The Cocker Spaniel, CH. MANOA MIRACLE MAN—A. K. C. 936980  
Owned by Captain J. H. Healy, 2324 Bay Street, San Francisco

# SAMOYEDES

By Miss Vera H. Lawrence

There's not much in the way of local news this month, so we are "borrowing" from the bulletin issued in July by the Samoyede Club of America, of which Mr. Miles Vernon is new President. Mr. Vernon is making a concerted effort to swell the membership of the Club, and invites old members to renew their membership, and is out for new members. Membership dues in the Club are \$5 yearly and applications with checks for dues may be sent direct to Mr. Vernon, 66 Duane St., New York.

Mr. Vernon asks that applicants simply write of their interest in the breed, stating ownership of a Samoyede if possible—though not essential—in this way we can best advertise our beautiful Samoyede breed.

To quote:—"We've the most gorgeous dog of all—the dog of glorious tradition—the dog of distinction—and we should make a concerted effort to make the breed more popular generally. And there is just one way—in a united front through our Club—The Samoyede Club of America."

A full report of the wins by Samoyedes at the Madison Show with 37 Sammies benched, follows:

## SAMOYEDES

Puppies for Sale—Sired by  
MAELCHECK

Best of Winners at Ambassador, 1935  
Whelped by

The special class for American bred—1st, Duke of Norka.

Brace class—Mrs. Jennie H. Williams' The prize money in each class for 1st, \$10; 2nd, \$3; 3rd, \$2. Judge Charles GG. Hopton.

Again we quote:  
"Fresno, Cal.—Mrs. Beverly H. Jones has a litter by Kara Kol ex Karenina. This breeding brings in about every good bloodline in America, and back in these pups' pedigrees we find such names as Champions Donerna's Barin, Yukon Mit, Tobolsk Nansen, Tiger Boy of Norka, Snow Frost of the Arctic, etc. Good Luck!"

The writer, whose ad appears elsewhere on this page, is busy caring for the litter of five whelped by her Karan's Snow Sprite and sired by Maelcheck, best of winners at the 1935 Ambassador show. This litter represents the best of the East and West with the famous Ch. Gorka strain being predominant.

The pups bear very heavy eye-rims, nose and lips, also dark eyes—are a husky lively bunch in spite of the fact that four weeks old they are entirely "on their own" as far as depending on their mother is concerned; enjoying their milk and lean red beef, and thriving upon it as many an older puppy might do.

Our picture this month shows little Margaret V. Lawrence, 2½ year old daughter of Forest Service Engineer John H. Lawrence and Mrs. Lawrence, sharing her graham cracker with her Sammy friend, 10 year old Nannuk. Happy companions, these two.

And now, folks—don't forget the coming Neptune Beach one day show.

The writer of this column would like to hear from Samoyede breeders on their reaction to a special Samoyede edition to cover the Christmas season, feeling that that season of the year most ably reflects the Samoyede to his full glory. This would call for a lot of co-operation on the part of the Sammie breeders and fanciers, so if you feel in a co-operating mood for an issue of that sort write to Miss Lawrence at 925 Modoc Street and tell her how, and how much you will help. It takes quite a bit of preparation for this sort of an undertaking, so if you will write immediately things can be put into great shape.
