Ebell and Its Work

The Ebell of Los Angeles was organized in 1894, being one of several Chapters on the Pacific Coast which bears the name of the founder of these societies, Dr. Adrian Ebell. Dr. Ebell was a German scholar of note, who, realizing that women had limited opportunities for developing their minds along scientific lines, planned the line of club work which bears his name. While traveling in America in 1876, Dr. Ebell formed the first Chapter, the Oakland Ebell, the oldest club on the Coast. After the model of this finely organized mother club, the Ebell of Los Angeles was formed, consisting of a central organization with study sections.

Primarily a study club, it has faithfully adhered to its founder's purpose, believing that the wisest action results from a broad culture and high standard of education. The number of those who take advantage of its section work has more than doubled during the past year, showing not only good leadership and excellent courses of study, but faithful, earnest work on the part of the members.

Hand in hand with the growing desire for intellectual attainment has come the greater desire to do for others; and it is a source of great pleasure to us to realize that during the past year our benefactions have amounted to many hundred dollars. The chief lines have been the Traveling Library, Traveling Picture Gallery and Public Baths.

The Ebell of Los Angeles has been unusually fortunate during the seven happy years of its existence in the selection of presidents whose successive administrations have given constant evidence of the unselfish devotion to the cause of

THE EBELL OF LOS ANGELES.

woman's work. A strong, firm foundation was laid with all the skill that love and fine workmanship united could compass by our first three presidents—Mrs. H. W. R. Stong, Mrs. Robert J. Burdette and Mrs. C. N. Flint. Under the leadership of our present president, Mrs. W. T. Lewis, is rising a superstructure, every timber in which speaks to us of her faithful, generous, sympathetic devotion to the best interests of Ebell.

The coming year bids fair to be one of unusual interest not only in our own circle but in all club circles, as we are to have the privilege and pleasure of entertaining the Biennial of 1902.
