FAMILY

RECEIPT BOOK.

THIS BOOK WILL BE FOUND TO CONTAIN A LARGE NUMBER OF COLOURING, COOKING AND OTHER RECEIPTS, VERY USEFUL TO EVERY FAMILY.

NEWCASTLE, C. W.:
PUBLISHED BY NORTHROP & LYMAN.
PRINTED AT THE GLOBE STEAM JOB PRESS, TORONTO, C. W.

TO THE PUBLIC.

The undersigned are the sole agents for the sale of "Dr. Trask's Magnetic Ointment," and "Ransom's Hive Syrup and Tolu," in the Canadas. The Magnetic Ointment is so well and favorably known that it is only necessary for us to say, that although it has been before the public for 20 years, the sales of the past year are much greater than those of any previous year, and that it is decidedly the most popular Ointment in use in the States or Canadas.

"Dr. Ransom's Hive Syrup and Tolu," or "Honey Syrup," was first introduced into the States in 1860.—Since then it has grown rapidly into public favor, and now ranks as one of the most popular Cough Medicines in use, and is extensively used throughout the Northern States as a favorite remedy for Hoarseness, Croup, Cough, Whooping Cough, Asthma, Consumption, and all affections of the throat and lungs. Particularly in that dangerous disease, the *Croup*, prevailing among children, "Ransom's Hive Syrup and Tolu" is universally acknowledged the best and most reliable remedy, and all families who have tested its merits, keep it constantly in the house as a ready remedy in sudden attacks. Its very pleasant taste makes it peculiarly desirable for children. We are confident it will give entire satisfaction, and hope our people will not fail to give it a thorough trial. Among other testimonials in this book, we call particular attention to the names of many distinguished Physicians, on page 8, who, knowing the composition of the Syrup, and having used it, can speak from experience, and are competent to judge impartially of its merits.

Address orders to
NORTHROP & LYMAN,
Newcastle, C. W.

GOOD FAMILY MEDICINES.—We do not often step out of our way to notice patent medicines editorially. Yet there are many articles of standard value advertised in our columns, and we know of some instances in which we might be doing the public good service by calling attention to them. Among such are "Trask's Magnetic Ointment" and "Ransom's Hive Syrup and Tolu." We *know* that these articles are good. We know that they are prepared by an experienced physician of over 20 years practice, and evidence that we cannot dispute has been shown us of the remarkable cures effected by them. In the case of that dreadful disease, Diptheria, in particular, we have been convinced of the astonishing results effected by a judicious use of this world-famed medicine, "Trask's Magnetic Ointment." This article is a standard preparation, and should be kept in every family. In regard to "Ransom's Hive Syrup and Tolu," we have personal knowledge of its almost magical power in stopping a cough that nothing else seemed to control. At this season of the year no family should be without this sterling medicine.—*Buffalo Com. Adv.*

CANADIAN
PAIN DESTROYER,

FOR THE IMMEDIATE RELIEF OF PAIN,

USED BOTH

INTERNALLY AND EXTERNALLY.

THE PAIN DESTROYER WILL RELIEVE

RHEUMATISM,	CHOLERA MORBUS,
PLEURISY,	DYSENTERY,
PAIN IN THE SIDE,	BOWEL COMPLAINTS,
LAME BACK,	SUDDEN COLDS,
SPINAL AFFECTIONS,	SORE THROAT,
SPRAINS AND BRUSES,	NEURALGIA,
PAINS IN THE HEAD,	TIC DUOLOUREUX,
SICK HEADACHE,	TOOTH ACHE,
CHOLIC, CHOLERA,	BURNS, FROST BITES,
CRAMPS IN STOMACH,	CHILBLAINS, &c,

The "Canadian Pain Destroyer" is composed entirely of vegetable ingredients, and by means of improved processes of preparation, the valuable and healing qualities of the different articles, entering into its composition, are extracted in all their purity, while all useless and deleterious matter is removed, and thus in a small compass much power is concentrated, and a small quantity only of the medicine is needed to effect a cure.

The "Canadian Pain Destroyer" has been before the public for many years, and we do not know of a single case where it has failed to give permanent relief when timely used, or an instance of dissatisfaction when properly and faithfully applied; but on the contrary, all who have used it, are delighted with its operations, and speak in the highest terms of its magical effects and medical virtues; and therefore we say to those who are afflicted with any of the diseases or complaints for which it is recommended, that they may depend on the "Canadian Pain Destroyer" as being a scientific preparation, and a never-failing remedy.

The "Canadian Pain Destroyer" has been, and is now, the means of relieving hundreds of persons daily from the torturing pains of Rheumatism, and its wonderful success in relieving Nervous Affections entitle it to a high rank in the list of remedies for these complaints.

It certainly requires an article of real merit, and intrinsic value to sustain itself during the stern ordeal of public experiment, and this the "Canadian Pain Destroyer" has done; it has stood the test trial, and has not been found wanting.

The success and sale of the "Canadian Pain Destroyer" far exceeds our most sanguine expectations; orders from medicine dealers and merchants in all parts of Canada are coming in daily for a further supply of it, and each testifying as to the general satisfaction it gives.

The "Canadian Pain Destroyer" is for sale in every City, Town, and Village throughout the Province. Physicians order and use it wherever its magical effects have been witnessed, and no family will be without it after once giving it a fair trial. To all sufferers we would say, do not let your prejudices, or the prejudices of others, stand in the way of relief that is sure to follow the use of the "Canadian Pain Destroyer," which has now become the standard medicine of the day.

DIRECTIONS
FOR USING THE PAIN DESTROYER.

RHEUMATISM.—This most painful and troublesome disease which affects the muscles and joints, especially the Shoulders, Arms, Loins, and all joints which are surrounded by many muscles, particularly such as are employed in the most constant and vigorous exertions; bathe the part affected freely with the Pain Destroyer, rubbing it in well with the palm of the hand, and in severe cases, take sixty drops,—or one teaspoonful—in molasses, morniug, noon, and night.

PLEURISY AND PAINS IN THE BACK AND SIDE.—Take a teaspoonful of the Pain Destroyer, in molasses, and bathe the parts affected freely with the medicine clear.

SPRAINS AND BRUISES.—In all cases of this kind, the parts affected should be freely bathed with the Pain Destroyer, and in obstinate cases a cure will be facilitated by occasionally bathing with warm water.

PAINS IN THE HEAD.—SICK HEADACHE can be relieved by bathing the temples and cords of the neck and nose freely, and by inhaling through the nose the scent from the hand, repeating the bathing every thirty minutes until relieved.

When the headache is accompanied with chills and cold feet, take a teaspoonful of the Pain Destroyer in molasses, and bathe the feet and legs with the Pain Destroyer clear, and then soak the feet in warm water, and as these complaints are generally caused by a disordered stomach, it would be well to take a dose of some good cathartic medicine (nothing better than Ayer's Pills) on going to bed.

COLIC AND CRAMPS IN THE STOMACH.—Take one teaspoonful in warm molasses and water, and repeat the dose every hour until relieved; in extreme cases, bathe the stomach and bowels well with the Pain Destroyer, and if the Pain continne use warm flannel cloths, saturated well with the medicine, and repeat as they become dry.

CHOLERA MORBUS, DYSENTERY AND BOWEL COMPLAINTS.—Give one teaspoonful of the Pain Destroyer in half a tumblerful of new milk and molasses, or well sweetened water, mix well and drink while warm, also wet flanels with the medicine and keep them across the bowels, renewing as they become dry, and let the dose be repeated every hour until the patient is relieved.

CAUTION.

To ensure the public against counterfeits, (and we are aware there are some unprincipled men, always ready to imitate a good preparation,) we have put the Pain Destroyer up in bottles, in which are blown the words NORTHROP & LYMAN, NEWCASTLE, C.W., and for additional security, we have had engraved on the outside wrapper, a note of hand, with a fac simile of our signature, to imitiate which is forgery, the consequences of which, we trust, will be sufficient to deter any one from attempting it.

Purchasers will please ask for the CANADIAN PAIN DESTROYER, prepared by Northrop & Lyman, Newcastle, C. W., and observe their note of hand on the wrapper, and be sure not to take any other, if they would get the genuine article.

Sold by all Medicine Dealers at 25 cents per bottle.

All orders for the "Canadian Pain Destroyer" must be addressed to

NORTHROP & LYMAN, Newcastle, C.W.

DOMESTIC RECEIPTS, &c.

Virginia Corn Bread.

Dissolve one table-spoonful of butter in three and a half pints of boiling milk; into this scald one quart of Indian meal; when cool, add a half pint of wheat flour, a little sugar, a teaspoonful of salt, and two eggs well beaten; mix well together, and bake in two cakes; tins well greased or buttered.

Fruit Creams.

Take a half an ounce of isinglass, dissolved in a little water, then put one pint of good cream, sweetened to the taste; boil it; when nearly cold, lay some apricot or raspberry jam on the bottom of a glass dish, and pour it over. This is most excellent.

To Make Vinegar.

Boil slowly for one hour three pounds of very coarse brown sugar in three gallons of water, work it with a little yeast, the same as you would beer; then put it into a cask, and expose it to the sun, with a piece of brown paper pasted over the bunghole; and it will soon become fine vinegar, fit for pickling or any other purpose.

To Make Hens Lay.

If a teaspoonful of cayenne pepper is given to a dozen hens with their food every other day, winter and summer, the quaniity of eggs they will produce will be nearly doubled. So says Dr. Hall.

Tomato Catsup.

One peck of tomatoes, boil and strain through a colander or seive; then take 2 oz. cloves, ½ oz. mace, (bruise these), ¼ oz mustard, some cayenne pepper, (to suit the taste), and tie them up in a piece of muslin; put this, with 4 table-spoonsful of salt, into the juice, and boil one hour; skim and bottle.

To Preserve Eggs.

If you take the eggs as soon as the hen has laid them, and smear the shells with lard or butter, they will keep as good as new laid eggs for some time; but if you rub the shells with butter at any time, it will keep them good for months, and will prevent their being hatched.

Dried Peaches.

Peaches, as usually dried, are a very good fruit, but can be made vastly better if treated the right way. Last season the receipts which had quite a circulation in the papers, of drying the fruit by a stove, after halving it, and sprinkling a little sugar into the cavity left by the extracted pits, was tried in our family. The fruit was found to be most excellent,—better, to the taste of nine out of ten persons, than any other peach preserves, by far. The peaches, however, were good ones before drying; for it is doubtful whether poor fruit can be made good by that process, or any other.

A Good Way to Pickle Cucumbers.

Put some spiced vinegar in a jar, with a little salt in it. Every time you gather cucumbers, pour boiling vinegar, with a little alum in it, over them. Then put them in the spiced vinegar. Keep the same vinegar for scalding. When you have enough, take all from the spiced vinegar and scald in the alum vinegar two or three minutes, till green, and then put them back in the spiced vinegar.

TOM THUMB ECLIPSED.—We read there has been a race between the New York Showmen to obtain possession of one George Washington Nutt, who is said to be several inches shorter than General Tom Thumb, and that P. T. Barnum has succeeded in getting him for three years for $30,000 board and expenses. Is it not a great thing to be a small man! and is it not equally as great to have a Medicine that can be depended upon for curing colds, rheumatism, burns, bruises, summer complaints, cholic, &c., if so get at once a supply of the 'Canadian Pain Destroyer.'

N. B.—The Pain Destroyer should be freely used for bathing the parts affected, whether the head, side, back or bowels.

TRASK'S MAGNETIC OINTMENT

IS NOW

THE MOST POPULAR OINTMENT IN THE UNITED STATES.

