CERTIFICATE OF APPROVAL

CH. ROGUE KRABRI VOK died unexpectedly on August 1, 1974. He sucumbed to bloat following his usual evening meal at Silveracres Kennel.

Rogue was the only boy in a three puppy litter born March 20, 1966. The parents were Ch. Cnejinka and Ch. Nachalnik of Drayalene. With such prestidgeous parents, great things were expected of all of these puppies. They lived up to all expectations. All three became champions and all three received their OFA certification numbers. Rogue and one of his sisters, Ch. Silveracres Kantishna, have produced very impressive breeding records. The thir puppy is now a model in New York. She is Ch. Silveracres Belaya Chalinka C.D. She has never been bred (models must protect their figures). Rogue went to a home in Denver as an eight-week-old puppy. His name was given to him at his new home. Loosely translated, Rogue Krabri Vok means "Renegade Bloody Wolf." Rogue was exiled to the backyard while the family's other dog lived in the house. When Rogue protested the arrangement, he was soundly beaten with a belt. Rogue tried to run away but was returned and punished more. At times he would jump the fence in the morning and not be punished until late evening. At about a year, it was decided that Rogue was not show material as he presisted in jumping fences. He was returned to Silveracres. By this time he was a neurotic dog. The beatings had left him badly scarred both physically and mentally. It took several months for the welts and scars on his hindquarters to heal properly. Many more months of love and training were necessary to cure his mental scars. Rogue finally overcame all of his bad puppy experiences and he received his AKC championship on June 7, 1969. His days in the show ring were few after he became a champion but he does have several group placings.

He had a unique barometer to display his nervousness in the ring. His gracefully curved tail would begin to curl a little tighter during best of breed competition; by the time the judge narrowed the field for group consideration, Rogue's tail would be a little bundle of fur. As soon as the judging was finished the tail would relax again.

Now he was ready to get down to the business of being a stud dog. Over the next five years Rogue produced 6 champions (all girls) 9 others have points towards their championships. Thirty eight of his progeny have OFA numbers. His last litter is just now eight weeks of age.

With a name like "**Bloody Wolf**" Rogue should have been the meanest animal in the country. With Chief as a father, Rogue genetically had to be gentle. Even with his unhappy experiences as a puppy, he never tried to be mean. Rogue's mother, Jinka, tried to teach all of her puppies to hunt for their own food. Rogue did not learn too well. For the past three years a dove has nested on the ground in Rogue's exercise pen. She has raised her family under Rogue's protection. The fur that he shed lines the nest. Rogue also raised cottontail rabbits in his pen. The mother cottontail returns to her burrow each spring to have her young. Each morning Rogue would check on his Dove and Rabbit. Harold always said "Rogue weaned the baby rabbits."

Rogue never wanted for affection at Silveracres. Doris and Harold love all their dogs, but Rogue did suffer one form of discrimination. Every night a different small group of dogs get to sleep in the house...all except Rogue. He could stay in the house, watch T.V., have his ears scratched, and hear all the latest news until bed time. When the other dogs snuggled next to the fire on the soft rug, it was back to the cold dog house for him. Rogue snored. He snored loud enough to keep everyone lese awake. I am sure he didn't do it on purpose.

Rogue was an extremely handsome animal, born to be loved, and to love in return. Everyone knows that their friend is not going to greet them with his unique basso bark. The Dove and Rabbit will have to find another baby sitter. Silveracres cannot replace the devoted affection that Rogue displayed.

Champion Silveracres Rogue Krabri Vok was a good friend to a lot of people - and other living things.

OFA SA-81

CH. PAYMASTER STORMPROF COTTON

OFA SA-591

Since finishing his championship, Rogue has been specialed eleven times - He has 7 Best of Breed wins with one Group II, one Group III and two Group IV placements.

Rogue has set a hard pace for all his kids to follow, but this litter whelped February 8. 1970 is going hard. Kandi led the group - finishing at 14 months of age with a five, two fours and a two point win. Cotton quickly followed with a five, two threes, two twos and three one point wins. MinDee the third bitch just completed requirements for her championship. Hos has two four point majors (he moved to Texas and lost all his coat on the way). All the pups except Kandi have been handicapped by very green novice handlers. Charlie, the only other pup in the litter was stolen at the age of six months, had never been shown or x-rayed. All these pups are outstanding for GAIT, HEAD, BONE and TEMPERAMENT.

Many thanks to Doris McLaughlin of Silveracres Kennels for helping me to find such a lovely girl from an exceptionally fine litter for my first puppy.
