INTRODUCTION:

1. A USAF team had been invited to visit AVRO to study the CF105 program and to form an independent opinion on the technical and operational soundness of the project. The USAF and RCAP teams met in the morning of 31 Oct. The concept, estimated performance, and schedule for the CF105 were reviewed, and the CF105 mock-up, model shop, and tooling bays of AVRO Aircraft Limited were visited.