It has been before the public over twenty years, and its reputation is fully established as a SUPERIOR OINTMENT in all cases where a soothing and relaxing remedy is required, not only in Diptheria, but in CROUP, RHEUMATISM, NEURALGIA, INFLAMMATION OF BOWELS AND KIDNEYS, SPINAL AFFECTIONS, SORE EYES, BURNS, PILES, WOUNDS AND BRUISES. We append testimonials showing the success attending its application in many cases of disease both general and local:

Diptheria.

Trask's Magnetic Ointment has been extensively used for the past two years, with great success for the prevention, relief and cure of that dreaded scourge DIPTHERIA, and is no doubt the best known external remedy. We append physicians' certificates, selected from a large number, to substantiate what we say. For this disease it should be applied freely to the throat and chest, and covered with a hot flannel.

CHATFIELD, Fillmore Co., Minn., January 9, 1862.

Messrs. D. RANSOM & Co.:

For several years past I have held the agency for "Trask's Magnetic Ointment, and thus became acquainted with it as a medicine, particularly in diptheria. During the summer and fall of 1861, the above disease was very prevalent in and about Chatfield, assuming, in many cases, great maliginity. In every case to which I was called, a free application of the ointment was made, externally, and my conviction is that it contributed largely to their recovery. I would not treat a case without it.

As an external application, it is unsurpassed for burns, Frozen Limbs, Rheumatism, Asthma, Croup, and many other diseases.

(Signed) R. W. TWITCHELL, M.D.

HAMILTON, N. Y., Feb. 18, 1861.

D. RANSOM & Co.:

Gentlemen,—Agreeably with your request, I cheerfully communicate the following facts to the public:

A few weeks since we lost an only daughter, an interesting girl twelve years of age, with diptheria, the wide spread epidemic now prevailing. About eighteen hours before her death, the agony she seemed to undergo from difficulty of breathing, caused us the greatest anxiety to procure some remedy to relieve her suffering. Having seen in the Utica *Herald* a notice of Trask's Magnetic Ointment, as a remedy for diptheria, we procured a bottle, and at once applied some to her throat and chest. In about five minutes she seemed wholly relieved, and said: "Oh! pa, how easy I can breathe; I can breathe almost as well as I ever could;" but the disease was too far advanced to make the relief permanent. After awhile the oppressive breathing returned, and although she was much relieved by subsequent applications, nothing could save her. Soon after, our two boys were attacked, apparently more violently than their sister, and by the advice of our physician we used Trask's Ointment from the first. They recovered without the development of any croupy or malignant symptoms. I regret we did not make an earlier application in the case of our daughter. The happy effects of this ointment have not only been tested in my family, but in those of a number of our citizens. I shall be gratified, if by this statement, I may induce those afflicted with this fearful scourge to try Trask's Magnetic Ointment, for I believe it an important remedy.

AUGUSTUS L. WHITE.

Inflammation of the Knee-joint.

WELLSVILLE, Alleghany Co., N. Y., June 11, 1856.

My wife was afflicted with chronic inflammation of the knee-joint, which had prostrated her to helplessness. Several of the most prominent physicians of our county had pronounced it incurable, and that nothing but amputation would save her life. As a last resort we commenced using the Magnetic Ointment. It acted like a charm, and effected a perfect cure in a very short time. The disease had been in progress about three years before we commenced using the ointment.

WM. C. ARMSTRONG.

Scrofulous Sores or Ulcers.

ILLINOIS CITY, Ill., Jan. 27.

I first became acquainted with your Ointment this winter, and am now using the seventh bottle in the case of ulcers in the left ankle and limb, between the ankle and knee. It has had, and is still having a powerful effect upon the whole system. It has relieved the pain in a great degree, and the sores are healing as fast as we could wish This case has baffled the skill of the best physicians of the States of New York, Pennsylvania, Ohio and Illinois, and for twenty years we have vainly sought for a remedy or relief. But now we are fast effecting a cure by the use of the Magnetic Ointment alone.

[See General Directions] ELISHA BEARDSLEY.

Sore Eyes.

LAURENS, N. Y.

"Whereas I was once blind, I now see."

Having been for some twenty years afflicted with sore eyes—at different times so acutely inflamed that to think of the light gave me great pain—and having had the aid of the most skillful physicians in the country, besides using all the remedies I could hear of—all to little or no purpose—I had almost despaired of ever being any better. At this time, the fall of 1846, a friend recommended me to try *Dr. A. Trask's Magnetic Ointment*. I obtained a bottle, and used it as directed; and, to my utter astonishment, I found my eyes rapidly improving under its use. I continued the application until they were entirely restored. I have since kept the ointment always at hand, and have used it in a variety of cases, and always with success. I believe it has no equal in the world for the purposes for which it is recommended.

Very respectfully yours, H. HOPKINS.

RUBICON, Wis., June 5, 1863.

Your travelling agent left me a few dozen of your Magnetic Ointment last August, which lasted but a short time. I have bought in Milwaukee and sold about thirty dozen since. It is a great remedy for inflammation. One of my customers, Fred'k Jurgens, was severely afflicted with sore eyes. He had the treatment of three physicians, without benefit, and they gave him up, saying they could not cure him. I recomended him to use the Magnetic Ointment, which he did, and was cured by it in a very short time.

H. M. HEINE.

SOUTH BEND, Ind., Jan. 1, 1855.

Dr. Trask's Magnetic Ointment has performed some almost miraculous cures in this vicinity. It is the only remedy in use here for inflamed eyes. The auditor of our county has so much faith in its curative powers in this disease, that he not only highly recommends it, but offers to forfeit the amount paid for it in each case, if it fails of a cure.

Yours truly, A. G. CUSHING.

Inflammation of the Bowels.

The virtues of the Magnetic Ointment were most severely tested in the case of Mr. E. Stebbins, of Clinton, Oneida County, N. Y. Mr. Stebbins was violently attacked with inflammation of the bowels, and fearing some severe illness, had the benefit of the best medical attendance which Clinton affords. His medical attendant, finding all his efforts to relieve him vain, a council of physicians was called, and, as a last resort, a powerful dose of Croton Oil was administered, but with no better success; and he was pronounced to be beyond medical aid. Some even expressed the opinion that mortification had already taken place. At this critical period a friend, who had some knowledge of Dr. Trask's Ointment, recommended its use. A bottle was procured, and, by consent of the attending physician, applied. *In less than twelve hours* all inflammation had subsided, and in a very few days the patient was pursuing his usual avocation, in the enjoyment of health. The grave was never cheated of its victim more unexpectedly. For the truth of the above statement we would refer the doubting reader to Mr. S. himself, or Dr. Bronson, of Clinton, or to any other respectable resident of Clinton, acquainted with Mr. Stebbins.

FENNER, N. Y., June 9, 1857.

For the benefit of those who may be suffering under similar complaints, I make the following statement in relation to Dr. Trask's Magnetic Ointment. It has cured me of a violent attack of inflammation of the bowels, after the efforts of two of our best physicians had failed to arrest the disease. It has also cured me of a bad running sore on my right side, caused either by erysipelas or salt rheum, for which I had taken the best medical advice, and applied various remedies, with no effect.

LUMAN YOUNGS.

[See General Directions.]

Inflammation of the Spine.

DEANSVILLE, N. Y.

To all whom it may concern, I would state that I have made use of Dr. Trask's Magnetic Ointment in cases of Spinal Affection and Acute Inflammation, with excellent effect.

In the Fall of 1845 my wife was afflicted with an affection of the spine; she was unable to labor, and at the time I commenced applying the Magnetic Ointment she could not bear the weight of the hand upon her back. I used nearly on ounce of the Ointment at one application, and continued rubbing in for nearly an hour; before I ceased, the pain and soreness were greatly relieved. I did not repeat the application again for two or three days, when I again repeated it. After the lapse of a day or two, I repeated it again. Her health continued steadily to improve from the first application, and now, by the blessing of God, through the use of the above remedy, she enjoys sound health.

ORRIN CRANDALL.

Never be ashamed of confessing your ignorance, for the wisest man upon earth is ignorant of many things, insomuch that what he knows is a mere nothing in comparison to what he does not know. But we apprehend very few are ignorant of the wonderful effects of the "Canadian Pain Destroyer;" it's a most sure and rapid cure for colds, rheumatism, pleurisy, cholic, cholera morbus, and all summer complaints.

RECIPES FOR COLORING.

Black.

ON WOOL, SILK, OR COTTON.—For every pound of cloth it will require one ounce of extract of logwood, and half an ounce of blue vitriol. Prepare an iron kettle with a sufficient quantity of water to admit the yarn or cloth to be worked in the dye, without being crowded; bring the water to a scalding heat, then put in the yarn or cloth a few minutes; when it is thoroughly wet, take it out and drain it; in the next place add the blue vitriol, and when dissolved, and the water skimmed carefully, put in the material to be colored, and let it remain half an hour at a scalding heat, airing it occasionally; then take it out and rinse it in soft water; the vitriol water may be emptied into a separate vessel, and the extract of logwood dissolved in a sufficient quantity of water, brought to a scalding heat, and skimmed; put in the cloth, keeping the dye at the same temperature, and let it remain half an hour, airing it frequently, then take it out and drain it; add the vitriol water to the dye, and put it in again, let it remain fifteen minutes, airing as before. Cleanse it well.

To Dye Brown.

For each pound of wool take a quarter-pound of alum and two ounces of cream of tartar, and boil for half an hour. Take half a pound of red powder, quarter-pound of fustic, and two ounces of logwood chips; soak these a night in sufficient warm water to cover the wool; take the wool out of the alum water and boil with the woods for about half an hour. If a dark brown is wanted, add about a table-spoonful of copperas.

Madder Red.

Take one pound of madder for every two pounds of yarn, or cloth; soak the madder in a brass or copper kettle one night in warm water, enough to cover the yarn you wish to color; next morning put in two ounces of madder compound for every pound of madder which you have soaked, then wet your yarn or cloth in clean water, and wring it out in clean water; afterwards put in the dye; now place the kettle over the fire and bring it slowly to a scalding heat, which will take it about half an hour; keep it at this heat half an hour if a light red is wanted, and longer if a dark one, the color depending upon the time it remains in the dye. When the color is made rinse the cloth immediately in cold water, and it will then be finished.

To Color Crimson.

Use one pound of Lac Dye, together with two ounces of compound, to every two pounds of cloth or yarn. Soak the Lac Dye over night in a brass or copper kettle; then add the compound, and stir; then the cloth, and bring your dye slowly to a scalding heat; then vary the time as you wish the color; if dark let it remain some hours, if not, one hour; then rinse in soft spring water, without soap.

FOR COLORING THE HAIR.—The Canadian Liquid Hair Dye is excelled by nothing for coloring the hair or whiskers. It is prepared from the best materials, and by its peculiar combination is WARRANTED to color without injury to the most delicate hair, allowing it to retain all the lively appearance of nature. A simple trial, according to the directions on each bottle, will satisfy the most skeptical.

Prepared only by **NORTHROP & LYMAN**, Newcastle, C. W., to whom all orders should be addressed. For sale by all Druggists and Medicine Dealers throughout the Canadas and the United States. Price **50** cents per bottle.

RANSOM'S HIVE SYRUP AND TOLU.

Hive (or Croup) Syrup has long been known and used by the people and physicians as a universal Cough Medicine, and has an older and better reputation than any other cough remedy ever offered to the public. In fact, it forms the basis of all good Cough Medicines.

