Business of the Year

At the Chamber of Commerce's annual dinner meeting the Newcastle IGA was awarded with the Business of the Year Award for 1999. Unfortunately, Tenzin Gyaltsan was out of the country in the Bahamas. He assured us that it was for business purposes. Therefore, the presentation was made February 10th, 2000 at their new facility on King St. East. In the picture, from left to

right, is Jigmy Gyaltsan, and Tenzin Gyaltsan accepting the award from the Chamber's new President Hans Verkruijsen and immediate past-president, John Clark.

The Chamber would once again like to thank the Newcastle IGA for their investment in the future of Newcastle. Congratulations on being a most deserving recipient of our first Business of the Year Award.

Comments and questions related to this publication, or the Chamber of Commerce in general are welcome. Address correspondence to the Newcastle and District Chamber of Commerce, 20 King St. W., Box 11, Newcastle ON L1B 1H7

Membership Has Its Privileges

Do you own a Newcastle business, or for that matter a non-Newcastle business that has many clients in this area? If you do, then you should consider the many benefits of joining this growing and dynamic group.

For over 25 years, this organization has been serving the community by promoting community spirit and business development. Besides providing networking opportunities through our almost 100 member companies, the Chamber provides a host of other services. They consist of inclusion on our web-site, a listing in our business directory which goes out to all residences in our area, access to an affordable group insurance plan, and of course exposure in our newsletter.

The Chamber is also responsible for organizing the biggest Newcastle event of the year, the Newcastle Fall Festival.

If you are interested in being part of our group contact John Clark at 987-9900. Remember, just like the American Express Card, membership has its privileges.

Chamber of Commerce Spring Dance a Huge Success

On March 18th the Newcastle and District Chamber of Commerce hosted another successful Spring Dance. This was the second year of the popular Video Dance format which was coordinated by Pynx Productions. The music was jumping and so were those that came out to one of the most fun events of the spring season in Newcastle.

A portion of the proceeds will go to help offset costs of the Millennium Park Project which is planned for the property between the CIBC and the Town Hall.

We would like to thank everyone who came out and had a great time. A special thanks goes out to our dedicated group of volunteers. We hope to see you again next year!

Clark Family Chiropractic and Acupuncture Centre Opens New Location

Clark Family Chiropractic and Acupuncture Centre re-opened at their new location April 1st. On hand for the occasion were Councillor Charile Trim, Receptionist Nancy Armishaw, Janeen Calder, Massage Therapist, Mayor Diane Hamre, Dr. John Clark, Katie Clark holding son Conner, Councillor Troy Young, and Receptionist Susan Poole.

chiropractic and acupuncture, the clinic recently added massage therapy to its list of services. Janeen Calder RMT (Registered Massage Therapist) joined the office last June and has moved over to the new location. "She is an excellent massage therapist with lots of previous experience in other clinics in the Durham Region. We are lucky to have her working with us," said Dr. Clark.

Chiropractic, acupuncture and massage therapy can be used to treat the cause, not just the symptoms, of a multitude of conditions. Are you sick of being sick and tired? Are you sick of taking pain medications? Would you like to have greater health and vitality? These techniques work by restoring function to the spine, muscles and nervous system, thereby treating the source of the health problem. Unlike teeth, which can potentially be replaced, you only get one spine, one set of muscles, and one nervous system. Therefore, it is crucial to maintain their function to prevent problems later in life. Call today for a consultation.

Dr. Clark can be reached at the Clark Family Chiropractic and Acupuncture Centre at 987-9900. Janeen Calder RMT can be reached at 987-4618.

by Troy Young

On April 1st, after months of planning, painting, sawing and hammering the Clark Family Chiropractic and Acupuncture Centre re-opened their new facility in Newcastle. It is located at 10 King Street East which is on the northeast corner of the King and Mill intersection.

"We are very happy to be in our new location and would like to

thank Sonbon Homes for doing an excellent job for us," said owner Dr. John Clark. "We look forward to serving the community of Newcastle, in our new office, for many years to come."

