P. F. OSLER

P. F. Osler has been appointed to the board of directors of Photographic Survey Company Limited. Mr. Osler, who is well known in Montreal financial circles, will also be in charge of the Company's Montreal office at 360 St. James St. W. Prior to war service with the RCAF and the Canadian Army, Mr. Osler was with Consolidated Mining and Smelting Company, and later a partner and director of Mead & Co., Montreal investment dealers.

Winnett Boyd, Chief Designer and Assistant Chief Engineer of Avro Canada's Gas Turbine Division, was recently awarded the Alumni Medal at the University of Toronto Engineering Alumni Reunion. The medals are awarded each year for outstanding achievements in the field of engineering, and it was Mr. Boyd's work on the Avro Chinook which the University of Toronto felt merited the award.

Robert N. Redmayne has been appointed Manager of the Air Industries and Transport Association. He succeeds A. J. Veit, who has joined Avro Canada as Director of Traffic and Customs.

Mr. Redmayne has been engaged in

aviation enterprises for several years. Prior to the war he operated a commercial school and flying service at North Bay, Ont., and later a similar business at Toronto Island Airport. During and for a time after the war he was assistant to the factory manager at Noorduyn Aviation. Since that time he has been Canadian sales manager for the Consolidated Vultee Stinson Division.

Rod C. MacInnes took over the position of Director of Public Relations for TCA on January 1. Mr. Mac-

ROD C. MACINNES

Innes was educated at Toronto, and Georgetown University, Washington, D.C. He worked with the British United Press for several years and then joined the RCAF at the outbreak of hostilities. He served in London as Director of Public Relations, a directorate which he established on his arrival overseas.

Following his discharge he served in a public relations capacity with General Motors of Canada and the New York office of the Canadian Information Service. He was associate manager of the CNR and TCA press bureau from 1946 until last October when he was loaned to the Government as Acting Director of Public Relations in Chief.

W. D. Scholfield has been appointed as manager of the electronics division of the Supply Department of Canadian General Electric Company. Mr. Scholfield succeeds W. M. Angus, who died recently. In his present position he will be responsible for CGE's activities in connection with aircraft communication equipment, as well as other electronic applications.

G. R. (Gerry) Wooll has been named as general manager of Weston Aircraft Limited, a Hunting Associate company engaged in aircraft repair and maintenance and located at Oshawa Municipal Airport. Mr. Wooll, formerly chief survey pilot for Kenting Aviation Limited, will also act as manager of Kenting's Oshawa base.

A native of Peterboro, Ontario, Mr. Wooll spent seven years in the RAF prior to and during the last war. Part of this time was spent on loan to the de Havilland Aircraft Company, where he was assistant to the chief test pilot, with the rank of Squadron Leader. Following a brief postwar period with the RCAF, he joined Photographic Survey and later transferred to Kenting Aviation when it was formed as the Hunting Group's aircraft operating company for Canada.