RANSOM'S HIVE SYRUP AND TOLU, in addition to ingredients for ordinary Hive Syrup, contains Balsam of Tolu, Decoction of Skunk Cabbage Root, Lobelia and Hops; a combination that must commend it to every one as a superior remedy for CROUP, WHOOPING-COUGH, ASTHMA, BRONCHITIS, COUGHS AND COLDS, indeed, for all affections of the Throat and Lungs where a Cough Medicine is necessary. This Syrup is carefully prepared under the personal direction of a regular physician of over twenty years' practice, whose signature is attached to the directions on the bottle. Its very pleasant taste makes it an agreeable medicine for children; every person should keep a bottle of Ransom's Hive Syrup and Tolu in the house, not only as a universal Cough Medicine, but as a sure and ready remedy for sudden attacks of CROUP among the children. It is a sure remedy for distressing attacks of Asthma, affording relief in a very short time. With full directions, both in English and German, pasted on each bottle. Reader, try one bottle of this superb article. When once tried, its superior merits will be acknowledged by every one. Remember that CONSUMPTION is caused, in most cases, by neglecting a slight cough.

RANSOM'S HIVE SYRUP AND TOLU is for sale by dealers in Medicines throughout the country. Small bottles contain four, and large bottles eight ouuces, by weight.

Physicians' Testimony.

The undersigned, practising Physicians and Surgeons, certify that we have used and prescribed the Hive Syrup and Tolu prepared by D. Ramson, M. D., and find it an excellent remedy for ordinary Coughs, Hoarseness, Bronchial and Lung Affections:

J. A. RESSEGIEU, M. D., Earlville, N. Y.
H. MEAD, M. D., Morrisville, N Y.
GEO. MUNGER, M. D., MORRISVILLE, N. Y.
THEO. MEAD, M. D., Perryville, N. Y.
LEVI P. GREENWOOD, M. D, Erieville, N. Y.
E. H. GRAY, M. D., Eaton, N. Y.
F. W. ROOT, M. D., East Hamilton, N. Y.
E. S. LYMAN, M. D., Sherburne, N. Y.
O. B. WILCOX, M. D., Assistant Surgeon U. S. Army.
J. MOTT THROOP, M. D., Surgeon U. S. Army.

Extracts from Letters.

MILTON, Wayne Co., Ind., March 12, 1864.

Your Hive Syrup and Tolu has proved itself the most reliable medicine for the purpose intended, of which I have any knowledge. DAVID G. KERN.

TISKILWA, Ill., February 5th, 1864.

We consider your Hive Syrup and Tolu an excellent article, and can conscientiously recommend it to the public. N. W. BARLOW & CO.

TURNER, Maine, Dec. 25th, 1863.

We are out of your Hive Syrup and Tolu, and we have calls every day for more. Please send us six dozen by express immediately. B. F. TEAQUE & CO.

OTISCO, Mich., Jan. 11, 1864.

Send us six dozen more of your Hive Syrup and Tolu. It sells well. Those who use it once want it again. DAY, PANGBURN & CO.

EDWARDS, Wis., Jan. 11, 1864.

I have sold all the Magnetic Ointment your Agent left me last summer, and wish you to send me a supply as soon as possible, as I don't like to lose my customers by not having it always on hand. EDWARD NEWHOUSE.

WHITE PIGEON, Mich., Feb. 2, 1864.

I find your Hive Syrup and Tolu an excellent remedy for Whooping Cough and Croup, especially for the former, which is prevailing in a neighborhood south of us. I must not be out of the Syrup; please forward me a supply without delay.
W. O. AUSTIN.

GRAND HAVEN, Mich., Jan. 21, 1864.

Please send us six dozen Hive Syrup and Tolu; we have sold all your agent left with us. We cannot afford to be without it. ANGEL & NORTH.

JERSEYVILLE, Ill., Feb. 3rd, 1864.

Your very reliable medicines have a great run here. I am out of your Hive Syrup and Tolu. Please send me a gross as soon as you can. C. A. BUFFINGTON.

INDIANOLA, Iowa, Jan. 19, 1864.

We have sold all the Hive Syrup and Tolu left with us, and could have sold double the quantity. It gives very general satisfaction. We want a supply at once.
WAYSON & NOBLE.

CHATHAM FOUR CORNERS, N. Y., Jan. 27, 1864.

Send me a supply of your Hive Syrup and Tolu and Trask's Magnetic Ointment; I am entirely out, and cannot keep shop without them. J. L. BEST.

TAFTON, Grant Co., Wis., May 13, 1862.

There is no medicine that sells so rapidly as your Trask's Magnetic Ointment and Ransom's Hive Syrup and Tolu. The Syrup and Tolu will stop coughing almost instantly, and is a certain remedy every time for the Croup. The Magnetic Ointment is a universal remedy. I have used in my own family, including what my neighbors have borrowed, no less than twelve bottles. It is the best for Burns, Sores, Swellings, Sore Throat, and, indeed, everything it is advertised to cure, of all the medicines used for such purposes. I am out of the two medicines. Send me a supply at once.
DAVID PARSONS.

FRANKSTOWN, Pa., Jan. 12, 1864.

I bought some of your Hive Syrup and Tolu a few days ago, and have sold it all. It has given entire satisfaction. Please send me six dozen immediately, and I will forward the funds on receipt of it. MARTIN L. STEHLEY.

BERRIEN SPRINGS, Mich., Feb. 25th, 1864.

The six dozen bottles of your most excellent cough mixture, Hive Syrup and Tolu, which was left by your agent last fall, is entirely gone, and as it is an article no druggist or community can dispense with, will you please forward to me six dozen more, to be accounted for to your agent when he comes to this place again.
L. A. BARNARD.

SUNDRY USEFUL RECEIPTS.

A hot shovel held over varnished furniture will take out white spots.

A bit of glue dissolved in skim-milk and water will restore old crape.

Ribbons of any kind should be washed in cold soap-suds and not rinsed.

Dr. A. Trask's Magnetic Ointment cures Croup or Rattles.

If you are buying a carpet for durability, choose small figures.

Scotch snuff put on the holes where crickets come out will destroy them.

A gallon of strong lye put in a barrel of water will make it as soft as rain water.

Sore Lips, Chapped Hands, and Chilblains, are completely cured by two or three applications of Trask's Magnetic Ointment.

CERTAIN CURE FOR FLEAS ON DOGS.—Soak the dog five minntes in camphene, and then light him.

Painter's Colic, Diarrhœa, Summer Complaint, and Cholera Morbus, to be treated the same as Cramp and Pain in the Stomach; the dose to be repeated more or less frequently, as the violence of the attack may require, bathing the stomach and bowels freely with the medicine, laid on warm with flannel. Keep the flannel moist with the medicine. The Pain Destroyer may be often given with Castor Oil, in such cases, with good effect.

Ague in the Face and Breast is speedily relieved by the use of the Magnetic Ointment.

EARACHE.—Dip a little cotton in the melted Ointment and put in the ear, and apply freely to the side of the face and neck, and heat in by the fire. It will afford relief in a few minutes.

FRIENDLY ADVICE.—Never endorse a dollar for friends or relations without your wife's written consent, and after obtaining which, have it read every day to your family, that you may be exonerated from all blame should anything unpleasant occur. In studying the health of your family you need not go to this trouble. Take home a bottle of the "Canadian Pain Destroyer," and use it according to directions, and your wife will soon tell you it is the best medicine she ever used, and that you must on no account be without it.

Manna Cake.

One cup of sugar, a piece of butter as large as an egg, one cup sweet milk, one egg, ½ teaspoonful of Soda, one teaspoonful of Cream Tartar. Flour enough to make a paste.

Lady Cake.

12 ounces of sugar, 8 ounces of flour, 4½ ounces of butter, ½ ounce of lemon ess., whites of eleven eggs.

Snow-Ball Cake.

One cup of sugar, ½ cup of butter, 1 teaspoonful of soda, whites of three eggs broke in at the same time. Flour enough to make a paste.

Albany Breakfast Cakes.

1½ pounds of flour, 1 pound of sugar, 2 table-spoonfuls of rose water, a little cinnamon, 1 egg, a teaspoonful of soda, dissolve in an extra cup of cream.

Black Cake.

1 lb. of sugar, 1 lb. of butter, 1 lb. of flour, 2 lbs. of raisins, 10 eggs, beat them well together; add two wine glasses full of brandy. Spices to suit the taste.

To Make Bread Cake.

2 cups of light dough, 1 cup of sugar, ½ cup of butter, ½ teaspoonful of soda, 1 egg; spice and raisins as you see fit.

Spice Cake.

1 teaspoonful of ginger, 1 tea cup of sugar, 2 teacups of molasses, 3 eggs, 1 teacup of milk, 1 teacup of butter, 2 of cream of tartar, 1 teaspoonful of soda, 4 teacups of flour, raisins and spices to suit the taste.

TOOTHACHE.—Put a small piece of lint or cotton saturated with the Pain Destroyer in the hollow of the tooth, also gargle the inside of the mouth well, and bathe the jaw and outside of the face freely with the medicine. Attend to these directions, and your toothache will soon leave you.

RELIEF IN TEN MINUTES.

BRYAN'S PULMONIC WAFERS.

☞The original Medicine established in 1837, and first article of the kind ever introduced under the name of "PULMONIC WAFERS," in this or any other country; all other Pulmonic Wafers are counterfeits. The genuine can be known by the name BRYAN being stamped on each Wafer.

These Wafers have been before the public for nearly *thirty years*, and the immense sale attained, not only in America but in foreign countries, fully attest their intrinsic worth. The medical properties are superior to any other article offered for the cure of Pulmonary or Bronchial affections, and the quantity contained in each box is nearly double that of the many worthless imitations advertised.

Bryan's Pulmonic Wafers

Cure Coughs, Colds, Sore Throat, Hoarseness, Asthma, Catarrh, Bronchitis, Difficult Breathing, Spitting of Blood, Pains in the Chest, Incipient Consumption and all diseases of the lungs. Not only affording temporary relief, but effecting a rapid and lasting cure, and are warranted to give satisfaction in every instance. They do not nauseate like alcoholic compounds, and the medicinal properties are combined in a form so agreeable and pleasant to the taste, that any child will readily take them. One dose will always afford

Relief in Ten Minutes.

TO VOCALISTS and PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in one day remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The very great celebrity of this invaluable remedy has induced unprincipled persons to prepare base imitations, which disappoint the just expectations of the purchaser, and injure the character of the genuine medicine.

See that the word, "BRYAN," is stamped on each Wafer, and also observe the fac simile of the signature of the Proprietor, "JOB MOSES," on each wrapper, to counterfeit which is *forgery*. ☞ Offending parties will be dealt with to the full extent of the law.

BRYAN'S PULMONIC WAFERS are for sale by all Druggists. Price **25** cents per box.

JOB MOSES, Sole Proprietor,
27 Cortlandt St., N. Y.

NORTHROP & LYMAN, Newcastle, C. W.,
General Agents for Canada.

A SYLLOGISM.—A correspondent sends us the following logical proof that a cat has *three* tails:—"*No* cat has two tails; *a* cat has one more tail than *no* cat; therefore a cat has three tails."

CUTE ANSWER.—"William," said a teacher to one of his pupils, "can you tell me what makes the sun rise in the east?"—"Don't know, sir," replied William, "'cept it be that the 'east makes everything rise." Teacher fainted.

THE GREAT ENGLISH REMEDY.

