

I will give you a description of our room
water is laying in bed damie began is
knitting a sweater for her ^{the} bear I suppose it
is out of chat with and is going to put a

think edge ~~asking~~ it it will be very pretty
I think Sarah Goleman is going to bed. ^{Thank}
is sitting at one end of the lucky table and
at the other our bed is in one corner of
the room by the fire place and the ^{log} room
at the other a pile of wood is by the fire
drying as it is very wet. it is raining ^{ing} this ^{ing} evening
and is very cold indeed. ~~all~~ our dresses are hanging
around the room and looks like a great curtain
we hang our dresses up and then our cloths
and spread our napkins over them I would
not do without it for anything our breakfast
is a boy turned up on its end with the
lid split and made into a cloth it we call
our ^{first} about we sit our looking glass on
the top. these girls I talk about is my some
nails we were first in class but oh I missed
us to remember I it is a very comfortable room
if we only had a carpet on the floor and fire
constantly. We went to church yesterday three times

not a bit of fire to go to bed by and we were
 very cold but the girls in ch^o 2 had fire and
 they let us come in and get good and warm
 the way they had fire they live in the
 neighborhood and their mother sent them wood
 and fire and had it cut and piled up in
 their room but by the time we were along
 the long passage we are so cold almost as we
 were when we went thru the passage it is
 almost as long again as the front porch at
 home is!

The B will not let us go down on
 the street without a teacher we can only go
~~three~~ ^{twice} a week on the street and then a teacher
 will visit us at our heels they are afraid that
 we will speak to the cadets they give school
 a great deal of trouble. with I is just having
 an operation she has a great deal of pain
 I wish she will get a few clowns for
 using the chamber we have to go to the
 sewing at night it makes no difference
 if we are rich or well if we use the
 chamber for a dirty purpose we get a
 number of bad manners with us she says
 she could not help it ~~that~~ if she got
 a hundred dollars she would send her love
 to you and says she will ^{write} ~~write~~
 no for she has a brother in prison and
 she had one sick and her mother had to
 go to him she tells Brother that she would
 begin sends her respects to him wife &
 says me in love for you and brother and says
 she will ^{write} ~~write~~ when you get your home tell
