SILVERACRES MONA LISA

OFA-SA-6

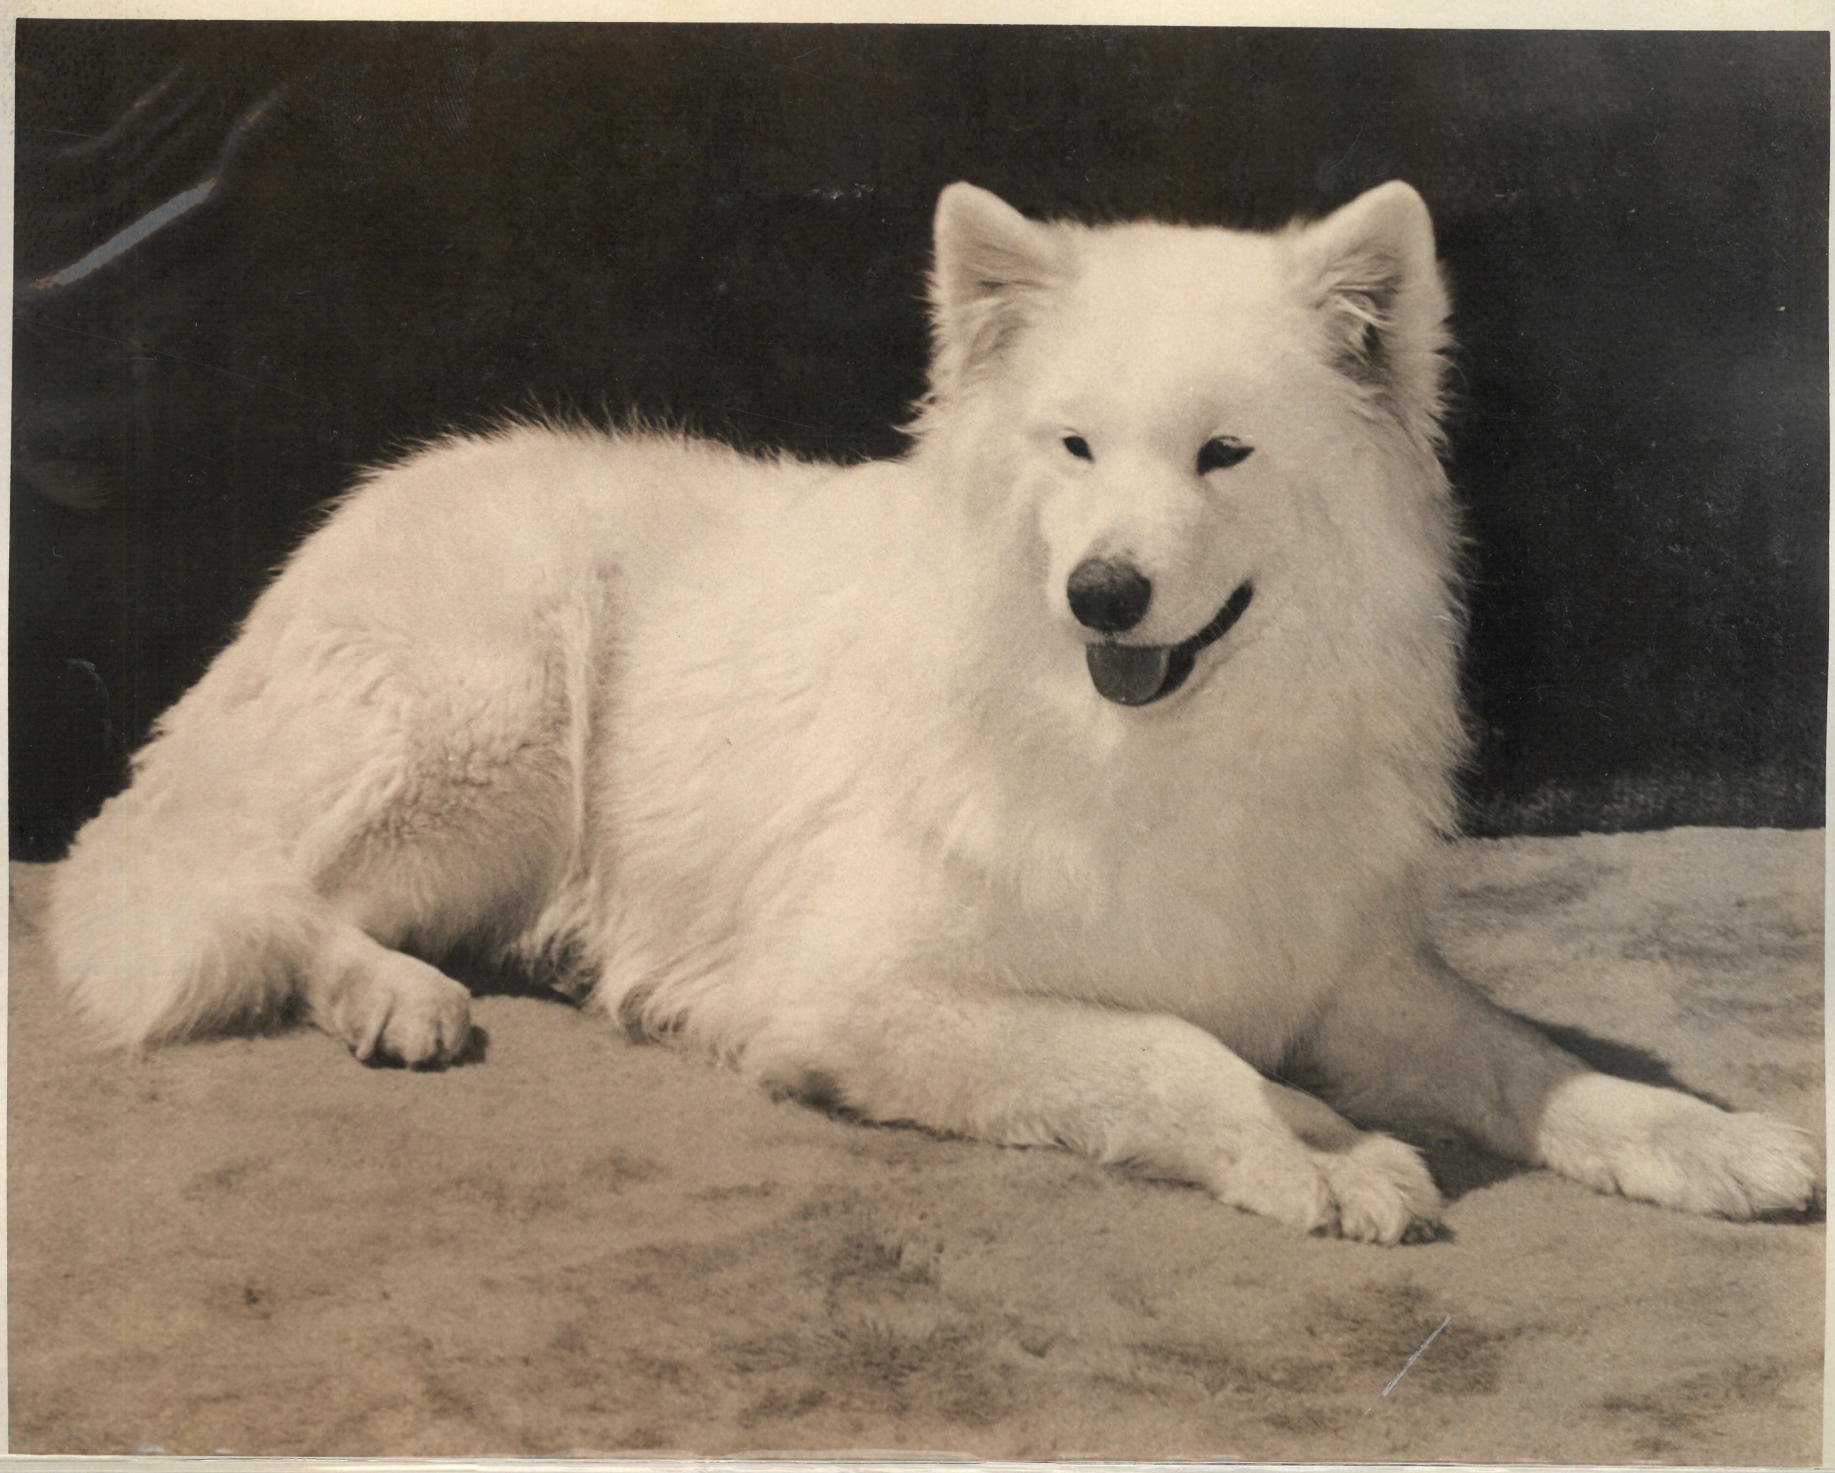

Mona was a big girl of about 23 inches and weighed about 60 lbs. She was pure white with jet points. She was shown a total of only 5 times and had both majors and a couple of minor points. She was too busy in the whelping box to finish her championship. She was bred to Bear (Ch Polar Star's Nika Frost) twice. One litter of 6 and one litter of 10 puppies. Prairie Bear, Polar Surf, Matejnik Nika, Bear Baby, Tsaritsa Valkyry, Icy Weathervane (7) became American Champions. Korack became a Canadian champion. She was bred to Tiger once and produced one puppy and he became an Anerican champion, Silveracres First Million. Tarina had 14 points when she was stolen in New Jersey, Polar Czar had both majors when he broke a leg in Montana and could not be finished. Mona was a top producer in both Kennel Review and Popular Dogs in 1971. Mona was put down at 8 years of age due to a back injury.