PROTECTED BY ROYAL LETTERS PATENT.

SIR JAMES CLARKE'S

CELEBRATED FEMALE PILLS

Prepared from a prescription of Sir J. Clarke, M.D., Physician Extraordinary to the Queen.

This invaluable medicine is unfailing in the cure of all those painful and dangerous diseases to which the female constitution is subject. It moderates all excess, and removes all obstructions, from whatever cause, and a speedy cure may be relied on.

To Married Ladies

it is particularly suited. It will, in a short time, bring on the monthly period with regularity.

Each bottle, price One Dollar, bears the Government Stamp of Great Britain, to prevent counterfeits.

CAUTION.

These Pills should not be taken by Females during the FIRST THREE MONTHS of Pregnancy, as they are sure to bring on Miscarrage, but at any other time they are safe.

Every woman knows that the bloom of health must fade, with the slightest irregularity or obstruction of the menses. These Pills are truly the woman's friend in her hour of trial, and the only sure, positive and never failing cure and regulator of Suppression of nature, from whatever cause. So mild that the feeblest can take them with perfect security, yet so powerful in their effects, that they may be safely called a never failing Regulator.

In all cases of Nervous and Spinal Affections, Pains in the Back and Limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics, and Whites, these Pills will effect a cure when all other means have failed; and although a powerful remedy, do not contain iron, calomel, antimony, or anything hurtful to the constitution.

Full directions in the pamphlet around each package, which should be carefully preserved.

SOLD BY ALL DRUGGISTS.

Sole General Agent for the United States and British Dominions,

JOB MOSES, 27 Cortlandt St., New York.

N.B.—$1.00 and 5 five cent postage stamps enclosed to any authorised Agent, will ensure a bottle, containing 50 Pills, by return mail, securely sealed from all observation.

NORTHROP & LYMAN, Newcastle, C. W.,
Agents for Canada.

TWO QUESTIONS EASILY ANSWERED.—Why should men wear beards? Because they are a great protection to the throat and lungs, and add much to their personal appearance.

Why should we use "Bryan's Pulmonic Wafers?" Because when used for coughs, colds, tickling in the throat, hoarseness, &c., they act like a charm. Ministers and lawyers use them, physicians recommend them, and singers and public speakers say they are the very best medicine in existence for the cure of such complaints.

DOMESTIC RECEIPTS.

Excellent Fruit Cake.

One cup of butter, one of brown sugar, one of molasses, one of sweet milk, three of flour, and four eggs; one and a half teaspoons of cream of tartar, and one of soda; two pounds of raisins, chopped fine; one nutmeg, and a little brandy, if you choose. This will make two good-sized loaves, which will keep moist without liquor from four to six weeks when it is properly covered.

An Excellent Sugar Gingerbread.

One cup of flour, three-quarters of a pound of sugar, half a pound of butter, six eggs, and season to taste; pour into shallow pans, and bake half an hour in a moderately hot oven.

Buckwheat Cakes without Yeast.

One quart buckwheat, one small cup Indian meal, one teaspoon soda, dissolved in water enough to make a batter, two teaspoons cream tartar. Bake on a gridle. Yeast buckwheats are best.

Soda Crackers.

Seven teacups flour, one-half teacup butter, two teaspoonfuls cream tartar, one teaspoonful soda; rub these thoroughly into the flour; add one and a half cups of water; work thoroughly; pound the dough till it snaps. Bake quickly.

Cream Cake.

One cup of cream, one cup of sugar, two cups of flour, two eggs, teaspoonful of saleratus; flavour with lemon.

Rye Coffee.

Take a peck of rye and cover it with water, let it steep or boil until the grain swells or commences to burst; then drain or dry it. Roast to a deep brown colour, and prepare as other coffee, a lowing twice the time for boiling. Serve with boiled milk.

Barley Coffee.

Take common barley, or the skinless if it can be obtained, roast as you would coffee, and mix in such proportion as suits your taste. It is very good.

Canadian Pain Destroyer.

This unparalleled preparation is receiving more testimonials of its wonderful efficacy in removing pains than any other medicine ever offered to the public. And these testimonials come not from the ignorant alone, but from persons of every degree of intelligence, and every rank of life. Physicians of the first respectability, and perfectly conversant with the nature of diseases and remedies, recommend this as one of the most effectual in the line of preparations for the extinction of pain. It stands unrivalled by any other proprietary article for the cure of Summer Complaints, such as Colic, Diarrhœa, Dysentery, etc., etc. *Let the afflicted try it.*

COLORING AND OTHER USEFUL RECEIPTS.

To Dye Yellow.

One pound of wool or cloth, three-quarters of a pound of fustic, quarter pound of alum—put all into an earthen vessel and pour on sufficient hot water to cover the wool and keep it warm all night; give it half an hour's boil in a brass kettle, and then rinse in cold water. A much deeper and richer yellow may be made by using turmeric powder instead of fustic, and proceeding in the same manner.

Dove and Slate Colors of all Shades

Are made by boiling in an iron vessel a teacupful of black tea with a teaspoonful of copperas and sufficient water. Dilute this till you get the shade wanted.

To Dye Green.

For every pound of yarn or cloth add three and a-half ounces of alum and one pound of fustic; steep to get the strength, but not boil; soak the cloth until it acquires a good yellow color, then throw out the chips and add the indigo compound slowly, until you have the desired shade of green.

An ounce or more of the compound is required for the above quantity, varied according to the depth of shade.

To Color Purple.

For every pound of yarn or cloth take two ounces of Cudbear, rinse the cloth well in soap-suds, then dissolve the Cudbear in hot suds (not quite boiling), and soak the cloth until of the required color. The color is brightened by rinsing in alum water.

To make Flannels keep their Color and not Shrink.

Put them into a pail, and pour boiling water on, letting them lie till cold the first time of washing.

Fine Blacking for Shoes.

Take four ounces of ivory black, three ounces of the coarsest sugar, a table-spoonful of sweet oil, and a pint of small beer; mix them gradually cold.

THE

GREATEST MEDICINE OF THE AGE

FOR HORSES AND CATTLE.

DARLEY'S ARABIAN BLACK OIL

FOR THE CURE OF

Galls, of all kinds.	Bruises, Sprains and Windgalls.
Ring Bone and Spavin.	Contractions of the Muscles.
Poll Evil.	Spring Halt. &c.
Saddle Boils and Fistulars.	Weakness of the Joints.
Flesh Wounds and Caluses.	Distemper in Cattle.
Foundered Feet.	Horn Distemper.
Old Sores, with or without Pipes.	Foot Rot in Sheep.
Calks, Scratches, and Sand Cracks.	Poisoned Sores,
Sweeney, Lameness and Strains.	

And many other Diseases which Horses and Cattle are subject to.

DIRECTIONS.

Be very particular, in all cases, to wash the parts affected with warm soft water and soap (Castile soap is preferable); then warm the Oil, and when the skin is not broken rub it on as hot as you can bear it with the naked hand—rubbing it in thoroughly, and heating it in if possible. Use Oil enough to saturate the parts thoroughly, three times a day. When pipes have formed, wash well with a syringe, and use the Oil with a syringe.

For Calks or Cuts on Horses, use the Oil immediately, and thoroughly, and it will prevent their taking cold, and be sure to cure.

The Proprietors have many Certificates from parties who have used the "ARABIAN BLACK OIL," shewing the benefits derived; but they think that a fair trial will do more to convince, than the publishing of series of Certificates.

The Genuine "*Arabian Black Oil*" is manufactured by **NORTHROP & LYMAN**, *Newcastle, C. W.*, and each Wrapper will bear their written signature.

Be sure and ask for the "ARABIAN BLACK OIL," manufactured as above, and take no other

"The ARABIAN BLACK OIL" is sold by all Druggists and respectable Merchants throughout the Province. Price **25** cents per bottle. ☞ *Look out for Counterfeits.*

AMONG THE MOST IMPORTANT OF MODERN

MEDICAL DISCOVERIES

STANDS THE

CANADIAN PAIN DESTROYER!

As a Family Medicine it is well and favourably known, relieving thousands from pains in the *Side, Back and Head, Coughs Colds, Sore Throat, Sprains, Bruises, Cramps in the Stomach, Cholera Morbus, Dysentery, Bowel Complaints, Burns, Scalds, Frost Bites, &c., &c.*

THE CANADIAN PAIN DESTROYER has now been before the public for a number of years, and wherever used is well liked, never failing in a single instance to give permanent relief when timely used, and we have never known a single case of dissatisfaction where the directions have been properly followed, but on the contrary, all are delighted with its operations, and speak in the highest terms of its virtues and magical effects.

We speak from experience in this matter, having tested it thoroughly, and therefore those who are suffering from any of the complaints for which it is recommended may depend upon its being a Sovereign Remedy.

The astonishing efficacy of the *Canadian Pain Destroyer*, in curing the Diseases for which it is recommended, and its wonderful success in subduing the torturing pains of Rheumatism, and in relieving Nervous Affections, entitle it to a high rank in the list of Remedies for these complaints.

Orders are coming in from Medicine Dealers in all parts of the country for further supplies, and each testifying as to the universal satisfaction it gives.

The Canadian Pain Destroyer never fails to give immediate relief. All Medicine Dealers keep it. Physicians order and use it; and no family will be without it after once trying it.

Sold by all Druggists and Medicine Dealers.

DR. KELLOGG'S CATARRH SNUFF.

This Snuff has thoroughly proved itself to be the best article known for curing Catarrh, Cold in the Head, and Headache.

It has also been found an excellent remedy in many cases of Sore Eyes and Deafness. Hearing has often been greatly improved by its use. It is fragrant and agreeable, and

GIVES IMMEDIATE RELIEF

to the dull heavy pains caused by diseases of the head. The sensations after using it are delightful and invigorating; it opens and purges out all obstructions, strengthens the glands, and gives a healthy action to the parts affected.

The large sales of Dr. Kellogg's Catarrh and Headache Snuff has proved it's great value for all common diseases of the head, and at this moment it stands higher than ever.

It is recommended by many of the best Physicians, and is used with great success and satisfaction everywhere.

NORTHROP & LYMAN, Newcastle, C. W., Proprietors.

Sold by all Medicine Dealers. Price **25** cents per bottle.

WIT AND HUMOR.

"Well, Cuffee," said a minister to his colored servant, "What were you doing in meeting this afternoon?" "Doing, massa; I was taking notes," was the reply. "You taking notes!" exclaimed the master. "Sartin, massa; all of the gentlemen take notes." "Well, let me see them," said he. Cuffee thereupon produced his sheet of paper, and his master found it scrawled over with all sorts of marks and lines, as though a dozen spiders, dipped in ink, had marched over it. "Why, this is all nonsense," said the master, looking at the notes. "Well, massa," replied Cuffee, "I thought so all the time you was preaching."

THE KNAVE AND THE DEUCE.—In the game of life men frequently play the knave, and women the deuce.

"Oh, you old buffer!" as the old woman exclaimed, when an engine knocked her down.

What is the difference between a spendthrift and a feather-bed?—One is hard up and the other soft down.

Why are wheat and potatoes like the idols of old? Because the former have ears and hear not, and the latter eyes but see not.

A COCKNEY'S EPITAPH ON HIS COOK.—"Peace to her hashes!"

BLOWING UP.—Major N——, upon being asked if he was seriously hurt at the bursting of a boiler on a steamboat, replied that he was not, as he had been blown up so many times by his wife that a mere steamboat explosion had no effect upon him whatever.

