The Flamingo Flock Arrives in Style at the 2005 Bird Ball

On August 20th, over 350 guests flocked Paradise Farm for a wonderful evening of fine food and music at the Norman Bird Sanctuary. Many guests arrived in pink flamingo-themed attire, ready for the evening's festivities and began their evening touring the first floor rooms of our historic farmhouse, where check-in was held. They were even given a sneak-peak of preliminary renovation plans by Board President, Lorrie Burns and Board members Paul Croce and Michael Hayes.

"Think Pink" was the theme as guests entered the event's tents, festooned with tropical palms and pink feathers with décor designed by David Price of Blackstone Caterers. The sumptuous food and drink was also provided by Blackstone Caterers and included

delicious items such as lobster quesadillas, signature pomegranate margaritas, Asian noodles served to-go, fish tacos and pressed Cuban sandwiches. Bellevue Cadillac kept the dance floor moving late into the night with their great music.

This year's silent auction featured over seventy items, including a 16ft sailing sloop, an adventure exploration to Antarctica and many works of art by fabulous local artists! The Norman Bird Sanctuary would like to thank all those who donated to this year's auction.

The hit of the evening though, were flashing pink flaming pins which were part of a special raffle for a pink Ipod Mini. Everyone left the party with the souvenir flashing flamingo. The auction and raffle raised our 21,000 alone! All proceeds from this fun and festive evening support our continued efforts in environmental education, habitat conservation and the preservation of open space on Aquidneck Island.

From the Director

What a summer...

Norman Bird Sanctuary volunteers and staff watched with equal measures of exhilaration and apprehension as Piping Plovers arrived, nested, hatched, and fledged from Third Beach. It was an incredible experience and faithful volunteers like Sue Williams and John Tucker enjoyed a special connection with the plovers. We all felt the joy of new parents when the chicks hatched and began wandering the beach. We felt sad and depressed as the plover family dwindled from four chicks down to one chick. And we were elated when the one chick finally spread her wings and flew. What an absolute delight! Thank you to everyone who shared in good times and bad times with us and the Piping Plovers.

And then there was a commotion in the South, as researchers discovered the existence of Ivory-billed Woodpeckers. Although the discovery did not directly affect the Norman Bird Sanctuary, we all had to catch our collective breath as we learned that this once-believed-extinct bird emerged from the swamps of Arkansas. This story just makes me feel good; it renews my appreciation for all the birds, wildlife and plants that I occasionally take for granted.

The Bird Ball was the icing on the cake for the Norman Bird Sanctuary, a perfect end to a wonderful summer. From the bottom of my heart I thank the staff, especially Stacy Couto, the Board, the Bird Ball Committee, the sponsors, and all of our guests. The Bird Ball surpassed all of my expectations. This event continues to grow and brings so many friends of the Sanctuary together to share a perfect evening together.

Looking ahead, the Harvest Fair is right on the horizon. This year marks the 31st anniversary of this community event and we plan to make the weekend as memorable as ever. The Norman Bird Sanctuary Harvest Fair is an event like no other on Aquidneck Island. The Harvest Fair brings out the very best in all of us and we could not do it without the amazing cadre of volunteers who pull together to make the Fair a reality. We can always use more volunteers to continue this amazing weekend-long event and I reach out to you, our members to join our Harvest Fair volunteer corps. If you can volunteer for part or all of the Harvest Fair weekend then we can certainly use your help. Please contact the Sanctuary to sign up.

I'll see you at the Harvest Fair October 1st and 2nd!

Feature Article

Who Made Camp 2005 So Much Fun?

If your family enrolled in a camp program at the Sanctuary this summer, you may have noticed a lot of fresh faces on our staff. Our Teacher Naturalists, with the support of parents and campers, are the driving force behind the success of our summer programs, and we were delighted to welcome a new crowd of educators for our 2005 season. Kelly Fox, Jeremy Lougee, Jen Paul, Erin Roach, and Kelly Stoos developed and implemented an environmental education curriculum for ten to twelve campers each week throughout our nine-week summer program. With backgrounds in everything from environmental policy and elementary education to marine biology and English literature, they drew on their various strengths to create outstanding outdoor experiences for all of our campers. Our Americorps team members, Meghann Deslaurier, Colleen Donovan, and Bruce Hutchings, each taught three weeks of camp. They spent their off-weeks delivering educational programs to our campers and to visitors from local organizations, including Looking Upwards, the Martin Luther King Center, and the YWCA. Thank you Americorps members!

