

# Careers *are* *more* satisfying

*... where the projects are interesting*

## AVRO AIRCRAFT

*offers opportunities for  
these people—with or  
without aeronautical  
experience:*

Mathematicians  
Computer Programmers  
Aerodynamicists  
Metallurgical Technicians  
Stress Engineers • Systems  
Engineers • Mechanical Engineers  
Flight Test Engineers  
Controls Engineers  
Aero Thermodynamicists  
Vibration & Flutter Engineers  
Civil Engineers for:  
Structural Analysis, Tests, Design  
Computing Specialists  
Draftsmen & Technicians

Avro Aircraft's broad and diversified range of advanced aeronautical design projects gives engineering people unexcelled opportunities to utilize individual ingenuity, initiative, imagination and creative qualities.

All aspects of Engineering at Avro employ the most up-to-date scientific techniques and modern facilities. These are under the guidance of some

of the world's finest engineering talent. As members of a progressive design team, more concentrated job responsibility means more recognition for individual ideas and accomplishments.

You who are interested in responsible work *now*, on design concepts which represent the most advanced state of your art, should write today to:  
T. W. SHAW, EMPLOYMENT MANAGER,