A charity scholar under examination in the Psalms, was asked—"What is the pestilence that walketh by darkness?" "Please, sir, bugs."

"What are you doing?" said a father to his son, who was tinkering at an old watch. "Improving my time," was the rejoinder.

When ladies travel on the railroad, no covering need be provided for the floor, as they are car-pets (carpets) themselves.

To bring up a child in the way he should go—Travel that way yourself.

What is the gentlest kind of a spur?—A whisper.

To kill ants—hit your uncle's wife on the head with a hammer.

MIRROR—A smooth acquaintance, but no flatterer.

BACHELOR—A mule who shirks his load.

A "POETICAL" HORSE.—A gentleman travelling in Ireland was besieged by a multitude of carmen, eagerly begging for the honor of his patronage. Each urged his own suit to the utmost, one man observing, "Och, sure and faith, your honor, take my car, for the horse is the most poetical of 'em all." Struck with the peculiarity of the inducement, the gentleman engaged him. Soon after starting, he observed that the horse was very lame, and that the rate of progress was not what could be desired; turning to the driver, he said, "Now, Paddy, why did you say your horse was the most poetical of them all?" "Och, sure and faith, your honor, don't he go much more in *imagination* than in *reality*."

FROST BITES.—After the frost has been taken out with snow or ice-water, apply the Pain Destroyer, on some cotton batting, which keep constantly wet for a few hours, and all soreness will be entirely removed.

MISCELLANEOUS.

Removing Indelible Ink Stains.

To remove spots of nitrate of silver indelible ink, moisten them for a few moments with moist chloride of lime, which forms chloride of silver, and then dissolve the latter by caustic ammonia. It may be sometimes necessary to repeat the operation. Cyanide of potassium may also be employed.

Salting Pork.

It is important to have the pork well cooled before salting, and it should not remain unsalted very long after cooling. It should never be allowed to freeze. It should always have a great supply of salt, and of the strongest quality, and brine should be made and poured into the barrel. For if nothing but water is put in with the salt, the pork may be injured before the salt is melted enough to make good brine. The meat should have a weight upon it to keep it under the brine; for if pieces of meat are permitted to rise above the brine and remain there for any considerable time, they will be tainted and will not taste sweet, as well-salted meat always will. A wooden cover is often used to keep the meat under the brine, but a stone cover is better. A hole may be drilled in a stone cover and a handle inserted at a very small cost. Agitation of the pork barrel daily will have the effect of preventing the accumulation of scum on the surface, or it may be skimmed off as soon as it rises.

Moth Preventative.

TRY IT.—Ladies should remember that a small piece of linen just moistened with turpentine, and put into the wardrobe or drawers for a single day, two or three times a year, is a sufficient preservation against moths.

Our Fortifications.

It is now nearly fifty years since our fortifications have been looked after in any way; we think it is now high time, and that it behooves our government to put them in a proper state of defence, and have our lakes and rivers well protected, "one ounce of prevention is worth a pound of cure;" but while we are protecting ourselves against a foreign enemy, we should not forget to fortify ourselves against bruises, frost-bites, chilblains, pains in the back and side, cholic, cholera morbus, &c.; the "Canadian Pain Destroyer" is the most effectual medicine for these complaints.

Accidental Poisoning.

When you have reason to suppose that a poisonous substance has been accidentally swallowed, and proper medical advice is not at hand, take an emetic. This may be done almost immediately by swallowing a cupful of warm water mixed with a teaspoonful of mustard. If you have not dry mustard in the house, you are almost sure to have a mustard pot, and a quantity from that put into water will very quickly empty the Stomach. Warm water should be drank freely during the operation of the emetic, in order to thoroughly clear the stomach.

As mustard may thus prove of so much use, it should never be wanting in any house; but even should there be no mustard at hand, warm water by itself, taken *very freely*, forms a tolerably efficacious emetic.

Coughs, Colds, and Sore Throat.

Sudden colds and hard coughs can be immediately relieved by mixing one teaspoonful of the Pain Destroyer with four tablespoonsful of honey or molasses, and taking the teaspoonful of the mixture whenever the cough is troublesome. The patient should bathe the throat, and all round the collar-bone, across the upper part of the breast and sides well with the Pain Destroyer, clear, two or three times a day.

HOW TO MAKE MONEY.—Let the business of everybody else alone, and attend to your own; do not buy what you do not want; use every hour to advaatage, and study to make even leisure hours useful; think twice before you throw away a shilling—remember you will have another to make for it; find recreation in looking after your business, and so your business will not be neglected in looking after recreation; buy low, sell fair, and take care of the profits; look over your books regularly, and if you find an error, trace it out; should a stroke by misfortune come upon you, retrench, work harder, confront difficulties with unflinching perseverance, and they disappear at last.

W. H. HALL'S,

(Of London, England,)

CHEMICAL HAIR INVIGORATOR:

A Remedy for Diseases incidental to the Hair, and Restorative in cases where Baldness is not beyond the reach of Art.

Within the last ten years, the pretended discoveries of compounds and preparations to preserve the hair, and also for restoring it to the head in bald places, have been as numerous as they have proved useless. Many of these discoverers knew as little of the nature of the Hair, and the causes of its falling off, and what would benefit it at such times, as they did of the origin of man and his diseases, their object being simply to make money as long as their preparations would sell for the time being, and not for an enduring reputation or the value of their remedies.

HALL'S CHEMICAL HAIR INVIGORATOR

is presented to the world with the firm belief that, as a beautifier and healthy restorative of the Hair, it will be found, on trial, *unequalled.*

It prevents Baldness, removes Dandruff and cutaneous Scurf, and keeps the Hair in its natural color.

It contains no substance that will clog the pores, inflame the skin, and stop the growth of the hair; but contains real nourishment for the vessels from which its roots spring, and if used freely according to directions on each bottle, the beneficial results will be soon manifested.

TO FEMALES.

The Invigorator is to Ladies pre-eminently useful. Loss of hair is often occasioned to them by complaints peculiar to them, and also resulting from marriage and increase of family. In all such cases the prompt and thorough use of the Invigorator will cause the hair to return in all its original strength.

For CHILDREN AND INFANTS, whose hair may seem weak or thin, mothers can apply nothing better. It removes the scurf, which is so apt to cause weakness of the hair in young people, and which, if neglected, continues to render the roots of the hair less productive the further they advance in age.

NORTHROP & LYMAN, Newcastle, C. W.,
Sole Agents for the Canadas.

Sold by all Druggists and Perfumers. **Price 25 Cents per Bottle.**

HOLLOWAY'S

WORM LOZENGES,

A CERTAIN AND SAFE REMEDY FOR

WORMS IN CHILDREN AND ADULTS.

In offering Holloway's Worm Lozenges to the public, they are assured that no mineral or any hurtful ingredient enters into their composition. but are composed of highly concentrated virtues of medicinal plants, which

Prove Effectual in Expelling Worms,

But cannot injure the constitution of the most delicate infant, at the same time the utmost care is used in their manufacture to secure uniformity of strength.

They are palatable and self-administered to the child; drives out the Worms thoroughly without pain, and completely cleanses the stomach, thereby doing away with the necessity of administering Castor Oil, or other unpleasant cathartics, as in the use of other Worm Lozenges.

They are put up in large boxes. and sold at 25 cents per box. Observe that each box has the fac simile signature of **NORTHROP & LYMAN,** *Newcastle, C. W.* who are the Sole Agents for the United States and British North American Provinces.

N.B.—Ask for "Holloway's Worm Lozenges," and take no other.

CANADIAN PAIN DESTROYER!

As a Family Medicine it has been favourably known as relieving many sufferers from pains in the *Side and Back, Sprains, Bruises, Coughs and Colds, Sore Throat, Cramps in the Stomach, Cholic, Cholera Morbus, Dysentery, Bowel Complaints, Scalds, Frost Bites,* and all diseases and complaints of a like nature. Depend upon it—you that are affected with any of these diseases this Medicine is recommended for—you will find it a *Sovereign Remedy.*

The Canadian Pain Destroyer has now been before the public for many years, and wherever it has been used is *well liked;* never has it failed in a *single instance* to give permanent relief when timely used, and we never have known an instance of dissatisfaction where it has been faithfully applied; but on the contrary, all are delighted with its operations, and speak in the *highest terms* of its *magical effects* and *medical virtues.*

We speak in this matter what we know, after giving it many *faithful trials.* In almost every instance where the individual is suffering from pain and exhaustion, relief will be found in from ten to thirty minutes.

The Canadian Pain Destroyer never fails to give *immediate* relief, and no Family will be without a Bottle of this *Sovereign Remedy,* after giving it one faithful trial. From Medicine Dealers in all parts of the country, orders are coming in daily, saying, "*send us more of the Canadian Pain Destroyer, as we are entirely out.*" It gives *universal satisfaction.*

It certainly requires an article of real merit and intrinsic value to sustain itself during the stern ordeal of public experiment, and the *Canadian Pain Destroyer has stood the test trial, and has not been found wanting.* Its astonishing efficacy in curing the diseases for which it is recommended, and its wonderful success in subduing the torturing pains of Rheumatism, and in relieving Nervous Affections, entitle it to a high rank in the list of Remedies for these complaints. In cases of Burns and Scalds it has no equal.

Medicine Dealers everywhere now keep the Canadian Pain Destroyer, and Physicians order and use it. Do not let your own prejudice, or the prejudice of others, stand in the way of relief that will be sure to follow the use of the Canadian Pain Destroyer. All orders should be addressed to

NORTHROP & LYMAN, Newcastle, C. W.

WIT AND HUMOR.

A pin has as much head as a good many authors, and a great deal more point.

Conceited people are always happy, they do so enjoy themselves.

Why is a dog's tail like a toll-gate? Because it stops a waggin.

It is very easy to be popular—have no opinion of your own.

What is that which no one wishes to have and no one wishes to lose? A bald head.

Why is a married man like a candle? Because he sometimes goes out at night when he ought not to.

Ancestry makes some men; some men make ancestry which of the two classes is the more honourable?

An undutiful child will be repaid with the same coin. One complained "that never

one had so ungrateful a child as he had." "Yes," said the son, with more truth than grace, "my grandfather had."

A dogma is defined as an opinion laid down with a snarl.

Ritcher says 'tis the horse and not the vehicle that wearies. But we are sure we have seen a waggon tire.

"Well my boy, do you know what syntax means?" said a schoolmaster to a child of a teetotaler. "Yes, sir, it is the duty on spirits."

A Missouri paper announced a short time since that the "wife crop in Gasconada county yielded 15,000 gals." The next week the editor came ont with an "erratum—for "wife read wine."

A canter will give you ruddy cheeks; a decanter will give you a ruddy nose.

PICKLES.

Pickled Cauliflower.

Cook the cauliflower till tender; then put it in jars, and pour vinegar and ground mustard-seed, previously scalded together, over the cauliflower.

Pickled Onions.

Peel, and boil in milk and water ten minutes; drain off the liquor, and pour scalding spiced vinegar over them.

Pickled Ripe Tomatoes.

To one gallon of peeled tomatoes, two table-spoons white mustard-seed, one table-spoon whole cloves, one table-spoon salt, two table-spoons pepper, two table-spoons allspice. Put in a jar, sprinkling the spices between the layers, and pour scalded vinegar over them.

Pickled Nasturtions.

Soak them three days in salt and water, and then pour off the brine and pour on scalding hot vinegar.

Pickled Walnuts.

