•**Stanley L. H. Wilson** has been appointed managing director of European operations for the Guidance & Control Systems Division of Litton Systems. From his headquarters in Hamburg, Germany, Mr. Wilson will manage a consortium of European firms producing Litton LN-3 inertial guidance systems for European-made F-104G's.

Wilson joins Litton Systems, a division of Litton Industries, after a long career in the Canadian aircraft industry. Since 1942, he has been with A. V. Roe Canada and its predecessor, Victory Aircraft Ltd., in various management positions.

•**John L. Nichol** has been appointed a member of the board of directors of Okanagan Helicopters Ltd. Mr. Nichol is vice president of Tormag Transmissions Ltd., and is active as well in the management of several other Vancouver business enterprises.

•**E. H. Moncrieff**, president of Standard Aero Engine Ltd., Winnipeg, has been appointed a member of the board of directors of the Aviation Distributors & Manufacturers Assoc. His term will expire in the Fall of 1963.

•**L. D. Woodruff** has been appointed head office aviation manager for Shell Oil Co. of Canada Ltd. Mr. Woodruff succeeds W. D. Turner who has assumed new responsibilities with the aviation department of Shell Oil Co. in the U.S.

Mr. Woodruff joined Shell in 1946 immediately upon graduation from the University of Toronto with B.A. Chem. degree. Immediately prior to coming to Toronto in his present appointment Mr. Woodruff was eastern division operations manager with headquarters in Montreal.

•**Gary P. Conklin** has been appointed district sales manager for east-central Canada by the Cessna

Aircraft Co. Conklin is a former employee of Executive Aviation Inc., Cessna dealership in Ft. Smith, Arkansas. He will be responsible for co-ordinating sales programs with Cessna dealerships in Ontario, and expansion of dealer representation in the area.

•**David A. Golden** has been appointed president of the newly formed Air Industries Association of Canada. The office of president of AIA is a full-time, salaried position. Mr. Golden comes to the Association from the Department of Defence Production which he joined in May 1951 and where he served as deputy minister since 1954. He is a director of the Defence Research Board and a governor of Carleton University.

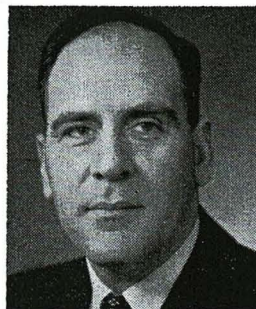

•Recent management changes at Fairey Aviation Co. of Canada Ltd., Eastern Passage, N.S., include the retirement of **Alfred C. Earle** from the post of managing director, effective in August, the appointment of **A. M. Cameron** as executive vice president, and the appointment of **D. W. Howell** as general manager.

Mr. Cameron was formerly secretary-treasurer of the company, and Mr. Howell was manager of the Fairey branch at Sidney, B.C.

Alfred C. Earle, who has had a long and varied career with Fairey, came to Canada in 1946 and was located in the Montreal plant of Canadian Car & Foundry Co. Ltd., where maintenance of RCN Fairey Firefly aircraft was being carried on. Born in Portsmouth, England, he served with the RFC and RAF in World War I. He joined Fairey Aviation in 1924, serving in the U.K. until coming to Canada.

•**Dr. J. J. Green** of the Canadian Armament Research & Development Establishment was elected president for the 1962-63 term of the Canadian Aeronautics & Space Institute, at the technical organization's annual general meeting, held in Montreal during June. Dr. Green succeeds Air Commodore **W. P. Gouin** of the Directing Staff (RCAF), National Defence College.