This summer, Clare Rok, who had volunteered as an Assistant Naturalist (ANT) in the past, took on the role of Assistant Educator which meant she wore an assortment of different hats, supervising teen volunteers and filling in wherever needed. Ali Dutra, former camper and ANT, oversaw a popular after-care program and worked as an office assistant to Megan Bradley. Megan herself took a break from managing all aspects of the office (including camp registration!) to teach the young children's Fledglings camp. At her side was another long-time Teacher Naturalist, Marilyn Lyell, who taught the Preschoolers with Parents program. A number of special guests also lent their expertise to our summer programming to complement our weekly camp themes. Save the Bay, Roger Williams Park and Zoo, Glen Ridge Farm and the Audubon Society of Rhode Island

conducted fantastic animal programs with our campers. "Strong Woman" Julie Jennings taught us about Native American history and traditions, while Osprey Sea Kayak Adventures and Adventures in Learning worked with our older Summer Challenge groups. We also had help from Koch Eye Associates volunteers, Phyllis Duke, Fred Orwiler, and Jennifer Talancy.

Our registration process was the smoothest ever in large part thanks to our new database developed by Bryant Phillips and the team at Ball MicroSystems!

We owe a tremendous thank you to all of our Assistant Naturalists, who volunteered countless summer days to help our Teacher Naturalists. This year our ANTs were: Micaela Adams, Brittany Ames, Camille Baker, Kathryne Bauchspies, Lauren Bissonnette, Katie Brockway, Savanna Cortvriend, Samantha Donahue, Deanie Doucette, Nora Eschenheimer, Ferrin Gilchrest, Nicolette Hathaway, Sarah Hirsch, David Janiesch, James Kirschner, Trevor Mason, Megan Perry, Hayley Pires, Sebastian Raposo, Katie Ryan, Steve Solway, and Celina Wildemann. Lindsay Little, who helped us every week with our Fledglings program and beach trips, also deserves special acknowledgement.

Our Favorite Parts of Camp

Hiking to Hanging Rock

Dancing at Friday Fiesta

Songtime

Crafts

Ponding and going to the beach

Searching for salamanders

Meeting the red-tailed hawk

Watching kids learn to identify

plants and animals

Spending time with campers

The Camp Scholarship Fund

Thanks to Champlin Foundations, the Newport Garden Club, and the many members who supported our camp scholarship fund, we were able to send sixteen children to camp this summer.

More Camp 2005!

Education News

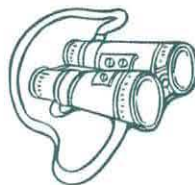

Megan's Migration

Megan Bradley, our fantastic office manager and educator, has decided to leap from our nest and return to the University of Rhode Island to complete her graduate work in 20th century American Literature. We will all miss her very much and we truly appreciate her hard work, intelligence, dedication and organization over the past few years. The members, visitors, board and staff will certainly miss her welcoming smile and adept problem-solving abilities.

Megan began her career with the Norman Bird Sanctuary in 2002 as a Teacher Naturalist in our summer camp program. She did such a great job that she was asked to continue on doing birthday parties on weekends while earning her Master's degree in English at U.R.I. She taught camp again during the summer of 2003 and then applied for the office manager position when it opened up in the winter of 2004. It was a lucky day for NBS when Megan became our office manager! She has not only seen us through the revamping of the database system, program registration process and office space, she has pitched in to help with school field trips and happily taught the weekly sessions of Fledglings camp during the summer. Her excellent communication and organization skills have kept us all up-to-date and on track over the past year and a half. The freshmen of U.R.I. should consider themselves very fortunate if they have Megan as their writing instructor next year because she is an excellent educator. Of course, since earning a PhD can take a few years, and Megan won't have to teach summer school, she is always welcome to migrate back to the Norman Bird Sanctuary to teach at our summer camp! So as with most of our former staff, it is not farewell, but see you again soon!