Take one hundred nuts, one ounce cloves, one ounce allspice, one ounce nutmeg, one ounce whole pepper, one ounce of root ginger, one ounce horse radish, one-half pint of mustard-seed tied in a bag, and four cloves of garlic. Wipe the nuts, prick with a pin, and put them in a pot, sprinkling the spices between them; add two table-spoons salt; boil vinegar enough to cover the nuts and pour over them; cover the jar close and keep it a year; they will then be fit for use.

Pickled Gherkins.

Keep them in strong brine till they are yellow; take them out and turn on hot spiced vinegar, and keep them in a warm place till they turn green; then turn off the vinegar and pour on fresh hot spiced vinegar.

Fine Pickled Cabbage.

Shred red and white cabbage; spread it in layers in a stone jar, with salt over each layer. Put two spoons whole black pepper, and the same quantity each of allspice, cloves, and cinnamon in a bag, and scald in two quarts of vinegar. Pour this vinegar over the cabbage and cover it tight. It will be ready for use in two days.

AYER'S SARSAPARILLA.

FOR PURIFYING THE BLOOD, nothing has ever been offered which can compare with this EXTRACT OF SARSAPARILLA. It is found a great promoter of health, when taken in the spring, to expel the humors that rankle in the system at that season of the year. By its use multitudes can spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system strives to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well, but with this pabulum of life disordered there can be no lasting health. Sooner or later something must go wrong, and the machinery of life is disordered or overthrown.

Do not understand us as advising those in perfect health to take any medicine. They should not. But those who have the derangements, which poison their blood with bile, with vitiated secretions, and enfeeble their health, or destroy it by the disorders that ensue, will find great protection in seasonable relief from this remedy.

The effect of this SARSAPARILLA is to expunge from the system all foul distemper which breeds and festers in it; penetrating into every part and organ of the body, it expels the virus of disease that inhabits them. As commonly expressed, it *purifies the blood*, purging out the rot and corruption that **Scrofula** breeds in it. Purifying—it renovates the blood, giving it a renewed vitality and force, as of youth again. Hence, persons cured by it will feel younger and stronger, as well as freer from the infirmities of age. It changes the action of the system; its power is *alterative*, i. e., to change from diseased to healthy action. Instilling fresh vigor into the vital forces, it gives them renovated strength, while weakness is but disorder and decay. Weakness is poverty of vital power, which, continuing to increase, must finally end in dissolution of the body, and much of the feebleness so prevalent all round us among our people is attributable to the lurking contamination of **Scrofula.** This remedy expels that subtle poison from the system. Being composed of vegetable products only, it is harmless, as well as effectual—a fact of immense importance to those who take it; for many of the alteratives in market have mercury or arsenic as their basis; and thus, although they may sometimes effect cures, still they entail a train of evils upon their victims, often worse than the original disease. Such a medicine as this is wanted in the community, and is sure to prove of priceless value to the vast number in this country who suffer from strumous diseases. It is surely the best which our skill, with the study of years, can devise; and we shall spare no pains or cost to make it the most perfect and effectual remedy within our ability to produce, for the prevention and cure of the everywhere prevailing distempers that require an alterative medicine.

DIRECTIONS.—For the eradication of Scrofula from the constitution, commence taking the Sarsaparilla in moderate doses; say, for an adult, one teaspoonful three times a day, increasing the amount gradually, as it is found to agree with the stomach, until it reaches nearly two teaspoonfuls. This should be continued until some impression is made on the system; and when it is made, the disease will generally begin to disapppear.

It should be taken regularly, but not wantonly, as the public have been in the habit of using the Preparations of Sarsaparilla that come in large bottles. This contains powerful remedial agents, and is meant for a medicine—not a beverage. We do not know that positive injury would arise if you should swallow a tumbler full, and it might not from the same amount of the mustard on your table; but still that is not the proper quantity to use of either article. When the quantity prescribed disagrees with the stomach, or produces too much impression on the system, or too much aggravation of the complaint, reduce it. Judgment should be used in taking any medicine.

AYER'S
CATHARTIC PILLS,

FOR THE PURPOSES OF A FAMILY PHYSIC.

Nothing is more generally required, all over the world, than a safe and perfectly reliable purgative medicine. Such, we are sure, we furnish in these PILLS. Free from mercury, and every mineral and every deleterious substance, they are harmless to infants or the most delicate patients. Yet, composed, as they are, from powerful vegetable remedies, they are searching, and sufficiently active to cleanse out the obstructions in the most vigorous and robust constitutions. These PILLS have been prepared to supply a safer, surer, and every way better purgative remedy than has hitherto been available to mankind. Their penetrating properties cleanse and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. All Purgatives sometimes produce pain during their operation, but these PILLS are far less liable to gripe than any other medicine which is as searching and effectual.

The following Directions are apportioned to an adult man. Women and children should take proportionally less.

To move the bowels gently, take from 2 to 4.
" " " thoroughly, " 3 to 7.

For a Cold with chills and headache, take about 4 pills, wrap up warm and go to bed; if they do not operate in 4 to 6 hours take two or three more.

For Nervous Headache and Sick Headache, which are induced by costiveness, indigestion, and foul stomach, or other derangement of the digestive system, take light doses—from 1 to 4 pills. Persons suffering from these complaints should avoid coffee, rum, ale, and tobacco; should keep their bowels open, by small doses of the CATHARTIC PILLS, and should be as regular as possible in their habits. Those of sedentary pursuits must take exercise, and those subject to exposure must protect themselves as much as possible; but all must keep the bowels loose.

Costiveness, or Constipation, is generally cured by the following course: Take a mild dose, from 3 to 5 pills, every night, to produce an evacuation in the morning. When this has been continued daily until the evacuation is established regularly in the morning, decrease the dose; but be sure to have the evacuation at the regular time, with or without the inclination. When the regular habit of body is established, discontinue the Pills; but fail not of the evacuation at the usual time. If the first trial of this course should not accomplish a cure, repeat it.

Dyspepsia, or Indigestion, arises from the loss of tone in the stomach, or more particularly its muscular fibrous coating, which becomes pale and feeble. It is generally accompanied with more or less inflammation of the lining membrane of the stomach, and always with a diseased irritability of the whole organ. This disorder afflicts persons of sedentary pursuits, or is frequently induced by trouble or intense anxiety of mind. Where these are the causes, it cannot be cured while they remain. For Dyspepsia, commence some system of regular exercise; partake discreetly, of easily-digested food. If the stomach is sour, take occasionally a few grains of supercarbonate of soda, dissolved in water. Take light doses, from one to three of the CATHARTIC PILLS, every morning, to stimulate the stomach into healthy action, which they will generally soon restore. Much, however, may be done for this disease by management, exercise and diet.

Dyspepsia is often caused by a scrofulous affection of the stomach. You must decide by the general characters given in our Almanac of scrofulous symptoms, whether this is the case, and if it is, that father of disorders must be first cleansed out from the system. No remedy known to us will accomplish that so surely as our Compound Extract of Sarsaparilla.

Liver Complaints, Billious Disorders, &c., arise from torpidity, or congestion, or some diseased action of the liver, or from a general derangement of the digestive apparatus in which the liver is involved. It sometimes becomes ulcerated, disorganized, and thoroughly diseased, and of course produces effects which are disastrous upon the general health. Indeed, either of the above described derangements of the functions of the liver produces a countless train of evils; the skin becomes dark, or a greasy yellow; the whites of the eye yellow; the tongue is generally coated white or brown. When the functions of the liver are disordered the food is improperly digested, and the patient will suffer from costiveness or diarrhœa, or both; sometimes he will have a voracious appetite, and sometimes loathe his food; is generally drowsy, languid, and melancholy, but sometimes watchful and sleepless; great weariness and faintness are common symptoms, and also palpitation of the heart. Sometimes the skin breaks out in pimples, tumors, blotches, ulcers, boils and sores, and at others the patient is afflicted with intolerable itchings, erysipelas, or St. Anthony's fire, and frequently with an insufferable restlessness. The irritation from surcharged bile in the blood often produces a severe dry cough, most troublesome in the night, with a dry, ropy expectoration, often nausea and vomiting.

WIT AND HUMOR.

A PLEASANT TASK.—At a recent meeting of a parish, a straight-laced and most exemplary curate submitted a report in writing of the destitute widows and others in the parish. "Are you sure, reverend sir," asked another solemn brother, "that you have embraced all the widows?" He said he believed he had.

"Will you take the life of General Grant or Admiral Farragut this morning?" asked a news-man of an elderly lady who had stopped to look over the publications at his stall. "Law me, no! she replied; "they may live to the end of their days, for all of me, I haint got anything agen 'em."

"No pains will be spared," as the quack said when sawing off a poor fellow's leg to cure him of the rheumatism.

Why is a young lady just from boarding school like a building committee? Because she is ready to receive proposals.

"Your purse, Tom," said an indulgent father to his son, "reminds me of a thunder cloud."

"How so, father?"

"Because it is always light'ning."

Why is a clock the most modest piece of furniture? Because it covers its face with its hands, and runs down its own works.

Why are twice eleven like twice ten? Because twice eleven are twenty-two, and twice ten are twenty, too.

A dentist at work in his vocation always looks down in the mouth.

A farmer being asked if his horses were matched, said, "Yes, they are matched first-rate; one of them is willing to do all the work, and the other is willing he should.

A notorious miser, having heard a very eloquent charity sermon, exclaimed: "This sermon strongly proves the necessity of alms. I have almost a mind to turn beggar."

A wit of the day was asked, on the failure of Sir John Paul's bank, "Were you not upset?"—No," he replied, "I only lost my balance."

What vegetable's name is often given a wise man?—Sage.

CHILBLAINS.—Before going to bed at night wash the feet with castile soap and soft water, after which apply the "Canadian Pain Destroyer" freely, and heat it by the fire. All irritation will be removed by two or three applications, and a perfect cure effected in a short time.

TWO FOLLIES.—First, to eat a hearty supper for the pleasure experienced during the brief time it is passing down the throat, at the expense of a whole night of disturbed sleep, and a weary waking in the morning. Second, to try all the remedies in existence for rheumatism, pains in the back and sides, coughs, colds, cramps, sprains, bruises, &c., before trying the "Canadian Pain Destroyer."

WIT AND HUMOR.

An old lady walked into an office of a Judge of Probate, in Massachusetts, once upon a time, and asked,—

"Are you the Judge of Reprobates?"

"I am Judge of Probate."

"Well, that's it, I expect," quoth the old lady. "You see my father died detested, and he left several little infidels, and I want to be their executioner."

From using glasses on the nose, you see an object single; from using them under the nose, you see it double.

The softer the head the harder the work of driving anything into it.

Why should ladies have charge of the Post Office? Because they know how to manage the males (mails.)

What is the best thing to do in a hurry? Nothing.

Why is a cowardly soldier like butter? Because he is sure to run when exposed to fire.

The best physicians are Dr. Diet, Dr. Quiet, and Dr. Merryman.

Not amiss:—a rich and lovely widow.

JOSH BILLINGS ON PREACHING.—"I always advise short sermons, especially on a hot Sunday. If a minister kant strike ile in boreing forty minutes he haz either got a poor gimlet, or else he iz a boreing in the wrong place."

GIVE A MAN A CHANCE.—A wide-awake minister, who found his congregation going to sleep one Sunday before he had fairly commenced, suddenly stopped, and exclaimed, "Brethren, this isn't fair: it isn't giving a man half a chance. Wait till I get along, and then if I ain't worth listening to, go to sleep; but don't before I get commenced; give a man a chance.—*American Paper.*

O'Larey, gazing with astonishment on an elephant in a menagerie, asked the keeper, "What kind of a baste is that aitin' hay with his tail?"

