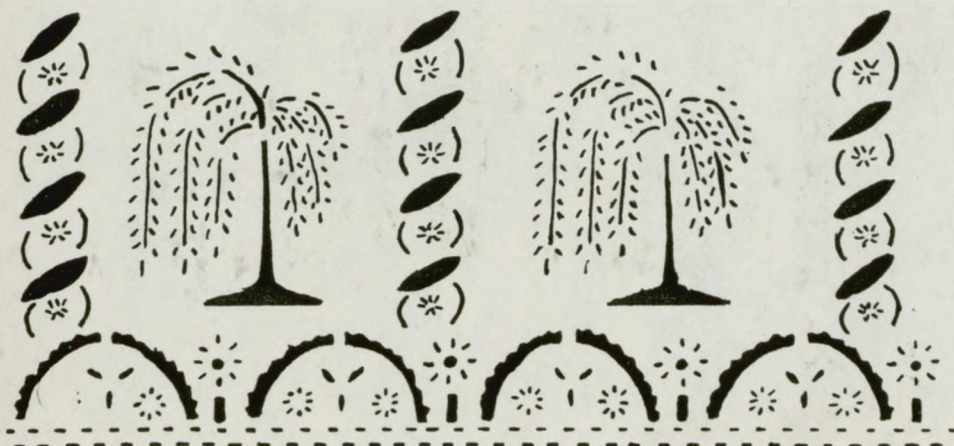

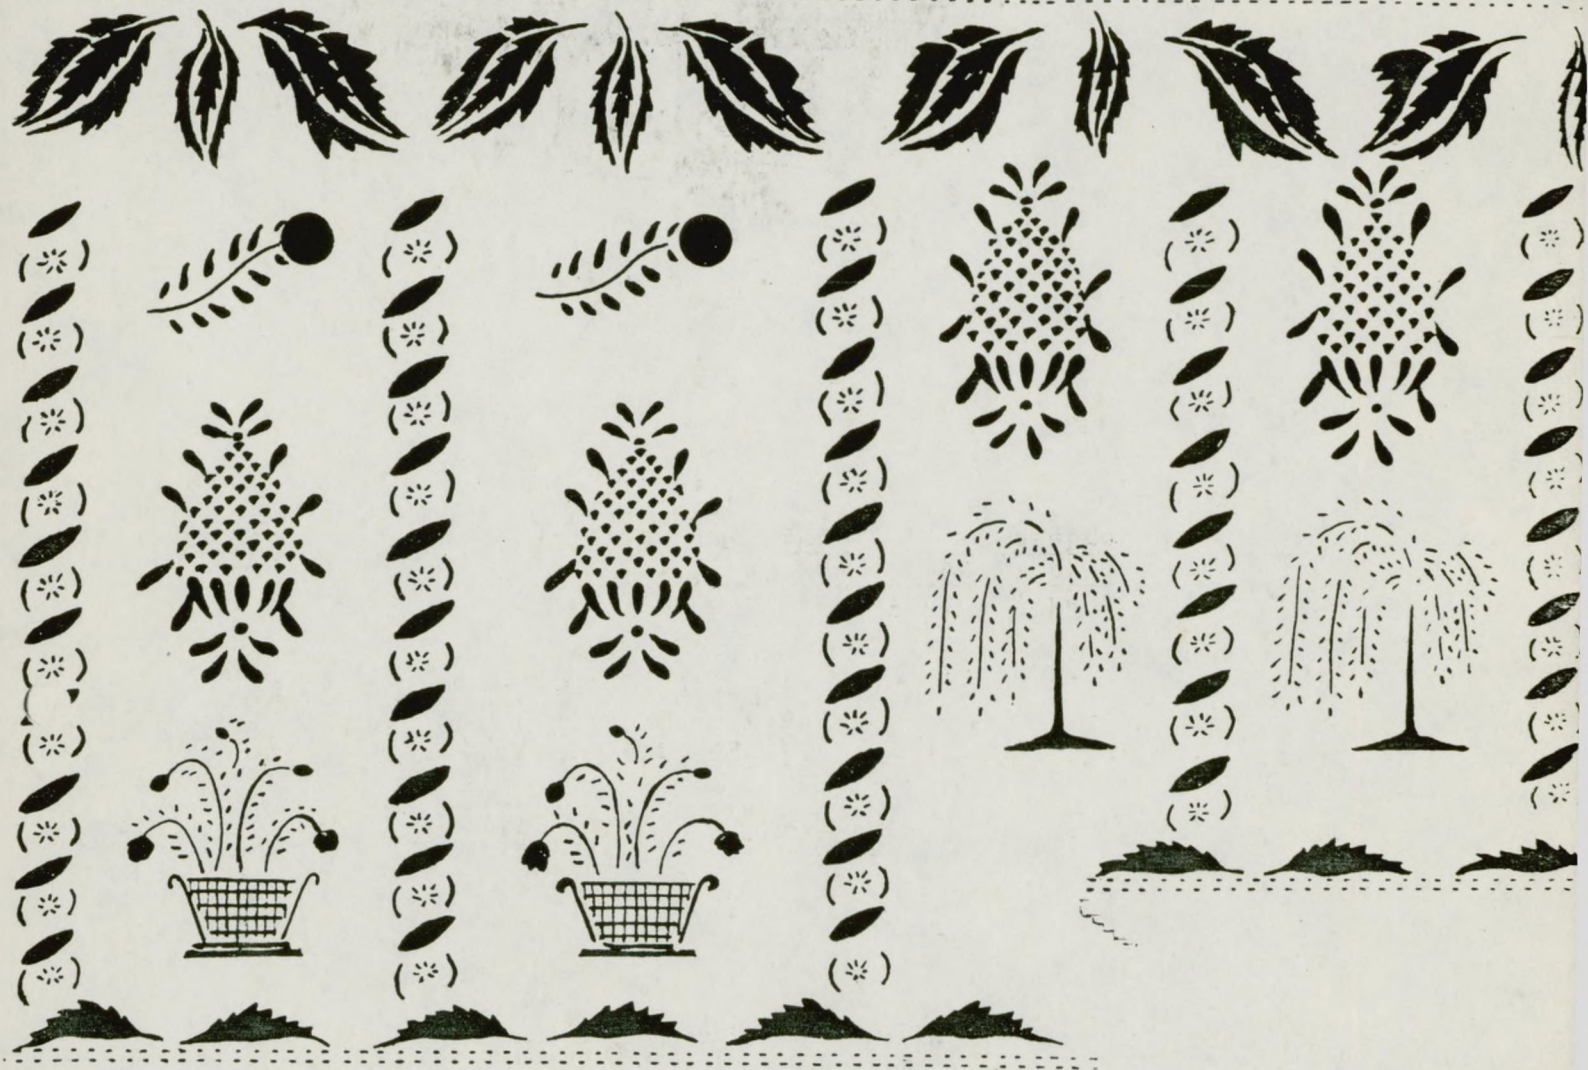

This house in the property of Walter R. Buckley, he inherited it from his Mother, Ida Guptill Buckley who was given it by her Aunt, Linly Guptill Rosebrook. This was the home of Mrs. Rosebrooks in-laws.