Educational Programs

Sunday Morning Birdwalks

Every other Sunday at 8:00 AM
October 2, 16, 30,
November 13, 27,
December 11, *Holiday Break*
until January 8, 2006
Free to the public.

Think migration! Join us for a guided bird walk every other Sunday. Dress appropriately for the weather and for hiking on rough terrain. Bring binoculars and meet us in the Sanctuary parking lot at 8:00 AM for a couple of hours of birding around the local area.

Gentle Yoga

*Mondays, September 12-
November 21*

(No Class on Halloween)

6:00 - 7:30 PM

*\$80 for 10 classes for Members,
\$100 for Non-members,
\$50 for elders over 65.*

*Sessions will be pro-rated if you
join after the start date.*

Certified yoga instructor and community herbalist, Clara Morgan, is offering a very gentle, relaxing yoga class that will benefit people of any age.

Participants are invited to bring their yoga mat and a blanket. Loose, comfortable exercise clothing is recommended. A few extra mats are available if you are just starting out. Registration required.

Minimum 4, Maximum 12

Mushroom Walk

Saturday, September 24

*1:30 - 3:30 PM • \$3 for Members,
\$5 for Non-members*

Join Dr. Roger Goos, URI mycologist and long time Mushroom Walk guide, to learn how to identify the many different types of mushrooms and fungi found at the Sanctuary. Please wear sturdy footwear and dress for the weather! Registration required.
Maximum 20

Tai Chi in Nature

*Tuesdays & Fridays
throughout the fall*

7:30 - 8:30 AM

No fee at this time

Our Tai Chi Master Ty Romijn has moved to Montana and we wish him well with his new adventures. His experienced students are continuing to practice Tai Chi on Tuesdays and Fridays in front of the Paradise Farm House at the Sanctuary. The beautiful overlooks the ocean with nature abounding. Newcomers are welcome.

Harvest Fair

Saturday and Sunday,
October 1st & 2nd
10:00 AM - 5:00 PM
\$5 Adults, \$2 Child
Celebrate the season with our 31st annual Harvest Fair event.

Preschoolers with Parents

Wednesdays 1:00 - 2:00 PM
Session B October 5, 12, 19, 26
Session C November 2, 9, 16, 23
Ages 3 - 5 years
*\$30 Members,
\$35 Non-members*

This series of four one-hour programs is an engaging and interactive way to introduce your preschool age child to the wonders of nature. We'll explore the outdoors using our five senses, sing songs, create crafts and seek out the plants and animals of the Sanctuary. Registration required.
Maximum 10

Early Autumn in Weetamoo Woods

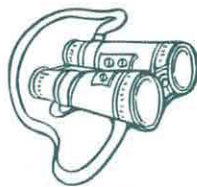

*Sunday, October 16,
1:00 - 4:00 PM*

Adult Program

\$8 Members, \$10 Non-members

Garry Plunkett, Co-chair and Habitat Manager of the Tiverton Open Space Commission, is leading a walk through this beautiful preserve. With 500 acres of coastal forest, Weetamoo Woods is at the heart of preservation efforts to safeguard an important tract of unfragmented woodland habitat along the New England seaboard. While enjoying the early fall wildflowers we'll visit

Educational Programs

cellar holes along Eight Rod Way and inspect what's left of the old Borden Saw Mill. Travel with NBS staff in the Bird Van leaving from NBS at 12:15 or meet us at Weetamoo Woods (south entry 'off East Rd.) at 1:00. Registration required. Maximum 15, 11 in the van.

Geology and the Changing Landscape

Families: Saturday Oct. 22, 10:00 - 11:30 AM

Adults Only: Saturday Nov. 12, 10:00-11:30 AM

Free to Members, \$4 Non-member adults, \$2 children

Explore the unique rock formations of the Norman Bird Sanctuary with naturalist Kelly Fox. What in the world is "pudingstone"? How was Hanging Rock formed? What events shaped the land around us? Find out the answers to these questions and more on this informative hike. Participants must be prepared to walk on rough terrain. The family walk is appropriate for ages 6 years and older, and will also include an indoor portion. Registration required.

