**NINE PURE WHITE SAMOYEDS** strut their stuff at the California State Fairgrounds where they were exhibited in 1948. Behind the team of trained racers is Lloyd Van Sickle, famed musher of Truckee. This team will be entered in the Dog Derby on March 5 and 6 which is sponsored by the Sierra Dog Derby Association. The dogs are owned by Mr. and Mrs. A. E. Mason of Sacramento.

*They won the race*

Following Santa's Truck in Children's Parade - 1939

The photographer should have taken picture when Alison was in bed.

It was necessary for her to help my daughter because Vaska wanted to pass Sontai's truck (he is not use to following) and when the team couldn't pull because my daughter Aljean kept her foot on the brake he would turn around and nip them as he does at home when they won't start as soon as he is ready.

They are trained to go at high speed - for exhibition as they have only been used on short trips - eight miles the longest.

our lead dog pulls as much as any of them, and more when the others happen to lag.
