

Volleyball

by Robin Rodak

The Louisville volleyball team is off to a great start this year. Their record so far is 9-1. Coach Wesie has an excellent starting varsity squad which consists of two seniors-Barb Peterson and Stacey Ramser, five juniors-Kay Kandel, Sue Lingenhoel, Carrie Miller, Kathy Ringer, and Rhonda Vanderworp, one sophomore-Jane Strong, and one freshman-Stacey DiRocco. Stacey DiRocco is also the only freshman to make the team and earn herself a spot on the varsity line up.

Although the team thought Lake would present a problem, the team fought hard and won. Glenoak was their only loss. "Right now, I don't think there's any team that can beat us. We should've never lost to Glenoak," Barb Peterson said about their single loss. The team has only 9 games left, and 5 of those are at home. With winning serves from Kay Kandel and key sets from Stacey Ramser, the team has a good chance of improving their record even more. When asked about the team's abilities, Barb confidently answered, "this year's team is probably the best skilled team Louisville has ever had, and we have an excellent opportunity for the Federal title."

Stacy Ramser runs on the court for her match

GIRLS

TENNIS

The 1986 Girls Tennis team is once again off to yet another great season.

Their record is solid with 12 wins and only 3 losses. They have had many tough matches against schools like Akron Firestone, Medina, Glenoak, and Pery (2-2). There have been many close 3-2 matches.

The first singles position is held by sophomore Nicole Catalan whose record is an impressive 14-1. Nicole is the #1 player in Stark County, (but she still can't beat her coach). Sheryl Renie is the 2nd singles who has a record of 14-2. When asked about Sheryl coach Parrish says that she is a "pleasant surprise." The #3

singles is filled by yet another sophomore, Dina Isreal who has had her share of tough matches but fights hard to win. The #1 Doubles are two juniors Andrea Aljancic and Gina Antonosanti. The #2 Doubles are Bobbi Beaver and Tiffany Menegay, also juniors.

Other members of the team include Sue Strong, Helen Juskiw, Diane Donofrio, Dana Derlich, and Jill Alaback.

Coach Parrish's total outlook of the season is that "Catalans hopes to return to the state tournament. We look to be very strong next year."

Sportlight

This month's Sportlight is on senior football captain Mike Schillig.

Mike feels that the season is off to a bad start but he feels that in the last couple of weeks the team has played tough when asked about the senior members Mike feels that this year's seniors have more heart than last year. "The seniors of '87" seem to want to play more." Mike feels that the team is small but they have a lot of quickness on the team.

"I would just like to say that I know that we have started off on a not so good season. We have six games left and this has the capability of 'turning the corner.' Just don't give up on us now."

SUPER STRIDERS

by Jennifer Yeagley

The cross country season has officially started. So far, the team has had a fairly successful season. Returning letter winners are Brenda Marks, Jennifer Yeagley, Ken Smith, Lisa Defendiefer, Jill Edwards, Eric Isgro, Tod Fallot, Dana Beisel, Cindi Smith, Neil Bole, and Tim Holbrook. The Most

valuable runners on the team are Ken Smith who recently took first place with a time of 16:42 at the Wooster Invitational and Brenda Marks who also made a fine showing at all the meets with a best time of 22:30. The record for the boys' team is 6-10, and the girls' record is 4-10.

AMY

by John Ofer

After qualifying for state her sophomore year, Amy Williams was chosen to participate on the American team for the International Sports Exchange.

On July 1st, Amy was off on a ten day excursion to the Fiji Islands. She began her trip with the competition in the capital city of Suva. (Amy participated in the 800, taking 4th place and in the mile relay, winning 1st place.) The American team came away winning first in the competition. One thing Amy said she remembers is that the native Figians all run without shoes.

After the race, Amy watched native fire walkers, went snorkeling, and visited Hawaii and California's Disneyland.

To sum up her trip, Amy said, "It was a fun trip, but I would never want to experience it again." Who knows, maybe someday Louisville will have an Olympian.
