

The importance of being a Delta . . .

To-day, recognition is steadily growing throughout the aviation world that the Delta is the aircraft design of the future . . . the logical airframe to give better performance at higher altitudes over long ranges at greater speeds. It is significant that A. V. Roe has already achieved many scores of flying hours on the Delta platform with their 707 A & B Deltas. Such practical experience is the true source of future progress and world leadership.
