Kip was sold to Beckeye Austin in California as an 8 week old puppy. He has two legs on his CD but never got the other one. Beckeye was an obedience judge and passed away at a show. Kip was returned to us by Brad Forest at that time. He was 6½ years old at the time. He was very fat and it took a full year to get his weight down to where he was showable, about that time he and Tiger got in a hassel and Kip's ear was torn and a pint of merthiolate was spilled down Kip's front. This took an additional year to grow out so that finally at almost 8½ years of age he reached the conformation ring he completed the points for his championship on his 10th birthday..

Kip was almost 23 inches tall and would weigh about 65 lbs at good weight. He was pure white with no biscuit and a longer "glamour" type coat. His eyes were very dark and he still had a black nose when he passed away. His best point was his excellent reach and drive. He was very good temperment wise.

Dam: Ch. Cnejinka SA-9

We can't recommend this would work for everyone, but Kip's xrays taken for OFA at 77 months of age brought him Number SA-1893 and an Excellent rating. He will be in the conformation ring in the spring.
