

DR. J. J. STAAB

The initial number of AGRIVIEW carried the announcement of Dr. J. J. Staab's appointment as Inspector in charge for the U. S. Bureau of Animal Industry for Vermont. Dr. Staab thus took the place left vacant by the death of Dr. L. H. Adams. Though keenly regretting the passing of Dr. Adams, it was a source of much satisfaction to Dr. Staab's associates in the State Department of Agriculture that he was the man selected to take Dr. Adams' place.
