Steve:

I don't specifically remember making this tape but I produced thousands of customized cassette & CDs of old radio shows during the 40 years before I retired. I did, however, look in my records and found just one order from Steve Caisse of Lithonia, GA in October 1999. At the time he was the National President of the Airline Dispatchers Federation.

Subject: Question about an audio cassette at the Av Museumof NH

Hi Ed -

I wondered if you might recall having put this tape together?

We recently acquired it from Steve Caisse, a former Manchester resident who was introduced to aviation at MHT (Charlie Cashin and Carl Park played a major role) and went on to a long career as a dispatcher with Delta Airlines.

I digitized it earlier today and made it available through our Hub web portal.