Winter Wildlife Survival

Saturday November 5, 1:00 -3:00 PM

Family Program

Member Families \$8,

Nonmember Families \$12

Parents and children will discover some of the ways animals in our region survive winter including migration, hibernation and staying

active. Through games and activities, participants will become ecologists and explore the challenges that animals face during the cold winter months. Please be prepared to spend some time outdoors! Appropriate for children 5 years and older. Registration required.

Penguin Power

Thursday Dec 1, 7:00 PM

\$5 Members, \$7 Non-members

Please join Naturalist, Expedition Leader Susan Adie and her photographer husband Brad Stahl for a slide show expedition to remote regions of the world to learn more about PENGUINS! Brad's stunning photography and Susan's stories will both entertain and educate! In their work and travels Susan and Brad have guided people all over several continents in search of the world's 17 species of penguins. Both are Cornell University graduates who have traveled from the Arctic to the Antarctic and many places in between as lecturer and guides for organizations like, National

Audubon Society, National Geographic Society For more information on Susan and Brad visit their web site: www.NorthWindNature.com Registration required.

Holiday Owl Prowl

Friday December 9

6:00 - 8:00 PM

\$6 Members, \$8 Non-members, \$24 maximum fee for member families

December is a busy month for owls and people. During early winter evenings, owls are hooting and screeching as they choose their mates, set up their territories, and build their nests. People are planning and celebrating holidays. The Sanctuary has decided to blend the two, by presenting an evening of owl prowls, children's stories and activities, and holiday spirit! Owl walks leave every 30 minutes. Our Barn Owl gift shop, filled with tried and true children's toys, books, and activities, will be open for holiday shopping. Registration required.

Other Owl Prowls

Families: Friday, Dec. 16

Adults only: Thursday, Dec. 15

7:00 - 8:30 PM

Members:

\$4 adults • \$2 children

Nonmembers:

\$6 adults • \$3 children

(Continued on next page)

Other Owl Prowls *(continued)*

If you can't celebrate the season at the holiday owl prowl, join us on another evening! We begin indoors with an owl slideshow and then take you out on the trails to listen for great-horned and screech owls. We will play recordings of their calls and hope they talk back! The evening will close with hot cocoa and cider to warm you up. Registration required.

Winter Bird Feeders and More

*Adults: Friday October 21,
7:00 - 8:00 PM*

*Members Free,
Nonmembers \$4*

In the fall many of us begin putting out food to help our feathered friends either prepare for migration or survive the winter here. Join us for a talk on the different types of feeders and foods available for birds. Learn more about the natural history of the local songbirds and birds of prey who visit your yard, including ways you can help to protect them. Registration required.

RI Environmental Education Alliance Annual Conference (This year's theme is Habitat Diversity)

*Saturday, October 29
8:30 AM - 3:00 PM*

The Norman Bird Sanctuary is hosting this event!

\$40 Standard, \$30 Students

An excellent way for teachers, youth leaders or parents to delve into environmental education. Workshop topics include salt marsh ecology, geology, reading

the landscape, microhabitats, a roundtable discussion for teachers and informal educators and much, more! Registration includes early morning bird walk, workshops, a membership to RIEEA, lunch and a raffle. 7:30 AM Bird Walk! Call for a brochure.

Birding the DelMarVa Peninsula

Veteran's Day Weekend

*Friday - Sunday,
November 11 - 13*

*\$320 Members • \$350 Non-members
Adult Program*

This is a trip for those who love birds! We are taking a road trip in the Bird Van to one of the best regions in the east for late fall birding. We will visit Blackwater National Wildlife Refuge in Maryland, Chincoteague in Virginia and sites in Delaware and Cape May, New Jersey. Ducks, geese, shorebirds, raptors and more! Registration required.
Minimum 6, Maximum 8

Registration & Cancellation Policies

- Please come by the Sanctuary or call 846-2577 to register for programs that require a fee and/or have a maximum number of participants. Payment is required at the time of registration via cash, check, or Visa/MC.
- Free programs that have no maximum number of participants such as the Sunday Morning Birdwalk do not require prior registration.
- If you must cancel your registration, please call and let us know. Refunds will only be provided if you call at least 7 days in advance of the event. A check will be mailed to you within two weeks of cancellation.
- Programs that do not have a minimum number of registrants will be cancelled five working days before the event. (The minimum number is determined by Sanctuary staff and is usually based on the program's expenses.) In the case of program cancellation, your fee will be returned in full. In some cases, we will offer you the option of another date or a program credit.
- The Norman Bird Sanctuary Summer Camp has different registration and cancellation policies. Please refer to the Summer Camp brochure for that information.

Rhode Island Storytelling Festival

Sunday November 6, 1:30 - 3:30 PM

Adults \$10 Children \$5, Families \$20

NBS Members Adults \$8, Children \$4, Families \$15

Once again, the Rhode Island Storytelling Festival will conclude with a day of stories on nature themes at the Norman Bird Sanctuary. Storytellers will be spinning their magic in our accessible Ed Shed. Enchanting for all ages!
For more information, call Cindy at 847-5148.

The Norman Bird Sanctuary Offers Environmental Education All Year Round

We are well known for our summer "bird camp", but did you realize that the Sanctuary's education department offers programs to schools, families and community organizations throughout the year?

Science Enrichment for Students

If you are a teacher, home-school group or after-school coordinator we would like to send you our new education brochure. We present interactive environmental education programs for students on a variety of natural science themes at the Sanctuary or at your place! Topics include seasons, ecology, geology, animal adaptations, wetlands and much more! Our school programs are designed to support and enhance KITES and GEMS kits, so call today 846-2577!

New Early Childhood Offerings

Sanctuary educators have just developed a new menu of programs just for young children ages 3 to 6 years. These 45-minute hands-on programs use a blend of stories, puppets, live animals and crafts to engage children in topics such as seasons, insects, birds, reptiles & amphibians, pets & wildlife and more! Groups can schedule a program at the Sanctuary or in their classrooms. If you would like this new menu of offerings just give us a call 846-2577.

Outdoor Scout Adventures

Boy Scouts and Girl Scouts! We have a great place for you to earn badges with environmental themes or go on a hiking adventure! Explore the forests, fields, ponds, streams and ridges of the Norman Bird Sanctuary. Use your senses, detective skills and creativity to discover more about the wildlife and habitats of Rhode Island.

Programs and hikes focus on nature-related badges, such as the Brownies' Eco-Explorer Try It, the Girl Scouts' Wildlife Badge and the Cub Scout Naturalist Badge. Educators work with scout leaders one-on-one to accommodate each group's needs.

Seasons: Fall, winter and spring

Dates: Tuesday - Saturday

Time: 9:00 a.m. - 5:00 p.m. or by special arrangement

Guided Fee: \$6 per child for 1.5 hour guided program, 2 chaperones for every 15 children are free, additional chaperones are \$2 per person (minimum group fee = \$35)

Self-guided Fee: \$2 per person for self-guided hikes.

Eagle Scout Conservation Projects

We also facilitate special scout projects on the Sanctuary grounds. Scouts have helped with trail maintenance, built boardwalks, trail signs, and constructed our stairs to Hanging Rock. Please call our Property Manager for further information.

B'earthday Parties

Our beautiful wildlife sanctuary and classroom provide a wonderful place to celebrate your child's special day. Bring your group to the Norman Bird Sanctuary for a one-hour guided nature program of your choice and then adjourn to the classroom for an hour of celebration.

Topics: Hike to Hanging Rock for older children, Nature Discovery Walks, Nature Crafts & Games

Seasons: Fall, winter, spring. Summer on a limited basis due to summer camp.

Dates: Tuesday through Saturdays

Times: Most parties on weekends are scheduled from 10:00 am - 12:00 pm or 1:00 pm - 3:00 pm. Weekday afternoons are scheduled with each individual family

Fees: \$100 for NBS members. \$120 for non-members.

\$65 for self-guided parties - members only.

Maximum 12 • Children, ages 4 and up.

