RCAF::: 75 YEAR ANNIVERSARY (1999)

...WHO SAYS CANADA...couldn't party like it was 1999?!

Who says we can't do it in style?!

We did.

Look at this fabulous block of stamps produced for Canada Post: Postes Canada!

Looky at some of the airplanes that the RCAF once flew!!

Wondrous.

IF I could get unlimited blocks of these stamps I'd use them for all my mail...for the rest of my life!

No, foolin'.

Alas. (*sigh*) Not to be...

And just look at all the ROUNDELS the RCAF adopted for this, and that, time era!

Confused?

Well the RCAF, Canada's Air Force, has changed its military logo many times. For a complete explanation:
