

—NAMES IN THE NEWS

James F. Tooley has been elected to the board of directors of Canadian Aviation Electronics Ltd. At the same time, it was announced that he has been appointed as chief executive Officer of the firm with the title of managing director. Mr. Tooley was formerly a vice-president of Canadair Ltd.

Ralph R. Hind has been named as vice president and manager of Edo (Canada) Ltd., the recently established Canadian firm which is a subsidiary of the Edo Corp., manufacturers of under-water acoustical equipment, electronic navigation devices and aircraft components.

Mr. Hind recently retired from the Royal Canadian Navy where, with the rank of Commander, he was closely associated with the naval shipbuilding construction program. A native of Weyburn, Sask., Mr. Hind studied engineering at Rutherford College in England, joining the RCN in 1941 as an electrical officer.

F. Bruce Pillman has been appointed Canadian sales manager for Canadian Steel Improvement Ltd. Mr. Pillman was formerly associated with the Ford Motor Company of Canada Ltd.

Another CSI appointment is that of **R. G. Murley** as export manager. Mr. Murley, who gained experience in this field when associated with High Duty Alloys, England, (a mem-

ber company of the Hawker-Siddeley Group), is well-suited for his position at CSI.

Spartan Air Services Ltd., and Canadian Aero Service Ltd., associated Ottawa aerial survey companies, announce the appointments of **Neil J. Armstrong**, **Mel E. Erfle** and **James E. Lapinsky**, to management posts in the Western Division of Spartan-Canadian Aero. They will all be based in Calgary.

Mr. Armstrong becomes manager, while Mr. Erfle is to be assistant manager of the Western Division. Mr. Lapinsky becomes chief helicopter pilot for the Division. He joined Spartan as a fixed-wing pilot after flying for Central Northern Airways and was Spartan-trained as a helicopter pilot.

Announcement is made of the election of **Nils F. Kallin** to the presidency of Canadian SKF Company Limited. Mr. Kallin joined the SKF world organization in 1929. He held positions in several European countries and for many years was in the far and near east as managing director of the company's Tokyo, Shanghai and Cairo affiliates.

A native of Sweden, Mr. Kallin was educated in Sweden, Germany and England, graduating from the University of Gothenburg in Business Administration.

Jens F. Louv and **Manny Lenkowsky** have been named general manager and chief engineer, respectively, of Consolidated Diesel Electric Corp. of Canada Ltd. Mr. Louv was formerly sales manager, in which capacity he served as acting director of operations following inception of production at the Company's Rexdale, Ontario, plant in August, 1956.

Mr. Lenkowsky previously served as a member of the engineering staff of Con-Diesel Electric Corp., Stamford, Conn., of which Con Diesel of Canada is a wholly owned subsidiary.

Roger W. Hutchins has been appointed executive assistant to Douglas N. Kendall, founder and operating head of the Hunting Canadian companies. As the former aircraft sales manager of one of these companies, Field Aviation Ltd., Mr. Hutchins is well known in the business and aviation world.

A graduate of McGill University in mathematics and physics, Mr. Hutchins was Montreal plant manager of Federated Metals Canada Ltd., before joining Field. He holds an airline transport pilot's license and flies in his spare time with the Navy Reserve. He served with the RCNVR on the North Atlantic during World War II.

Quebecair Inc., announces the appointment of **Herbert John O'Connell** as a director of the company. Born in South Durham, Ont., Mr. O'Connell was educated at St. Michael's College in Toronto.

Ray W. Goodwin, district director of Air Services at Moncton, N.B., has been appointed assistant director general of Air Services at Ottawa headquarters under a new executive development program within the DoT. The purpose of this program is to train senior officers of the department on a rotating basis. The appointment is for two years during which time Mr. Goodwin will assist the director general of Air Services, Air Vice Marshal A. de Niverville, in policy planning, co-ordination of services and represent him on high level committees and at international organizations.

Since 1954, Mr. Goodwin has been in charge of civil aviation, telecommunications and meteorological functions of the Transport Department in the Maritimes. He joined the DoT in 1946.