NORMAN BIRD SANCTUARY HARVEST FAIR HOME & GARDEN COMPETITION OCTOBER 1-2, 2005

The Spirit of competition: The Home & Garden Competition is open to amateur and professional gardeners, growers, canners, cooks and bakers of all ages.

- ❖ Each entry must be grown, or cooked from scratch, solely by the contestant.
- ❖ Professional growers and bakers must enter their items under the professional categories only.
- ❖ Each contestant may enter a category only once.
- ❖ Entries must be registered at the Home & Garden Booth by 11am on the day of the judging (except scarecrows, which must be registered by 2:00pm on Sunday), and must be removed between 5 & 5:30pm on Sunday, October 2nd.
- ❖ All entries should be labeled discreetly with the contestant's name, address, phone number and competition category.
- ❖ Young growers or baker contestants must be 14 years old or younger.
- ❖ After judging, all food entries will be sold at the country store. Proceeds benefit the Sanctuary.
- ❖ Amateur categories will be judged on Saturday, October 1st at 11:30am
Professional categories will be judged on Sunday, October 2nd at 11:30am

PRODUCE

- ❖ Best Single Fruit
- ❖ Best Single Vegetable
- ❖ Best Collection
- ❖ Biggest Pumpkin
- ❖ Most Unusual Vegetable/Edible Plant
- ❖ Young Grower-Best Produce
- ❖ Jack-o'-lantern Contest (*Judged on Sunday with Scarecrows*)

FLOWERS

- ❖ Best Single Rose
- ❖ Best Single Dahlia
- ❖ Best Fresh Arrangement
- ❖ Best Dried Arrangement
- ❖ Best Sunflower
- ❖ Biggest Sunflower Face
- ❖ Young Grower-Best Arrangement

SCARECROW CONTEST

Sunday Judging, 3:00pm

Spook the crows with your original creation. Bring your entry, or make one at the Fair. Straw and a limited number of poles will be available at the Fair. A great group, class or family activity!

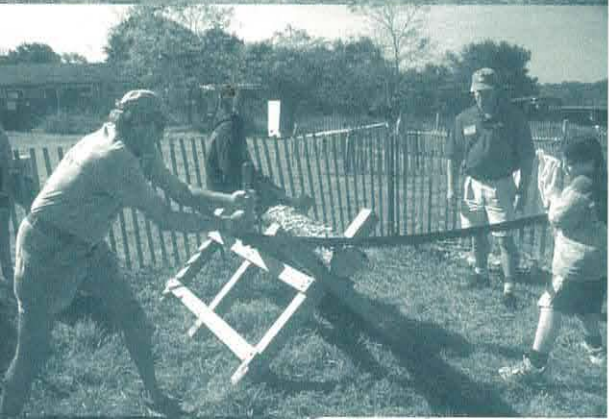

FOOD

- ❖ Best Apple Pie
- ❖ Best Pesto
- ❖ Best Salsa
- ❖ Best Savory Relish/Preserves
- ❖ Best Jam/Jelly
- ❖ Best Quick Bread/Muffins
- ❖ Best Cookies/Dessert Bars
- ❖ Young Baker-Baked Goods

For more information, contact the Norman Bird Sanctuary office at 401-846-2577 or info@normanbirdsantuary.org

OCTOBER 1ST & 2ND

Calling All Volunteers

We need you!

The 31st Annual Harvest Fair is right around the corner... Be a part of this annual community event and volunteer your time on October 1st & 2nd!

As always, we need many volunteers to run this special two day event. We are looking for volunteers to assist in a number of areas, including: gates, tickets, prize booth, parking, etc. Absolutely no experience is necessary! So, come out and join the fun; whether it's for just a few hours or an entire day-long shift, we need your support. Harvest fair volunteers receive free admission to the Fair and the opportunity to be part of the excitement!

Bakers Wanted

If you love to cook or bake, we have a job for you! The Sanctuary would LOVE to have donations of baked goods for sale during the Harvest Fair. Or, try your luck and enter your BEST recipe in our Home and Garden competition (please see insert for further details).

If you are interested in volunteering or donating baked goods, please contact Stacy Couto, Director of Development, at 846-2577, ext. 14 or scouto@normanbirds sanctuary.org.
