

Dear Collector,

In the opinion of Resolution Photomatching, the jersey pictured on the previous page conclusively photomatches the jersey worn by Julius Erving in an undated image. The image shows Erving looking at the camera in a posed profile image, and is listed as being taken in 1974. The determinations of likely photomatches were also made to images of Erving from 10/4/1973 and 12/16/1973, and to an undated image captioned as circa 1974, an undated image against the Pacers captioned as circa 1974, an undated image captioned as circa 1975, and an undated image against the Squires captioned as circa 1975. These images showed likely matching characteristics with the jersey pictured on the previous page, but the characteristics were determined to not be definitively unique or definitively identical, and therefore conclusive photomatches could not be made to the images. It should be noted that none of the captioned years of the undated images could be confirmed.

A conclusive photomatch was made to the image noted above based on the alignment of the stitching on the upper right of the front of the jersey. Comparison analysis was conducted to confirm that these characteristics are unique to this specific jersey.

Erving played for the New York Nets from 1973-1976. During the 1973-1974 season, Erving averaged a league-leading 27.4 points per game, with 10.7 rebounds per game and 5.2 assists per game. During the 1974-1975 season Erving averaged 27.9 points per game, 10.9 rebounds per game, and 5.5 assists per game. Erving won the ABA MVP award in every season he played for the Nets. He went on to be inducted into the Basketball Hall of Fame in 1993.

Sincerely,
