25 dog team - Lead - Rex of W.W.

San Mateo Chivalry 195

Skid + Nick + Hagan see.

25 Dog Team at S.C.A. Natl. Specialty  
held at Bay Meadows, San Mateo, Calif  
Aug. 1952

Red of White Way at Lead.

(Encino Sams at back of team)

First time ever attempted to drive as large a  
team. Red was magnificent in leading  
this team, driven by the noted musher  
(+ trainer of Mason team) Lloyd Van Sickle.  
They went the mile of the track in beautiful  
gallop & "got a growl in the crowd & yet  
each team had never even seen the other  
teams until that moment.

**This imported Samoyed, Wanda of Kobe, is owned by Mrs. Margaret Tucker of North Hollywood. The breed is becoming more and more popular in this area. At many of our shows you will see an entry of well over 50 competing for championship points. Other fanciers in this area include Mr. and Mrs. William Smithson, Los Angeles; Mrs. Charles N. Burr, Beverly Hills; Mr. and Mrs. Kenneth Bristol, Agoura; Miss Alta E. Hill, Arcadia, and Mr. and Mrs. B. P. Dawes, Cupertino.**

## HISTORY of the SAMOYED DOGS

THE IMMENSE territories commonly called Russia and Siberia include many smaller countries inhabited by about forty races of people. Even within a few hundred miles of Petrograd there are Finns, Esthonians and Lithuanians, and in the far north there are Samoyeds, Ostiaks, Buriats, Chunkuses and Yakuts. The Samoyeds are an interesting race, inhabiting the tract of country which extends from the eastern shores of the White Sea in North Russia to the River Yenesei in West Siberia. It is bounded on the north by the Arctic Ocean and the Kara Sea, and includes the Kanin and Yalmal Peninsulas and the Island of Kolguey, Waigat and Novazemlla. The Arctic Circle passes about midway through it.

The Samoyeds are a nomadic race of Finnic origin and their language contains many words similar to those used by the Finns, and

TWO TYPICAL SAMOYED PUPPIES

imported in November 1928. He is pure white, beautiful dark eyes and nose, and stands 22 inches at the shoulder.

Polar Icicle of Farningham, great, great grand sire Antarctic Buck, was used on the Borchgrevink expedition. When returned from the Antarctic he was left at the Sidney Zoo and later purchased by Mrs. Kilburn Scott in England. He was one of the best dogs and has sired many champions.

Snow Ivan of Farningham also from Mrs. Scotts' kennels has nearly completed his Canadian championship and has made quite a success as a show and stud dog.

Several other good imported dogs are now making their homes at our kennels.

Siberian Kennels guarantee puppies to be exactly as represented, and we want our patrons to know that we shall maintain our interest in the puppies as long as they live.

Visitors are always welcome at our kennels; there is no obligation to buy. We love dogs, and if you love dogs, we shall be happy to have you call. We are located one mile from the Westerly Post Office on the North Stonington Road. Westerly is about forty-four miles west of Providence on the New York Road. Our phone number is Westerly 37 ring 6.

**CANINE AWARDS** for heroism will be presented during the Reno Dog Show Sunday in Moana Ball Park, to "White Beauty of Lucky Dee," above, a Samoyed owned by Helene L. and Layard K. Spathold of Richmond, Calif. The Sammy, which, by the way, is a show type pedigreed dog, with numerous show wins to her credit, will receive the medal and embossed certificate of heroism from the Quaker Oats Company, and the Dog World Certificate for canine heroism. Beauty saved her mistress and her possessions from a burglar, who tried to gain entry to the Spathold home, first through a door and then through a window. The Spatholds are former residents of Sparks, where Mr. Spathold served with the Sparks police force.