Reedtronics Security Systems

I have some bad news and some good news. The bad news is that in this day and age we must be concerned about security since thefts are a fact of life. The good news is that you can do something about it.

Reedtronics Security has the solutions. This 12 year old Newcastle business can provide you with a system that will deter thefts and vandalism of your property. They specialize in security alarms and camera surveillance for residential, commercial and industrial use. So whether you have a 1,200 square foot bungalow with a riding lawn mower in the garage (a popular target of thieves), a retail store front, or a 40,000 square foot industrial

building, Reedtronics can suit your needs.

To assess those needs, owner Dan Reed offers a no-charge consultation. He can then outline the many different options and new technologies now available. For example, there are wired and wireless systems. He even has surveillance systems which can be viewed over your computer via modem. That way you can always have an eye on your property, even if it is out of town.

Are you concerned about security at your cottage where the hydro is unreliable? Not to worry. Reedtronics has state-of-the-art solar powered systems. All components are designed and built in Ontario by OSC and carry a 5-year warranty. Mr. Reed has an excellent knowledge of building structures so that installations are neat and discrete.

Peace of mind is only a phone call away. Call Dan Reed at Reedtronics Security Systems today for your no-charge consultation. The number is 987-3024. You'll be grateful you did.

"We'd like to thank Newcastle for all of its support as we enter into our second year of serving the community"

Local Reflexologist Opens Home-Based Business

Are you feeling tense, stressed out, unable to cope? Need one hour of peace and total relaxation? Have you ever considered reflexology?

What is reflexology? Reflexology is a natural healing art based on the principle that there are reflexes in the hands and feet which correspond to every part, gland and organ of the body.

What are the benefits of reflexology? Through application of pressure on these reflex zones, reflexology relieves tension, improves circulation and promotes the natural function of the related areas - helping the body to normalize its condition naturally (without adverse side-effects).

How does reflexology work? Energy normally runs freely along the nervous system or acupuncture meridians. When this energy is stag-

nant or impaired nerve function is impeded which results in various health problems. When you press on the reflex points, it stimulates the body's natural energy to flow properly which in turn restores the many bodily processes. there are more than 7000 nerve pathways that can be accessed and stimulated via the reflexology treatment of the foot.

Who can use reflexology? This technique can be used on everyone from newborns and toddlers to adults and seniors. It can be used for both the acute and the chronic patient and pre or post-operatively.

Buryl Keene, an RAC Certified Reflexologist can be reached at 987-3515. Call today to make an appointment. Your feet and body will thank you.

Spotlight: RONA Hardware and Boutique Ambiance

Peter Koslik and Louise Arsenault welcome you to visit their new combined store, RONA Hardware and Boutique Ambiance, located at the corner of King and Mill Streets in beautiful downtown Newcastle.

By now you know that Newcastle, once again, has a hardware store. Since September 1999, RONA Newcastle Hardware has established itself as a fixture in the community. However, if you haven't yet visited the store, or you haven't been there lately, let me tell you, it is a hardware store unlike anything you've ever seen before.

That is because dealer-owners Peter Koslik and Louise Arsenault have combined their strengths in renovation and decorating to create a unique shopping experience. This dynamic couple, who between them have 5 children ranging in age from 4 to 18, recently introduced Ontario's first "Boutique

Ambiance." The 500 square-foot boutique showcases a complete range of unique home decor products including linens, artwork, draperies, and aromatherapy candles. Placing a home boutique within a traditional retail hardware store gives customers an opportunity to do "one-stop" home decor shopping. They have practically everything it takes to upgrade an uncreative house to a beautiful, thoughtfully decorated home.

So visit their store located at 15 King Street West in Newcastle. They have convenient hours (Monday to Friday from 8 to 8, Saturday 8 to 6 and Sunday 10 to 4) Or call them at 987-1575.
