

JETSPEED

The AVRO CF 100, most powerful
fighter of its type in the world
is in production for the R.C.A.F.

JETSMOOTH

Today, the Jetliner, in test runs,
is reducing by half the flight time
between cities in North America.

JETPOWER

The Orenda, a new and powerful axial-flow gas turbine,
is now in production to power the CF 100.