Military order obeyed by the ladies in wet weather—"Dress up in front, and close up in the rear."

Small American citizen of African descent:—"Now, you jus' luff me 'lone. You'll wish you'se Niggah you self 'fore dis war done."

What key opens the gate to misery? Whiskey.

The following knotty question claims the attention of one or all of our debating societies:—"If a man has a tiger by the tail, which would be the best for his personal safety—to hold on or let go?

Why is a kiss like some sermons? Because there are two heads and an application.

"How many deaths?" asked the hospital physician, while going his rounds. "Nine." "Why, I ordered medicine for ten." "Yes, but one wouldn't take it."

INTERESTING TO VOLUNTEERS.—An important article in the outfit of a soldier is a good Medicine in a convenient form, and the "Canadian Pain Destroyer" is just the article—it cures wounds, bruises, and frost-bites, and is the best Medicine that can be used for diarrhœa, and summer complaints generally, and is a sure cure for rheumatism, and that class of complaints brought on by exposure to fatigue.

CANADIAN OIL WELLS.—Enniskillen, C. W., is situated some sixteen miles from the St. Clair River, and nearly opposite to Newport, and is one of the richest oil districts in the world; there are now sunk and in progress near 300 wells, most of them yielding largely; in one case the well has been overflowing for some time, and it is estimated that about two barrels per minute is running to waste, and so far they have not been able to stop it; this, truly, is one of Nature's wonders, though not more wonderful than the power of the "Canadian Pain Destroyer" in curing sudden colds, rheumatism, pleurisy, spinal affections, sprains, bruises, &c.

DOMESTIC RECEIPTS.

Pickled Preserves.

Seven lbs. fruit, three lbs. brown sugar, one quart vinegar.

Pickled Tomatoes.

Slice green tomatoes, and boil in weak brine until they are tender; dissolve one pound of brown sugar in one quart of vinegar; scald and pour on the tomatoes; spice to suit the taste.

Fruit Cake without Eggs.

Two pounds of flour, one and three-quarters pound of sugar, one-half pound of butter, one pint of milk, one-half teaspoon salt, one and a half teaspoon soda dissolved in a little water, one nutmeg, one pound of raisins. This makes three loaves. Warm the milk, and add the butter and sugar beaten to a cream; then add the other ingredients.

Sponge Gingerbread.

One cup sour milk, one cup molasses, one-half cup butter, two eggs, one and a half teaspoon saleratus, one tablespoon ginger. Flour to make as thick as pound cake. Warm the butter, molasses and ginger, then add the milk, flour and saleratus, and bake as quickly as you can.

Ginger Snaps.

One cup molasses, one-half cup sugar, one-half cup butter, one-half cup warm water, the butter melted with it and one teaspoon soda dissolved in it; two tablespoons ginger. Flour to make stiff. Knead it well; roll and cut in round cakes, and bake in a moderate oven.

Loaf Cake.

Two pounds dried and sifted flour, one pint new milk blood-warm, one-quarter pound of butter, three-quarters pound of sugar, one pint home-brewed yeast, three eggs, one pound stoned raisins, one nutmeg, a glass of wine if you like. Rub the butter and sugar to a cream, add the flour. Add the other ingredients, and let it rise over night. Bake one hour and a half in a slow oven.

Cheap Tea-Cake.

One cup of sugar, one of butter (or sour milk), one of sour cream, one teaspoonful of soda, one egg, a little salt and nutmeg; stir in flour to make a stiff batter; bake until done.

Old English Plum Pudding.

To make what is termed a pound pudding take of raisins well-stoned, currants thoroughly washed, one pound each; chop a pound of suet very finely, and mix with them, add a quarter of a pound of flour, or bread very finely crumbled, three ounces of sugar, one ounce and a half of grated lemon-peel, a blade of mace, half a small nutmeg, half a dozen eggs well beaten; work it well together, put it into a cloth, tie it firmly,—allowing room to swell,—and boil not less than five hours. It should not be suffered to stop boiling.

BURNS AND SCALDS.—No good housewife will be without a bottle of the Canadian Pain Destroyer to apply at once in case of burns and scalds. By wrapping up the part affected in a cloth saturated with the Pain Destroyer, the fire is extracted in a few minutes, and thus a great amount of pain and suffering is prevented, but where the skin is broken, take equal parts of fresh butter, or linseed oil, and the Pain Destroyer, mix them well together, and apply it to the burn, care being always taken to keep the part well protected from the air.

DARLEY'S
ARABIAN HEAVE REMEDY
AND
CONDITION MEDICINE,

Is positively superior to any or all other preparations for the cure of HEAVES, COUGHS, COLDS, THICK AND BROKEN WIND, and all diseases which affect the WIND OF HORSES; also, as a CONDITION MEDICINE, surpassing everything of the kind; is easy to give, sure to cure, and safe in all cases, at all times, and does not prevent the horse from being worked while using it.

This Horse Medicine has now been in use in this country about ten years, during which it has effected more cures, and done more to improve the Condition of Horses, than all others combined. This statement is confirmed by the testimony of thousands who have either used it or seen it used by others. No person who has used it will use any other, and many have travelled miles to procure it, well knowing it was the only article on which they could depend. It does not, like most articles of the kind, benefit for the time being only; its effects are *permanent and always safe*; it does not contain any of the *mineral or vegetable stimulants* generally used, which, though they appear at the time to benefit, really injure the animal. This many know, who have been induced to use some of the many Horse Medicines scattered over the country, generally prepared from *coarse, cheap materials*, by persons of little or no intelligence, who possess no knowledge of compounding medicines, and who know not that many articles, harmless in themselves, become, when combined, positively injurious. There is no doubt but many valuable horses have been lost in this way.

But here is a Medicine, composed of the VERY BEST MATERIALS, prepared with the greatest care, and in the most skillful manner, by an experienced Chemist. It contains nothing that will injure a horse, whether sick or well, and may be given with safety at all times. It is, in fact, the only preparation upon which any dependence can be placed in the treatment of those complaints for which it is designed.

D. W. HURD, Successor to HURD & Co.,
Maiden Lane, New York, Sole Proprietor for the United States.
NORTHROP & LYMAN, Newcastle, C. W.,
Proprietors for the Canadas.

Price Twenty-five Cents.

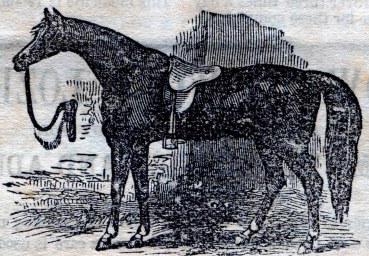

FOR SORE THROAT.—Take the Pain Destroyer as directed for coughs, and bathe the throat freely with the clear medicine. A piece of flannel saturated with the Pain Destroyer should also be worn around the neck.

Twenty years experience in using Bryan's Pulmonic Wafers have proved them to be the most effectual remedy for coughs, and irritations of the throat, caused by cold, or unusual exertion of the vocal organs; public speakers and singers will find them most beneficial. The entire freedom from all deleterious ingredients renders Bryan's Pulmonic Wafers, or Cough and Voice Lozenges, a safe remedy for the most delicate person, and has caused them to be held in high esteem by all who have used them.

A REALLY GOOD ARTICLE.—We would call the attention of all interested to an article of undoubted merit, and which we would advise all in want of to give a trial. We refer to "Darley's Arabian Heave Remedy and Condition Medicine" for horses, now being extensively used by many of the largest horse dealers in the country; these men have discovered that it improves the condition of the horse by purifying the blood and removing from the lungs and liver all that prevents their healthy action; its effect is soon apparent in the improved appearance of the animal, which is one great reason why horse dealers use it, as they are thus enabled to get better prices, and at the same time give their customers sound and healthy horses.

DARLEY'S
ARABIAN GARGLING OIL!
FOR HORSES AND CATTLE,
AND
UNIVERSAL FAMILY LINIMENT.

A NEVER-FAILING REMEDY.

This valuable preparation combines all the medicinal virtues of those articles which long experience has proved to possess the most safe and efficient properties for the cure of

Flesh Wounds, Sprains, Bruises,	Rheumatism, Cramps,
Galls of all kinds, Cracked Heels,	Chilblains,
Ring Bone, Spavins,	Caked Breasts, Boils,
Windgalls, Callous,	Bites of Animals,
Fistula, Sweeney,	Weakness of the Joints,
External Poisons,	Contraction of Muscles,
Scratches or Grease,	Burns and Scalds,
Strains, Lameness,	Frost Bites,
Mange, Whitlows, Corns,	Painful Nervous Affections,
Sand Cracks, Foundered Feet,	Chapped Hands,
Horn Distemper,	Tumors,
Swelling,	Old Sores,

AND MANY OTHER DISEASES WHICH MAN AND BEAST ARE SUBJECT TO.

DIRECTIONS FOR USING DARLEY'S ARABIAN GARGLING OIL.—Shake the bottle before using, and clean every wound well, if possible, without washing. For Cuts, Wounds, &c.:—Rub the Oil gently over the cut or wound, with a feather or soft piece of cloth, three times a day. Windgalls, Sprains, Stiff Joints, Ringbones or Spavins, Lameness, &c.:—Rub the Oil freely, and in sufficient quantities, on the parts affected, for twenty or thirty minutes, three times a day. ☞ It also acts like magic in cases of severe Burns, Frost-bites, Chilblains, and Rheumatism.

For the cure of the above-named, the Arabian Gargling Oil will be found the best medicine ever offered. ☞ The genuine is manufactured by NORTHROP & LYMAN, Newcastle, C. W., and each wrapper bears their written signature.

N. B.—Ask for "Darley's Arabian Gargling Oil," manufactured as above, and take no other. ☞ *Sold by all Druggists and Medicine Dealers throughout the Province.*

Price **25** cents per bottle.

Neuralgia and Tic Douloureux.

Bathe frequently and freely with the Pain Destroyer, and occasionally apply it to the gums, and to the inside of the mouth. Should the pain continue, take a teaspoonful of the Pain Destroyer three times a day. This medicine is recommended with the greatest confidence for these complaints.

HOLLOWAY'S WORM LOZENGES:

A SAFE AND SURE REMEDY FOR

WORMS IN CHILDREN AND ADULTS.

These are superior to any Worm Lozenges before the public; none but the very best materials are used in their composition, and extra care is used in their manufacture, to ensure a uniformity of strength. Give them a trial.

Put up in large boxes, and sold at 25 cents per box.

HALL'S
CHEMICAL HAIR INVIGORATOR:

A SCIENTIFIC AND AGREEABLE PREPARATION FOR

DRESSING AND INVIGORATING THE HAIR.

This is really a very pleasant preparation. Put up in large bottles, and sold by all Druggists and Perfumers, at 25 cents per bottle—about one-half the price of other hair preparations.

☞ Is health worth having? If it is protect it—it is a jewel as easily lost as virtue, and in many cases as difficult to recover. In this climate, and more particularly at this season of the year, people are very apt to take cold and suffer from sore throat, coughs, spitting of blood, and pulmonary complaints generally, which, if not checked immediately, lead to serious consequences. The question arises—which is the quickest and most effectual remedy? Bryan's Pulmonic Wafers have been before the public for twenty years, and have always given perfect satisfaction, and invariably effect permanent cures, when taken in season. Sold by all Medicine Dealers.

