

OFFICE OF THE DEPUTY MINISTER

OTTAWA

March 4, 1959

Assistant Deputy Minister,
Department of Defence Production,
No. 2 Building,
Ottawa, Ontario.

Dear Sir:

Re: Screening of Surplus Inventories Resulting
from the Termination of the Arrow Programme

The RCAF has formed a Termination Group and is ready to discuss any matters that you have in mind at your call.

In the meantime, AMC is examining material which is still in use in the RCAF and for which there is a future requirement. This should lessen the work of the termination team if there is any delay in getting things started.

The coordinating officer of the termination team is G/C A.H. Lief, C/Mat/DtP, Local 2-0413.

As there are a number of policy matters which must be settled before the termination team can actually undertake the work of screening, it would be appreciated if an early meeting could be arranged to discuss the termination procedures.

Yours sincerely,

L. M. Chesley
L. M. Chesley,
for Deputy Minister.