DR. KELLOGG'S
CATARRH AND HEADACHE SNUFF

IS FRAGRANT AND AGREEABLE, AND

GIVES IMMEDIATE RELIEF.

Recommended by many of the best Physicians, and used with great success and satisfaction everywhere.

NORTHROP & LYMAN, Newcastle, C. W.,
Sole Agents for the United States and British North America.

Price 25 cents per Bottle.

IMPORTANT DISCOVERY!

BRYAN'S PULMONIC WAFERS

Are unfailing in the cure of Coughs, Colds, Asthma, Bronchitis, Sore Throat, Hoarseness, Difficult Breathing, Incipient Consumption, and Diseases of the Lungs. They have no taste of medicine, and any child will take them. Thousands have been restored to health that had before despaired. Testimony given in hundreds of cases. A single dose relieves in ten minutes.

Ask for Bryan's Pulmonic Wafers—the original and only genuine is stamped "Bryan." Spurious kinds are offered for sale. Twenty-five cents a box. Sold by dealers generally.

DR. A. TRASK'S
MAGNETIC OINTMENT

CURES CROUP OR RATTLES.

Dr. BINGHAM, of Utica, New York, says:—"I have used Dr. A. Trask's Magnetic Ointment in my practice a number of years, and can say with pleasure I deem it one of the greatest discoveries of the age; for the cure of Inflammation of the Lungs, Inflammation of the bowels, Inflammatory Rheumatism, and in Childbed Fever, it operates with perfect success. In cases of Burns, Bruises, Frozen Limbs, it acts like a charm."

DOMESTIC RECEIPTS.

Lemon Pie.

Take one good-sized Lemon—peel and slice thin—mix with one cup sugar, one cup water—one teaspoonful flour. Boil together a few minutes; take off; beat one egg and put in—spice to suit. If the lemon is very fresh, it need not be peeled.

To Pickle Pears.

Pour hot water on the fruit for a few minutes, that the skins may be easily removed. To 12 lbs. of pears, use 6 lbs. sugar and one quart of good vinegar. Stick cloves in the pears.

Pickled Peaches.

To one gallon of good vinegar, add 4 lbs. brown sugar; boil a few minutes and skim. Take Clingstone peaches fully ripe, rub them with a flannel cloth to remove the down; stick three or four cloves in each; put in a vessel and pour the boiling liquor on them, and let stand for 8 or 10 days; then boil the liquor again and pour on them as before.

Currant Wine.

Cover the Currants with water; let them stand 8 days, then wring the juice out of them and put one lb. of sugar to one quart of juice. Stand it away in an open jar 8 days; then add a little brandy, and bottle.

Raspberry Wine.

Strain the Raspberries through a flannel bag. To every quart of juice, add one pound of white sugar. Put it in an earthen jar, and let it stand 8 or 9 days, stirring it every morning. When fermented enough, strain it again, and to two quarts of juice, add one quart of sherry wine.

For Repairing Broken Articles,

Such as Glass, China, Crockery, Alabaster, Pearls, Ivory, Furniture, Leather, Marble, &c., use Dr. Ures' Diamond Cement. Manufactured by Northrop & Lyman, Newcastle, C. W., and sold by most Druggists at 25 cents per bottle. Directions for using on each bottle.

Astronomers have discovered that the moon is drawing nearer to the earth by about an inch every year. They have also discovered that the day is about one-hundredth of a second longer now than it was two thousand years ago.

AYER'S CHERRY PECTORAL

Is an anodyne expectorant, prepared to meet the urgent demand for a safe and reliable antidote for diseases of the throat and lungs. Disorders of the pulmonary organs are so prevalent in our ever-changing climate, that such an antidote is invaluable to the whole commnnity. One which effectually controls these dangerous affections can hardly be over-estimated in its importance to the preservation of health, and even life itself. The indispensable qualities of such a remedy for popular use must be certainly of salutary effect, absence of danger from accidental over-doses, and adaptation to every patient of any age or either sex. These conditions have been realized in this preparation, which, while it reaches to the foundations of disease, and acts with unfailing certainty, is still harmless to the most delicate invalid or tender infant. A trial of many years has proved to the world that it is efficacious in curing pulmonary complaints beyond any remedy hitherto known to mankind. As time makes these facts wider and better known, this medicine has gradually become a staple necessity, from the log cabin of the American peasant to the palaces of European kings. Throughout this entire country, in every State, city, and indeed almost every hamlet it contains, the CHERRY PECTORAL is known by its works. Each has living evidence of its curative virtues in some recovered victim or victims, from the threatening symptoms of Consumption. The intrinsic excellence and extraordinary virtues of this remedy are so well known by all classes everywhere, that we need not give more than some directions for its use:—

For a Cold and Cough, take from 20 to 40 drops for an adult, morning, noon, and evening, according to directions on the bottle. Make the dose largest at evening, and smallest before eating. Carefully avoid exposures. If your Cold is accompanied with *Headache* and *Soreness of the Body*, take about five AYER'S PILLS, which will probably remove that difficulty. Persevere with the CHERRY PECTORAL until it stops the cough also. None would long suffer with these complaints if they knew how easily they are cured. By the timely use of these remedies, many, nay, almost all such attacks may be arrested; and thus is checked in its commencement the scourge that sweeps from our midst thousands and thousands every year. Persons afflicted with a seated cough, which breaks them of their rest at night, will find, by taking the CHERRY PECTORAL on going to bed, they may be sure of sound, unbroken sleep, and consequent refreshing rest. Too large doses produce disagreeable nausea.—*Price* $1.

VOLUNTEER DRILL.—Complaints are made that many companies cannot get their arms, and are thereby prevented from perfecting their drill. If it is so, it's too bad, and should be seen to by the proper authorities; in the meantime, should any be suffering from rheumatism, plurisy, pains in the side or back, cholic, or cramp in the stomach, the "Canadian Pain Destroyer" will give immediate relief. Sold by all medicine dealers. Price 25 cts. per bottle.

If a person faints, place him instantly flat on the floor or bed, on his back, and let him lay quietly for ten minutes or so; it is simply a fainting fit, and the blood flowing on a level, will speedily equalize itself through the system. If you are troubled with rheumatism, pleurisy, pain in the side or back, cramps in the stomach, burns, frost-bites, &c., procure at once a bottle of the "Canadian Pain Destroyer," which is a certain cure for all such complaints. Sold by all medicine dealers.

AYER'S AGUE CURE,

FOR THE SPEEDY AND CERTAIN CURE OF INTERMITTENT FEVER, OR CHILLS AND FEVER, REMITTENT FEVER, CHILL FEVER, DUMB AGUE, PERIODICAL HEADACHE OR BILIOUS HEADACHE, AND BILIOUS FEVERS; INDEED, FOR THE WHOLE CLASS OF DISEASES ORIGINATING IN BILIARY DERANGEMENT, CAUSED BY THE MALARIA OF MIASMATIC COUNTRIES.

Numerous remedies for these complaints have long been used with varying success, as they generally contain some curative properties. But unfortunately for the sick, they are either of feeble efficiency, or, like quinine and arsenic, are pernicious in their effects upon the constitution, when taken in sufficient quantities to eradicate the disease.

Quinine, although the great staple which is relied on for this class of complaints, sometimes produces disastrous effects, and is always, in large quantities, injurious to the constitutional health. Other powerful alteratives—such as arsenic, zinc, bismuth, and iron—are used, and form the basis of many secret remedies. But this is wrong; for even if they cure, they are too liable to inflict permanent injury upon the patient. Too often they only palliate the disease, and do little towards its radical cure. When quinine is taken, it should be prudently used in moderate doses. Among the symptoms of disturbance from its inordinate use are, Diarrrhœa, Headache, and Congestion of the Brain, Vertigo, or Dizziness, Noise in the Ears, Dullness of the Senses, Blindness, Deafness, Delirium, and Lethargic Sleep. It also induces Rheumatic and Neuralgic Pains, and other serious affections. Therefore, when either of the above remedies is employed, it should be with great caution. If nothing safer could be had, it might be better to use them than to leave these dangerous diseases to run their own destructive course. But we think we offer to the people a remedy which, while it contains neither quinine nor any mineral or deleterious substance whatever, still invariably cures this class of complaints.

The prevailing Chills and Fever, which has been the scourge of the South and West, is so quickly and so surely relieved by this Ague Cure, that this disorder can no longer be considered as a serious affection.

The "Cure" is prepared from a newly-discovered substance hitherto unknown, but which is found to be a specific antidote for the miasmatic poison which engenders bilious disease. Its crowning excellence, even above its certainty to cure, is, that no injurious effects whatever follow its use.—*Price* $1.

DON'T KNOW HIM.—We have heard of a man who owned a horse which had been for a long time afflicted with a Chronic Cough, and was otherwise in a poor condition; he at length resolved to sell him, and did so for a very trifling sum. Some five or six weeks afterwards he met the person to whom he had sold him driving a beautiful horse, full of life, and concluded he had either exchanged him for this or purchased another; but, judge of his surprise on learning that the horse was the same he had previously owned and considered of so little value. On enquiry as to what had effected so great a change, he was told that "Darley's Arabian Heave Remedy and Condition Medicine" had done it. This preparation has effected some remarkable cures.

IMPORTANT CAUTION!

Every bottle of the genuine Magnetic Ointment is put up in bottles with the words "*A. Trask's Magnetic Ointment*," blown in the glass—name of "*A. Trask*" stamped on the seal, and the signature of "*S. Buell*," General Agent, on the outside label.

500 DOLLARS REWARD

Will be paid for the legal conviction, in any court of justice, of any individual who shall be found counterfeiting the above Named Ointment, or Syrup.

☞All orders for "Trask's Ointment" and "Ransom's Hive Syrup and Tolu," should be addressed to the proprietors,

D. RANSOM & CO., Buffalo, N. Y.

☞Orders for the Canadas should be addressed Messrs. NORTHROP & LYMAN, Newcastle, C. W., (General Agents.)

DARLEY'S

Arabian Gargling Oil and Black Oil

FOR HORSES AND CATTLE.

NEVER FAILING REMEDIES.

NORTHROP & LYMAN, Newcastle, C. W., Proprietors, and sold by all Druggists. Price 25 cents per Bottle.

CANADIAN

PAIN DESTROYER,

FOR THE IMMEDIATE RELIEF OF PAIN,

USED BOTH INTERNALLY AND EXTERNALLY.

The "Canadian Pain Destroyer" is a medicine for the immediate and permanent removal of all pains from the system, its action being first to allay all the inflammatory symptoms of the disease, thereby assisting Nature to rally, and enabling the different organs to perform their several functions; and, secondly, by acting as a general alterative, thereby removing the causes of disease and renovating the action of the system, instituting fresh vigor into the vital form, and thus causing the heart of the despondent or low-spirited once more to vibrate with cheerful hopes, and make the world and things around him to look with a more cheerful and pleasing aspect, and enabling him to attend to his routine of business with an energy that seemed before almost impossible.

DARLEY'S

ARABIAN HEAVE REMEDY

Is confidently recommended not only to prevent, but also for the complete cure of

Heaves, Thick and Broken Wind, Colds, Coughs, Inflammation of the Lungs, and all Diseases which affect the Horse.

By its use his appetite is improved, all derangements of the digestive organs corrected it softens the skin, and gives to the coat a sleek and shining appearance, and may be used with perfect safety at all times, as it contains no ingredient which can injure a horse, whether sick or well. As a "Condition Medicine," it is superior to all other known preparations; its effects in this respect are truly astonishing; it may likewise be given to Horned Cattle as well as Horses.
